The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 3,200 feet of 8-inch and 12-inch water pipe in Cornuaba street extension, Crest street and View South avenue, West Roxbury; Etna street, Gerald road, Gillard road, Holton street and Seminary road, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of three thousand (\$3,000) dollars to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Cornuaba street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, August 23, 1926, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Aug. 14.) Commissioner of Public Works.

UNDERGROUND RAPID TRANSIT IN BOSTON.

The Boston Transit Commission, consisting of five members, two appointed by the Governor and three by the Mayor, began its official existence, July 1, 1894, and ended it July 1, 1918, after seven extensions of the original term. It constructed, under the authority of Acts of the Legislature, the following subways and tunnels, the ownership of which is vested in the City of Boston, and all costs to be covered by revenue from same, not by taxation; Tremont Street Subway, from Broadway and Tremont St., South End, to North Station and from Boylston St., near Charles to Park St., 1.68 miles, opened to Park St. September 1, 1897, and to North Station on Sept. 3, 1898, costing with subsequent alterations, \$4,416,000, the first transportation subway in the United States; East Boston Tunnel, from Maverick square, E. Boston, under Boston Harbor and State St. to Scollay square, Boston Proper, 1.42 miles, opened December 30, 1904, costing \$3,336,000, the first all-concrete underwater transportation tunnel in the world; Washington Street Tunnel, from Ash st. opp. Nassau, South End, to Traverse st., near North Station, 1.16 miles, opened November 30, 1908, costing \$8,496,700 (including \$2,850,000 land damages; Cambridge Connection Subway, from under Park st. station of Tremont St. Subway to Grove st., near Cambridge Bridge, 0.47 miles, opened March 23, 1912, costing \$1,465,000; Boylston Street Subway from Commonwealth ave., near Kenmore st., Back Bay, to Tremont St. Subway, near Charles st., 1.5 miles, opened October 3, 1914, costing \$5,485,639; East Boston Tunnel Extension from Scollay square to North Russell st., 0.41 miles, opened March 18, 1916, approximate cost, \$2,523,000; Dorchester Tunnel, from Park st., Boston Proper, to Andrew square, South Boston, 2.26 miles, opened December 3, 1916, as far as South Station; on December 15, 1917, to Broadway, South Boston, and on June 29, 1918, to the Andrew Square terminal. Trains of four or six cars are run in the East Boston Tunnel, the Washington St. Tunnel, continuing on elevated track to Forest Hills, also in Dorchester Tunnel from Andrew sq., So. Boston, connecting with Cambridge Tunnel, to Harvard sq., Cambridge, while only single or double street-cars are run in the other tunnels and subways. Cost of Dorchester tunnel, \$11,016,700 to Jan. 31, 1925; of new Arlington Station extending under Boylston St., between Arlington and Berkeley, \$1,230,676; of East Boston Tunnel Alterations, Maverick sq., \$3,768,857.

Total gross debt on Feb. 1, 1925 for all subways and tunnels, \$42,096,700; against which a sinking fund of \$7,825,262 has been accumulated from the revenue, making the net debt \$34,271,438. The loans are payable mostly in 40 years from date of each (loans since 1911 payable in 45 years), annual interest averaging 3.8 per cent.

These underground ways, about nine miles in all with total of 19.27 miles of single track, were leased to the Boston Elevated Railway Company (which furnished the equipment) for term of 25 years (except Tremont Street 20 years) at annual rental of $4\frac{1}{2}$ to $4\frac{3}{4}$ per cent of net cost (except East Boston Tunnel which was at $\frac{3}{4}$ of one per cent of all annual gross receipts of said company).

In accordance with Chapter 741, Acts of 1911, the various leases were extended to July 1, 1936, the rental to be $4\frac{1}{2}$ per cent of net cost after expiration of the first-term leases.

By Chap. 185, Special Acts of 1918, the powers of the Transit Commission, whose term expired that year, were transferred to the Mayor, Commissioner of Public Works and City Treasurer, or such person or persons, not exceeding three, as the Mayor might appoint. By Chap. 3, Ordinances of 1918, the Transit Dept. was established as a regular City department, to be in charge of three commissioners.

By Chap. 480, Acts of 1923, the extension of the Dorchester Tunnel from Andrew Square about 1,300 feet southerly was ordered, the proposed new railway location then coming to the surface 400 feet southeast of Dorchester Ave., thence continuing to Harrison Square; thence along the Shawmut Branch railroad to its termination at Blue Hill Ave. and River St., Mattapan.

Loans issued in 1924-25 for Dorchester Tunnel extension, \$300,000 and for Dorchester Rapid Transit, \$150,000.

AUTOMOBILE STATISTICS.

Registration of automobiles and licensing of operators in Massachusetts is in charge of the State Dept. of Public Works, Registrar of Motor Vehicles. In the 7 months to August 1, 1925, there were registered in Mass. 675,074 automobiles (584,234 passenger and 90,840 commercial inclu. trucks) an increase of 81,325 over 1924 registration for corresponding period. Fees collected in 1925 to Aug. 1, amounted to \$8,213,697 or \$1,060,759 more than in 1924. Motorcycles registered, 8,939 or 308 less than in 1924. Reported (unofficially) owned in Boston alone in 1924, passenger cars, 68,154 and commercial, 16,033 or a total of 84,187. Increase of passenger autos in 1925 about 18 per cent.

In the year ending Nov. 30, 1924 the total Mass. registration was 683,093 or 105,210 more than in 1923; persons licensed to operate, 620,439 or 83,620 more; licenses suspended and revoked, 14,154 or 2,541 more; persons killed, 709; injured, 19,579; total collisions, 24,924, of which 11,542 were of autos against autos, 11,190 of autos against pedestrians; chief causes, overspeeding and inattention; in Boston alone, 128 killed (18 more than in 1923) and 3,737 injured. In 8 months ending Aug. 1, 1925, the fatalities averaged 53 monthly or 6 less than in 1924.

Prosecutions by Boston police for violation of automobile laws in year ending Nov. 30, 1924, 9,835 (917 more than in 1923) of which 4,192 were of non-residents and 1,460 of minors.

According to U. S. Census Bureau the deaths from automobile accidents in 58 principal cities of United States during calendar year 1924 numbered 5,030 or 122 more than in 1923. This represents a death rate of 19.0 per 100,000 population. Highest death rate in Paterson, N. J., 34.8; lowest in New Bedford, Mass., 9.8. Number of deaths in calendar year from said cause: New York, 1,001; Chicago, 560; Detroit, 303; Los Angeles, 287; Philadelphia, 263; Cleveland, 220; St. Louis, 186; Pittsburgh, 185; Boston, 142.

The automobile industry, begun in 1896 with a production of 25 cars, now ranks third in value of products, textiles and iron and steel manufactures exceeding. In 1924 the production was 3,243,-

285 passenger cars and 374,317 trucks, all valued (wholesale) at \$2,328,066,004. Adding the output of parts, tires and accessories, \$1,500,535,000, the total value is \$3,828,601,004. Total fees paid by owners in U. S. in 1923, 188,970,992, about 90 per cent of same being used for highway improvement.

More than half the American producers are located in five states of the Middle West, viz., Mich., Ohio, Ill., Ind., Wis. Makers of passenger cars, 90; of trucks, etc., 147; number of dealers, 48,138; capital invested, \$1,691,050,112; number of factory employees, 329,563; wages and salaries paid in 1924, \$547,215,700; estimated consumption of gasoline in U. S. in year 1924 was 7,780,625,085 gallons; estimated number of worn-out autos scrapped in 1923 was 1,010,525.

Total exports of automobiles and parts of, from United States in year ending Dec. 31, 1924, amounted in value to \$232,789,638, including 151,386 passenger cars (\$112,537,644) and 27,497 trucks and commercial autos \$19,385,057).

According to the world census of automobiles by Automotive Division, Bureau of Commerce, in 1924 the total was 21,264,752, of which 17,591,981 or 83 per cent were in United States.

NATIVES AND CITIZENS OF BOSTON AND VICINITY HONORED IN HALL OF FAME.

In the American Hall of Fame, New York City, dedicated in 1901, are inscribed, on bronze tablets the names of 56 eminent men and 7 distinguished women deemed worthy of the highest honor on account of their services and attainments. Of the 63 individuals thus selected (up to 1920 inclusive) by an electorate of 100 leading Americans, 27 were natives or for some time citizens of Boston or vicinity. The names of the latter are as follows:

Chosen in 1900—John Adams, Benjamin Franklin, William Ellery Channing, Ralph Waldo Emerson, Daniel Webster, Henry Wadsworth Longfellow, Horace Mann, Nathaniel Hawthorne, George Peabody, Samuel Finley Breese Morse, Joseph Story, Asa Gray, Gilbert Stuart—total, 13.

Chosen in 1905—John Quincy Adams, James Russell Lowell, John Greenleaf Whittier—total, 3.

Chosen in 1910—Edgar Allan Poe, Oliver Wendell Holmes, George Bancroft, John Lothrop Motley, Phillips Brooks—total, 5.

Chosen in 1915—Louis Agassiz, Francis Parkman, Rufus Choate, Charlotte Cushman—total 4.

Chosen in 1920—William Thomas Green Morton, Alice Freeman Palmer. Five additional names every fifth year are to be selected and inscribed until the year 2000, when the 150 tablets in the colonnade will be complete.

If those who were natives or residents elsewhere in the State are added to the list, the following 7 names increase the total to 34 for Massachusetts or more than half the whole number, viz.: William Cullen Bryant, Jonathan Edwards, Mark Hopkins, Elias Howe, Eli Whitney, Maria Mitchell, Mary Lyon.

If all New England is included, 4 more names will bring up the total to 38 or 60.3 per cent of whole number chosen, these being Roger Williams, Henry Ward Beecher, Harriet Beecher Stowe, Emma Willard.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 2, 1926.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President KEENE in the chair. Absent, Coun. Bush, Dowd and Heffernan.

JURORS DRAWN.

Jurors were drawn in accordance with law, the Mayor being absent, viz.:

Two additional grand jurors, Superior Criminal Court, to appear September 7, 1926: Clarence L. Hewitt, Ward 1; Michael J. Curran, Ward 2.

Thirty-nine traverse jurors, Superior Civil Court, Sixth Session, July sitting, to appear September 7, 1926:

Jerome J. Dutra, Ward 1; James A. Morrissey, Ward 1; George A. Mullen, Ward 1; George P. Creamer, Ward 2; Edward J. Faulkner, Ward 2; Cornelius J. Harkins, Ward 2; Edward J. Fetherston, Ward 3; Darius K. Small, Ward 4; Michael J. Dever, Ward 6; John W. Hutchinson, Ward 6; John W. McFhee, Ward 6; Alton R. Crane, Ward 8; Patrick J. Cullen, Ward 8; Joseph T. Hayes, Ward 8; Charles Mahoney, Ward 8; Emerson L. Russell, Ward 8; Charles O. Stanwood, Ward 8; Bernard J. O'Neil, Ward 9; Frederick J. Miller, Ward 10; Francis D. Bullman, Ward 11; John E. Drake, Ward 11; Daniel B. Sheehan, Ward 12; Thomas L. Buckley, Ward 13; James P. Moriarty, Ward 13; John J. Walsh, Ward 13; James F. Young, Ward 13; Thomas H. Maguire, Jr., Ward 14; Jerome T. Canning, Ward 17; Francis J. Doyle, Ward 17; Harry B. Forrester, Ward 17; Robert E. Hayden, Ward 17; Frank E. Drews, Ward 18; Henry T. Hayes, Ward 18; John A. Gerrity, Ward 19; Adolph T. Cellarius, Ward 20; Constant P. Fish, Ward 21; Dennis Harrington, Ward 22; John Lydon, Ward 22; Frank Oster, Ward 22.

Forty traverse jurors, Superior Criminal Court, First Session, to appear September 7, 1926:

John S. Coughlin, Ward 1; William J. Kilduff, Ward 1; David Levenson, Ward 1; John J. Minton, Ward 1; Edward Carroll, Ward 2; Frederick J. Cassell, Ward 2; John J. Murphy, Ward 2; Joseph L. O'Brien, Ward 2; John Sullivan, Ward 2; John C. Foley, Ward 3; Andrew Gerrie, Ward 4; Charles J. O'Donnell, Ward 4; Walter Gilman Page, Ward 4; Archibald Dresser, Ward 6; Charles W. Flynn, Ward 6; James E. Agnew, Ward 7; James Duncan, Ward 7; Dennis F. Burke, Ward 8; Alfred Hoyle, Ward 8; John J. O'Connell, Ward 8; Albert L. Regele, Ward 9; Philip Wernig, Ward 10; Otto A. Kuecher, Ward 11; Frederick J. Waters, Ward 11; Herman A. Banasch, Ward 12; James E. Blood, Ward 12; Thomas J. Broderick, Ward 13; Albert L. Darling, Ward 13; Thomas A. Eaton, Ward 13; Charles J. Ohrenberger, Ward 13; Isie Martin, Ward 14; Faul Lannigan, Ward 15; Clayton Stalker, Ward 15; William G. Cook, Ward 16; Arthur H. Ouint, Ward 16; John Shepard, 3d, Ward 19; Fred W. Mitchell, Ward 20; George F. Buckley, Ward 21; Charles O. Junkins, Ward 21; Chester G. Parsons, Ward 22.

LOANS FOR BRIDGE CONSTRUCTION.

The following was received:

City of Boston,

Office of the Mayor, August 2, 1926.
To the City Council.

Gentlemen,—I am advised by the City Auditor that under the provisions of chapter 497 of the Acts of 1921 and chapter 442 of the Acts of 1924, the following amounts must be paid by the city to the Commonwealth on November 20, 1926.

Western Avenue and Arsenal	
Street Bridge.....	\$67,408 87
Western Avenue Bridge.....	108,404 39
Massachusetts Avenue Bridge.....	235,033 45

These amounts represent the city's share of the cost of the construction and reconstruction work on these three bridges. Under the provisions of the above mentioned legislation, the city's share in the first two bridges was fixed at 35 per cent and in the last bridge at 45 per cent. The acts further provide that the amounts to be paid by the city shall be raised by loans outside the limit of indebtedness, the period of the loans being fixed at 20 years in the case of the first two bridges and five years for the third bridge.

It is desirable in the issuance of loans that the amounts authorized be in even figures. For this reason, it is planned to secure the odd amounts involved in the payments to the Commonwealth from balances now existing in loan appropriations. I accordingly submit herewith four orders, the first providing for the transfer of \$1,522.83 from the appropriation for North Beacon Street, Brighton, to the appropriations previously mentioned and the other three providing for the issuance of loans totalling \$410,000 to meet the city's obligation to the Commonwealth. In view of the fact that this obligation must be discharged on November 20, 1926, I suggest the desirability of prompt consideration and approval of these orders by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for North Beacon Street, Brighton, \$1,522.83, to the appropriations for Western Avenue and Arsenal Street Bridge, \$408.87; Western Avenue Bridge, \$404.39; Massachusetts Avenue Bridge, \$33.45; Charles River Basin loan, \$676.12.

Ordered, That the sum of \$67,000 be and hereby is appropriated to be expended under the provisions of chapter 497 of the Acts of 1921 for Western Avenue and Arsenal Street Bridge, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That the sum of \$108,000 be and hereby is appropriated to be expended under the provisions of chapter 497 of the Acts of 1921 for Western Avenue Bridge, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Ordered, That the sum of \$235,000 be and hereby is appropriated to be expended under the provisions of chapter 442 of the Acts of 1924 for Massachusetts Avenue Bridge, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to Committee on Finance.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Leonard Albano, for compensation for taxes paid under protest.

Ashton-deVeer, Inc., for compensation for damage to property at 159A Massachusetts avenue, caused by blocked drainage.

Thomas Barrett, for compensation for loss of business at 93 Preble street, South Boston, caused by not being able to gain access to store.

Samuel E. Bloomberg, for refund of taxes paid under protest.

Harold Brick, for compensation for injuries caused by an alleged defect in Blue Hill avenue and Stanwood street.

Paul C. Carleton, for compensation for damage to clothing caused by an alleged defect in Bowdoin street, Dorchester.

Mrs. Etta B. Casey, for compensation for injuries caused by an alleged defect near Scollay Square Station.

Margaret T. Dench, for compensation for injuries caused by an alleged defect at Park and Corey streets.

E. Desautels, for compensation for damage to automobile caused by being struck by patrol wagon.

E. B. Hudson-Essex Company, for refund on refuse tickets.

Jean Garfi, for compensation for damage to property caused by an alleged defect in Washington street and Bartlett terrace, Roxbury.

Phillip Gilbert, for compensation for injuries caused by an alleged defect at 26 Walcott street, Mattapan.

Katherine Harkins, for compensation for damage to property at 727 Parker street, Roxbury, caused by ash team.

Mary E. T. Healy, for compensation for damage to property at 112 Cedar street, Roxbury, caused by falling tree.

John B. Hickey, for compensation for injuries caused by an alleged defect at 22 Julian street, Roxbury.

Bessie Jacobs, for compensation for damage to automobile on ferryboat.

Louis Jeselsohn, Inc., for compensation for damage to automobile caused by sanitary team.

Mrs. Mary T. Johnson, for compensation for damage to property at 63 Homer street, East Boston, caused by water being shut off.

Mrs. Katherine M. LaFleur, for compensation for injuries caused by an alleged defect at 15 Park square.

Agnes H. Luther, for compensation for damage to dress on ferryboat.

Frank J. McCarthy, for compensation for damage to automobile caused by an alleged defect in Granite avenue, Dorchester.

Hannah MacDonald, for compensation for damage to property at 18 Harvard street caused by negligent maintenance of sewer.

Charles C. McNamara for compensation for damage to automobile caused by an alleged defect at 369 Maverick street, East Boston.

John L. Molineaux, for compensation for damage to automobile caused by an alleged defect at Rosella and Adams streets.

Max J. Moskow, for compensation for damage to automobile by city team.

Michael Nathanson, for compensation for injuries caused by being bitten by city horse.

Rocco Palladino, for compensation for damage to property at 56 Commercial street, caused by defective catch-basin.

Putnam & Coe, for return of fee paid for building permit.

Esther Ross, for compensation for injuries caused by an alleged defect at Aspinwall road and Washington street.

Gesnella Salvato, for compensation for injuries caused by an alleged defect in Gove street, East Boston.

Standard Dry Goods Company, for compensation for damage to property at 31-37 Beach street, caused by bursting of water pipe.

Harry Swartz, for compensation for injuries caused by an alleged defect at 1963 Washington street.

Talbot Company, for compensation for damage to property at 394-403 Washington street, caused by backing up of sewage.

Vassara Fruit Company, for compensation for damage to property at 56 Commercial street, caused by leaky catch-basin.

Margaret Waldron, for compensation for injuries caused by an alleged defect at 23 and 25 Clinton street.

Louis E. Wyman, for compensation for damage to automobile by patrol wagon.

Jemima Yapp, for compensation for injuries caused by an alleged defect in Bayard street.

Fannie Zacks, for compensation for injuries caused by an alleged defect at 52 Sudbury street.

Joseph Baker, for personal injuries and damage to automobile caused by being struck by Engine 50, Fire Department.

Mildred J. Barrett, for damage to Nos. 20 and 30 Jamaicaaway, caused by defective sewage.

Mabel A. Butler, for personal injuries caused by an alleged defect on curbstone on Court street.

Mabel H. Campbell, for refund of license fee.

Oscar Cohen, for refund of license fee.

Consolidated Gas Iron Company, for compensation for damage to goods at 105 Federal street, caused by defective sewage.

Mrs. Annie Dowling, for compensation for personal injuries caused by being struck by Engine 50, Fire Department.

Mrs. Mary Hart, for compensation for personal injuries caused by being struck by automobile of Fire Department.

Louis Kalinsky, for refund of water tax.

Kane Furniture Company, for compensation for damage to goods at 368 Broadway, South Boston, caused by defective water meter.

Fred J. Lombardi, for compensation for personal injuries to wife, caused by being struck by city cart.

John Norcia, for compensation for damage to automobile caused by being struck by city cart.

Donato Cimino, for compensation for coat torn in turnstile of South Ferry.

Mary Feltman, for compensation for injuries caused by alleged defect on sidewalk opposite 340 Spring street.

Joseph Comella, for compensation for damages to property at 1333 Dorchester avenue, Dorchester, caused by firemen breaking fence and curtain stretchers.

James M. Doherty, for compensation for damage to automobile caused by being struck by cart of Street Cleaning Department.

John W. Henderson and Patience B. Henderson, for compensation for injuries to son, John W. Henderson, Jr., caused by alleged defect on Sturges road.

Francis J. McNeil, police officer, for compensation for reimbursement of money paid by him in suit.

Pasquale Giordano, police officer, for compensation for reimbursement of money paid by him in suit.

Public Lands.

Chester Realty Company, for removal of conditions and restrictions on the property numbered 1777-1781 Washington street, Boston.

Jitney Licenses.

Boston Elevated Railway, to operate motor vehicles between the junction of Eagle and Lexington streets and Maverick square via Lexington and Meridian streets, return via Maverick square, Chelsea street, Day square and Chelsea street to Eagle street, East Boston, as per schedule annexed.

Medway and Dedham Bus Lines, Inc., to operate three motor vehicles from Boston-Dedham line at Spring street to terminal of Boston Elevated Railway Company, situated approximately 500 feet distant easterly from bridge across Charles river at Spring street.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of Ernest M. Bellows, Morris Berkman, John J. Buckley, Antonio Longarini, Calvin E. A. Mackenzie, Ernest C. Nickerson, Michael O'Donnell, Leland C. Pierce, Joseph H. Ryan, Aber Uckerman, and Arthur W. Wade were received and severally approved.

STORAGE AND SALE OF GASOLENE.

Notice was received from the Street Laying-Out Department of hearings on petitions for storage and sale of gasoline as follows:

August 9:

Frederick J. VanEtten, 434 Newbury street, Ward 5, 2,000 gallons.

Robert F. Brown, 398 Hyde Park avenue, Ward 19, 1,000 gallons.

Mary A. McHugh, 944 and 946 Saratoga street, Ward 1, 3,000 gallons.

John E. Moore, 173 Albany street, etc., Ward 3, 3,000 gallons.

Northern Realty Trust, 163 and 165 Charles street, 3,000 gallons.

Rowe Contracting Company, 1231 Centre street, Ward 20, 1,000 gallons.

Referred to the Executive Committee.

LOAN FOR SNOW EQUIPMENT IN EFFECT.

The following was received:

City of Boston,
Office of the City Clerk, July 24, 1926.
To the City Council.

Gentlemen,—You are hereby notified that under the provisions of section 2 of chapter 486 of the Acts of 1909, the loan order of \$400,000, to be expended under the direction of the Commissioner of Public Works for Departmental Equipment, recommended by the Mayor and filed with the City Clerk on May 24, 1926, not having been rejected or withdrawn within sixty days after said date, was in force on July 24, 1926, as if adopted by the City Council.

Respectfully,

W. J. DOYLE,
Assistant City Clerk.

Placed on file.

OPINION OF CITY COUNSEL RE AIRCRAFT FIELD.

The following was received:

City of Boston,
Law Department, July 22, 1926.
James Donovan, Esq., City Clerk.

Dear Sir,—This is in reply to your letter of July 20, 1926, in which you inform me that you have been directed by vote of the City Council to secure my opinion as to the legality of the expenditure of \$10,000 for the improvement of the aircraft field in East Boston, as authorized by chapter 385 of the Acts of 1926.

Chapter 385 of the Acts of 1926 provides in substance that the City of Boston may appropriate a sum not exceeding \$10,000 to be expended under the direction and supervision of the Division of Waterways and Public Lands of the Department of Public Works of the Commonwealth, for the purpose of grading, filling

and resurfacing the aircraft landing field in East Boston. This act was to become effective only upon its acceptance by the City Council and with the approval of the Mayor. This action I understand was taken by the City Council and the approval of the Mayor of Boston was secured.

The only question involved is whether or not, with the authority of the Legislature, the City of Boston has the constitutional right to make the appropriation in question, or, in other words, is the appropriation for a public use or public service?

It is well established that money raised by taxation cannot be expended or appropriated by municipalities or by the Commonwealth itself except for purposes which are clearly for the public benefit and may be deemed for public use and service. If the purposes of the appropriation in question are for the benefit of the public generally and have not as their primary object the aid and assistance of private individuals, then the appropriation may legally be made. Nor is it necessary that the money be expended for such a purpose as will benefit the entire public. It has even been held that in order to constitute a public use which would justify appropriating public money, that it is not essential that the entire community or even a considerable portion of it should directly participate in the benefits to be derived from the purpose for which the money is to be appropriated. See *Talbot v. Hudson*, 82 Mass. 417.

The appropriation of money to improve the aircraft landing field in East Boston is not for the benefit of any particular individual or group of individuals. It has for its purpose the encouragement of business, industry and the development of the Port of Boston. It directly assists in the speedy delivery and mailing of postage matters, which clearly is a benefit to a great portion of our community. It has the additional purpose of being a protective measure in providing a landing place for those in our community and elsewhere who use aeroplanes, whether for pleasure or for commercial purposes. Without a proper landing field it is quite possible that aeroplanes flying over our community might be compelled to land in the midst of congested sections of our city and do serious damage to person and property.

It seems clear to me that the purpose of this appropriation is clearly a public one and is for the benefit of our entire community. If a municipality has a constitutional right to appropriate money for the improvement of streets and parks, for the protection of the public from automobile traffic, surely the city has the constitutional right to appropriate money for the protection of the people from overhead aerial transportation. In fact, the Commonwealth has recognized the necessity of the regulation of aerial navigation for it provided by statute as early as 1913 (see chapter 663, Acts of 1913), for the licensing of aviation after examination and registration; rules of the air are provided for; air machines are forbidden to fly over municipalities except at prescribed altitudes and are forbidden to fly over crowds of people and the landing on public property without permission is regulated.

In my opinion, therefore, under the police power to protect the property and welfare of its inhabitants, the City of Boston has the constitutional right to make the appropriation in question, and further, because of the general benefit to the community at large by speedy air-mail service and the promotion of business and industry generally, the city may make this appropriation. It is immaterial that the money is to be expended under the direction of a department of the Commonwealth. If the Legislature has the right to authorize the appropriation to be made and the city has made the appropriation, then the Legislature may authorize the city to expend the money under the direction of one of the State's subdivisions.

As was said in *Talbot v. Hudson*, cited hereinbefore, at page 425,

"It has never been deemed essential that the entire community or any considerable portion of it should directly enjoy or participate in an improvement or enterprise in order to constitute a public use within the true meaning of these words as used in the Constitution. Such an interpretation would greatly narrow and cripple the authority of the Legislature, so as to deprive it of the power of exerting a material and beneficial influence on the welfare and prosperity of the state. In a broad and comprehensive view, such as has been heretofore taken of the construction of this clause of the Declaration of Rights, everything which tends to enlarge the resources, increase the industrial energies, and promote the productive power of any considerable number of inhabitants of a section of the state, or which leads to the growth of towns and the creation of new sources for the employment of private

capital and labor, indirectly contributes to the general welfare and prosperity of the whole community."

See also *Lowell v. Boston*, 111 Mass. 454, at page 464.

Very truly yours,
FRANK S. DELAND,
Corporation Counsel.

Placed on file.

WARRANT TO DOG OFFICERS.

Copy of a warrant from his Honor the Mayor, July 7, 1926, addressed to Constables Frank J. Sullivan, 109 Northampton street, Julian Codman, 51 Carver street, and Henry C. Merwin, 51 Carver street, to proceed forthwith to kill, or cause to be killed, all unlicensed dogs, etc., was received.

Placed on file.

APPOINTMENT OF DEPUTY SEALER OF WEIGHTS AND MEASURES.

Notice was received from the Weights and Measures Department of the appointment of Benjamin Lebowitz, 18 Fenelon street, as a deputy sealer of weights and measures.

Placed on file.

AMENDMENT TO STREET TRAFFIC REGULATIONS.

The following was received:

In Board of Street Commissioners,
Boston, July 26, 1926.

Voted, That section 1, of Article 7, of the Street Traffic Regulations be and the same hereby is amended so as to add to said section the following highways as one-way streets to vehicular traffic:

Carver street, northerly from Broadway to Stuart street.

Warrenton street, southerly from Stuart street.

That section 2, of Article 8, of the Street Traffic Regulations, be and the same hereby is amended so as to add to said section, Dillaway street.

That section 3, of Article 8, of the Street Traffic Regulations, be and the same hereby is amended so as to add to said section the following highways:

Beacon street, between Raleigh street and Governor square, northerly side.

Brookline avenue, between the railroad bridge and Commonwealth avenue, westerly side.

Hancock street, between Myrtle street and Mt. Vernon street, easterly side.

THOMAS J. HURLEY,
JOHN J. O'CALLAGHAN,
CHARLES T. HARDING,
Street Commissioners.

Placed on file.

RESIGNATION OF CITY COLLECTOR.

Notice was received from his Honor the Mayor of the designation of Charles J. Fox, Budget Commissioner, to be Acting City Collector, beginning at the close of business July 31, 1926, in place of William M. McMorrow, resigned.

Placed on file.

APPROVAL OF FRANCIS X. MAHONEY APPOINTMENT.

A certificate of approval by the Commissioners of Civil Service of the appointment of Francis X. Mahoney to the position of trustee, Boston Sanatorium, was received and placed on file.

APPOINTMENTS BY MAYOR.

The appointments by the Mayor of Charles J. Fox to be Budget Commissioner, James P. Balfe and Edward G. Graves to be trustees, Statistics Department, William J. Casey to be Superintendent of Printing, George H. Johnson to be City Collector, and Edward W. McGlenen to be City Registrar, were received and placed on file.

BOND OF INDEMNITY FOR LAYING WATER PIPES.

Notice was received from the Metropolitan District Commission inclosing bonds of indemnity to the City of Boston from the C. & R. Construction Company, which has a contract for laying water pipes in Boston. Notice placed on file and bond filed with City Auditor.

REGISTRY OF DEEDS PAY ROLL.

The pay roll of the Registry of Deeds, for the period from June 21 to July 17, 1926, amounting to \$12,847.31, was received and approved.

CONFIRMATION OF EXECUTIVE APPOINTMENT.

President KEENE, under unfinished business, called up the following:

Action on appointment submitted by the Mayor July 19, 1926, of Elmer S. Nyman, to be a Constable.

The question came on confirmation. Committee, Coun. Englert and Freeley. Whole number of ballots 14; yeas 12, nays 2, and the appointment was confirmed.

LOAN FOR BROADWAY BRIDGE.

President KEENE, under unfinished business, called up No. 2, viz.:

2. Ordered, That the sum of seventy thousand dollars (\$70,000) be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for Broadway, South Boston, Bridge, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On July 12, 1926, the foregoing order was read once and passed, yeas 19, nays 3.

The order was read a second time and again passed, yeas 17, nays 0.

LOAN FOR WEST NEWTON STREET BRIDGE.

President KEENE, under unfinished business, called up No. 3:

3. Ordered, That the sum of forty-five thousand dollars (\$45,000) be and hereby is appropriated to be expended under the direction of the Public Works Department for West Newton Street Bridge and that to meet said appropriation the City Treasurer be authorized to issue from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On July 12, 1926, the foregoing order was read once and passed, yeas 19, nays 3.

The order was read a second time and again passed, yeas 17, nays 0.

TRANSFER FOR SNOW EQUIPMENT.

On motion of Coun. GILBODY, the Council voted to take from the table No. 4 on the calendar:

4. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$32,000, to the appropriation for Public Works Department, Paving Service, C-4, Motor Vehicles, \$7,000; C-13, Tools and Instruments, \$25,000.

The order was passed, yeas 17, nays 0.

LOAN FOR EAST BOSTON PUMPING STATION.

On motion of Coun. GILBODY, the Council voted to take from the table No. 5 on the calendar, viz.:

5. Ordered, That under authority of chapter 259 of the Acts of 1926 the sum of \$650,000 be and hereby is appropriated to be expended under the Commissioner of Public Works, for East Boston pumping station and outlet, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

The order was read once and passed, yeas 17, nays 0.

RIVER STREET RECONSTRUCTION.

On motion of Coun. GILBODY, the Council voted to take from the table No. 6 on the calendar, viz.:

6. Ordered, That under authority of chapter 260 of the Acts of 1926 the sum of \$250,000 be and hereby is appropriated to be expended by the Board of Street Commissioners for River Street Reconstruction, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, on request of the Mayor, bonds or certificates of

indebtedness of the City of Boston in said amount, the same to be issued outside the limit of indebtedness.

The order was read once and passed, yeas 16, nays, Coun. Parkman, 1.

OAKLAND AND ASHLAND STREETS IMPROVEMENT.

On motion of Coun. GILBODY the Council voted to take from the table No. 7 on the calendar, viz.:

7. Ordered, That under authority of chapter 220 of the Acts of 1926, the sum of \$500,000 be and hereby is appropriated to be expended by the Board of Street Commissioners for Oakland and Ashland Streets Improvement, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

The order was read once and passed, yeas 16, nays, Coun. Parkman, 1.

UNCLAIMED BAGGAGE.

The Committee on Unclaimed Baggage submitted a report on the petition of the Boston & Maine Railroad, to sell unclaimed baggage, recommending the passage of the following:

Ordered, That the Boston & Maine Railroad be hereby authorized to sell at public auction on or before October 1, 1926, and after publication of the time and place of sale, according to law, the articles left remaining unclaimed in the possession of said railroad in the City of Boston.

Report accepted; order passed.

CLEAN ALLEYS.

Coun. FITZGERALD offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to have the following alleys, which are now used as public ways, kept clean and free from dirt and refuse:

Pike's alley, from Chambers to Leverett street.

Hammond avenue, from Chambers to Leverett street.

Adams place, from Blossom to North Anderson street.

Passed under suspension of the rule.

VOTING OF POLICE OFFICERS.

Coun. WARD offered an order—That the Police Commissioner be requested, through his Honor the Mayor, to allow members of the Police Department time off to vote on election days.

Passed under suspension of the rule.

ANNUITY TO MRS. THOMAS J. HINES.

Coun. DONOVAN offered an order—That an annuity of \$600 be allowed and paid to the widow of Capt. Thomas J. Hines, late member of the Fire Department, who died from injuries received in the performance of his duty, such annuity to continue so long as said widow remains unmarried and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to the Executive Committee.

SALE OF CHARLESTOWN PAVING YARD.

The Committee on Public Lands submitted a report on the message and order (referred June 21, 1926) authorizing the sale of the land, buildings, flats and docks on Medford and Terminal streets—that the same ought to pass.

The report of the committee was accepted and the order was given its first reading and passed, yeas 16, nays 0.

COST OF INCINERATOR.

Coun. WILSON offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to submit to the City Council the estimated cost of an incinerator which will eliminate the present antiquated and unsanitary dump system of rubbish disposal.

Coun. WILSON—Mr. President, I have in mind an article which appeared, or, rather an editorial in the evening *Traveler* of Thursday. I read it with interest, and I agreed with that article, which quoted the Assistant Deputy Commissioner of Public Works in a statement that it is proposed to place an incinerator in the West Roxbury district to do away with the present dump system. I agreed with the article, particularly with the statement to the effect that there is no particular reason why an incinerator should be placed in the West Roxbury District as distinguished from the other districts of the city; also, that there should be early consideration given to the substitution of a modern incinerator for the old-fashioned or, so far as we are concerned, present system of dump distribution. I am informed that the city of Providence recently adopted such a system, and even the city of Lawrence and the town of Brookline already have adopted it, and I would accordingly urge the passage of this order.

The order was passed under suspension of the rule.

REMOVAL OF CAR TRACKS ON WASHINGTON STREET, DORCHESTER.

Coun. WILSON offered an order—That the Corporation Counsel, through his Honor the Mayor, be requested to advise the City Council forthwith as to the authority, if any, vested in the Boston Elevated Street Railway, as a so-called public service corporation, to remove its car tracks on Washington street, Dorchester, beyond Armandine street, and—or—to abandon all street car transportation along Washington street, Ward 17, in the Codman Hill district, without any reference of the question to the State Department of Public Utilities, and without the granting of any public hearing.

Coun. WILSON—Mr. President, a week ago today I introduced an order in this body protesting against the proposed abandonment of all street car service on Washington street, Ward 17, from Armandine street. Incident to the proposed resurfacing of Washington street, Dorchester, beyond Ashmont street, the Boston Elevated Street Railway has calmly and flatly indicated its intention to abandon those car tracks at that point and to abandon absolutely all street car transportation in the Codman Hill district, because two or three years from now, apparently, the Boston Elevated Railway Company is under the impression that, on the so-called Shawmut Branch, there will be a rapid transit system to the Ashmont district. The Elevated Company plans to feed Washington street residents for transportation purposes to the Peabody square station, and they propose to do this without any public hearing at all and without any hearing even before the Department of Public Utilities. It appears to me that, if the Department of Public Utilities has no interest in a matter of this kind, it is high time the control of transportation in this Commonwealth, and particularly in the City of Boston, should be taken from the Department of Public Utilities. As a matter of fact, I am informed from fairly credible sources that there will be introduced in the next Legislature a measure, backed by the power and influence of the Boston Elevated Railway Company and the other railroads of this Commonwealth, to take the control of the jurisdiction of bus permits from the local self-governing bodies, such as the City Council of the City of Boston, and placing it in the hands of the Public Utilities, who are about as far answerable to the people of the City of Boston, apparently, as is the Boston Elevated Railway Company at the present time. If, as a matter of fact, the jurisdiction over bus permits had been in the Department of Public Utilities instead of the City Council this year, Coun. Donovan would have buses running in the Maverick square district and around Jeffries Point now, but because he was a representative of the people of East Boston and fought to prevent that happening in East Boston, it was killed. As late as this year the Boston Elevated Street Railway Company appeared before the Committee on Jitneys of this body and requested to be allowed to run buses through the streets of Boston with a terminal at no less a spot than the Houghton & Dutton store at the corner of Beacon and Tremont streets, and I feel confident that if the Department of Public Utilities hasn't any more interest in the transportation facilities of the City of Boston than they apparently have in the Dorchester district, we may well look towards the next Legislature, and I say to Coun. Donovan and to Coun. Fitzgerald who are members of the Legislature, that they had better watch the Boston Elevated Street Railway Company in

its bus proposition at the next session of the Court and General Court.

The order was passed under a suspension of the rule.

SIDEWALK ON GENEVA AVENUE.

President KEENE, for Coun. Ruby, offered an order—That the Commissioner of Public Works make a sidewalk along Geneva avenue, both sides, from Blue Hill avenue easterly about fifty feet. Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON BLUE HILL AVENUE.

President KEENE, for Coun. Ruby, offered an order—That the Commissioner of Public Works make a sidewalk along Nos. 450-452-454-456 Blue Hill avenue, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone and brick, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON HARVARD AVENUE.

Coun. DOWLING offered an order—That the Commissioner of Public Works make a sidewalk along the easterly side of Harvard avenue, from 180 feet to 435 feet south of Commonwealth avenue, Ward 21, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON TREMONT STREET.

Coun. DOWLING offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Tremont street, from Washington street to the Newton line, Ward 22, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON WILLIAMS STREET.

Coun. ENGLERT offered an order—That the Commissioner of Public Works make a sidewalk along Williams street, Washington street to Forest Hills street, south side, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON AUSTIN STREET.

Coun. WRAGG offered an order—That the Commissioner of Public Works make a sidewalk along the southeasterly side of Austin street, from No. 57 to Parrott street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

REPAVE EAST COTTAGE STREET.

Coun. LYNCH offered an order—That the Commissioner of Public Works be requested,

through his Honor the Mayor, to repave East Cottage street, from Norfolk avenue to Columbia road, Ward 7, with smooth paving.

Passed under suspension of the rule.

SIDEWALK ON BOSTON STREET.

Coun. LYNCH offered an order—That the Commissioner of Public Works make a sidewalk along both sides of Boston street, from the bridge over the New York, New Haven & Hartford Railroad to Edward Everett square, Ward 7, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

ATTENDANCE OF POLICE OFFICERS AT RALLIES.

Coun. LYNCH offered an order—That the Police Commissioner be requested, through his Honor the Mayor, to change the rules of his department and allow members of the police force to attend political rallies and sign nomination papers for candidates for political office.

Passed under suspension of the rule.

OPENING OF POLLS AT PRIMARY ELECTION.

Coun. LYNCH offered an order—That the Board of Election Commissioners be requested, through his Honor the Mayor, to keep open the polls at the primary election from six a. m. until eight o'clock p. m.

On motion of Coun. FITZGERALD, the order was referred to the Executive Committee.

SOLDIERS' RELIEF.

Coun. GILBODY offered an order—That there be allowed and paid to the Soldiers' Relief Commissioner, and charged to the appropriation for Soldiers' Relief Department, the sum of \$500, said sum to be expended subject to the approval of the Committee on Soldiers Relief by said commissioner in affording immediate relief to persons entitled to aid under chapter 115 of the General Laws and Acts in amendment thereof and in addition thereto.

Passed under suspension of the rule.

PAYMENT TO ESTATE OF FRANK COMEAU.

Coun. GILBODY offered an order—That in accordance with chapter 32, section 87, of the General Laws, there be allowed and paid to the administrator of the estate of the late Frank J. Comeau, former Boston police officer, who was killed in the performance of his duty the sum of \$2,500.

Referred to Executive Committee.

MAIL BOXES IN DWELLING HOUSES.

Coun. GILBODY—Mr. President, I ask unanimous consent to make a statement, in view of the fact that I am going to ask that the Building Commissioner appear at the Executive Committee meeting.

* President KEENE—The Chair hears no objection.

Coun. GILBODY—Mr. President, in certain sections of Dorchester, namely, in my ward, builders are going into those sections and building houses and are not complying with United States regulations concerning establishing mail boxes, and the result is that, probably, some one hundred or more families in Dorchester cannot get their mail because the builders won't put in the prescribed mail boxes as required by the United States Government before mail will be delivered, a most unusual situation existing out there. You live in a street and you can't get your mail because the arbitrary builder won't put a box in that is required. I do not know what province we here have or what province the Building Commissioner might have, but I think we could present it to him and, if he can't take some action in that direct connection,

he may be able to overcome the situation by not giving future permits to these men who won't build houses so that persons can have their mail delivered, and I am going to ask that the Building Commissioner be requested to appear before the Executive Committee.

President KEENE—The City Messenger will so advise the Building Commissioner.

RECESS.

The Council voted at 2.40 p. m., on motion of Coun. DOWLING, to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber at 3.35 p. m., and were called to order by the President.

APPROPRIATION FOR CAMBRIDGE STREET CONSTRUCTION.

The following was received:

City of Boston,
Office of the Mayor,

August 2, 1926.

To the City Council.

Gentlemen—I am in receipt of the attached recommendation from the Board of Street Commissioners, that an additional appropriation of \$40,000 be provided to meet outstanding charges in connection with the building and construction of Cambridge street. The original construction estimate for this work was \$386,000. To date payments have been made and obligations have been incurred to the amount of approximately \$385,000. In the opinion of the Commissioner of Public Works, it will be necessary to spend approximately \$40,000 more, before all the bills and outstanding obligations are provided for. In view of this opinion, I submit herewith, a loan order providing for the appropriation of this amount and respectfully recommend passage of the same by your honorable body.

Yours respectfully,

MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$40,000 be and hereby is authorized to be expended under the direction of the Board of Street Commissioners for Cambridge street and Court street and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston in said amount.

City of Boston,
Street Laying-Out Department,
August 2, 1926.

Hon. Malcolm E. Nichols,
Mayor of Boston.

DEAR SIR,—The Board is in receipt of a letter from Commissioner of Public Works James H. Sullivan, a copy of which is annexed hereto, and, in accordance with the request herein contained, respectfully recommends that an additional appropriation of forty thousand dollars (\$40,000) for Cambridge Street construction be provided.

Respectfully,

THOMAS J. HURLEY, Chairman.

City of Boston,
Public Works Department,
July 31, 1926.

Mr. Thomas J. Hurley,

Chairman Board of Street Commissioners.
DEAR SIR,—We find on investigating the finances in connection with the loan for Cambridge and Court streets that we are sadly in need of money to pay some outstanding bills, and on the advice of the City Auditor I am requesting you to write a letter to his Honor asking for a loan of \$40,000, to be submitted to the City Council on Monday, to provide this additional money to pay these bills due in connection with the construction of the surface of the street.

Yours very truly,

J. H. SULLIVAN,
Commissioner of Public Works.

Referred to Committee on Finance.

REPORT OF COMMITTEE ON CLAIMS.

The Committee on Claims submitted a report on the petition of Pasquale Giordano for reimbursement of money paid in consequence of suit recommending the passage of an order for the payment of \$514.54.

Report accepted; said order passed.

The Committee on Claims submitted a report on the petition of Francis J. McNeil for reimbursement of money paid in consequence of suit recommending the passage of an order for the payment of \$159.

Report accepted; said order passed.

EXECUTIVE COMMITTEE REPORTS.

Chairman DOWLING, for the Executive Committee, submitted the following:

1. Report on the order (referred today) to pay the administrator of the estate of the late Frank J. Comeau, former Boston police officer, who was killed in performance of his duty, the sum of \$2,500,—that the same ought to pass.

Report accepted; said order passed.

2. Report on the order (referred today) that the Board of Election Commissioners be requested, through his Honor the Mayor, to keep open the polls at the primary election from six a. m. until eight o'clock p. m.,—that the same ought to pass.

Coun. LYNCH—Mr. President, inasmuch as this Council has no jurisdiction with regard to the opening and closing hours on primary day, and in view of the fact that the Executive Committee of the Council has seen fit to pass this order, we hope that the chairman of the Board of Election Commissioners will take very serious consideration of these hours of six a. m. to eight p. m.

Question came upon acceptance of the report and the passage of the order, and Chairman Dowling asked for a roll call. The roll was called and the report accepted and the order passed, yeas 11, nays 4.

Yeas—Coun. Donovan, Englert, Gilbody, Keene, Lynch, Mahoney, McGrath, McMahon, Ruby, Wilson, Wragg—11.

Nays—Coun. Arnold, Dowling, Guild, Parkman—4.

UNANIMOUS CONSENT TO COUN. RUBY.

Coun. RUBY—Mr. President, may I ask unanimous consent to be recorded in favor of Items 2, 3, 4, 5, 6 and 7 on today's calendar?

President KEENE—Coun. Ruby asks unanimous consent to be recorded in the affirmative on Items 2, 3, 4, 5, 6 and 7. The Chair hears no objection, and the councilor will be so recorded.

JITNEY COMMITTEE REPORTS.

Chairman WRAGG, for the Committee on jitney licenses, submitted the following:

1. Report on the petitions of the Boston Elevated Railway Company for licenses to operate motor vehicles from (1) Copley square to South Station, (2) from Keane square to South Station, and (3) from junction of Brookline avenue and Longwood avenue to junction of Huntington avenue and Longwood avenue, recommending that licenses be granted.

Coun. DOWLING—Mr. President, I would like to ask the chairman of the Committee on jitneys whether the petition asked for by the Elevated Railway in any of these instances does away with existing street car lines? And another question in that same connection: Whether the Elevated has offered any assurance that the street railway tracks, if there are any, on those streets are to be removed when buses go into effect?

Coun. WRAGG—Mr. President, these petitions do not supersede any existing street car lines.

Coun. DOWLING—Mr. President, may I ask if there are car lines on any of those streets? Coun. WRAGG—There are car lines on those streets.

Coun. DOWLING—Are cars to be operated on those streets?

Coun. WRAGG—Cars have not been operated on those streets for a number of years.

Coun. DOWLING—Well, then, Mr. President, I want to call the attention of the Council to the fact that the Boston Elevated Railway Company, which has sought franchises here before and of which I have been in favor up to this time and have had my support, and I call the attention of the Boston Elevated Railway Company itself to the fact, that North Beacon street, which is a main thoroughfare and on the direct route to Worcester, Springfield and New York and traversed every day by thousands of automobiles, has car tracks there which constitute a daily constant menace to public safety. I have personally requested the Elevated officials to remove the car tracks since they were not being used. The service along North Beacon street for electric cars was abandoned some time ago. A line of buses was established there, and the buses, so far as I know, are giving eminently satisfactory service. I am not complaining of the service which the buses render, but I do complain of the attitude which the Elevated has assumed in refusing to remove the tracks and thereby eliminate that fast growing danger from automobile traffic. A short while ago, during the evening hours—it must have been between 10 and 12 o'clock at night—the Elevated people wanted a small section of a switch there which apparently was just what was needed in some other

section of the city, and whether they had a permit to open the street or not I do not know, but they came in and took a small section of a switch out, which makes the highways nothing more than storage yards for their rails. Now there is no reason in the world, in my opinion, why the Elevated should be given all the cream there is. We all of us sympathize with the difficulty which the Boston Elevated has in financing its affairs, and I think the general feeling is one of helpfulness towards the Elevated. We all want good service but not to the extent of having them have free use of the streets for storing tracks and making automobile and other traffic absolutely impossible. The report of the Committee, I believe, is in favor of the bus permits. I am going to vote against them for the reason that the Elevated apparently, does not intend to remove those tracks, because that is the attitude they are taking on North Beacon street.

Coun. WRAGG—Mr. President, I might say in connection with two of these petitions that the Elevated is simply making a little change in the route, and whether the Council votes in favor of them or not they will operate over practically the same route they are operating now. One of them is to take the place of the petition that was granted by this Council on February 1 of this year, and another one takes the place of a petition that was granted on November 9, 1925. The other one is between Brookline avenue and Huntington avenue over Longwood avenue, being simply a short run out in the hospital district where there is no car line and never has been.

Coun. WILSON—Mr. President, personally I agree with everything that Coun. Dowling has said, but I want to be on record as I was on the jitney Committee. I am in favor of two of these permits for the simple reason and on the distinct understanding that the Elevated Railway Company are to have revoked their present licenses. In other words, on one of these jitney lines the Elevated wishes to substitute this line for the present whereby Elevated buses are allowed to run up Summer street around Filene's corner and go down Washington street. It is on the distinct understanding that they are to stop that line that I am voting and will vote for this particular permit. On the second one of the Elevated Railway Company I voted for it on the jitney Committee and vote for it here on the distinct understanding that the Elevated are waiving the present permit whereby they make a circuit of Dewey square, and, on that understanding, and on that understanding alone, I am in favor of these two permits.

Coun. DOWLING—Mr. President, I should like to ask the gentleman who has just spoken what assurance he has that they will go through with their agreement, or whether any actual agreement has been entered into between the jitney Committee of the City Council and the Elevated Railroad?

Coun. WILSON—Mr. President, inasmuch as the chairman of the Committee on jitneys, I believe, is to offer some order in connection with the arrangement whereby the two permits in question are to be revoked, I will allow him to reply.

Coun. WRAGG—Mr. President, I have in my hand orders for the revocation of two permits which I am going to offer.

The report of the committee was accepted and said licenses granted.

REVOCATION OF JITNEY LICENSE BETWEEN COPLEY SQUARE AND SOUTH STATION.

Coun. WRAGG offered an order—That the license to operate motor vehicles between Copley square and the South Station, granted to the Boston Elevated Railway Company on November 9, 1925, and approved by the Mayor November 11, 1925, be and the same is hereby revoked.

Passed under suspension of the rule.

REVOCATION OF BUS LICENSE BETWEEN KEANEY SQUARE AND SOUTH STATION.

Coun. WRAGG offered an order—That the license to operate motor vehicles between the North Station and the South Station granted to the Boston Elevated Railway Company June 22, 1925, and approved by the Mayor June 23, 1925, and the license to operate motor vehicles between Keane square and the South Station granted to the Boston Elevated Railway Company February 1, 1926, and approved by the Mayor February 3, 1926, be and the same hereby are revoked.

Passed under suspension of the rule.

FURTHER REPORTS OF JITNEY COMMITTEE.

Chairman WRAGG, for the Committee on Jitney Licenses, submitted the following:

1. Report on the petition of the Boston & Worcester Street Railway Company for a license to operate eight motor vehicles from a point at or near 12 Park square, thence through and along Park square, Columbus avenue, Berkeley street, Boylston street and Huntington avenue, to the line between the City of Boston and the town of Brookline, recommending that a license be granted.

Report accepted; said license granted.

2. Report on the petition of Franklin L. Hart for a license to operate six motor vehicles from 12 Park square to Charles street, Cambridge street to Cambridge Bridge, through Fitchburg to Winchendon, Mass., recommending that a license be granted.

Coun. PARKMAN—Mr. President, do I understand that that is the same petition that has been before this Council once before and has been vetoed by his Honor the Mayor for good and sufficient reasons, principally because of competition with railroad lines in this vicinity?

President KEENE—Will Coun. Wragg answer the question of Coun. Parkman?

Coun. WRAGG—Mr. President, this is not exactly the same petition. The route has been changed somewhat. A change has been made which does not interfere with the railroads, and, as I understand from Mr. Hart, he has now, at the present time, twenty-one out of twenty-three towns which have already granted licenses, waiting for Boston to do their part.

Coun. GUILD—Mr. President, I should like to inquire of the chairman of the Committee on Jitney Licenses, through you, what the proposed route is now?

President KEENE—Will Coun. Wragg answer that question?

Coun. WRAGG—The Clerk can read the petition.

The Clerk read the route as stated above.

Coun. DOWLING—Mr. President, if the chairman of the Committee on Jitney Licenses had not answered Coun. Parkman's question, I was going to say that it was the same cup of coffee with a little less cream in it.

The question came on the acceptance of the report and the granting of the license. Coun. Dowling asked for a roll call.

Coun. WILSON—Mr. President, before the roll is called, and if Coun. Dowling will stay here long enough to find out about some other questions than food and drink, I would state as a member of the Committee on Jitney Licenses that, as I understand it, the original Hart petition was for his winter route between Boston and Keene, New Hampshire, which was vetoed by the Mayor, but I do not agree with Coun. Parkman that it was vetoed for "good and sufficient reasons"—I didn't and I don't. The second petition was to run a summer route between Boston and Albany, which was also vetoed for the same reasons or lack of reasons. The present petition, as I understand it, is for the Boston and Albany route but by way of Boston to Winchendon; so, as a matter of fact, this is an entire variation from the order we have already passed, or both orders which we have already passed.

The report was accepted and the license granted, yeas 11, nays 4.

Yeas—Coun. Donovan, Englert, Freeley, Greene, Keene, Lynch, Mahoney, McMahon, Ruby, Wilson, Wragg—11.

Nays—Coun. Arnold, Dowling, Guild, Parkman—4.

SIDEWALK ON EASTMAN STREET.

Coun. LYNCH offered an order—That the Commissioner of Public Works make a sidewalk along 23, 25, 27, 31 and 33 Eastman street, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

GENERAL RECONSIDERATION.

On motion of Coun. McMAHON, reconsideration of all action taken today was refused.

Adjourned, on motion of Coun. DOWLING, at 3.55 p. m., to meet on Monday, September 20, at 2 p. m.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, AUGUST 21, 1926.

No. 34

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 20, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks

and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Antony Cefalo has been granted an extension of the time of completion of the contract for the building of sewerage works in Williams street, West Roxbury, from July 10, 1926, to August 10, 1926.

DeCristoforo & Brothers Company have been granted an extension of the time of completion of the contract for the building of sewerage works in Pershing road, West Roxbury, from July 24, 1926, to August 24, 1926.

M. DeMatteo has been granted an extension of the time of completion of the contract for the building of sewerage works in Whiting street, Harwood street, Keith street and Baker street, West Roxbury, from July 17, 1926, to August 16, 1926.

The Beaver Construction Company have been granted an extension of the time of completion of the contract for painting Broadway Bridge, over the Boston & Albany Railroad, dated May 24, 1926, from July 19, 1926, to July 29, 1926.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

FIRE DEPARTMENT.

Advertises for proposals for fire alarm construction work. Surety bond will be required in the amount of \$1,000. Blank forms for proposals may be obtained at the office of the Fire Commissioner, Bristol street, Boston. Bids, accompanied by certified check in the amount of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, August 24, at 12 m.

Advertises for proposals for repairing, cleaning and pressing overcoats. Surety bond will be required in the amount of \$1,000. LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Tennyson street, Boston proper district, as a highway, from Columbus avenue to Church street, bounded and described as follows:

The highway named Tennyson street is hereby discontinued from Columbus avenue to Church street.

Said highway as hereby discontinued is bounded: Westerly by Columbus avenue, seventy and 35-100 feet; northerly by the northerly line of said Tennyson street as it existed previous to this discontinuance, one hundred one and 58-100 feet; easterly by Church street, forty and 2-100 feet; and southerly by the southerly line of said Tennyson street as it existed previous to this discontinuance, one hundred fifty-eight and 21-100 feet; containing fifty-one hundred and ninety-six square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of Tennyson street, Boston proper district, as a highway, from Columbus avenue to Church street, under the order of the Board, of even date herewith, and awards no damages therefor.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

MONDAY, AUGUST 30, 1926.

NAME.	Location.	Ward.	Petitioning for.

Cleaning up the South Boston district after the band concert, also Madison Park, and caring for the Rose Garden:

Dominick Bottino, John Brennan, Patrick Daley, John Flynn, Henry Higgins, Albert W. Page, Edward M. Powers, Michael Walsh, temporary laborers, 1 day, \$5 each; Frank Jefferson, moth destroyer, 1 day, \$5; John Gallagher, gardener, 1 day, \$5.50.

Total, \$50.50.

For the week ending Thursday, August 19:

Dominick R. Bottino, temporary laborer, 1 day, \$5; Patrick Daley, laborer, 1 day, \$5; John Flynn, Henry Higgins, Albert W. Page, Edward M. Powers, Michael Walsh, temporary laborers, 1 day, \$5 each; Thomas J. Carey, machinist, 1 day, \$5.50; John Gallagher, gardener, 1 day, \$5.50; James Beattie, laborer, 1 day, \$5. Total, \$51.

Park Department (Cemetery Division).

For the week ending Thursday, August 12:

Mt. Hope Cemetery.

Enrico Binda, Michael Conway, Edward F. Curley, Joseph Horgan, Timothy Kelliher, Arthur J. Moore, Henry J. Moylan, Patrick Sullivan, laborers, 1 day, \$5 each.

For the week ending Thursday, August 19:

Mt. Hope Cemetery.

Michael Conway, Edward F. Curley, Joseph Horgan, Bernard McCabe, Henry J. Moylan, Arthur J. Moore, Patrick Sullivan, laborers, 1 day, \$5 each.

Evergreen Cemetery.

Joseph Harrington, Peter Kean, Michael Norris, laborers, 1 day, \$5 each.

Penal Institutions Department.

For the week ending Thursday, August 12:

House of Correction.

Emergency Work.—William O'Melia, assistant engineer, $1\frac{1}{2}$ days, \$9.75.

Substitute Work.—David Tobin, fireman, 3 days, \$18.

Total, \$27.75.

Steamer "Michael J. Perkins."

John Thornton, deckhand, \$47.04; Patrick Lawler, fireman, \$12.38; William Silinsky, engineer, \$13.41; James J. Hallahan, chief engineer, \$16.15; Lawrence O'Keefe, Samuel Puleo, deckhands, \$7.50 each; John J. Doyle, William Slattery, firemen, \$14.07 each. Total, \$132.12.

Public Buildings Department.

For the week ending Thursday, August 12:

F. C. Twitchell, engineer, $2\frac{1}{2}$ hours, \$1.97; T. H. Joyce, engineer, $1\frac{1}{2}$ hours, \$1.31.

Public Works Department (Bridge Service).

For the week ending Monday, August 16:

First Assistant Drawtender.—William C. Tirrell, 1 day, \$4.93.

Assistant Drawtenders.—Timothy F. Shea, Luke A. O'Donnell, 2 days, \$9.31 each; William C. Waterman, William J. Coleman, Daniel J. McNamara, William J. Lynch, Frank P. Farren, 1 day, \$4.66 each.

Total, \$46.85.

Net cost for the week ending August 16, \$18.90.

Public Works Department (Ferry Service).

For the week ending Monday, August 16:

Firemen.—Thomas Murphy, Edward P. Donahue, $1\frac{1}{2}$ days, \$9 each.

Gatemen.—Arthur F. Keefe, John McGowan, $1\frac{1}{2}$ days, \$7.88 each; Christopher T. Leonard, $1\frac{1}{2}$ days, \$5.91; Hugh F. Leahy, $\frac{3}{4}$ day, \$3.94; William J. Stinson, $\frac{3}{4}$ day, \$3.28; Edward J. Wilkie, $\frac{3}{4}$ day, \$1.97.

Total, \$48.86.

Net cost for the week ending August 16, \$15.19.

Public Works Department (Paving Service).

For the week ending Monday, August 16:

Engineer.—John H. McGee, $2\frac{1}{2}$ days, \$12.38.

Laborers.—Walter J. Clancy, $2\frac{3}{4}$ days, \$10.94; William J. Jeffers, $1\frac{1}{2}$ days, \$7.50; Martin Gill, John Cassano, 1 day, \$5 each.

Cement Finishers.—Arcangelo Faiella, Thomas J. Sruhan, $2\frac{1}{4}$ days, \$12.38 each.

Carpenter's Helper.—James M. Magee, $2\frac{1}{4}$ days, \$10.31.

Teamster-Laborers.—Andrew J. Kelley, $2\frac{1}{4}$ days, \$10.31; William J. Mahoney, $1\frac{1}{2}$ days, \$7.50.

Chauffeur-Teamster.—James J. Henneberry, $1\frac{1}{2}$ days, \$7.50.

Auto Mechanic.—James N. Hardiman, $1\frac{1}{2}$ days, \$8.25.

Public Works Department (Sanitary-C Service).

For the week ending Thursday, August 19:

Teamsters.—M. O'Connell, B. Callahan, W. O'Brien, C. Crowley, L. Divita,

R. Mulcahy, B. Coyne, J. Hourihan, D. Powers, G. McColgan, F. McMackin, F. Deacon, J. O'Leary, J. Kilmurray, M. Gilmarin, M. Doherty, T. Graham, E. Noonan, J. Myers, H. McCarron, J. Brown, F. Certosimo, J. Daley, L. Davis, J. Driscoll, J. Foley, J. Gehm, J. Hanley, J. Hartigan, M. Hughes, R. M. Jennings, P. F. Joyce, L. Kilduff, D. Kobylski, J. Kramer, J. Lyons, J. McLean, W. Maloney, B. Murphy, A. Powers, W. Earley, 1 day, \$5 each.

Feeders.—C. Sullivan, L. McGahan, 1 day, \$5 each.

Chauffeur.—J. McCabe, 1 day, \$5.50.

Temporary Inspector.—J. J. Lavin, 1 day, \$5.50.

Total, \$226.

Public Works Department (Sanitary-S Service).

For the week ending Monday, August 16:

Teamsters.—W. McCarthy, A. P. Charbonnier, J. Carr, J. Sweeney, J. De Rocher, E. Knight, T. J. Lewis, J. Spillane, J. P. Gilligan, 1 day, \$5 each; J. P. Callahan, M. J. Connors, F. Cunningham, T. J. Dwyer, G. Guiffredo, V. Guiliano, B. McCool, N. M. Murphy, J. O'Brien, N. M. Ryan, D. Shea, J. Yankowsky, $\frac{3}{4}$ day, \$3.75 each; D. J. Dalton, K. T. Kenney, $1\frac{1}{2}$ days, \$7.50 each; S. Hegarty, $\frac{1}{2}$ day, \$2.50; J. P. Callahan, $\frac{1}{4}$ day, \$1.25.

Feeders.—J. Gallagher, J. L. Hennessey, 1 day, \$5 each.

Chauffeurs.—P. McCormack, J. P. Charbonnier, 1 day, \$5.50 each.

Temporary Laborer.—Joseph Capillo, $\frac{3}{4}$ day, \$3.75.

Total, \$133.50.

Public Works Department (Sewer Service).

For the week ending Monday, August 16:

Mason.—Joseph Timilty, 2 days, \$14.

Oilers.—William A. Sullivan, William Plane, 2 days, \$12 each.

Gatemen.—Richard J. Tobin, Christopher Kenney, 1 day, \$6 each.

Sewer Cleaners.—James Clancy, Thomas Flaherty, $3\frac{1}{2}$ days, \$16.88 each; Michael Foley, $2\frac{1}{2}$ days, \$13.13; Michael Brady, 2 days, \$10; Hugh O'Connor, $1\frac{1}{2}$ days, \$8.75; Daniel McKenna, 1 day, \$5; Hugh Clark, Nathan F. O'Neil, Dennis J. Collins, $\frac{3}{4}$ day, \$3.75 each.

Chauffeur.—Charles F. Caffrey, $3\frac{1}{2}$ days, \$16.88.

Laborers.—Joseph H. Jeffrey, Joseph Faretro, Thomas Duffy, Patrick Gallagher, Patrick J. Walsh, John J. Lynch, Martin J. Day, Louis Brunetto, Patrick McDonough, 2 days, \$10 each; John H. Waters, Antonio Arrachiello, David P. Pyne, $1\frac{1}{2}$ days, \$7.50 each; Thomas J. Foley, Richard Moore, Michael Mullin, 1 day, \$5 each; Bartholomew Norton, John J. Sheehy, $\frac{3}{4}$ day, \$3.75 each.

Total, \$283.77.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the

following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Alaric street, bounded:

Easterly by easement taken by the City of Boston November 10, 1921, ten feet; southerly by another part of Alaric street, one hundred sixty and 13-100 feet; westerly by the same, one hundred forty and 2-100 feet; northerly by easement taken by the City of Boston October 2, 1913, by two measurements, one and 65-100 feet and eight and 37-100 feet; easterly by another part of Alaric street, one hundred thirty-two and 74-100 feet; and northerly by the same, one hundred fifty-two and 31-100 feet; containing twenty-nine hundred and twenty-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Alaric street, bounded:

Southerly by easement taken by the City of Boston October 2, 1913, by two measurements, eight and 58-100 feet and one and 44-100 feet; westerly by another part of Alaric street, thirty-three and 56-100 feet; northerly by the same, ten feet; and easterly by the same, thirty-three feet, containing three hundred and thirty-three square feet, more or less.

The sewerage works to be constructed are as follows: 360 linear feet of 10-inch pipe sanitary sewer and 320 linear feet of 10-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Alaric street as hereinafter designated, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 684, Sewerage Works, Alaric Street, West Roxbury, July 14, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

Easterly by easement taken by the City of Boston for sewerage purposes in Hallowell street March 25, 1924, twelve and 38-100 feet; southerly by Hallowell street, by land supposed to belong to Florentine A. Walters, and to Annie C. Ferguson, by three measurements, eighteen and 32-100 feet, ninety-eight and 29-100 feet and one hundred twenty-eight and 13-100 feet; easterly by land supposed to belong to Annie C. Ferguson, one foot; southerly by the same, thirty-six feet; westerly by the same, one foot; southerly by the same and by land supposed to belong to Joseph A. Cuthro, by two measurements, fifty-six and 70-100 feet and one hundred fifty-six and 37-100 feet; westerly by Savannah avenue, ten and 2-100 feet; northerly by land supposed to belong to Winroth, and to Annie C. Ferguson, by two measurements, one hundred fifty-six and 87-100 feet and fifty-six and 64-100 feet; westerly by land supposed to belong to Annie C. Ferguson, one foot; northerly by the same, thirty-six feet; easterly by the same, one foot; and northerly by the same, by land supposed to belong to Florentine A. Walters, and by Hallowell street, by three measurements, one hundred twenty-eight and 31-100 feet, one hundred one and 73-100 feet and fourteen and 28-100 feet, containing fifty hundred and ten square feet, more or less.

Northwesterly by Croydon street, ten and 1-100 feet; northeasterly by Itasca street, seventeen and 1-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes in Itasca street, October 5, 1920, ten and 1-100 feet; and southwesterly by Itasca street, seventeen and 1-100 feet, containing one hundred and seventy square feet, more or less.

Northwesterly by easement taken by the City of Boston for sewerage purposes in Itasca street, October 5, 1920, sixty-seven and 4-100 feet; northeasterly by Itasca street, ten and 1-100 feet; southeasterly by the same, forty-five and 5-100 feet; northeasterly by the same, and by land supposed to belong to Eugene J. Connolly, sixteen and 67-100 feet; northeasterly by land supposed to belong to Eugene J. Connolly, and to Laura A. Gould, by three measurements, one hundred thirty-three and 79-100 feet, twenty-seven and 67-100 feet and one hundred eighteen and 36-100 feet; southeasterly by Savannah avenue, ten and 6-100 feet; southwesterly by land sup-

posed to belong to Thomas F. Greene, to Lawrence J. Morretti, Harry P. Chadwick, T. T., to Benjamin and Fannie Visnick, to Laura A. Gould, and by Itasca street, by two measurements, one hundred thirty-two and 91-100 feet and one hundred and seventy-one and 76-100 feet, containing thirty-seven hundred and seven square feet, more or less.

The sewerage works to be constructed are as follows: 475 linear feet of 1-foot 3-inch by 2-foot concrete sanitary sewer, 365 linear feet of 4-foot 6-inch and 110 linear feet of 5-foot 3-inch circular concrete surface drain, 300 linear feet of 1-foot 3-inch by 2-foot concrete sanitary sewer and 300 linear feet of 5-foot 3-inch circular concrete surface drain, 130 linear feet of 1-foot 3-inch by 2-foot concrete sanitary sewer and 130 linear feet of 5-foot 3-inch circular concrete surface drain.

The above sewerage works are to be constructed in the above described premises, being part of the private way known as Hallowell street, private land between Hallowell street and Savannah avenue, private land between Savannah avenue and Itasca street and part of the private way known as Itasca street.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking of an easement for sewerage purposes in Itasca street, private land between Itasca street and Savannah avenue, private land between Savannah avenue and Hallowell street, and Hallowell street, under the order of the Board, of even date herewith, and awards said amounts therefor.

ADDITIONS TO CONTRACTS.

PARK DEPARTMENT.

A. G. Tomasello & Son, Inc., have been
directed to make the following additions
to the contract for pavement on Arbor-
way, west drive, between Prince and
Centre streets, Jamaica Plain, signed June
1, 1926:

Excavate crushed stone macadam to an
approximate depth of six (6) inches in
the center of the road, running out to
approximately nothing at both edges, in-
stead of just reshaping macadam, as
called for in the contract. Remove and
dispose of all excavated materials. For
each cubic yard of macadam excavated
the sum of \$2, the contract price per cubic
yard for excavation, will be added to the
contract price.

Build one catch-basin complete, lay
drain pipe from new basin to main drain,
rebuild approximately six of the existing
catch-basins. Rebuild concrete drive-
ways across sidewalk adjacent to the new
road where grade of same was raised; all
as directed by this department in accord-
ance with Article 2; to be paid for under
Article 8; the cost of labor, plus 15 per
cent, and the cost of materials.

Additions.—Item 3.—620 cubic yards
macadam excavation at \$2, \$1,260
(estimated). Item 2.—Building catch-
basins, etc., cost of labor plus 15 per cent
and cost of materials, \$475 (estimated).
Total additions, \$1,735 (estimated). Con-
tract price, \$15,650 (estimated); addi-
tion as per this order, \$1,735 (estimated);
contract as standing, \$17,385 (estimated).

Lamont Brothers Company have been
directed to make the following changes
in the contract for alterations and repairs
at L Street Bath House, signed May 8:

Build louvres on street side of easterly
wing of men's bath house and easterly
annex of men's bath house. The louvres
are to be located in front of windows on
street side of these houses. Louvres to
be five boards high, of 1-inch by 8-inch
fir. They are to be fastened securely to
the building, satisfactory to the engineer.

The louvres are to be painted two coats
of best lead and oil paint. For building
these louvres complete, the sum of \$150
will be added to the contract price.

Furnish and fasten barbed wire on
boys' fence, where missing, and under
eaves of boys' building on street side of
same, satisfactory to the engineer. For
furnishing and installing this barbed
wire, the sum of \$64 will be added to the
contract price.

Change exterior door of new toilet
room so as to swing out instead of swing
in, as at present. For all work done on
door frame and door, etc., so that same
will swing out, the sum of \$6 will be added
to the contract price.

Hang wire from top of handball court
under pipe frame supports instead of
over pipe frame, as called for in the
contract. Fill in between the old hand-
ball court and the main men's building
with heavy chicken wire, fastening same
satisfactory to the engineer. For this
additional wire furnished and fastened
and for hanging wire under pipe frame
instead of over pipe frame, the sum of
\$37 will be added to the contract price.

Extend platform in rear of new hand-
ball court out 10 feet, with railing 3 feet
high. Make end wall of handball court
10 feet high, the upper 5 feet to be of
½-inch mesh galvanized wire No. 9 gate
on a strong wooden frame. Build side
walls 10 feet high to correspond with end
wall and to be constructed the same
as end wall. New end and side walls

shall be constructed as called for in the contract for other walls of handball court. Build fence at end of handball court in open westerly wing of bath house 16 feet long and 5 feet high. Fence to be constructed of 2-inch by 4-inch frame and 1-inch by 8-inch fir sheathing on both sides.

Build door in side wall of handball court complete with all hardware, and build plank steps from beach to this door.

Paint all this additional woodwork two coats of best lead and oil paint.

For these changes in the new handball court the sum of \$307 will be added to the contract price.

Build sheathed partition 16 feet long, 10 feet high of 1-inch by 8-inch sheathing, partition to be sheathed on one side. Build sheathed ceiling from this partition to other partition in this room of 1-inch by 8-inch fir sheathing.

All framework for sheath partition and ceiling to be of 2-inch by 4-inch spruce. For work done on building storeroom in custodian's quarters, second floor, the sum of \$125 will be added to the contract price.

Paint all interior woodwork in boys' section two coats of pure lead and oil paint. All woodwork in the custodian's office, men's building, first floor, shall be thoroughly cleaned and finished natural with two coats of best varnish. For the additional painting of the boys' section in the custodian's office, men's building, the sum of \$363 will be added to the contract price.

Omit lower shelf of galvanized wire cloth in all the new lockers, including the wooden cleat supports and staple fasteners. Omit the wire door pulla from each of the new lockers to be constructed.

For the omission of the wire shelves and wire door pulls, the sum of \$78 will be subtracted from the contract price.

Additions.—For building louvres, \$150; furnishing and installing barbed wire, \$64; changing toilet room door, \$6; furnishing chicken wire for handball courts, \$37; changes in handball court, \$307; building storeroom, \$125; painting, \$363. total, \$1,052.

Deduction.—Omitting wire shelves and wire door pulls, \$78; total addition, \$1,052; total deduction, \$78; net addition, \$974; contract price, \$24,690; addition as per this order, \$974; contract as standing, \$25,644.

FIRE ENGINE AT DEER ISLAND.

The transfer to the Penal Institutions Department of one old horse-drawn steam fire engine, of no further use to the Fire Department, for service at Deer Island, has been approved.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch earthen pipe in Menton street, between Standard street and a point 220 feet easterly, in the Dorchester district, at an estimated cost of \$1,800.

A sanitary sewer and surface drain of 10-inch earthen pipe, 2 foot-8 inch circular concrete, 20-inch and 24-inch earthen pipes and 5 catch-basins in Saunders street, North Beacon to Pomeroy street, between Pomeroy street, Saunders to Gordon street, and Gordon street, Pomeroy street to Colon street, in the Brighton district, at an estimated cost of \$21,165.

POLICE DEPARTMENT ORDERS.

General Order No. 939.

A trial board consisting of Captains Perry, Kneeland and McDewitt, having heard by reference a complaint against Patrolman Robert C. Garnett of Division 5, charging him with neglect of duty, has reported to the commissioner a finding of guilty. In accordance with which, it is hereby ordered that the said Patrolman Robert C. Garnett perform one hundred and five hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 940.

A trial board consisting of Captains Perry, McConnell and Kneeland, having heard by reference a complaint against Patrolman Joseph F. Gallant of Division 3, charging him with being absent without leave, has reported to the Commissioner a finding of guilty. In accordance with which, it is hereby ordered that the said Patrolman Joseph F. Gallant perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendation of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon August 16 the Mayor approved a contract with the J. C. Coleman & Sons Company for loaming, grading and shelter at Mary Hemenway Playground, Dorchester. Bids, opened August 12, were as follows:

M. McGinnis & Co., \$3,937.50; R. A. Bossi Company, \$3,904.50; Beaver Construction Company, \$3,775; Michael Solimando, \$3,695; J. C. Coleman & Sons Company, \$3,587.50.

Upon August 16 the Mayor approved a contract with the Beaver Construction Company for wooden shelter at William H. Garvey Playground, Neponset. Bids, opened August 12, were as follows:

Roxbury Construction Company, \$2,440; Charles L. Kingsley, \$2,026; John P. Curley, \$1,937; Samuel Pasquale, \$1,795; Beaver Construction Company, \$1,775.

PUBLIC WORKS DEPARTMENT.

Upon August 16 the Mayor approved a contract with the American Building Wrecking Company for removing portion of building numbered 2 to 12 Kneeland street. Bids, opened July 26, were as follows:

American Building Wrecking Company, \$1,485; Thomas A. Elston, \$2,875; New England Building Wrecking Company, \$3,375; City Building Wrecking Company, \$3,945; Mystic Building Wrecking Company, \$4,000; Central Wrecking Company, \$4,495.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon August 16 the Mayor approved a contract with Henry F. Malley for laying bitulithic pavement in Anson street, from South street to Old Colony Railroad. Bids, opened August 4, were as follows:

Sheet Asphalt.—Henry F. Malley, \$7,080.50; S. J. Tomasello, \$7,089.30.
Bitulithic.—Henry F. Malley, \$7,080.50; S. J. Tomasello, \$7,089.30; A. DeStefano & Son, Inc., \$7,147.90; M. H. Loonie Construction Company, Inc., \$7,319.30.

Upon August 16 the Mayor approved a contract with A. DeStefano & Son, Inc., for laying bitulithic pavement in Meridian street, from Lexington street to Meridian Street Bridge. Bids, opened August 3, were as follows:

Sheet Asphalt.—John McCourt Company, \$39,859.55; Joseph A. Singarella, \$40,053; Henry F. Malley, \$40,351.85; Samuel J. Tomasello, \$42,914.40.

Bitulithic.—A. DeStefano & Son, Inc., \$36,551.05; John McCourt Company, \$39,859.55; Joseph A. Singarella, \$40,053; Henry F. Malley, \$40,351.85; Samuel J. Tomasello, \$42,914.40; M. DeMatteo, \$43,070.60.

Upon August 16 the Mayor approved a contract with A. DeStefano & Son, Inc., for laying wood block pavement in Congress street, from Franklin street about 71 feet northerly, Boston proper. Bids, opened August 3, were as follows:

A. DeStefano & Son, Inc., \$1,526.50; S. J. Tomasello, \$1,845.50; T. J. Kelley & Co., \$1,857.50; H. F. Malley, \$1,947; J. A. Singarella, \$2,270.

SUPPLY DEPARTMENT.

Upon August 18 the Mayor approved a contract with the lowest bidders as indicated for furnishing hay, grain and straw to the various city departments during the month of August, 1926. Bids, opened July 30, were as follows:

* Awarded contracts.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon August 16 the Mayor approved a contract with N. DiBartolomeo Company for laying and relaying water pipes in Arborview road, Cedar street, Clarendon park, Cypress street, Summer street, Walworth street, Winchester road, West Roxbury, and Dana avenue, Hyde Park. Bids, opened August 3, were as follows:

N. DiBartolomeo Company, \$3,997.50; Joseph Capone, \$4,275; V. Barletta, \$4,302.50; D. Vozzella, \$4,402.50; M. DeSisto Company, \$4,555.

SCHOOLHOUSE DEPARTMENT.

Upon August 16 the Mayor approved a contract with the McLean Company for furnishing and installing work and cabinet benches in various schools. Bids, opened on August 5, were as follows:

McLean Company, \$1,728; Herbert W. Doten, \$2,383; Interior Building Finish Company, \$3,190; P. J. Cantwell, \$3,599.

Upon August 16 the Mayor approved a contract with Paul Caputo for erecting

and completing the addition to the Washington Irving Intermediate School, Charles Sumner District. Bids, opened on August 12, were as follows:

Paul Caputo, \$179,200; P. J. Cantwell, \$186,000; J. B. Dolan, \$197,995; J. Slotnik, \$201,784; Matthew Cummings Company, \$203,000; John Bowen Company, \$209,153; Joseph Rugo, \$213,320; A. Piotti Company, \$219,627; Phandor Company, \$224,134; Milton Construction and Engineering Corporation, \$229,685.

Upon August 19 the Mayor approved a contract with the New England Building Company for alterations, etc., in the Washington Irving School. Bids, opened August 9, were as follows:

New England Building Company, \$4,480; John P. Curley, \$5,711; P. J. Cantwell, \$6,930; M. S. Kelliher Company, \$7,138; McLean Company, \$8,156; Dyer Construction Company, \$9,350.

SUPPLY DEPARTMENT.

Upon August 16 the Mayor approved a contract with Massachusetts Amiesite Company for furnishing 500 tons of

asphalt patching mixture. A communication from Herbert S. Frost of the Supply Department was as follows:

"As the season when patching material is used extensively is now well advanced, the Commissioner of Public Works finds that his estimate of 5,000 tons of this patching material is much more than will be necessary, and for that reason I respectfully request that permission be granted me to award a contract to the Massachusetts Amiesite Company for 500 tons, more or less, of asphalt patching mixture at a price of \$9.25 per ton, as this amount will cover the immediate needs of the Public Works Department.

"I am attaching a copy of the bids received on this advertisement, and also a copy of letter received from the Commissioner of Public Works in which he sets forth the reason for his recommendation of the acceptance of the bid of the Massachusetts Amiesite Company, the second lowest bidder.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies."

Bids, opened July 2, were as follows:

Indian Head Construction Company, \$9 per ton; discount for payment in ten days, 1½ per cent; Massachusetts Amiesite Company, \$9.25 per ton.

Upon August 18 the Mayor approved a contract with the New England Bolt Company, Inc., for furnishing 4,000 wrought-iron manhole steps and 1,000 catch-basin hooks to the Sewer Service. Bids, opened August 16, were as follows:

Four Thousand Wrought-iron Manhole Steps.—New England Bolt Company, Inc.,* 33½ cents each; Builders Iron & Steel Company, 36½ cents each.

One Thousand Catch-basin Hooks.—New England Bolt Company, Inc.,* 12 cents each; Builders Iron & Steel Company, 20 cents each.

* Contract awarded.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

HOSPITAL DEPARTMENT.

Upon August 17 the Mayor approved a contract with John Bowen Company for the following construction work. A communication from Joseph P. Manning of the Board of Trustees was as follows:

Boston, August 12, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—On May 25, 1926, a loan order was passed by the City Council and approved by your Honor, granting \$408,000 for additions to the Vose House at the Boston City Hospital, and on July 27 proposals for construction of the same were opened at the hospital. The proposals were as follows:

Joseph Rugo, \$497,000; John Bowen Company, \$457,000; C. S. Cunningham & Sons Construction Company, \$424,000; Matthew Cummings Company, \$412,500.

At a meeting of the Board of Trustees held on July 30, inasmuch as but \$408,000 had been provided and the lowest bid was \$412,500, no action was taken, pending a conference with your Honor, which was held on August 2 in your office, and at

which Mr. Manning, president of the Board, and Mr. Dreyfus, a member of the Board, represented the trustees. The fact was brought out at that time that it was necessary to start construction immediately, so that the building might be housed in before the winter, and thus completed very much earlier than if new bids were requested. The trustees also believe that a saving would result, because from opinions received from the architects they believe that if new bids were requested they would be much higher than those already received.

As a result of the conference with your Honor, at a meeting of the Board of Trustees held on August 6, it was voted that all bids be rejected and that the following deductions be made from the original proposal, in order to bring the amount of the contract within the amount of the appropriation now available after deducting obligations incurred, namely, \$407,123.45.

Item 1, \$3,200; Item 2, \$90; Item 3, \$1,538; Item 4, \$250; Item 5, \$2,000. Total, \$7,078.

The trustees respectfully request permission, if you deem it advisable, to award the contract to the Matthew Cummings Company, without readvertising, after deducting the foregoing items which would bring the amount of the contract to \$405,422, which is within the amount available at the present time, \$407,123.45. A copy of these deductions, specifically stated, is inclosed.

On the advice of the architects, Messrs. Ritchie, Parsons and Taylor, the trustees believe that if permission is given to award this contract, it would be advisable to have as a part of the agreement that any of the items listed may be reinstated for the same sum as the amount named in the allowance.

Yours respectfully,

JOSEPH P. MANNING,
President, Board of Trustees.

(1) Omit the \$3,000 allowance specified on page 128 for kitchen equipment. It is understood, however, that the electrical, plumbing, and steam heating contractors are to bring their supplies and wastes to the floor, and all other locations in this room as designated are to be ready for connection by the people who furnish the apparatus, and also the supplies and wastes to the drinking fountains shown in Room 12. All connection of apparatus to these wastes and supplies will be made by others and not by the plumber, electrician, or steam fitter. For this change allow the sum of \$3,200.

(2) Omit entirely from this contract the ironing boards specified on page 128 and indicated on the plans in Room 4. All connections adjacent to these ironing boards will be installed as called for. Allow the sum of \$90.

(3) Omit from this contract all window screens, and screen doors called for on page 98. Allow the sum of \$1,538.

(4) Omit all repair work on existing balcony floor of Vose House, including the repairing of caps of the columns in this same balcony, all as called for on pages 109 and 122. Allow the sum of \$250.

(5) *Painting.*—There are certain structural changes occurring in Room 16A, and the new plaster covering the opening as called for under this contract will be painted, and no other painting will be done in this room. No painting in Rooms 17A, 18A, and 19A. No

painting in Room 20A, except where patching of door occurs. No painting in Room 21A, except where new plastering occurs where partition is to be removed and door patched. No painting in Room 22A. New partition between Rooms 21A and 22A to be painted on both sides. Room 24A is to be painted and finished complete, as specified. Where plaster partition is removed in Room 25A and plaster patching is done, the plaster will be painted. New partition inclosing the linen room, 26A, will be painted both sides. New plaster in Room 25A will be painted. Omit all painting in Room 27A, also in Rooms 28A, 29A and 30A. Omit all painting in Rooms 31A and 23A beyond the brick wall separating the central portion from the wings. The plastering in the corridor of the central portion and the corridor adjacent to Room 34A and all new work will be painted as specified. Omit all painting in Room 32A. New work in Rooms 135A, 136A, 137A, and 138A is to be painted as specified. Omit painting specified in other rooms and corridors and stair towers of this wing. Paint complete Room 139A as specified, including the steps and walls of the corridor leading to the door shutting this room off from the wing. Paint as specified new work in two rooms adjacent to reception room not numbered, also new work in Rooms 141A, 142A and 143A. Omit all other painting specified in this wing. Paint as specified new work in Rooms 334A, 335A, 336A, 337A and closet of this room, 338A, 339A, 340A, 341A, 342A and 343A. Omit all other painting called for on second floor of Vose House. Paint new work as specified for Rooms 431A, 435A and closet of this room, 437A and closet of this room, 438A, from outside wall to existing doors, 439A, 440A, 441A, 442A, and corridor 443A. Omit all other painting specified for third floor of Vose House. Paint new work as specified for Rooms 534A, 539A, 540A, 541A, 542A and corridor 543A. Omit all other painting specified for fourth floor of Vose House. The existing exterior woodwork of the Vose House is to be painted only where it is disturbed by the new work and is tied in with the new work. Where new and old work comes together, painting is to be blended and faded off. Omit from this contract painting of all window frames, sashes, cornices, columns now specified on page 134. For the above omissions in painting allow the sum of \$2,000.

PUBLIC WORKS DEPARTMENT.

Upon August 16 the Mayor approved a contract for the construction of artificial sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, August 3, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Whitcomb & Co., Inc., 117 Harriett avenue, Atlantic, Mass., is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

Upon August 16 the Mayor approved a contract with J. Goldberg for the construction of artificial sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, August 5, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to J. Goldberg, 28 Seaver street, Roxbury, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

Upon August 19 the Mayor approved a contract with the Lawrence Gilardi Company for the construction of artificial stone sidewalks. A communication from E. F. Murphy of the Public Works Department was as follows:

Boston, August 17, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Lawrence Gilardi Company, 42 Battery street, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

E. F. MURPHY,
Acting Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon August 16 the Mayor approved a contract with the Linscott Motor Company for one Reo truck. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, August 4, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is requested to award a contract, without publicly advertising for same, to the Linscott Motor Company to deliver to the Sewer Service, Public Works Department, the following:

One Reo 4-cylinder truck, with closed cab and full canopy top, and with full factory equipment, delivered, \$1,440.

As this concern is the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon August 16 the Mayor approved a contract with the Henrici Laundry Machinery Company for one washer. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, August 10, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the

Henrici Laundry Machinery Company for furnishing to the Boston City Hospital the following:

One 42-inch by 72-inch motor-driven Henrici washer, with Ambrac metal inner cylinder, at a total cost, delivered, of \$3,480.

The Boston City Hospital has already in use a duplicate of this machine which is giving satisfaction, and the chairman of the Board of Trustees recommends the purchase of this machine as being best suited to the needs of his department.

As the Henrici Laundry Machinery Company is the manufacturer of this machine, no advantage would accrue by publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon August 16 the Mayor approved a contract with the Linscott Motor Company for one Reo truck. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, August 4, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is requested to award a contract, without publicly advertising for same, to the Linscott Motor Company to deliver to the Water Service, Public Works Department, the following:

One Reo 4-cylinder truck, with closed cab and open express body, with full factory equipment, delivered, \$1,415.

As this concern is the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

FIRE DEPARTMENT.

Frank J. Gallagher & Co. have been allowed the following changes in the contract for completion of the grounds of Engine House 21 on Columbia road, Dorchester. Raise up and level the accessory building on the lot at a cost of \$52, and to deduct \$34 for the omission of a small portion of the front concrete driveway. The contract now stands: Original contract, \$3,995; addition, \$52; deduction, \$34; net addition, \$18. Total contract, \$4,013.

PUBLIC WORKS DEPARTMENT (Paving Service).

An addition, amounting to \$560, on contract with S. J. Tomasello for bitulithic pavement in Wade street and Westmore road, and sewerage works in Westmore road, on account of placing 8-foot 8-inch by 6-inch Y branches in sewer and 8-foot 10-inch by 6-inch Y branches in surface drain, and excavating and laying 200 feet, more or less, of 6-inch house and roof water drains. Original contract, \$35,986.20; total addition, \$560; contract as standing, \$36,546.20.

An addition, amounting to \$325, on contract with John Landis for artificial stone sidewalks in Maple, Oak and Pine streets, on account of removing four trees and stumps. Original contract, \$3,228.57; total addition, \$325; contract as standing, \$3,553.57.

An addition, amounting to \$25, on contract with the James F. Kennedy Con-

struction Company for laying bitulithic pavement in Huntington avenue, on account of removing tree and stump. Original contract, \$56,170.50; total addition, \$25; contract as standing, \$56,915.50.

PUBLIC WORKS DEPARTMENT (Sewer Service).

An addition, amounting to \$500, on contract with V. Barletta for sewerage works in Parkman street, city proper, on account of disposing of about 200 cubic yards of material above grade in trench for 15-inch pipe sewer and 24-inch pipe surface drain unsuitable for back filling. Original contract, \$6,222.25; total addition, \$500; contract as standing, \$6,722.25.

An addition, amounting to \$300, on contract with C. Russo for sewerage works in Leon street, Roxbury, on account of supporting and maintaining 12-inch water pipe in line of trench shown on plans as outside trench. Original contract, \$5,458; total addition, \$300; contract as standing, \$5,758.

PUBLIC WORKS DEPARTMENT (Water Service).

An addition, amounting to \$25, on contract with J. Williams & Co. for laying and relaying water pipes in Huntington avenue, city proper; Palmer street, Roxbury; Dorchester avenue and West First street, South Boston, on account of cutting out and replacing cast-iron special found defective when water was turned on. Original contract, \$1,998; total addition, \$25; contract as standing, \$2,023.

An addition, amounting to \$70, on contract with Piattelli & Andreasse for laying and relaying water pipes in Ashton street, Dorchester; Dickinson road, Brighton; Varick street, West Roxbury Parkway, West Roxbury; Coronado road, Osceola street and Woodland road, Hyde Park, on account of cutting brick manhole and removing second growth trees and bushes on site of work. Original contract, \$4,242; total addition, \$70; contract as standing, \$4,312.

STREET REPAIRS.

The Mayor has approved the following vote of the Board of Street Commissioners.

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published July 16, 17, 19 and 20, 1926, in the Boston Globe and the Boston Transcript, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity so require, does hereby order that specific repairs be made in the following streets, by substituting asphalt or bitulithic pavements for the present macadam surfaces:

Arnold street, Washington street to Shawmut avenue.

Auburn street, Ruggles street to Vernon street.

Ball street, Washington street to Shawmut avenue.

Kendall street, Shawmut avenue to Tremont street.

Sawyer street, Shawmut avenue to Lenox street.

Benton street, Tremont street to Columbus avenue.

Burke street, Tremont street to Columbus avenue.

Cunard street, Cabot street to Columbus avenue.

Davenport street, Tremont street to Columbus avenue.

Sarsfield street, Tremont street to Grinnell street.

Walpole street, Tremont street to Columbus avenue.

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published July 23, 24, 26 and 27, 1926, in the *Boston Globe* and the *Boston Transcript*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity so require, does hereby order that specific repairs be made in the following streets:

Congress street, from Franklin street 71 feet northerly, by substituting wood block pavement for the present granite block pavement.

Meridian street, from Lexington street to the bridge, by substituting asphalt or bitulithic pavement for the present macadam and granite block pavements.

Dudley street, from Harrison avenue to Blue Hill avenue, by substituting asphalt or bitulithic pavement for the present brick pavement.

Warren street, from Dale street to Grove Hall, by substituting asphalt or bitulithic pavement for the present macadam pavement.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SUPERVISOR AND INVESTIGATOR, STOCK AND MERCHANDISE, BOSTON SCHOOLHOUSE DEPARTMENT, AUGUST 24, 1926.

Requisition is for a male but the examination is open to both males and females.

Salary, \$1,900 a year.

The duties of this position are the regular duties of a stock clerk, including the supervising, investigating and recording of all stock, merchandise, materials, equipment, etc., in storehouses and school buildings and the establishing and continuing of an inventory of these goods.

Subjects and weights: Training and experience, 3; practical questions, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in practical questions and at least 65 per cent in training and experience and in general average in order to become eligible.

The minimum age limit for this examination is sixteen years. Physical examination required.

ARTISTIC LETTERER AND PLAN CLERK, METROPOLITAN DISTRICT COMMISSION, SEPTEMBER 3, 1926.

Requisition is for a female, but the examination is open to both males and females.

The salary is \$1,600 per year.

The duties of this position include lettering titles, and other data on construction, record and land plans; tracing of plans; reducing and enlarging plans with the pantograph, etc. Also the filing and indexing of plans. It is desirable that applicants have had a course in art including free-hand and mechanical drawing, perspective, architectural and engineering drafting.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 2; total, 5.

Applicants will be required to obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in experience in order to become eligible.

The minimum age limit for this position is sixteen years.

FISH AND GAME WARDEN, DEPARTMENT OF CONSERVATION, DIVISION OF FISHERIES AND GAME, SEPTEMBER 3, 1926.

There are five vacancies at an entrance salary of \$1,200 per year.

The present maximum is \$1,800 per year.

Applicants must be not less than twenty-one nor over forty years of age at the time of filing application. A certificate of date of birth must be filed with the application.

The duties of this position are to enforce the laws of the Commonwealth relating to fish, birds, quadrupeds and forest fires, particularly with reference to chapter 370, Acts of 1926; to prosecute cases of violations in court; to assist in the propagation of fish and birds; to assist in the seining and salvaging of fish, and other field activities connected with fish and bird propagation and conservation; to give talks and illustrated lectures in schools, before clubs, associations, etc.; to describe the work and problems of the department. It is desirable that applicant have a chauffeur's license and be able to operate boats.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions, including the identification of specimens of game birds and fishes, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination in order to become eligible. Physical examination required.

POLICE SERVICE (MALE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 11, 1926; BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 25 1926.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; report, 1, observation tests, 2; practical questions, 4; total, 10.

Applicants must obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in general average in order to become eligible.

Successful applicants will also be required to pass a physical examination and strength tests. Educational qualifications, 1; physical qualifications, 1; total, 2.

The practical questions will be largely based upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 118, State House, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

A certificate of date of birth must be filed with the application.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates: Worcester, Tuesday, September 7; Boston, Thursday, September 9; Springfield, Tuesday, October 5; Pittsfield, Thursday, October 7; Fall River, Tuesday November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who received less than 50 per cent, or who failed on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAYSON DANA.

PAYSON SMITH.

GEORGE C. NEAL.

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

CLAIMS ALLOWED.

Upon recommendation of Corporation Counsel the Mayor has approved the following claims:

Liberty Trust Company, 199 Washington street, in the sum of \$400, as refund of sum paid the Building Department for work done on plans for building, which plans were abandoned before completion of the work.

Joseph A. Tufts, 4 Liberty square, in the sum of \$88, as compensation for damage to automobile by hole in roadway on Centre street, between Weld and Walter streets, Jamaica Plain, on right-hand side going towards Boston, April 2, 1926.

Thomas E. Shaw, 22 Conwell street, West Somerville, in the sum of \$200, as compensation for personal injuries received April 24, 1926, by being struck by an automobile of the Public Works Department while it was assigned to the Mayor's office, at Washington and East Brookline streets, April 24, 1926.

Ellen F. Quirk, 60 North Market street, in the sum of \$35, as compensation for damage to coat by screw on cover of sand barrel belonging to city in Change avenue, near State street, May 19, 1926.

Gertrude O'Brien (daughter of), 23 Valentine street, Roxbury, in the sum of \$50, as compensation for personal injuries received March 26, 1926, by slab on sidewalk in front of Mission House, Cedar street, Roxbury.

Thomas F. McCarthy, 41 Farragut road, South Boston, in the sum of \$50, as compensation for personal injuries received December 15, 1925, by catching foot in loose brick in sidewalk near 930 Fourth street, South Boston.

Mrs. Mary F. Mullen, 33 School street, Roxbury, in the sum of \$128, as compensation for personal injuries received March 11, 1926, by uneven sidewalk in front of 1331 Washington street.

Cecilia Kelly, Franklin Square House, in the sum of \$165, for personal injuries caused by projecting granolithic on East Newton street, March 18, 1926.

Mary J. Keady, 1567 Centre street, Roslindale, in the sum of \$85, as compensation for damage to property by collapse of hot water boiler at 1567 Centre street, caused by shutting off water, June 19, 1925.

Mrs. Maude M. Hornby, 59 Oakdale avenue, East Dedham, in the sum of \$150, as compensation for personal injuries received December 12, 1925, by defect in sidewalk near 111 Arch street.

Robert Faviolo, 192 London street, East Boston, in the sum of \$75, as compensation for damage to property at 192 London street by breaking of water main, August 17, 1924.

Timothy and Margaret Foley, 118 G street, South Boston, in the sum of \$375, as compensation for damage to property at 118 G street, caused by break in main sewer, April 15, 1926.

D. Candeliere, 196 London street, East Boston, in the sum of \$75, as compensation for damage to property at 196 London street, caused by bursting water main, August 17, 1924.

Frank L. Coogan, 22 Westbourne street, Roslindale, in the sum of \$200, as compensation for damage to automobile by defective condition of highway on Centre street, West Roxbury, near Weld street, April 5, 1924.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Codman Hill avenue, bounded:

Easterly by Washington street, six and 8-100 feet; southerly by another part of Codman Hill avenue, twelve hundred ninety-eight and 35-100 feet; westerly by Milton avenue, six feet; and northerly by another part of Codman Hill avenue, twelve hundred ninety-seven and 36-100 feet, containing seventy-seven hundred and eighty-seven square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Milton avenue, bounded:

Easterly by Codman Hill avenue, six feet; southerly by another part of Milton avenue, thirty feet; westerly by the same, six feet; and northerly by the same, thirty feet, containing one hundred and eighty square feet, more or less.

The sewerage works to be constructed are as follows: 1,326 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Codman Hill avenue, from Washington street to Milton avenue, and part of the private way known as Milton avenue, adjoining Codman Hill avenue.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Codman Hill avenue, from Washington street to Milton avenue, excluding the lots at the northerly and southerly corners of Codman Hill avenue and Washington street, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 686, Sewerage Works, Codman Hill Avenue, Dorchester, July 9, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Spring court, bounded:

Northwesterly by Fellows street, six and 10-100 feet; northeasterly by another part of Spring court, one hundred and seventy feet; southeasterly by the same, six feet; and southwesterly by the same, one hundred seventy-one and 11-100 feet; containing ten hundred and twenty-three square feet, more or less.

The sewerage works to be constructed are as follows: 180 linear feet of 12-inch sanitary sewer, in the above described premises, being part of the private way known as Spring court.

Betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board estimates that the lots of abutting land on both sides of Spring court, leading southeasterly from Fellows street, excluding the lots at the easterly and westerly corners of Fellows street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against

it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 685, Sewerage Works, Spring Court, Roxbury, July 20, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking or the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Elm avenue, bounded: Westerly by taking made for sewerage purposes by the City of Boston August 11, 1925, six feet; northerly by another part of Elm avenue, one hundred twenty-three and 2-100 feet; easterly by the same, twenty-three feet; southerly by Wilcox road, six feet; again westerly by another part of Elm avenue, seventeen feet; again southerly by the same, one hundred seventeen and 2-100 feet; containing eight hundred and forty square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Wilcox road, bounded: Northerly by Elm avenue, six feet; easterly by another part of Wilcox road, fifty-four and 87-100 feet; southerly by taking made for sewerage purposes by the City of Boston December 20, 1916, six feet; and westerly by another part of Wilcox road, fifty-four and 87-100 feet, containing three hundred and twenty-nine square feet, more or less.

The sewerage works to be constructed are as follows: 186 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Elm avenue and part of the private way known as Wilcox road. Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of abutting land on the northerly side of Elm avenue, nearly opposite Wilcox road, now or formerly owned by Oliver and Lottie M. Jones and the lot of abutting land on the northerly side of Elm avenue, opposite Wilcox road, now or formerly owned by Frank L. Young, trustee, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set

against them; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 677, Sewerage Works, Elm avenue, Wilcox road, Dorchester, June 9, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
2. Oliver and Lottie M. Jones.....	\$100 00
3. Frank L. Young, trustee.....	100 00
	<u>\$200 00</u>

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Elm avenue and Wilcox road, Dorchester district, under the order of the Board of even date herewith, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Worley street, bounded:

Northwesterly by Brook Farm road, six and 26-100 feet; northeasterly by another part of Worley street, by two measurements, two hundred fifty-one and 99-100 feet and seventeen and 77-100 feet; southeasterly by Metropolitan sewer easement, six and 45-100 feet; and southwesterly by another part of Worley street, by two measurements, nineteen feet and two hundred fifty-two and 64-100 feet; containing sixteen hundred and twenty-four square feet, more or less.

The sewerage works to be constructed are as follows: 250 linear feet of 10-inch pipe sanitary sewer in the above described premises, being part of the private way known as Worley street, leading southeasterly from Brook Farm road for a distance of about 270 feet.

This board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Worley street, for a distance of about 275 feet southeasterly from Brook Farm road, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively

set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 687, Sewerage Works, Worley street, William J. Sullivan, Chief Engineer, Street Laying-Out Department, "July 6, 1926," and on file in the office of said department.

BOSTON POLICE DEPARTMENT.

Number of police force, December 1, 1924, was 1,966 (65 more than in 1922), viz., the Superintendent, 3 deputy superintendents, 28 captains 33 inspectors, 39 lieutenants, 147 sergeants and 1,715 patrolmen, distributed in 21 divisions. Signal service men, 17; clerks, janitors, etc., 133.

Cost of maintenance for 1924-25, \$4,557,056 or \$242,716 more than in 1923.

Total number of arrests in year ending Nov. 30, 1924, 83,917 or 7,185 more than in 1923; of those arrested, 4,469 were discharged and all others held for trial; foreign-born persons arrested, 29,304 or 34.92 per cent of the total; boys under 15 years of age, 1,437; women and girls all ages, 5,673; non-residents, 21,263 or 25.34 per cent of all arrested.

Drunkenness the cause of 30,536 arrests (an average of 108 per day) or 47.11 per cent of total. The arrests for homicide numbered 191; for refusing to support family, 889; violation of automobile law, 9,835; violation of liquor law (State) 3,707; violation of city ordinances, 693.

Sick and injured persons assisted, 8,246; insane persons taken in charge, 439; lost children restored to homes, 1,611; persons imprisoned, 3,973; persons fined, 22,604, and fines amounting to \$221,577; stolen property recovered, \$2,547,376; licenses granted, 24,327 (including 9,023 for dogs and 9,840 for vehicles and drivers), for which \$61,911 was received. Of 2,998 applications for license to carry loaded revolvers 2,879 were granted.

Accidents from all causes in the streets, parks and squares caused death of 173 persons and injury to 5,580 or 24 more killed and 439 more injured than in 1923. Automobile accidents killed 104 persons and injured 3,737 or 16 more killed and 647 more injured than in 1923. The automobile fatalities were 60 per cent of total.

Annual salaries: Commissioner, \$8,000; Superintendent, \$7,000; deputy superintendents, \$4,000; chief inspector, \$3,800; captains, \$3,500; inspectors and lieutenants, \$2,500; sergeants, \$2,300; patrolmen, \$1,600 the 1st year, with \$100 yearly increase until maximum of \$2,000 is reached.

Divisions 20 and 21, assigned to street traffic control, now number a force of 187 men, but present conditions are said to demand 200 more for this and other work.

In 1924 the Police Charitable Fund amounted to \$207,550 and \$7,484 was paid to 62 beneficiaries during said year. 938.

BOSTON CHARTER CHANGES.

In 1854, 1885, 1909 and 1924 important changes in the original City Charter of 1821 were effected for the purpose of improving the methods and efficiency of the City Government. The revision of 1854 (Chap. 448, Stat. 1854) referred to the voters for acceptance, gave the Mayor a qualified veto over the action of the City Council, also the power of removal of appointed officials, besides providing for his election by a plurality instead of a majority vote. The amendments of 1885 (Chap. 266, Stat. 1885) were not submitted to the voters for approval. They transferred all the executive powers to the Mayor, prohibiting the City Council form interference with the executive and administrative business of the City. This was done in order to end the inefficiency resulting from an excessive number of joint committees, a municipal development conforming to the traditions of the outgrown town government.

The amendments of 1909 (Chap. 486, Stat. 1909) cut down the number and powers of the legislative branch of the government to a minimum, the Board of Aldermen (13 members) and the Common Council (75 members) being abolished. For these was substituted a single City Council of nine members to be elected at large for 3-year term. The Mayor's position was further strengthened by giving him a 4-year term, subject to recall at end of two years, but requiring a majority vote of the registered voters to make the recall effective. The Mayor's power over appointments was no longer subject to check by aldermen but by a State board, the Civil Service Commission and City elections were removed from all connection with national and State politics, no primaries nor caucuses being permitted, all candidates for office to be selected by means of nomination papers. The only question in this Act of 1909 which was submitted to the voters was contained in section 35, *i. e.*, whether Plan 1 or Plan 2 should be adopted, the first providing for a term of two years for Mayor and a City Council of 36 members to be chosen in primaries. Plan 2, providing for City Council of 9 members, was adopted by a majority of 3,894.

Charter of 1909 amended later as follows: (1) By Chap. 437, Acts of 1910, exempting loans issued for Rapid Transit construction from the prohibition of the establishing of sinking funds, as contained in sec. 26. (2) Chap. 730, Acts of 1914, fixing date of annual municipal election on the sixth Tuesday after the state election instead of in the following January, as in sec. 32; changing the requirements as to signatures on nomination papers to 3,000 for Mayor and 2,000 for City Council and School Committee instead of 5,000 for all, as in sec. 53, also limiting the number of nomination papers issued to 300 for a candidate for Mayor and 200 for other candidates, referring to sec. 54. (3) Chap. 37, Special Acts of 1918, annulling the jurat at end of nomination papers. (4) Chap. 94, Special Acts of 1918, abolishing recall of Mayor and making him ineligible for re-election, *i. e.*, establishing a single term of four years, but not prohibiting the election of any Mayor for other than consecutive terms. (5) Chap. 288, Acts of 1921, fixing date of the annual municipal election on the first Tuesday after

the second Monday in December, also making slight changes as to nominations. (6) Chap. 133, Acts of 1922, changing publication of list of City officials and employees to every second year from 1923. (7) Chap. 479, Acts of 1924, providing for biennial City elections (dating from Nov. 3, 1925); for borough or ward representation in City Council; for a fiscal year dating from Jan. 1 to Dec. 31, beginning in 1926, also a municipal year dating from the first Monday in January, to begin in 1926; for election of the five members of School Committee in 1925, the candidates receiving the two largest votes to hold office four years, the other three for two years and at the election in 1927 and thereafter the term for all to be four years.

The only amendment of 1924 subject to a referendum was the alternative of Plan 1 or Plan 2 as to the City Council. At the State election on Nov. 4 Plan 2 was adopted, providing for the election by each ward in 1925 and every second year thereafter of one councillor for 2-year term.

TRANSPORTATION STATISTICS.

Number of passengers on steam railroads to and from Boston, year ending Dec. 31, 1924, New York, New Haven & Hartford, 28,134,571; Boston & Maine, 27,717,242; Boston, Revere Beach & Lynn, 11,890,288; Boston & Albany, 9,027,352; total railroad passengers, 76,769,453 or 6,709,694 less than in 1923.

Passenger trains in and out of South Station, during summer season, 586 a day, 402 of which are N. Y. & N. H. and 184 B. & A.; North Station, 395 a day; Boston, Revere Beach and Lynn, 420 a day.

Passengers carried by Boston Elevated Co. in 1924 numbered 382,888,848 or 739,151 more than in 1923 and the largest total on record. Miles of single track operated by B. E. Co., 513.3 or 464.7 surface and 48.6 third-rail track (about 313 miles within City limits and 200 outside); length of main lines, 233 miles; surface line single track owned, 430.7 miles; number of trips a day about 19,000, operated through an area of 94 square miles; mileage covered by 12 lines of motor-buses in year 1924 was 890,901; total passenger cars owned on Jan. 1, 1925 was 2,120 or 1,652 for surface lines and 468 rapid transit (mostly steel cars). Total Elevated employees, 8,700 or 1,743 motormen, 1,718 conductors, 319 guards, 4,920 others (various).

Passengers carried by Eastern Mass. Street R'way Co. in same year, 137,300,000 (approx.); miles of track operated 642, serving 71 cities and towns; number of employees 2,600; cars, 700. Boston & Worcester Street R'way Co., 9,825,817 passengers carried, 83.2 miles of track operated; 323 employees; 71 cars.

Miles of steam railroads in United States in 1923, 250,413 or one-third of total railroad mileage in the world. Largest number of miles operated by one system, 11,118, Southern Pacific; (2) 11,010, Chicago, Milwaukee and St. Paul; (3) 10,481, Pennsylvania. Average number of employees, 1,857,713; passengers carried in year 1923, 1,009,000,000 (approx.); tons of freight, 1,387,942,018. Property investment in railroads and equipment in U. S., \$20,590,200,117.

Miles of electric railways, 43,934 (single track operated) of which 2,690 miles were in Mass.; total passengers carried in 1922 on all electrics, 12,665,300,000.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.**

PROPOSALS FOR SEWERAGE WORKS IN FULLER STREET, COLORADO AND MESSENGER STREETS, DORCHESTER, RUSKIN ROAD AND TYLER STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Fuller street, Colorado and Messenger streets, Dorchester, Ruskin road and Tyler street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of five thousand (5,000) dollars to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Fuller Street, Etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, September 3, 1926, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Aug. 21.) Commissioner of Public Works.

CITY OF BOSTON.**SCHOOLHOUSE DEPARTMENT.****TO PAVING CONTRACTORS.**

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for laying granolithic sidewalks at the Donald McKay School, Cottage street, East Boston district, Boston, Mass., and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, August 26, 1926, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES F. NORTON,
LUTHER C. GREENLEAF,
(Aug. 21.) Commissioners.

CITY OF BOSTON.**SCHOOLHOUSE DEPARTMENT.****TO CONTRACTORS FOR HARDWARE.**

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing the finish hardware required or necessary for the complete equipment of the Minot District School, Oak avenue, Neponset district, and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1007, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, August 30, 1926, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

SUPPLY DEPARTMENT.

PROPOSALS FOR SIXTY AUTOMOBILE TRUCKS.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department:

60 automobile trucks

according to specifications which must be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, and to guarantee the city against any and all claims for damages on account of any alleged infringement of patents and patent rights, and to guarantee the city that the apparatus and equipment or any part thereof purchased is not in violation of the patents or patent rights of any person or corporation, and that the contractor owns or has the right to use any patents under which the apparatus and equipment or any part thereof is manufactured. The bid, with a certified check for \$25,000, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Thursday, August 26, 1926, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Proposals will be ready for distribution August 16, 1926. Bidders to state definite delivery date on part and whole of shipment. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(Aug. 21.) Superintendent of Supplies.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, August 19, 1926.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of an easement in land of the New York, New Haven and Hartford Railroad Company and the Boston and Albany Railroad Company under the Arlington Street Bridge, between Arlington square and Fayette street, for waterworks purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of September 7, 1926, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Aug. 21-28.) JOSEPH F. SULLIVAN,
Secretary.

CITY OF BOSTON.
FIRE DEPARTMENT.

PROPOSALS FOR FIRE ALARM CONSTRUCTION WORK.

Proposals are invited for doing the following stated work in connection with the fire alarm service of the Fire Department of the City of Boston: The laying of about 2,357 feet of single ducts, 35 feet of two ducts, 17 feet of four ducts, the setting of about 27 box posts and 1 test post, and the building of two man-holes. The work is to be done in accordance with plans and specifications which may be obtained at the Fire Alarm Headquarters, 59 Fenway.

Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, and the same will be publicly opened and read at 12 o'clock noon August 24, 1926. Proposals must be in duplicate, sealed, and marked "Proposals for Fire Alarm Work," one of which is to be deposited at the office of the Fire Commissioner and contain a certified check, made payable to the City of Boston, for two hundred fifty (250) dollars, said check to be forfeited if the bidder fails to carry out his proposal; the other proposal is to be deposited at the office of the City Auditor previous to the time stated for the opening of the bids. The successful bidder will be required to furnish a bond for one thousand (1,000) dollars, of an approved surety company doing business in the State of Massachusetts.

The Fire Commissioner reserves the right to reject any and all bids or to award the contract as he deems best.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday, August 30, 1926, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of September, 1926. The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay, United States No. 2 timothy light grass mixed, and United States No. 2 timothy light clover mixed. The straw to be rye straw in good condition. The grade of hay must comply with federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, 36 pounds or over, and graded under the federal standards. The hay and oats must be weighed by a sworn weigher. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bids with a surety company authorized to do business in Massachusetts as security for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, AUGUST 28, 1926.

No. 35

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 20, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin

Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

MAYOR ACCEPTS DR. O'BRIEN'S RESIGNATION.

Mayor Nichols, from his summer home in Duxbury, on August 24, talked with Doctor O'Brien by telephone concerning his resignation as chairman and member of the Boston Sanatorium Board of Trustees. The Mayor expressed regret at the receipt of the resignation and accepted it as of that date after hearing Doctor O'Brien's wishes in the matter.

The Mayor also communicated with the trustees, notifying them of the acceptance of Doctor O'Brien's resignation and asked them to elect as chairman, Dr. Francis X. Mahoney, Health Commissioner, now a member of the Board.

The Mayor also referred to Doctor Mahoney a copy of the Horwood report and copy of the answer of the Committee of the Sanatorium Trustees, and asked Doctor Mahoney to make suggestions to him leading to a more comprehensive study of both reports.

BOSTON'S TAX RATE ANNOUNCED AS \$31.80 FOR YEAR 1926.

MAYOR NICHOLS, DESPITE HEAVY INCREASES IN EXPENDITURES KEEPS LEVY BELOW \$32.

SALIENT POINTS IN MAYOR NICHOLS' ANNOUNCEMENT OF 1926 TAX RATE.

The absence of one month in the appropriations for last year places an additional burden of approximately \$3,950,000 on the tax levy of 1926.

This item of an additional month is responsible for approximately 36 per cent of the increase in appropriations of 1926 over those of 1925.

To provide for adequate street construction; increase in pay for city laborers to \$5 per day; 300 additional patrolmen; parkway reconstruction; books for the Public Library, etc., made necessary a total appropriation of \$1,656,000.

It is estimated that approximately \$1,000,000 of the increase in appropriations of the School Department for 1926 is due to the increased salary schedule.

School maintenance charges in 1926 show an increase of approximately \$2,500,000 over those of 1925.

It is evident from these figures that 75 per cent of the total amount included in this year's tax levy will be used to complete the building programs of other years.

The total increase in state assessments for the current year accounts for approximately 0.10 of the total increase in tax rate.

In ten years the expenditures of the City of Boston have been increased 109 per cent. In the same period the population of the city has increased 4.6 per cent.

The Police, Fire, Park, Street, Hospital, Health and Welfare Departments of the city serve a population double the size of that officially credited to Boston in the census records.

The rapid growth in the metropolitan population has been a powerful factor in the doubling of Boston's expenditures.

In a period of ten years the maintenance expenses of Suffolk County have increased 107 per cent.

In announcing the tax rate of \$31.80, as determined upon and reported to him by the Board of Assessors, Mayor Nichols made the following statement:

The tax rate as finally determined represents a reduction of \$0.55 from the tentative rate of \$32.35 announced last July. This reduction means approximately \$1,000,000 to the taxpayers of the city.

The table on page 1479, indicates the apportionment of this year's rate as compared with that of last year:

(Continued on page 1479.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

Published weekly under legislative act by the City of Boston, Massachusetts.

FRANK H. CUSHMAN, *Editor*, Room 73, City Hall.
JOSHUA H. JONES, *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, Room 78, City Hall.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 Per Year
Single Copies 10 Cents

IN ADVANCE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 78, City Hall.

EXTRA WORK UNDER CONTRACT.

J. J. McCarthy & Co. have been directed to perform the following extra work under contract for constructing artificial stone sidewalks in Bullard, Evans, Hamilton, Robin Hood streets, etc. Items ordered: Remove tree and stump in Elm Hill avenue about 150 feet from Seaver street. Price to be paid, the sum of two hundred (200) dollars. Estimated cost of extra work, \$200.

V. Barletta has been directed to perform the following extra work under contract for laying and relaying water pipes in Centre street, Greenhill avenue, Lila road, Louder's lane, Malcolm road and Winchester road, West Roxbury. Items ordered: Bricking gate box tops, offsetting pipe around sewer manhole and replacing concrete driveway. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$110.

V. James Grande has been directed to perform the following extra work under contract for repairs to Audubon Road Bridge over the Boston & Albany Railroad. Items ordered: 1. Application of emulsified asphalt to 2-inch sheathing of bridge, agreed price, \$250; 2. Plane 3-inch Y. P. planking for deck on one side, agreed price, \$125; 3. Tear up and remove lumber on easterly half of Audubon Road Bridge, including temporary fencing and flagmen, agreed price, \$500. Estimated cost of extra work, \$875.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

TUESDAY, SEPTEMBER 7, 1926.

NAME.	Location.	Ward.	Petitioning for.
Thomas J. Bates.....	63 Goodenough street.....	22	One car.
Peter J. Cornelissen.....	81 Winchester road.....	19	One car.
Margaret G. Gibson.....	61 Goodenough street.....	22	One car.
Joseph M. Murphy.....	12 Johnswood road.....	19	One car.
Joseph Neely.....	45 Milton avenue.....	17	One car.
Annie M. Shanks.....	300 LaGrange street.....	20	One car.
George G. Thal.....	238 Fuller street.....	17	One car.
Harry Axt.....	94 Ardale street.....	20	Two cars.
Martin J. Burke <i>et al.</i>	6 Halifax street.....	19	Two cars.
Saborto Carbone.....	4097 Washington street.....	19	Two cars.
Charles DeLong.....	49 North Crescent circle.....	22	Two cars.
J. R. Dodd.....	61 Fairmount street.....	17	Two cars.
Joseph Gangemi.....	17 and 19 Dickinson road.....	22	Two cars.
Max Greenberg.....	52 and 54 Hampstead road.....	11	Two cars.
Albert N. Hardy.....	128 Williams street.....	11	Two cars.
Annie Jeffrey.....	14 Electric avenue.....	22	Two cars.
Teresa Pasquariello.....	144 Porter street.....	1	Two cars.
Stephen Shackman.....	372 Amory street.....	11	Two cars.
Max Stonberg.....	12 Hosmer street.....	14	Two cars.
Mary H. Taylor.....	56 Hampstead road.....	11	Two cars.
Michael J. Tierney.....	61 Oakland street.....	22	Two cars.
Josephine N. Ventresco.....	111-115 Augustus avenue.....	18	Two cars.
Robert F. Waul <i>et al.</i>	35 Roseway.....	19	Two cars.
Mrs. Hilda Violante.....	591-595 River street.....	18	Two group garage, three cars each.
Beth Israel Hospital.....	330 Brookline avenue.....	4	Six cars.
Benjamin Aronovitch.....	591 Washington street.....	22	1,000 gallons gasoline.
Belgrade Building Trust.....	349 Belgrade avenue.....	20	2,000 gallons gasoline.
Isaac T. Debnam.....	126-130 Bower street.....	12	500 gallons gasoline.
Martin F. Hannagan.....	410 Columbus avenue.....	4	500 gallons gasoline.
George W. Lowell.....	189 North Harvard street.....	20	5,000 gallons gasoline.
Northern Realty Trust.....	104 and 106 West Cedar street, etc.	5	3,000 gallons gasoline.
C. P. Rockwell, Inc.....	70 Cummington street.....	21	1,000 gallons gasoline.
James J. White.....	132 Granite avenue.....	16	1,000 additional gallons gasoline.
H. Aronofsky & Sons.....	95 Burnham street.....	8	Acetylene and oxygen.
Public Works Department.....	Lewis street.....	1	Acetylene and oxygen.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Edison Company, Melton street, Ward 21, remove three poles.

Edison Company, Western avenue, Ward 22, erect one, remove two poles.

New England Telephone and Telegraph Company, Boylston street, Ward 11, erect and remove one pole.

Edison Company and New England Telephone and Telegraph Company, Hyde Park avenue, Ward 18, joint ownership, seven existing poles.

Edison Company and New England Telephone and Telegraph Company, Snow street, Ward 22, erect one pole.

Edison Company and New England Telephone and Telegraph Company, Metropolitan avenue, Ward 18, erect two poles.

Edison Company, Stimson street, Ward 20, erect one pole.

Edison Company, Harvard street, Ward 14, erect one pole.

Edison Company, Beacon street, Ward 21, erect eight poles.

New England Telephone and Telegraph Company, to Edison Company, School street, Ward 17, transfer one pole.

New England Telephone and Telegraph Company, to Edison Company, Warren street, Ward 21, transfer one pole.

H. Aranofsky, 300 gallons gasoline, 95 Burnham street, Ward 8.

S. H. Ansell & Son, 180 gallons gasoline, 6 Elkins street, Ward 6.

Z. S. Segal, acetylene, 16 Brighton avenue, Ward 21.

Gooch Welding Company, acetylene, 20 Southampton street, Ward 8.

North Terminal Garage Company, acetylene, 600 Commercial street, Ward 3.

E. W. Malley, acetylene, 440 Commercial street, Ward 3.

Joseph Verocchi, 500 additional gallons gasoline, 263 Quincy street, Ward 4.

1926 TAX RATE.

(Continued from page 1477.)

	1926.	1925.
State tax	\$2.63	\$2.56
County tax	1.83	1.62
School tax	10.43	8.60
City tax	16.91	13.92
	<u>\$31.80</u>	<u>\$26.70</u>

The total assessable valuation of the city as determined by the Board of Assessors is \$1,898,054,900, an increase of \$35,255,000 over the valuation of 1925. This increase is the lowest to be secured since 1921. The total increase in real estate valuations for 1926 is \$42,711,900, against which must be applied a loss on personal property valuations of \$7,456,900. But for this loss, which is occasioned by the changing of firms over to Massachusetts corporations and general reductions in inventories, a further reduction of from ten to twenty cents might have been affected in the tax rate.

An analysis of the increase in real estate valuations shows that sixteen millions of the total increase have been secured in the business sections of the city; the balance of the increase having been obtained in the residential sections. The increases have been secured in the main because of new construction and scattered adjustments in existing valuations. There has been no general increase in valuations throughout the city.

In announcing the new tax rate and analyzing the causes for the increase Mayor Nichols made this significant statement:

"The rapid growth in the metropolitan population has been a powerful factor in the doubling of Boston's expenditures."

The force of the statement may not, on first consideration, appeal to the lay mind. But this increase in suburban population (22 per cent in the past ten years) represents in a great measure the migration from Boston proper and the loss of a considerable sum in taxes.

And in this automobile age the majority of suburbanites own cars which they drive through Boston streets on their way to their places of business. But they pay nothing toward the upkeep of the highways, and the item of expense for street construction and repairs is a big one in the Boston budget.

Then, again, the suburban autoists increase largely the traffic congestion and aggravate the parking problem which have necessitated the increase of 300 in the police roster.

And the outsider receives the same fire and police protection at his place of business as is given the Boston resident who assumes his share in the added taxation; and the hospitals are open to him in case of sudden illness. In fact, he profits in many ways at the expense of Boston taxpayers.

From a population standpoint, as the Mayor says, Boston is a city of three-quarters of a million people; but from an appropriation standpoint Boston is the center of a metropolitan district of one and three-quarter millions of people.

Of course, in time, this added expense is in one way or another returned to the city. But in the meantime money must be provided for the present running expenses, and tax rates swell accordingly.

There is appended herewith a complete analysis of the factors entering into the current year's rate, together with an analysis of tax rate changes which have taken place since 1916.

TWO YEAR TAX RATE COMPARISON.

ITEM.	1926.	1925.	Increase.	Per Cent of Increase Over 1925.
City Maintenance.....	\$30,833,203 98	\$25,883,945 74	\$4,949,258 24	19.1

Increase in State Assessments.....	210,000 00	1.9	.10
Total.....	<u>\$10,629,000 00</u>	<u>101.7</u>	<u>\$5.19</u>
Less Increase in Special Taxes.....	<u>182,000 00</u>	<u>1.7</u>	<u>.09</u>
Total.....	<u>\$10,447,000 00</u>	<u>100.</u>	<u>\$5.10</u>

ADDITIONAL MONTH.

Owing to legislative action, the fiscal year 1925 was one of eleven months. Because of this fact, the maintenance appropriations for the different city departments were approximately 1/11 less than if the year had been one of a full twelve months. On this basis it may be assumed that the absence of one month in the appropriations for last year places an additional burden of approximately \$3,950,000 in the tax levy of 1926. This figure is made up as follows:

City Maintenance	\$2,350,000 00
School Maintenance	1,200,000 00
County Maintenance	274,000 00
Pension Accumulation Fund	126,000 00
	<u>\$3,950,000 00</u>

From a glance at the percentage column in the above table, it is evident that this item of an additional month is responsible for approximately 38 per cent of the increase in the appropriations of 1926 over those of 1925. Of the total increase of \$5.10 in the tax rate this item is responsible for \$1.93.

INAUGURAL ESTIMATES.

In the maximum estimate included in my inaugural address, delivered on the

4th day of last January, certain allowances were made concerning items to be included in the budget of 1926. An adequate allowance for street reconstruction; provisions to pay the laborers of the city a \$5 a day wage; an allowance to permit the appointment of 300 additional patrolmen; and additional amounts for parkway reconstruction, books for the Public Library and granolithic sidewalks were some of these items. To provide for these items, a total appropriation of approximately \$1,656,000 was necessary. This amount accounts for approximately 16 per cent of the increase in the tax rate, or, in dollars and cents, these items account for \$0.81 of the total increase.

CITY BUDGET INCREASES.

In the preparation of the budget for 1926, it was found necessary to make increased allowances and new appropriations for certain items. The snow storms of February, additional motor equipment in the Fire and Public Works Departments, allowances for increased repairs to buildings and property under the jurisdiction of the Public Buildings and Park Departments, an initial allowance for adequate street signs, increased lighting and communication charges and appropriations to cover legislative changes in the city charter, were responsible for including in the budget for 1926 appropriations

approximately \$940,000 in excess of the budget of 1925. These items account for \$0.46 or 9 per cent of the total increase in the tax rate.

INCREASED COUNTY COSTS.

The County of Suffolk consists of the cities of Boston, Chelsea and Revere and the town of Winthrop. Because of a statutory provision of long standing, the total expense of maintaining the different departments and courts in Suffolk County must be borne by the city of Boston. Since the close of the World War, there has been a marked increase in the maintenance costs of Suffolk County. Each year it has been necessary to provide increased allowances for the maintenance of county correctional institutions and for the increased volume of business handled in county courts and departments. The year 1926 has been no exception in the matter of these increased allowances and in addition it has been necessary to provide appropriations for the furnishing and equipping of two new county court-houses opened in the Dorchester and Brighton sections of the city. It is estimated that the increased expenses of Suffolk County for the year 1926 are responsible for \$0.08 or 1.6 per cent of the total tax rate increase.

INCREASED DEBT CHARGES.

In the past four or five years there has been a marked change in the character and term of the loans issued by the city. Large amounts have been authorized by the Legislature for street widenings to be met outside the statutory debt limit of the city. There has also been a marked tendency on the part of the Legislature to reduce the term of years for which loans may be issued. Again, the increase in the taxable valuation of the city has resulted in an increase in the authorized debt incurring power of the city. These items have resulted naturally in additional appropriations for interest and serial loans. The debt charges for 1926 represent an increase of \$637,000 over the requirements of 1925. This increase is responsible for \$0.31 of the total tax rate increase.

TEACHERS' SALARY INCREASES.

Under the provisions of chapter 309 of the Acts of 1925, additional appropriating power was granted to the School Committee to provide for material increases in the salaries of teachers and instructors in the School Department. These increases were effective as of September 1, 1925, consequently, but a very small proportion of the increases was provided for in the appropriations of last year. The present year, which is the first full calendar year in which the increases are effective, must bear the greater proportion of the cost. It is estimated that approximately \$1,000,000 of the increase in the appropriations of the School Department for 1926 is due to the increased salary schedule which became effective last year. To meet this increase it has been necessary to increase the tax rate by approximately \$0.49.

SCHOOL EXPANSION COSTS.

School maintenance charges in 1926 show an increase of approximately \$2,500,000 over those of 1925. Of this amount \$1,200,000 may be accounted for through the presence of the additional month in the current year; \$1,000,000 may be attributed to increased salary requirements, and the balance \$310,000 to the usual growth and expansion of the

school system. This item includes the opening of new school buildings, the appointment of additional teachers and employees and other necessary expenses directly attributable to the growth of our school system. To provide for this natural growth, it has been necessary to increase the tax rate by \$0.15.

SCHOOLHOUSE CONSTRUCTION.

For the past ten years the city has been following the pay-as-you-go policy in the matter of schoolhouse construction, thus all the land purchased and buildings constructed for school purposes in this period have been paid for directly from the tax levy. In this year's tax levy the sum of \$5,999,000 has been included to provide for this item. Of this amount the sum of \$4,500,000 will be used to meet expenditures authorized by chapter 488 of the Acts of 1923, and chapter 527 of the Acts of 1925. The balance, \$1,499,000, will be used to meet the first expenditures under the \$10,000,000 school building program authorized by the Legislature at its recent session. It is evident from these figures that 75 per cent of the total amount included in this year's tax levy will be used to complete building programs of prior years. This deferred charge accounts for the large appropriation which is found in this year's tax levy. The increased allowance for schoolhouse construction which it has been necessary to make this year accounts for \$0.74 of the increase in the tax rate.

PENSION SYSTEM INCREASE.

Due to increased membership and because of the fact that it is necessary

under the provisions of the Retirement Act to make increases each year in the reserves of the Retirement Board, the pension system allotment for the current year shows an increase of approximately \$247,000 over that of 1925. It is estimated that this increase is responsible for \$0.12 of the total increase in the tax rate.

STATE ASSESSMENTS.

Despite the fact that there was no increase in the state tax of 1926, the total state assessments show an increase of approximately \$210,000 over the assessments of 1925. This increase is accounted for largely by the increase in assessments for Metropolitan Park purposes. The assessments under this metropolitan division show an increase of \$192,000 over those of the preceding year. The total increase in state assessments for the current year accounts for approximately \$0.10 of the total increase in the tax rate.

SPECIAL TAXES.

In recent years the Legislature in authorizing loans outside the debt limit has insisted that 10 per cent of the amount so issued be raised by taxation or from other sources of revenue. The loans of this nature authorized by the Legislature of 1926 were considerably less than those authorized in 1925. As a result, it has not been necessary to include in the tax levy of the current year under the head of special taxes as much as was required last year. The reduction in this respect has resulted in a credit of approximately \$0.09 to be applied against the total increase in the tax rate.

TEN-YEAR ANALYSIS OF RATE INCREASE.

ITEM.	1926.	1916.	Increase.	Per Cent of Increase.

* Decrease.

In 10 years the expenditures of the City of Boston have increased 109 per cent. In the same period the population of the city has increased 4.6 per cent. Ordinarily a closer connection should exist between population changes and expenditure increases than is evident from the foregoing figures. The explanation of the discrepancy is found, however, in the fact that from a population standpoint Boston is a city of three quarters of a million people, whereas from an appropriation standpoint Boston is the centre of a Metropolitan District of one and three-quarter millions of people. The Police, Fire, Park, Street, Hospital, Health and Welfare Departments of the city serve a population double in size that officially credited to Boston in the census records.

The population of the Metropolitan District, exclusive of Boston, has increased 22.3 per cent since 1916, or almost five times the increase shown for Boston alone. This rapid growth in the metropolitan population has been a powerful factor in the doubling of Boston's expenditures.

In the following paragraphs an attempt has been made to explain in a brief manner the causes underlying the various increases which have taken place in 10 years in the tax levy items indicated in the above table.

CITY MAINTENANCE.

INCREASES IN EMPLOYEES.

The maintenance expenses of the city have more than doubled in the period

under discussion. In 1916, the maintenance appropriations for the city totaled \$15,295,603.39. Similar appropriations in the current year total \$30,833,203.98, an increase in 10 years of \$15,537,600.59. Naturally, the largest factor in this increase is the change which has taken place since 1916 in pay rolls of the city. In 10 years the number of employees in the city service, exclusive of the School and Transit Departments, has increased 1,980. The employees' book for 1916 lists the names of 9,888 persons and it is estimated that today funds permitting the employment of approximately 11,868 people have been authorized and provided for by the City Council. This increase, in the main, has been confined to three departments, namely Fire, Police and Hospital. In the Fire Department, the adoption first of the one day off in three and later the two-platoon system has been responsible for the addition of approximately 475 men to the uniformed force of the department. In the Police Department, including the 300 additional patrolmen provided for in this year's budget, there has been added to the uniformed force of the department since 1916, approximately 800 men. The rapid expansion and growth of the City Hospital has made necessary the employment of over 400 additional employees in 10 years. The balance of the increase in employees is found in the mechanical forces of the various departments. The replacement of horse-drawn vehicles by motor equipment has made necessary the employment of a large number of mechanics and chauffeurs in the last five or six years.

SALARY AND WAGE INCREASES.

While the numbers on the pay rolls of the city have been increased in the 10 year period, a marked increase is also evident in the salary and wages of the various groups of employees. In 1916, the laborers of the city were receiving \$2.50 per day. In the current budget a uniform wage of \$5 per day has been established for this group. In 10 years, the compensation of policemen and firemen has been raised from a maximum of \$1,400 to the present maximum of \$2,000. In addition to this increase in salary, the uniformed members of these two departments now receive their uniforms from the city, whereas, in 1916, they were required to furnish their own equipment. The mechanics in the city, who in 1916 were receiving \$3 and \$3.50 per day, are now paid from \$5.50 to \$7 per day. The increases mentioned here are but typical of those which have been granted to the other members of the city's family.

The increases in numbers and the salary increases which have been allowed in the past 10 years have been responsible for a 100 per cent increase in 10 years in the payments by the city for personal service. In 1916, the pay rolls of the city totalled approximately \$9,100,000. It is estimated that the pay rolls at the end of the current year will total approximately \$18,200,000. The increase reflected in the pay rolls of the city is responsible for approximately 60 per cent of the total increase in the maintenance appropriations of the city for the period under discussion.

CONTRACT CHARGES.

Payments for services rendered by individuals and corporations not directly attached to the official family of the city have likewise shown a marked increase in 10 years. The cost of lighting our city streets, of removing and disposing of ashes, dirt and garbage, of removing snow

in the winter months from the streets of the city, of the repairs made to the plant and equipment of the city, has increased approximately 80 per cent in the last 10 years. The total appropriated for these and like services in 1916 was \$2,300,000, whereas, in the current budget it has been necessary to appropriate \$4,200,000 for the same services.

GROWTH IN CITY ACTIVITIES.

With the natural expansion which has taken place in 10 years in the activities of the city and also with the decline which has taken place in the purchasing power of the dollar, it is only natural that large increases in appropriations for the purchase of equipment, supplies and materials have taken place in the past 10 years. The city today is spending approximately a million dollars more for equipment than it did in 1916. Complete motorization of the Fire Department, substitution of motor vehicles for horse-drawn equipment in the Park and Public Works Departments, uniform allowances to patrolmen and firemen, increased appropriations for books at the Public Library, have all played an important part in this big increase. In the matter of supplies, the city today is spending approximately three quarters of a million dollars more for this item than in 1916. The increase in population at our hospitals and institutions has necessitated large additional allowances for food and ice, and medical, surgical and laboratory supplies. Increases in prices and in the number of buildings to be heated and lighted have made necessary increased appropriations for coal and fuel oil. The natural growth of the city and the increase in prices may be held responsible for the fact that appropriations for materials used by city forces in construction and repair work have increased \$100,000 in the past 10 years. In connection with the increase in prices which has been mentioned several times as accountable for the increase in appropriations, it is interesting to note from Government Statistics that whereas the purchasing power of a dollar in 1916 was \$0.91, its value today is approximately \$0.62.

WELFARE DISBURSEMENTS.

In 10 years the payments made by the city for pensions and annuities (other than those provided for under the Retirement Act), for veterans' relief, mothers' aid, and care of dependents, have increased by approximately \$1,500,000. Two thirds of this increase may be attributed to the last two items, namely, those under the jurisdiction of the Overseers of Public Welfare. The disbursements of this department have increased by over one million dollars in ten years. Increases in the number of dependents being aided and increases in the grants made necessary by the increased cost of living have been responsible for these large increases. In 1916, the average number of dependents being aided by the Public Welfare Department was 1,712 and the aid distributed ranged from \$2 to \$3 per individual. Today, the average number of dependents on the rolls of the department is approximately 2,500 and the individual allowances range from \$3.50 to \$11. In 1916, 1,075 cases were handled by the department under the Mothers' Aid law and the average individual disbursement was \$6.36 per week. Today, while there has been no material increase in the number of cases handled, the aid allowance has more than doubled, the average individual disbursements at the present time being approximately \$15.

PAY-AS-YOU-GO.

Since 1916, the city has adopted insofar as was possible the pay-as-you-go policy on capital items of a recurring nature. Reconstruction of streets and parkways, ferry improvements, bridge repairs, and granolithic sidewalks are examples of items of this type. The appropriations for these items included in the tax levy of the current year are approximately \$800,000 in excess of similar appropriations included in the tax levy of ten years ago.

CITY DEBT REQUIREMENTS.

Appropriations for City Debt Requirements have increased approximately 34 per cent in 10 years.

The tendency of the present day is to criticize any increase in debt figures. The Commonwealth of Massachusetts for the past four or five years has refrained from the issuance of loans and as a result has made a marked reduction in the debt figures of the State. It has been possible for the State to adopt such a policy because of the large increase which has taken place in the income of the State. Because of this large increase in revenue, the State has been able to adopt the pay-as-you-go policy on items which the city, not being situated so fortunately in the matter of income, is forced to issue loans. It is hard to see how the outstanding debt of the city can be materially reduced in the next 10 years. Demands for the making of new streets, the extension of sewers and the widening of existing highways can only be satisfied from the issuance of loans, since, if these items were to be included in the tax levy, it would be necessary to raise the tax rate to a prohibitive figure.

COUNTY MAINTENANCE.

In a period of 10 years the maintenance expenses of Suffolk County have increased 107 per cent. In 1916, the appropriation for Suffolk County included in the tax levy was \$1,662,208.54. In the tax levy of the current year, the appropriation for Suffolk County is \$3,445,318.08. An analysis of the one and three quarter millions increase which has taken place in 10 years indicates that the increase may be attributed in the main to two items — personal service, and services rendered by individuals or agencies not permanently attached to the county establishment.

In the matter of personal service, expenditures have increased from \$750,000 in 1916 to \$1,900,000 in the current year. This increase of over a million dollars may be directly attributed to the increases in the numbers and salaries of employees during the period. In 1916, the county family consisted of approximately 800 persons, whereas, today the county pay rolls include the names of approximately 950 individuals. This increase in numbers has been caused by an increase in the volume of business handled by county departments and also by the increased number of sessions which it has been necessary to conduct in the various county courts. The salaries of county employees are fixed, in the main, by the Legislature. That this body has been generous in its treatment of county employees may be seen in the following table which indicates in a comparative form the manner in which the large groups have been treated in the past 10 years.

TITLE.	1916.	1926.
Janitor.....	\$15	\$30
Cleaners.....	\$8	\$18
Officers (Jail).....	\$900	\$1,900
Court Officers (Superior Court).....	\$1,700	\$2,484
Associate Justices (Municipal Court).....	\$5,000	\$8,000
Justices (District Courts)	\$2,000-\$4,000	\$3,300-\$6,000
Officers (Deer Island).....	\$480-\$800	\$1,200-\$1,500
Probation Officers (District Courts).....	\$1,100-\$2,000	\$1,700-\$3,500
Probation Officers (Municipal Court).....	\$1,500-\$2,000	\$2,300-\$2,800
Clerks and Stenographers.....	\$600-\$1,500	\$1,200-\$2,500

Payments for services of individuals not permanently attached to the county establishment have increased approximately \$700,000 in 10 years. In 1916, approximately \$300,000 was appropriated for this item and in the current year an appropriation of approximately \$1,000,000 is included in the tax levy. Some of the principal items in this increase are as follows:

In 1916, the pay of jurors was \$4 per day, whereas, in the current year, appropriations are estimated on the base pay figure of \$6 per day. In 1916 approximately \$165,000 was expended in the Superior Court for jurors. In the tax levy of the current year approximately \$500,000 has been included for this item.

Payments for experts, masters, auditors and witnesses in the Superior Court have increased in the period under discussion from approximately \$83,000 in 1916 to \$185,000 in 1926. In the same court, traveling expenses of officers and duly accredited representatives have increased from \$12,000 in 1916 to \$35,000 in 1926.

COUNTY DEBT REQUIREMENTS.

Since 1916, loans issued for county purposes have totaled \$333,500. Because of this small amount, it has been possible to make a marked reduction in the outstanding debt of Suffolk County. In 10 years the funded debt of the county has been reduced by approximately \$2,000,000. This reduction is naturally reflected in a decrease in the appropriations to meet the debt requirements of the county.

SCHOOL MAINTENANCE.

The appropriations for the maintenance of the School and Schoolhouse Departments for the current year are practically one and a half times the appropriations made in 1916. This \$9,500,000 increase is attributable, in the main, to the increases which have taken place during the period in the pay rolls of these departments. In 1916, the pay rolls amounted to approximately \$5,000,000 and included the names of 4,253 employees. At the present time, approximately 6,000 employees are on the pay rolls of these two departments and the payments to this group for the current year will total approximately \$12,000,000. Thus, in 10 years, the salary and wage requirements in the School Department have increased over \$7,000,000. Since the maximum effect of the present salary schedule of the department will not be felt until 1930, it is apparent that a still greater increase must be expected in the next few years in the pay rolls of these departments.

The greater portion of the remainder of the total increase in the school appropriations may be said to have been caused by the increase which has taken place in

10 years in the number of pupils under instruction and the increase in the number of school buildings. In 1916, the average number of pupils attending the Boston public schools was 123,558, and the number of school buildings, including portables, was 375. Today, it is estimated that the average number of pupils is 138,000, and the number of school buildings, including portables, is approximately 542. The effect of these increases may be seen in the following table:

ITEM.	1916.	1926.
Fuel and Light.....	\$217,428 14	\$454,260 00
Supplies and Incidentals.	276,441 91	879,320 87
Repairs and Alterations.	384,505 17	1,620,660 37

LAND AND BUILDINGS FOR SCHOOLS.

The largest proportional increase of any item entering into the tax levy is to be found in the appropriation for land and buildings for schools. The levy for the current year is five and one half times the levy included in the tax warrant of 1916. This situation is explained by the fact that the levy for the current year is the largest to be made since the adoption of the pay-as-you-go policy in the matter of schoolhouse construction. During 1926, the Schoolhouse Department will be engaged in work authorized under three different programs. Completion of the programs authorized by the Legislature in 1923 and 1925 should be realized and in addition a start will be made on the \$10,000,000 program authorized by the Legislature of 1926. To permit the completion of the programs of 1923 and 1925, it will be necessary to levy this year the sum of \$4,500,000. The balance of the \$5,999,000 levy will be used to start the first units in the new program.

The increased amounts which are now being spent for schoolhouse construction are made necessary by the change which has taken place in 10 years in the character of schoolhouse requirements. The principle need today in the School Department is additional accommodations for pupils in secondary schools. Ten years ago, the Latin and high schools had an average membership of 16,209 pupils. At the present time there is a Latin and high school membership of 22,447 pupils, an increase of 6,238 pupils, or 38 per cent in a period of 10 years. The cost of construction of a modern high school today is approximately \$1,500,000, and since at the present time there are two schools of this character under construction it is easy to see why such large sums are required.

In 1916, the maintenance and construction appropriations of the School Department totalled approximately \$7,000,000 and equalled approximately 47 per cent of the maintenance appropriations for all other city departments. In the current year, the total appropriations for school purposes is \$21,697,172.41. This figure, which represents over 200 per cent increase in 10 years, is approximately 70 per cent of the maintenance appropriations for city purposes, exclusive of schools. If the rate of increase indicated in the past 10 years is maintained in the future, it will be but a short time before the appropriations for school purposes will equal the appropriations of all the other departments of the city.

PENSION ACCUMULATION FUND.

The Retirement Board was established in 1923 for the purpose of administering the provisions of the Boston Retirement Act, passed by the Legislature in 1922. Under the provisions of this Act certain definite sums must be appropriated each year to meet known liabilities and to provide a reserve for the retirement of city and county employees. In accordance with the calculations of the Retirement Board, there is included in the tax levy of the current year the sum of \$1,583,000. Since this item was not present in the tax levy of 1916, its inclusion in this year's levy means an added tax burden of over a million and a half dollars which has developed in 10 years.

STATE ASSESSMENTS.

Tax levy appropriations to meet State assessments have increased approximately 33 per cent in the past 10 years. In 1916, State assessments totalled \$3,800,000, whereas, in the current year the total is \$5,100,000. This increase of one and a quarter millions of dollars is accounted for in the main by the increase in the State tax and the increased assessments for Metropolitan parks and sewers. In 1916, the State tax was fixed at \$8,000,000, and this year the Legislature fixed the tax at \$12,000,000. This 50 per cent increase which has taken place in 10 years has added approximately \$500,000 to the tax burden of Boston. In 1916, assessments for metropolitan parks was approximately \$700,000, whereas, this year from present indications the assessment for this purpose will total \$1,250,000. When one considers that but a very small percentage of the metropolitan park system lies within the boundaries of the city, it becomes difficult to accept with good grace an added tax burden within 10 years of over \$500,000 for metropolitan park purposes. In 1916, the city's share of the metropolitan sewer assessment was approximately \$300,000. This year the assessment will reach \$470,000.

On a percentage basis, the increase in State assessments is practically the smallest of all the items included in the tax levy. At first glance, this might be taken as an indication that the different departments of the State were being operated on a more economical basis than city and county departments. Before passing judgment on this point, the following facts should be considered:

In 1916, the ordinary maintenance expenditures of the State totalled \$24,113,382.65. The budget recommendations submitted by the Governor to the Legislature of 1926 provided for appropriations totaling \$48,196,788.36. From these figures, it is apparent that the maintenance figures of the State in 10 years have prac-

tically doubled. With a 100 per cent increase in expenditures, how has it been possible for the State to keep its assessments at such a low figure? The practical answer to this query is that the increase in the State's income has more than kept pace with its increased expenditures. In 1916, the actual receipts for ordinary maintenance purposes was \$16,789,295.29. In the budget of the current year, the estimated receipts are figured at \$34,821,765. The largest item of increase in the State's income has been for motor vehicles fees. In 1916, the actual receipts from this source was \$1,617,331.68. At the beginning of this year the State estimated that they would receive from this source during the current year \$12,500,000. Since up to the present time over \$10,000,000 has actually been received there can be no question but what the estimate will be realized. This phenomenal rise in the income of the State has permitted its financial authorities to absorb a goodly portion of the increase in expenditures.

It is interesting to note, while speaking of the increase in the income of the State, that during the period under discussion the income of the City has increased but 12½ per cent. In 1916, the actual income from all sources other than taxes was \$5,233,034.11. In 1926, the estimate of income is \$5,900,000.

ADDITIONS TO CONTRACT.

PARK DEPARTMENT.

A. G. Tomasello & Son, Inc., have been ordered to do the following additional work on the contract for bitulithic pavement on Commonwealth avenue (main drive), between Sutherland road and Chestnut Hill avenue, signed June 1, 1926:

(1) Where the proposed subgrade for the bitulithic pavement is below the top of the existing Telford base, excavate and remove all of the Telford base and backfill with crushed stone removed from the top surface of the existing macadam. The crushed stone backfill shall be rolled in six (6) inch layers and bound with stone dust—stone dust to be paid for under Item 5, Crushed Stone. For each cubic yard of Telford base excavated, the contract price for Roadway Excavation, Item 1, of one and 35-100 dollars (\$1.35) will be added to contract price.

(2) Make base for bitulithic pavement just adjacent to the car rails at the cross-overs, of concrete composed of one (1) part cement, two (2) parts sand and four (4) parts crushed stone, concrete base to be eighteen (18) inches wide and eight (8) inches in depth. Reconstruct concrete carriage landings where grade of road is raised with a three (3) inch base of 1-2-4 concrete and a one (1) inch wearing surface of 1-2 cement mortar; all to be finished smooth with a steel trowel. Reconstruct brick manhole near Sutherland road to new line of gutter; all as directed by this department in accordance with Article 2; to be paid for under Article 8; the cost of labor plus 15 per cent and the cost of the materials.

1. 2,100 cubic yards Telford excavation at \$1.35 per cubic yard, \$2,835 (estimated).

2. Concrete base, carriage entrances, etc., cost of labor plus 15 per cent and the cost of materials, \$250 (estimated). Total, \$3,085 (estimated). Contract price, \$36,345 (estimated); addition as per this order, \$3,085 (estimated); contract as standing, \$39,430 (estimated).

MORTALITY REPORT.*

For the week ending August 21, 1926:
Population estimated, July, 1926, United States Census estimate, 787,132 (857,731); number of deaths (stillbirths excluded): Residents, 136; nonresidents, 41; total, 177.

Death rate per 1,000 of population: All deaths, 11.73 (10.76); nonresidents deducted, 9.01 (8.27).

Death rate per 1,000 of population: Last week, 11.99 (11.00); corresponding week last year, 11.45.

Deaths by age periods, sex, etc.: Under one year, 37; one year to 5 years, inclusive, 10; sixty years and over, 55; total deaths: Male, 105; female, 72; deaths in hospitals and institutions, 103; deaths of colored, 5.

* Figures in parentheses indicate estimates of Boston Statistics Department as of January 1, 1926.

REPORTABLE DISEASES: CASES AND DEATHS.†

POLICE DEPARTMENT ORDERS.

General Order No. 941.

Patrolman James B. Keiran of Division 1 having arrived at the age of sixty-five and one twelfth years and having performed faithful service in the Police Department for forty and eight twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman James B. Keiran be retired from active service and that his name be placed upon the department pension roll with pay at the rate of one thousand (1,000) dollars per annum, said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect on Thursday, August 19, 1926, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 942.

The following transfers are hereby ordered, to take effect Friday, August 27, 1926, at 7.45 o'clock a. m.

Patrolman Richard S. Casey, from Division 1 to Division 20.

Patrolman Robert A. Mayer, from Division 1 to Division 20.

Patrolman John J. Walkins, from Division 4 to Division 20.

Patrolman John P. Powers, from Division 4 to Division 20.

Patrolman John McSharry, from Division 6 to Division 20.

Patrolman Joseph E. Conlan, from Division 7 to Division 21.

Patrolman William F. Oesterle, from Division 7 to Division 21.

Patrolman Richard M. Mackey, from Division 9 to Division 21.

Patrolman John J. Bogue, from Division 9 to Division 20.

Patrolman Charles E. Hoffses, from Division 9 to Division 21.

Patrolman Thomas E. Keating, from Division 9 to Division 21.

Patrolman Ottis J. Wynn, from Division 10 to Division 20.

Patrolman Patrick E. Gilmore, from Division 9 to Division 20.

Patrolman Frank E. Fredey, from Division 11 to Division 21.

Patrolman John F. Lyons, from Division 11 to Division 20.

Patrolman John C. Malone, from Division 11 to Division 21.

Patrolman Michael J. Conway, from Division 13 to Division 21.

Patrolman Daniel F. Griffin, from Division 13 to Division 21.

Patrolman Arthur F. Wall, from Division 14 to Division 21.

Patrolman Chester A. Schicks, from Division 15 to Division 20.

Patrolman James W. Schroeder, from Division 17 to Division 20.

Patrolman Clarence L. Ludwig, from Division 17 to Division 21.

Patrolman John L. Haggerty, from Division 18 to Division 21.

Patrolman Simon A. Veno, from Division 19 to Division 20.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

FINANCE COMMISSION REPORT.

The Mayor has received the following communication from the Finance Commission:

Boston, August 25, 1926.

HON. MALCOLM E. NICHOLS,

Mayor of Boston.

SIR,—It is the custom of the Schoolhouse Department annually, during the summer vacation, to clean and refinish the desks and chairs (both pupils' and teachers') in the public schoolhouses of the city, so as to remove scratches, marks, etc. This work for 1926 will cost approximately \$28,000. The work is done in the schoolhouses in July and August. The contracts for the work are unadvertised and are given in sums below \$1,000 to a selected list of painter contractors, without any competition whatever. The list varies with the change of administration at City Hall. The total sums, however, paid to individual contractors amount in most cases to much more than \$1,000. Each school is considered a separate contract or order and, while the amount paid school by school may be under \$1,000, the total payment to each contractor is, with four exceptions, over the statutory limit of \$1,000. The list below shows the amounts approved for payment to each contractor for this year (1926).

M. J. Dolan.....	\$248 74
Frank L. Downey.....	4,982 55
S. J. Hingston.....	2,392 17
Kelly & Hardy.....	1,408 86
John A. Hall.....	1,778 06
C. J. Mahoney.....	3,088 80
William S. Nathan.....	2,700 00
Tremont Upholstery Company.....	1,911 00
Kelly Brothers Company.....	1,709 25
William P. Sullivan.....	\$425 00
Maurice J. Lane.....	435 00
Warren Refinishing Company.....	522 00
	\$27,819 52

Section 30 of the Charter Amendments of 1909 (chapter 486) provides:

"Every officer or board in charge of a department in said city . . . when about to do any work or make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds one thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisement in the City Record."

The contracts exceed \$1,000; the work is easily susceptible of combination into one contract so as to provide competition, and the splitting up the work into contracts for each school is a clear evasion of the above statutory requirement.

The amount paid for each desk and chair is \$1.25, and the specifications call for:

(a) Planing and scraping the furniture down to the bare wood, removing all scratches, marks, etc., and to be followed by a thorough sandpapering. Holes are to be repaired by fitting and gluing in wood to match the furniture.

(b) Two coats of shellac and one coat of best quality varnish.

(c) Desk and chair irons to be given one coat of black asphaltum.

(d) Loose desks and chairs are to be tightened.

The specifications are therefore drawn so as to produce a good job and the inspector in each district approves the work before the bill is paid.

In order to test whether the work done was up to specifications, a representative of the Finance Commission visited several schools in company with the chief in-

spector of the Schoolhouse Department. The work of Messrs. Downey, Mahoney and Scanlan appeared to have been done according to the specifications. The other contractors whose work was inspected, however, have not done it according to the specifications, but in an unsatisfactory manner.

The Finance Commission requests that your Honor, after considering this communication, inform it as to what action has been taken to carry out the following recommendations:

The Finance Commission recommends:

1. That the contracts for refinishing desks and chairs in the Boston schools be let only after public advertisement.

2. That no further payments on these contracts be approved by the City Auditor until the work has been done in a workmanlike manner, according to the specifications.

3. That all imperfect work be rejected and the contractor be required to perfect the same without delay.

4. That the schoolhouse inspectors who gave their approval to the payment of bills where unfit work was performed be discharged or otherwise disciplined.

Respectfully submitted,

THE FINANCE COMMISSION,
by CHARLES L. CARR,
Chairman.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch earthen pipe in North Harvard street, easterly side, between a point about 70 feet north of Kingsley street to 50 feet northerly, in the Brighton district, at an estimated cost of \$393.

A surface drain of 12-inch earthen pipe and two catch-basins in Oakland street, between Chester street and a point 155 feet northwesterly, in the Dorchester district, at an estimated cost of \$1,500.

A surface drain of 10-inch, 12-inch, 15-inch earthen pipe and nine catch-basins in Hollingsworth street, between Randolph road and Oakland street, in the Dorchester district, at an estimated cost of \$11,000.

A sanitary sewer of 10-inch earthen pipe in St. Peter's street, between Paul Gore street and a point 200 feet southwesterly, in the West Roxbury district, at an estimated cost of \$1,540.

A surface drain and four catch-basins, one drop inlet, in Verdun street, between Codman street and Carruth street, in the Dorchester district, at an estimated cost of \$1,800.

Eleven catch-basins and two manholes as follows: In Meridian street, between Monmouth and Nay streets, East Boston, five catch-basins; in Cotting street, between Nashua and Lowell streets, city, four catch-basins; in Dunkeld street, Dorchester, two manholes and two catch-basins, at an estimated cost of \$2,400.

A sanitary sewer of 10-inch earthen pipe in Duxbury road, between Riverdale road and River street, in the Dorchester district, at an estimated cost of \$3,060.

A sanitary sewer of 10-inch earthen pipe in Rockdale street, between existing sewer about 340 feet southwest of Oakland street and existing sewer 656 feet southwesterly, in the Dorchester district, at an estimated cost of \$6,560.

FIRE DEPARTMENT ORDERS.

General Order No. 56.

I. RESIGNATION.

Rules Nos. 305 and 307 having been waived, the resignation of Raymond T. Vessey of Ladder Company 14 has been accepted by the Fire Commissioner while charges were pending against him, to take effect at 8 a. m., August 23, 1926.

II. NEW FIRE ALARM BOXES.

The following new fire alarm boxes will shortly be established:

Box 2495.—Winchester and Lila roads. It will be connected into Circuit No. 42 and the apparatus assignments will be the same as for Box 2496.

Box 3248.—St. William's Parochial School, Tuttle street, near Savin Hill avenue. It will be connected into Circuit No. 68 and the apparatus assignments will be the same as for Box 3246.

Box 3278.—Grover Cleveland School, Charles street, near Dorchester avenue. It will be connected into Circuit No. 9 and the apparatus assignments will be the same as for 3291.

Box 216.—Memorial High School, Townsend street, near Warren street. It will be connected into Circuit No. 67 and the apparatus assignments will be the same as for Box 2165.

Box 61.—Donald McKay School, Cottage street, near Maverick street. It will be connected into Circuit No. 48 and the apparatus assignments will be the same as for Box 624.

III. CHANGE IN LOCATION OF FIRE ALARM BOX.

The location of Fire Alarm Box 3755 at 1344 Hyde Park avenue, which now appears on running card as "The American Felt Company, Hyde Park avenue," should be changed to read "Conduit Electrical Manufacturing Corporation, 1344 Hyde Park avenue."

Company commanders will have assignment card corrected accordingly.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

Upon August 19 the Mayor approved a contract with A. Grande for sewerage works in Dana street, between Dudley street and Cliff street, Roxbury. Bids, opened August 12, were as follows:

A. Grande, \$3,930.50; A. D. Daddario, \$4,456.50; C. Russo, \$4,607.50; M. DeSisto Company, \$5,096; J. Williams & Co., \$11,004.50.

Upon August 19 the Mayor approved a contract with D. Vozzella for sewerage works in Rockdale street, Duxbury road and Hosmer street, Dorchester. Bids, opened July 29, were as follows:

D. Vozzella, \$8,277; Piatelli & Andreasse, \$8,398.75; C. Struzziery, \$8,434.50; N. DiBartolomeo Company, \$8,739.50; J. Capone, \$9,146.50; M. DeSisto Company, \$9,362.75; Zoppo & Civitarese, \$9,562.10.

Upon August 20 the Mayor approved a contract with McCulloch Manufacturing Company for assembling 100 8-inch and 200 12-inch valves. Bids, opened August 13, were as follows:

McCulloch Manufacturing Company, \$6,770; The Atlantic Works, \$9,000.

Upon August 23 the Mayor approved a contract with the Steves Lacios Company for painting Charlestown Bridge, over the Charles river. Bids, opened August 11, were as follows:

Steves Lacios Company, \$8,425; Commercial Painting Company, \$10,400; M. L. MacDonald Company, \$16,450; M. M. Devine, \$17,000; Beaver Construction Company, \$19,960.

Upon August 23 the Mayor approved a contract with S. J. Tomasello for laying recut granite block pavement in Purchase street, from Federal street to High street. Bids, opened August 17, were as follows:

S. J. Tomasello, \$20,951.40; A. De Stefano & Son, Inc., \$21,382.40; H. F. Malley, \$21,669.10; J. F. Kennedy Construction Company, \$21,962.30; Ormac Company, \$21,964; B. E. Grant Company, \$22,128.15; M. F. Gaddis, \$23,587.30; J. A. Singarella, \$24,164.50; J. McCourt Company, \$25,308.70.

Upon August 23 the Mayor approved a contract with Charles Struzziery for sewerage works in Ormond street and outlet in passageway to Goodale road, Dorchester. Bids, opened August 18, were as follows:

Charles Struzziery, \$4,663; Zoppo & Civitarese, \$4,768; M. De Matteo, \$5,460.10; M. Guarino, \$5,539.50; P. Guarino, \$5,615.90; J. Williams & Co., \$5,705; George J. Regan, \$5,890.25; M. De Sisto Company, \$6,166.50; C. Russo, \$6,259.50; N. Di Bartolomeo Company, \$6,793; Michael Gibbons, \$7,570.50.

SCHOOLHOUSE DEPARTMENT.

Upon August 20 the Mayor approved a contract with B. L. Makepeace, Inc., for furnishing and delivering blueprinting equipment in the East Boston High School. Bids, opened August 5, were as follows:

Spaulding-Moss Company.—Item 1, \$1,180; Item 2, \$194; Item 3, \$590.

B. L. Makepeace, Inc.—Item 1, \$1,180; Item 2, \$194; Item 3, \$590.

Upon August 21 the Mayor approved a contract with the William H. Field Company for furnishing and delivering woodworking machinery in the Grover Cleveland School. Bids, opened August 5, were as follows:

William H. Field Company.—Item 1, \$354.50; Item 2, \$282.50; Item 3, \$281; Item 4, \$110; Item 5, \$14.50.

Joseph Beal & Co.—Item 1, \$385; Item 2, \$310; Item 3, \$312; Item 4, \$126.

Yates American Machine Company.—Item 1, \$400; Item 2, \$320; Item 3, \$340; Item 4, \$125; Item 5, \$18.50.

Upon August 21 the Mayor approved a contract with the Acme Heating and Ventilating Company for furnishing and installing new boilers in the Washington School. Bids, opened August 17, were as follows:

Acme Heating and Ventilating Company, \$21,311; Maurice E. Chase, \$23,447; J. P. Dwyer Company, \$24,340.

(Continued on page 1485.)

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

LIBRARY DEPARTMENT.

Upon August 18 the Mayor approved a contract with the T. C. Brooks Company and Richard Gibson & Son for work on the West End Branch Library. A communication from Guy W. Currier of the Library Department was as follows:

BOSTON, July 19, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—In a report submitted to the director, at his request, Messrs. Fox & Gale, architects, state that they have examined the West End Branch Library Building on Cambridge street, and find that certain repairs of metal cornices, flashings and slate roof, of various exterior wooden portions and finish, especially about the cupola, and other minor work, should be promptly carried out in the interest of the proper preservation of the structure and to avoid greater subsequent expense, and they moreover deem it desirable that those undertakings should be completed, if possible, by Autumn.

The architects state, owing to the nature and location of the work, that it would not be possible to specify, or to determine, the actual extent of the operations that will be necessary, that indeed positive decision cannot be reached until examination of the various portions is made from stagings, nor until, in certain cases, portions of the existing work are uncovered, and under these circumstances they deem it would not be wise or possible to seek competitive bids or to advertise for bids for the work, and with this conclusion we concur.

In view of the considered recommendations of Messrs. Fox & Gale concerning the work and contractors named (who are familiar with conditions and previous undertakings at the building) the trustees respectfully request your authorization to employ:

(a.) T. C. Brooks Company, Inc., without competition, to repair metal cornices, flashings and slate roof, as may be ordered, labor and materials to be furnished at standard current prices; the said work to be limited to not exceed the sum of \$5,250.

(b.) Richard Gibson & Son, without competition, to repair defective exterior woodwork where most essential, and as may be ordered, and to do other minor work and erect such staging as will be necessary for the painting of the exterior by another contractor, labor and materials to be furnished at standard current prices; the said work to be limited to not exceed the sum of \$2,072.

I inclose report and recommendation of the architects.

Trusting for your favorable consideration of the above requests as being in the best interest of the department, I beg to remain,

Respectfully yours,

GUY W. CURRIER,
President, The Trustees of the Public Library of the City of Boston.

Upon August 18 the Mayor approved a contract with L. P. Soule & Son Company for work upon the façades of the Central Library. A communication from Guy W. Currier of the Library Department was as follows:

BOSTON, July 19, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—In a report submitted to the director, at his request, Messrs. Fox & Gale, architects, state that they have examined, and have also had examined by competent building contractors, the three exterior façades of the Central Library Building, Copley square, and find that the joints of the masonry wherever deteriorated or defective should, in the interest of the preservation of the structure, be promptly put in thorough repair.

The architects state that the cost for doing this work cannot be estimated in advance of the undertaking as the amount of deterioration and the quantity of defective joints can only be ascertained after examination of the walls from top to bottom, foot by foot, from staging or other means, and under these circumstances they deem it would not be practicable to advertise for bids for the work. With this conclusion we concur.

In view of the recommendations of Messrs. Fox & Gale concerning the work and the contractor named, the trustees respectfully request your authorization to employ Messrs. L. P. Soule & Son Company, without competition, to do the work of raking out and repointing deteriorated or defective joints of the stone masonry of the three exterior façades of the Central Library Building; the work to be performed on a day basis, at a cost of \$60 per day for each crew, consisting of two pointers and a ground man, plus \$200 for special equipment, which upon conclusion of the work would belong to the Public Library; the aforesaid cost to include the furnishing, installing, erection and operation of the necessary stagings and rigging, also liability and compensation insurance during the execution of the work; cement and sand to be furnished at standard current prices and trucking charged for at cost. The said work to be performed as ordered and the amount of work to be done limited to not exceed the sum of \$3,000.

I inclose herewith report and recommendation of the architects.

Trusting for your favorable consideration of the above request as being in the best interest of the department, I beg to remain,

Respectfully yours,

GUY W. CURRIER,
President, The Trustees of the Public
Library of the City of Boston.

PUBLIC WORKS DEPARTMENT.

Upon August 23 the Mayor approved a contract with Harry R. London for the construction of artificial sidewalks. A communication from E. F. Murphy of the Public Works Department was as follows:

BOSTON, August 19, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Harry B. London, 294 Washington street, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (\$1,000) dollars.

Respectfully yours,

E. F. MURPHY,
Acting Commissioner of Public Works.

Upon August 19 the Mayor approved a contract with the City Building Wrecking Company for the demolition of buildings in Dock square. A communication from E. F. Murphy of the Public Works Department was as follows:

BOSTON, August 13, 1926.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract, without advertising, for the demolition of buildings numbered 28, 29 and 30 Dock square, city proper, to the City Building Wrecking Company, 185 Somerville avenue, Somerville, Mass., at a cost of \$1,470.

In order to expedite matters and save time, invitation bids were asked, and five bidders experienced in this line of work submitted proposals, that of the City Building Wrecking Company being the lowest.

Respectfully yours,

E. F. MURPHY,
Acting Commissioner of Public Works.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC BUILDINGS DEPARTMENT.

Thomas O'Connor & Co. have been allowed to make a change in the contract for erecting and completing Courthouse, Brighton, said change being as per the following statement:

For 617½ additional firing hours, at \$1.40 per hour, there will be added to the contract sum the amount of \$864. Omit setting granite curb and laying sidewalk, for which there will be deducted from the contract sum the amount of \$500, specified in clause L, section 5, page 31, of the specifications, \$500—\$364; and the amount of \$364 will be added therefor, making the account as follows: Contract price, \$212,823; total additions, \$1,099; total deductions, \$422; amount of contract, \$213,500.

PUBLIC WORKS DEPARTMENT (Ferry Service).

An addition, amounting to \$1,489, on contract with the Atlantic Works for repairing hull, etc., of ferryboat "General Sumner," on account of repairing thrust bed, overhauling two throttles, new bolts, sea cock, new section copper pipe, renewing rudder sleeve, new skeg patch, repairing steering engine, five new planks, new stop waters, new rivets in boilers, straightening propeller blades, extra dockage. Original contract, \$3,274.45; total addition, \$1,489; contract as standing, \$4,763.45.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Additions, amounting to \$925, on contract with M. DeMatteo for sewerage works in Whiting, Harwood, Keith and Baker streets, West Roxbury, on account of extending 10-inch pipe sewer for a distance of 200 feet at contract prices. Original contract, \$7,012.50; total additions, \$925; contract as standing, \$7,937.50.

SCHOOLHOUSE DEPARTMENT.

Alco Contracting Company have been allowed the following for extra work in the Washington Irving School addition, Charles Sumner District, for changing two toilet vent fans from three-phase to single phase as ordered by the heating division, per architect's letter of July 30, 1926, and the amount of \$172.43 will be added therefor, making the account as follows: Contract price, \$470,000; total additions, \$40,763; total deductions, \$5,500; amount of contract, \$505,263.

Leighton-Mitchell Company have been allowed the following for building closet complete in master's office of the Lewis District School addition, per architect's letter of July 26, 1926, and the amount of \$197 will be added therefor, making the amount as follows: Contract price, \$246,740; total additions, \$4,589.90; total deductions, \$2,400; amount of contract, \$248,929.90.

A. Piotti Company have been allowed the following for additions to the East Boston High School, per architect's letter of May 12, 1926: 1. Lower outlets F. A. and F. 1 to bottom of present duct, \$18.90. 2. Install emergency switch marked "Exit" to control exit lights in assembly hall. Rewire exit boxes from gym exit for double circuit so as to give dual control for gym and assembly hall, \$58. 3. Install ¾-inch telephone conduit to local telephone on first floor from cabinets L-7-8-9, \$38. 4. Install one bracket outlet at location of local telephone booth in entrance foyer for installation of future bracket, outlet to be capped at this time, \$16—\$130.90. Ten per cent contractor's profit, \$13.09—\$143.99. Cutting and patching, cutting floors, repairing floors, cutting walls and plaster and repairing walls and plaster, \$150. Total \$293.99, and the amount of \$293.99 will be added therefor making the account as follows: Contract price, \$1,105,870; total additions, \$34,651.24; total deductions, \$16,000; amount of contract, \$1,124,521.24.

A. Piotti Company have been allowed the following for the East Boston High School: Furnish and install six 3-inch by 5-inch by ¾-inch angles over doors on first floor, \$10; furnish and install neces-

sary steel framing and hanger for platform in westerly end of corridor, \$143, per architect's letter of April 20, 1926, and the amount of \$153 will be added therefor, making the account as follows: Contract price, \$1,105,870; total additions, \$34,804.24; total deductions, \$16,000; amount of contract, \$1,124,674.24.

A. Piotti Company have been allowed the following for the East Boston High School: Furnish and install slate slabs under water-closets in the boys' and girls' toilet rooms, per architect's letter of April 20, 1926, and the amount of \$753.50 will be added therefor, making the account as follows: Contract price, \$1,105,870; total additions, \$35,557.74; total deductions, \$16,000; amount of contract, \$1,125,427.74.

Leighton-Mitchell Company have been allowed the following additions to the Lewis District School Addition for plumbing, to include extra toilets, wash bowl, vent, waste and soil pipes, and slate work, \$1,929.20; for repair of plastering, additional painting, electrical work and terrazzo work, \$549; for new partition and door in same, across the first floor, to form men's toilet, cutting and patching work in connection with plumber's and other trades, \$511.30, per architect's letter of July 8, 1926, and the amount of \$2,989.50 will be added therefor, making the account as follows: Contract price, \$246,740; total additions, \$4,392.90; total deductions, \$2,400; amount of contract, \$248,732.90.

A. Piotti Company have been allowed to deduct from the contract for the East Boston High School the following: Omit girls' dressing rooms in basement, per architect's letter of July 19, 1926, and the amount of \$302 will be deducted therefor, making the account as follows: Contract price, \$1,105,870; total additions, \$38,831.54; total deductions, \$16,302; amount of contract, \$1,128,399.54.

A. Piotti Company have been allowed the following for the East Boston High School: Build matron's room in corner of girls' dressing room and install hot plate similar to type called for in specifications, per architect's letter of July 30, 1926, and the amount of \$246 will be added therefor, making the account as follows: Contract price, \$1,105,870; total additions, \$39,077.54; total deductions, \$16,302; amount of contract, \$1,128,645.54.

LOCATIONS OF STREETS.

The Mayor has approved the orders of the Board of Street Commissioners for the locations of the following streets:

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Clarendon park, leading northeasterly from Metropolitan avenue for a distance of about 200 feet, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Hopkins road, from Pond street to Mt. Walley road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the location, direction, width and grade of the private way, in the West Roxbury and Hyde Park districts, designated as Pleasantview street, from Ashland street to Roanoke street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as View South avenue, leading southerly from St. Rose street for a distance of about 180 feet, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the location, direction, width and grade of the private way, in the Brighton district, designated as Dickinson road, leading southwesterly, from Washington street for a distance of about 435 feet, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Voted, That the locations, directions, widths and grades of the private ways, designated as follows, as shown on plans approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

Woodward road, West Roxbury district, from Stratford street to proposed West Border road.

Stratford street, West Roxbury district, extended for a distance of about 680 feet southeasterly.

Voted, That the locations, directions, widths and grades of the private ways, in the West Roxbury district, designated as follows, as shown on plans approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved:

Hackensack road, from proposed State Parkway to Brookline boundary line.

Crehore road, from proposed State Parkway to Leland road.

Leland road, southeasterly from the Brookline boundary line for a distance of about 800 feet.

Voted, That the locations, directions, widths and grades of the private ways, in the Hyde Park district, designated as follows, as shown on plans approved in

writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved:

Ruffing street, Lodgehill road to Sherrin street.

Goff street, Lodgehill road to Sherrin street.

Magee street, Lodgehill road to Austin street.

Lodgehill road, West street to Beech street.

Austin street, northeasterly from West street for a distance of about 1,900 feet.

Grassmere road, Deforest street to Hallron street.

Macdonald street, Bates street to Hallron street.

Deforest street, West street to Poplar street.

Hallron street, from Deforest street easterly and thence northerly to a point about 177 feet beyond Macdonald street.

Beech street, northerly from Sherrin street at Goff street to a point about 600 feet north of Asheville road.

Bates street, northerly from Grassmere road for a distance of about 330 feet.

Asheville road, Deforest street to Beech street.

Sherrin street, from Magee street to Dale street.

Voted, That the locations, directions, widths and grades of the private ways, in the West Roxbury district, designated as follows, as shown on plans approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved:

Cerdan avenue, southwesterly from Weld street for a distance of about 1,620 feet.

Burnside avenue, from Weld street to Peak Hill road.

Peak Hill road, from Cerdan avenue to Park Front road.

Glenburnie road, from Burnside avenue to Cerdan avenue.

Ravenna road, from Weld street to Cerdan avenue.

Bellaire road, from Burnside avenue to Cerdan avenue.

Park Front road, from Weld street to Peak Hill road.

PERMISSION TO SELL.

Permission to sell, after public advertisement, a quantity of old materials which are of no further use to the Water Division and which have an estimated value of \$500, has been granted.

AUTHORITY TO DO WORK.

The Mayor has granted the request of the Public Works Department for authority to resurface, with asphalt macadam, West street, from Hyde Park avenue to the West Roxbury line, without advertising, the estimated cost for labor and material being \$7,500.

The Mayor has approved the request of the Public Works Department for authority to resurface, with asphalt (penetration), River street, from Readville street to the Dedham line, without advertising, the estimated cost for labor and material being \$1,500.

The Mayor has approved the request of the Public Works Department for authority to resurface, with asphalt macadam, White street, East Boston, from Trenton street to Meridian street, without advertising, the estimated cost for labor and material being \$5,000.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Hosmer street, bounded: Southeasterly by easement taken by the City of Boston in Hosmer street for sewerage purposes October 22, 1923, six feet; southwesterly by another part of Hosmer street, two hundred and twenty-two feet; northwesterly by the same, six feet; and northeasterly by the same, two hundred and twenty-two feet, containing thirteen hundred and thirty-two square feet, more or less.

The sewerage works to be constructed are as follows: 225 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Hosmer street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the northeasterly side of Hosmer street, beginning at a point about 200 feet northwest of Norfolk street and extending northwesterly for a distance of about 206 feet, and the lots of abutting land on the southwesterly side of Hosmer street, beginning at a point about 160 feet northwest of Norfolk street and extending northwesterly for a distance of about 250 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 688, Sewerage Works, Hosmer Street, Dorchester, July 20, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LEAVE OF ABSENCE GRANTED.

The Mayor has issued the following:

OFFICE OF THE MAYOR,
BOSTON, August 17, 1926.

To the Heads of City Departments.

GENTLEMEN.—You are hereby directed to grant employees of your department who are members of the Jewish faith leave of absence, without loss of pay, for the observance of their New Year and Day of Atonement, which falls on September 9, 10, and on September 18, respectively.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ARTISTIC LETTERER AND PLAN CLERK, METROPOLITAN DISTRICT COMMISSION, SEPTEMBER 3, 1926.

Requisition is for a female, but the examination is open to both males and females.

The salary is \$1,600 per year.

The duties of this position include lettering titles, and other data on construction, record and land plans; tracing of plans; reducing and enlarging plans with the pantograph, etc. Also the filing and indexing of plans. It is desirable that applicants have had a course in art including free-hand and mechanical drawing, perspective, architectural and engineering drafting.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 2; total, 5.

Applicants will be required to obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in experience in order to become eligible.

The minimum age limit for this position is sixteen years.

FISH AND GAME WARDEN, DEPARTMENT OF CONSERVATION, DIVISION OF FISHERIES AND GAME, SEPTEMBER 3, 1926.

There are five vacancies at an entrance salary of \$1,200 per year.

The present maximum is \$1,800 per year.

Applicants must be not less than twenty-one nor over forty years of age at the time of filing application. A certificate of date of birth must be filed with the application.

The duties of this position are to enforce the laws of the Commonwealth relating to fish, birds, quadrupeds and forest fires, particularly with reference to chapter 370, Acts of 1926; to prosecute cases of violations in court; to assist in the propagation of fish and birds; to assist in the seining and salvaging of fish, and other field activities connected with fish and bird propagation and conservation; to give talks and illustrated lectures in schools, before clubs, associations, etc.; to describe the work and problems of the department. It is desirable that applicant have a chauffeur's license and be able to operate boats.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions, including the identification of specimens of game birds and fishes, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination in order to become eligible. Physical examination required.

POLICE SERVICE (MALE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 11, 1926; BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 25, 1926.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of

filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; report, 1, observation tests, 2; practical questions, 4; total, 10.

Applicants must obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in general average in order to become eligible.

Successful applicants will also be required to pass a physical examination and strength tests. Educational qualifications, 1; physical qualifications, 1; total, 2.

The practical questions will be largely based upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 118, State House, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

A certificate of date of birth must be filed with the application.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates:

Worcester, Tuesday, September 7; Boston, Thursday, September 9; Springfield, Tuesday, October 5; Pittsfield, Thursday, October 7; Fall River, Tuesday November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Pheasant street, bounded: Southeasterly by easement taken by the City of Boston for sewerage purposes April 28, 1925, in Pheasant street, six feet; southwesterly by another part of Pheasant street, two hundred and sixty feet; northwesterly by the same, six feet; and northeasterly by the same, two hundred and sixty feet, containing fifteen hundred and sixty square feet, more or less.

The sewerage works to be constructed are as follows: 260 linear feet of 18-inch pipe surface drain, in the above described premises, being part of the private way known as Pheasant street, northwesterly from Falcon street for a distance of about 260 feet.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

EXTENSION OF CONTRACT.

FIRE DEPARTMENT.

The Richard T. Green Company have been granted an extension of the time for completing the repairs on fireboat Engine 31, dated June 5, 1926.

During the course of repairs on this fireboat an alarming defective condition was discovered by the United States steamboat inspectors. While the necessary legal requirements were being effected work was suspended. The work has been resumed and will require twenty working days to complete the same, which would expire on August 27, 1926, provided there are no rainy days in which case the completion day would be extended by so many days.

PUBLIC WORKS DEPARTMENT.

The Bay State Dredging & Contracting Company have been granted an extension of the time of completion of the contract for the dredging at the Refuse Receiving Station, Fort Hill Wharf, city proper, from July 15, 1926, to July 20, 1926, five days.

SUPPLY DEPARTMENT.

The United States Cast Iron and Pipe Foundry Company has been granted an extension of the contract for furnishing pipe to the Water Service, Public Works Department. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, July 31, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The United States Cast Iron Pipe and Foundry Company have completed their contract, dated March 5, 1926, for furnishing pipe to the Water Service, with the exception of 400 lengths of 8-inch pipe.

I am attaching a letter from the contractor in which they state that it would be a favor to them if the completion date of this contract was extended to October 1, 1926.

I am attaching also a letter approved by the Commissioner of Public Works in which it is stated that the stock of pipe now on hand is ample for all requirements, and that there will be no interruption of the season's work owing to the non-delivery of the 400 lengths of 8-inch pipe before the completion date of the contract.

In view of the information, I would request that permission be granted me to extend the completion date of this contract from August 12, 1926, to October 1, 1926.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

LAND-TAKING IN SOUTH END.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land and buildings of St. Vincent's Orphan Asylum at the corner of Camden street and Shawmut avenue, containing about 41,500 square feet, and the land and buildings in the rear thereof, containing about 14,982 square feet for school purposes, the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to St. Vincent's Orphan Asylum, bounded: Northeasterly by Camden street, two hundred sixty-one and 13-100 feet; southeasterly by Shawmut avenue, one hundred fifty-six and 78-100 feet; southwesterly by land supposed to belong to and hereinafter described as taken from Augustus H. Galvin, trustee, *et al.*, two hundred fifty-seven and 88-100 feet; and northwesterly by Northfield street, one hundred fifty-seven and 38-100 feet, containing forty thousand seven hundred and fifty-seven square feet, more or less.

A parcel of land, supposed to belong to Augustus H. Galvin, trustee, *et al.*, bounded: Northeasterly by land supposed to belong to and hereinbefore described as taken from St. Vincent's Orphan Asylum, two hundred fifty-seven and 88-100 feet; again northeasterly by a part of Shawmut avenue, nine and 32-100 feet; southeasterly by another part of Shawmut avenue, fifty-eight and 92-100 feet; southwesterly by land supposed to belong to Holy Apostolic Christian Church, sixty-six and 99-100 feet; again southeasterly by land supposed to belong to Holy Apostolic Christian Church, one and 78-100 feet; again southwesterly by the middle line of a common passageway in the rear of the estates numbered 59 to 67 (inclusive) Lenox street, one hundred one and 23-100 feet; northwesterly by the middle line of another part of said common passageway, four feet; again southwesterly by the middle line of another part of said common passageway in the rear of the estates numbered 69 to 77 (inclusive) Lenox street, ninety-four and 20-100 feet; again northwesterly by other land supposed to belong to Augustus H. Galvin, trustee, *et al.*,

fifty-four and 98-100 feet; again northeasterly by Northfield street, 45-100 feet, containing fifteen thousand one hundred forty-one square feet, more or less. This estate is taken subject to such rights, if any there be, in the owners of the estates numbered 59 to 77 (inclusive) on Lenox street, in a strip of land, shown and designated on the plan hereinafter referred to as "Common Passageway," and said Augustus H. Galvin, trustee, *et al.*, estate is taken with the reservation to said owners, their heirs and assigns, of the right to use said common passageway in accordance with their legal rights.

LAND-TAKING IN CHARLESTOWN.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for public improvement, consisting of the laying out of Linwood place, Charlestown district, as a highway, northeasterly from Main street, with the name of Lawnwood place, or some other distinctive name, bounded and described as follows:

A highway named Lawnwood place is hereby laid out, northeasterly from Main street for a distance of approximately 222 feet.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Main street, twenty-nine and 97-100 feet; northwesterly by the northwesterly line of said Lawnwood place as hereby laid out, seventy-eight and 60-100 feet; northeasterly by the northeasterly line of said Lawnwood place as hereby laid out, two and 50-100 feet; again northwesterly by the northwesterly line of said Lawnwood place as hereby laid out, one hundred forty-three and 11-100 feet; again northeasterly by the northeasterly line of said Lawnwood place as hereby laid out, twenty-five feet; southeasterly by the southeasterly line of Lawnwood place as hereby laid out, one hundred forty-three and 7-100 feet; again northeasterly by the northeasterly line of said Lawnwood place as hereby laid out, two and 47-100 feet; and again southeasterly by the southeasterly line of said Lawnwood place as hereby laid out, seventy-nine and 52-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of Lawnwood place (formerly Linwood place), Charlestown district, as a highway, northeasterly from Main street for a distance of approximately 222 feet, under the order of the Board and awards no damages therefor.

SITUATION OF BOSTON.

Latitude, North, 42° 21 minutes 29.596 seconds, Longitude, West, 71° 3 minutes 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

CONTRACTS AWARDED.

(Continued from page 1488.)

PUBLIC WORKS DEPARTMENT.

Upon August 19 the Mayor approved a contract with the McCulloch Manufacturing Company for B. & F. post hydrants. There was but one bidder. A communication from E. F. Murphy of the Public Works Department was as follows:

Boston, August 17, 1926.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract for assembling fifty B. & F. post hydrants to McCulloch Manufacturing Company, 200 Old Colony avenue, South Boston, the only bidder, at an estimated cost of \$4,700.

The work to be done under this contract is to be completed December 1, 1926.

Respectfully yours,

E. F. MURPHY,

Acting Commissioner of Public Works.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Mrs. Michael J. Flynn, 47 Wenham street, West Roxbury, in the sum of \$500, as compensation for the death of her brother, Cornelius O'Leary, from injuries received December 14, 1925, when struck by Engine 28 of the Boston Fire Department, on Washington street, Forest Hills.

Herman Tinkham, 111 Victoria road, Dorchester, in the sum of \$136, as compensation for damage to automobile, by being struck by fire apparatus at corner of Broadway and D street, South Boston, February 17, 1926.

Elizabeth B. Kane, 800 Beacon street, in the sum of \$2, as refund of fee paid the Licensing Board for lodging house license at 546 Newbury street, and which was not used.

Joseph M. and Catherine A. Hubbard, 91 Glen road, West Roxbury, in the sum of \$200, as compensation for damage to property at 91 Glen road, caused by falling trees in Franklin Park, January 18, 1926.

John P. Curley, 108 Dudley street, in the sum of \$1,511.44, in an action to recover for extra work under contract with Park Department to construct Field House, Boston, because of mistake in plans by Public Works Department in locating a sewer, August 25, 1925.

Cornelius J. O'Handley, 75 Northfield street, Roxbury, in the sum of \$25, as compensation for damage to clothing in assisting police officer to make an arrest at corner of Camden and Washington streets, November 18, 1925.

VALUE OF METROPOLITAN MANUFACTURES.

There were in the District in 1923, 4,740 manufacturing establishments, the total value of their product being \$1,232,206,787 (\$161,741,973 more than in 1922) or 34.5 per cent of total product in the State (viz. \$3,571,348,398) in same year; value of stock and materials used, \$620,031,648; total wages paid, \$245,640,825; average number of wage-earners, 193,000.

Rank, 1 to 12 in value of products: Boston (1) \$583,600,054; (2) Cambridge, \$185,524,463; (3) Lynn, \$95,935,221; (4) Somerville, \$55,106,656; (5) Everett, \$53,313,485; (6) Watertown, \$42,085,503; (7) Chelsea, \$32,735,563; (8) Malden, \$26,894,362; (9) Quincy, \$22,954,732; (10) Waltham, \$20,250,603; (11) Newton, \$14,775,319; (12) Woburn, \$14,162,434. Boston's total product value was 47.4 per cent of the Metropolitan District's.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

SCHOOLHOUSE DEPARTMENT.

Alco Contracting Company have been allowed the following for extra work in the Washington Irving School addition, Charles Sumner District, in finishing up drawing room to comply with standards required by the School Committee, per architect's letter of July 27, 1926, and the amount of \$4,457.36 will be added therefor, making the account as follows: Contract price, \$470,000; total additions, \$40,590.57; total deductions, \$5,500; amount of contract, \$505,090.57.

CITY OF BOSTON.**LIBRARY DEPARTMENT.****PROPOSAL FOR THE RECONSTRUCTION OF PARAPET WALL.**

The Trustees of the Public Library of the City of Boston invite sealed proposals for furnishing labor and materials for the reconstruction of parapet wall on the building of the East Boston Branch Library, Meridian street, East Boston, and giving bond of a surety company therefor in a sum in the full amount of the contract price. Only proposals in form obtained at the office of the engineers, French & Hubbard, 210 South street, Boston, signed by the bidder, and left before 12 o'clock noon of Monday, September 13, 1926, at the office of the Trustees, Boston Public Library, Copley square, with a certified check for one hundred and fifty dollars (\$150) payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be sent as above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening bids. The Trustees reserve the right to reject any or all proposals, and to accept any proposal if it shall be deemed for the interest of the city so to do. Specifications (with forms of proposal and contract) may be obtained at the office of the engineers as above, on and after Wednesday, September 1, 1926.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

By GUY W. CURRIER,

(Aug. 28-Sept. 4.)

President.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.****PROPOSALS FOR SEWERAGE WORKS IN MONTVIEW STREET, BETWEEN COREY STREET AND KIRK STREET, WEST ROXBURY.**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Montview street, between Corey street and Kirk street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eight hundred (\$800) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Montview Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, September 10, 1926, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,

(Aug. 28.) Commissioner of Public Works.

READVERTISEMENT.**CITY OF BOSTON.****SCHOOLHOUSE DEPARTMENT.****TO METAL WORKING MACHINERY CONTRACTORS.**

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to furnish and deliver metal working lathes in the New East Boston High School, White and Brooks streets, East Boston, Mass., giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Tuesday, August 31, 1926, at said office, with a certified check for \$100, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$5 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
LUTHER C. GREENLEAF,

Commissioners.

(Aug. 28.)

CITY OF BOSTON.**FIRE DEPARTMENT.****PROPOSALS FOR REPAIRING, CLEANSING, AND PRESSING OVERCOATS.**

The Fire Commissioner of the City of Boston invites sealed proposals for the repairing, cleansing, and pressing of approximately 1,400 uniform overcoats of the Boston Fire Department. These proposals must be in accordance with forms and specifications which may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, until 12 m., Tuesday, August 31, 1926, and at that time will be publicly opened and read. Proposals must be sealed and made in duplicate, one to be deposited with the City Auditor at City Hall previous to the time stated for opening the bids and the other is to be deposited at the office of the Fire Commissioner. The latter proposal shall contain a certified check for two hundred (200) dollars, made payable to the City of Boston, and to be forfeited if the accepted proposal is not carried out. All proposals should be marked on the outside, "Proposal for Repairing, Cleansing and Pressing Overcoats." A bond will be required for the faithful performance of the contract in the sum of one thousand (1,000) dollars. The Fire Commissioner reserves the right to reject any and all bids, and to award the contract as he deems best.

EUGENE C. HULTMAN,
Fire Commissioner.

(Aug. 28.)

CITY OF BOSTON.**SCHOOLHOUSE DEPARTMENT.****TO GENERAL CONTRACTORS.**

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to erect and complete an addition to the Alexander Hamilton School, Strathmore road and Chestnut Hill avenue, Brighton, Mass., giving bond of a surety company satisfactory to the Board therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1007, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, September 9, 1926, at said office, with a certified check of \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$25 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
LUTHER C. GREENLEAF,

Commissioners.

(Aug. 28.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR BUILDING COLUMBIA STATION ENTRANCE-EXIT BUILDING AND ADJUNCTS, SECTION ONE, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for building Columbia Station Entrance-Exit Building and Adjuncts, Dorchester Rapid Transit. The work consists of the construction of a brick entrance and exit building on the sidewalk level of the bridge at Columbia Station of the Dorchester Rapid Transit. It also includes the construction of toilet rooms, covered stairway, concrete platform canopies, granolithic floors and platform waiting room. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 45 per cent of the total bid price. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, enclosed in a sealed envelope endorsed "Proposals for Building Columbia Station Entrance-Exit Building and Adjuncts, Dorchester Rapid Transit," and delivered to the department or to its secretary before 12 o'clock noon on Tuesday, September 14, 1926, at which time and place they will be publicly opened and read. A properly certified check in the sum of five thousand (5,000) dollars, payable to the city, should accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract can be obtained at this office. A deposit of \$5 in cash or by certified check will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(Aug. 28.) A. D. ADAIR,
Acting Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN BEACON STREET, CHARLES STREET, PARK SQUARE, COLUMBUS AVENUE, ARLINGTON STREET AND TREMONT STREET, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 4,000 feet of 48-inch water pipe in Beacon street, Charles street, Park square, Columbus avenue, Arlington street and Tremont street, city proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of sixty-three thousand (63,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Beacon street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, September 9, 1926, with a certified check for six thousand five hundred (6,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, August 19, 1926.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of an easement in land of the New York, New Haven and Hartford Railroad Company and the Boston and Albany Railroad Company under the Arlington Street Bridge, between Arlington square and Fayette street, for waterworks purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of September 7, 1926, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Aug. 28.) JOSEPH F. SULLIVAN,
Secretary.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, SEPTEMBER 4, 1926.

No. 36

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 20, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, CITY HALL ANNEX, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin

Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

IMPORTANT LOAN ORDERS SIGNED.

The Mayor has signed three important loan orders carrying total appropriations of \$1,400,000 outside the debt limit of the city. One of the orders is for the pumping station at East Boston, authorized by the Legislature for the purpose of constructing a station and outlet for sewage disposal in the Porter street section of East Boston.

The filling in of the East Boston flats by the state has tended to deprive this section of a natural sewage outlet and considerable difficulty has been experienced and many claims have been brought against the city for damages resulting from the backing up of the water and the flooding of property in this section. The loan order signed by the Mayor provides for the appropriation of \$650,000 for the purpose. The construction authorized will remedy the existing difficulty and insure the health and safety of the residents of this section of the city.

A second loan order calls for an appropriation of \$250,000 for the reconstruction of River street, Hyde Park. This street is the main artery for traffic moving between Hyde Park and Mattapan. Its reconstruction will be of great value not only to the residents of these two sections but to the city as a whole, since the new highway will serve to relieve the heavy congestion now felt in Mattapan square.

The third order is for \$500,000 to be used for the widening of Oakland and Ashland streets in the West Roxbury section. The widening of these two streets has been agitated for a considerable number of years. The work, when completed, will undoubtedly help to relieve the traffic congestion which is now felt on Blue Hill avenue since the widened thoroughfare will form a direct connecting highway for traffic moving between Mattapan square and Centre street, West Roxbury.

IMPROVEMENTS AT CITY HOSPITAL UNDER WAY.

Mayor Nichols has awarded to the Matthew Cummings Company the contract for the erection and completion of the Nurses' Home at the City Hospital for \$405,422.

The lot is situated on the southeast side of the present Nurses' Home and southwest of Vose House. The work includes the preparation of the lot for and the erection thereon of a building for and alterations and additions to the Nurses' Home.

It is the intent of the specification that the work on the new building shall be done before any work is started on the interior of Vose House, in order that the new portion shall be occupied and used for dormitory purposes before any serious alterations are started on the interior of Vose House that might interfere with its proper functioning. Where the new building abuts the southwesterly side of Vose House, the present Nurses' Home, openings will be cut, protected with automatic doors at each opening.

The construction of the new Nurses' Home is a part of the \$3,000,000 program provided for by the Legislature in 1923 when provision was made for appropriation of \$2,000,000 by the city outside the debt limit and \$1,000,000 in current taxation.

Up to January 1 of the present year \$750,000 has been spent on the Maternity Building.

This year the Council has approved three projects, of which the Nurses' Home is the first for which a contract has been awarded.

The other projected building is for a Surgical Building to replace the old, antiquated building now on the grounds and for which some \$600,000 will be needed.

To permit the enlargement of the power plant, made necessary by the extensive building operations, about \$150,000 will have to be provided.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Massachusetts.

FRANK H. CUSHMAN, *Editor*, Room 73, City Hall.

JOSHUA H. JONES, *Associate Editor*.

Total, \$304.80.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Antwerp street, Brighton district, as a highway, from Lincoln street to Western avenue, bounded and described as follows:

A highway named Antwerp street is hereby laid out, from Lincoln street to Holton street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Lincoln street, forty and 93-100 feet; northwesterly by the northwesterly line of said Antwerp street as hereby laid out, ten hundred seventy and 47-100 feet; northeasterly by Holton street, forty and 13-100 feet; and southeasterly by the southeasterly line of said Antwerp street as hereby laid out, ten hundred and sixty-five and 2-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's in-

tention to enter upon said lands for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Antwerp street, from Lincoln street to Holton street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Antwerp Street, Ascot Street, Benson Street, Cygnet Street, Duval Street, Brighton, Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Antwerp street, Brighton district, as a highway, from Lincoln street to Holton street, under the order of this Board, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Hillsdale street, Dorchester district, as a highway, northwesterly from Adams street, bounded and described as follows:

A highway named Hillsdale street is

hereby laid out, northwesterly from Adams street for a distance of about eight hundred and two feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Adams street, one hundred thirty-six and 25-100 feet; southwesterly by the southwesterly line of said Hillsdale street as hereby laid out, eight hundred twenty-five and 67-100 feet; northwesterly by the northwesterly line of said Hillsdale street as hereby laid out, thirty-six and 32-100 feet; northeasterly by the northeasterly line of said Hillsdale street, as hereby laid out, six hundred ninety-seven and 96-100 feet; and northerly by the northerly line of said Hillsdale street as hereby laid out, seventy-three and 45-100 feet on a curve of thirty and 24-100 feet radius.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the easterly side of Hillsdale street for a distance of about seven hundred and seventy-eight feet northerly from Adams street; the lot of abutting land at the northerly end of Hillsdale street; the parcels of abutting land on the westerly side of Hillsdale street for a distance of about eight hundred and twenty-six feet northerly from Adams street, and the lots of land in the rear of and adjacent to said parcels, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots and parcels to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Hillsdale Street, Dorchester, Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Hillsdale street, Dorchester district, as a highway, northwesterly from Adams street for a distance of about 802 feet, under the order of the Board, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ascot street, Brighton district, as a highway, from Antwerp street to Litchfield street, bounded and described as follows:

A highway named Ascot street is hereby laid out, from Antwerp street to Litchfield street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Antwerp street, forty feet; southwesterly by the southwesterly line of said Ascot street as hereby laid out, two hundred twenty-two and 78-100 feet; northwesterly by Litchfield street, forty and 4-100 feet; northeasterly by the northeasterly line of said Ascot street as hereby laid out, two hundred twenty-four and 52-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Ascot street, from Antwerp street to Litchfield street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Antwerp Street, Ascot Street, Benson Street, Cygnet Street, Duval Street, Brighton, Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. United Soda Fountain Company..	\$600 00
2. Francis L. Lombard and Antonio Forti.....	121 20
3. Michael and Mary O'Halloran....	123 32
4. William Coday.....	237 60
5. Martin and Nora J. Haugh.....	237 60
6. Mary A. and George W. Woiciechowski.....	124 20
Total.....	\$1,443 92

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Ascot street, Brighton district, as a highway, from Antwerp street to Litchfield street, under the order of the Board, and awards no damages therefor.

Rates: \$4,774,750 at 4% and \$2,020,000 at 4½%. Outside debt limit, \$2,676,000 (Rapid Transit, also Cambridge and

Court Streets, widening); all other serial loans inside debt limit.

Of the \$21,000,000 in revenue loans during the year 1924-25, all but \$1,000,000 was paid within the year.

POPULATION OF NEW ENGLAND CITIES, 1920.

Ranking from the highest number of inhabitants:

Providence, 237,595; Worcester, 179,754; New Haven, 162,519; Bridgeport, 143,538; Hartford, 138,036; Springfield, 129,563; New Bedford, 121,217; Fall River, 120,485; Lowell, 112,759; Cambridge, 109,694; Lynn, 99,148; Lawrence, 94,270; Somerville, 93,091; Waterbury, Conn., 91,410; Manchester, N. H., 78,384; Portland, 69,272; Brockton, 66,254; Pawtucket, R. I., 64,248; Holyoke, 60,203; New Britain, Conn., 59,316; Haverhill, 53,884. The 24 cities not included here had less than 50,000 population in 1920.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Williston road, Brighton district, as a highway, from Corey road to the Brookline boundary line, bounded and described as follows:

A highway named Williston road is hereby laid out, from Corey road to the boundary line between the City of Boston and the town of Brookline, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Corey road, eighty-one and 66-100 feet; easterly by the easterly line of said Williston road as hereby laid out, thirty-one and 60-100 feet on a curve of twenty feet radius; northeasterly by the northeasterly line of said Williston road as hereby laid out, one hundred five and 4-100 feet; southeasterly by the boundary line between the City of Boston and the town of Brookline, forty and 3-100 feet; southwesterly by the southwesterly line of said Williston road as hereby laid out, one hundred three and 92-100 feet; and southerly by the southerly line of said Williston road as hereby laid out, thirty-two and 85-100 feet on a curve of twenty feet radius.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Williston road, from Corey road to the boundary line between the City of Boston and the town of Brookline, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the making of the aforesaid improvement; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Williston Road, Brighton, Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Sarah M. Toy.....	\$280 00
2. Ethel A. Gunn.....	265 00
3. Anna Lebowich.....	280 00
4. Sara M. Axelrod.....	275 00
Total.....	\$1,100 00

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Williston road, Brighton district, as a highway, from Corey road to the Brookline boundary line, under the order of the Board, and awards no damages therefor.

MUNICIPAL YEAR.

From 1926 the municipal year begins on the first Monday in January, which falls on Jan. 4 in said year. This change is in accordance with the City Charter amendments of 1924.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Cygnet street, Brighton district, as a highway, from Antwerp street to Litchfield street, bounded and described as follows:

A highway named Cygnet street is hereby laid out, from Antwerp street to Litchfield street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Antwerp street, forty feet; southwesterly by the southwesterly line of said Cygnet street as hereby laid out, two hundred forty-one and 99-100 feet; northwesterly by Litchfield street, forty and 4-100 feet; and northeasterly by the northeasterly line of said Cygnet street as hereby laid out, two hundred forty-three and 73-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Cygnet street, from Antwerp street to Litchfield street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Antwerp Street, Ascot Street, Benson Street, Cygnet Street, Duval Street, Brighton Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate, by the making of the public improvement, consisting of the laying out and construction of Cygnet street, Brighton district, as a highway, from Antwerp street to Litchfield street, under the order of the Board, and awards no damages therefor.

ADDITIONS TO CONTRACT.**PARK DEPARTMENT.**

R. A. Rossi Company have been ordered to make the following changes in the contract for field house at Brookside Avenue Playground, Jamaica Plain, signed May 24, 1926:

Construct building fifteen (15) feet off and parallel to the southerly line of the

playground instead of fifteen (15) feet off and parallel to the easterly line of the playground as shown on the contract plan.

1. For the additional work of laying out the building at both of these locations including the erection of the batter boards and the removal of same, the sum of sixty dollars (\$60) will be added to contract price.

2. For the excavation and back filling of seventy-five (75) additional feet of trench for water service to the new location over what would be called for at the original location, the sum of sixty dollars (\$60) will be added to contract price.

3. Connect with the sewer in Brookside avenue sewer instead of the Cornwall street sewer as shown on the plan. For this change the amount of twenty-five dollars (\$25) will be added to your contract price.

4. For removing stone boulders at the revised location of the building, the sum of ninety-nine dollars (\$99) will be added to contract price.

5. For the complete installation of additional water pipe for the new location over what was called for in the old contract, including the connection, with gate valve to the gate manhole which controls the flooded area for skating, the sum of one hundred twenty dollars (\$120) will be added to contract price.

6. Make three outside doors of 1½-inch kalamein instead of 1½-inch oak doors, as called for in the contract. For this change in the type of exterior doors the sum of one hundred four dollars (\$104) will be added to contract price.

7. Make all outside screens with strong metal frame instead of wood frame as called for in the contract.

Furnish and install strong iron screen over glass panel in exterior doors.

For these changes in the screens and the additional door screens the sum of sixty-three dollars (\$63) will be added to contract price.

8. Build one (1) wood screen in boys' toilet room four (4) feet long and six (6) feet high with three (3) two and one half (2½) inch posts and wooden slat louvres. Build one (1) wood screen in girls' toilet room six (6) feet long and six (6) feet high of the same construction as the boys' screen. Screens are to be securely fastened to the floor. Screens shall be finished material with two (2) coats of best inside spar varnish. For these two (2) screens furnished and installed complete the sum of one hundred fifty-one dollars (\$151) will be added to contract price.

9. Furnish and install on the two (2) exterior doors to toilet rooms "Corbin," or equal, brass door checks. For these door checks furnished and installed complete the sum of thirty-three dollars (\$33) will be added to contract price.

10. Furnish and install door bolt complete on exterior basement door. For furnishing and installing door bolt complete the sum of one and 50-100 dollars (\$1.50) will be added to contract price.

11. Make interior exposed faces of exterior walls and interior partitions of buff color, salt-glazed brick, instead of buff color glazed tile, as called for in the contract. There will be no change in contract price for this change from tile to glazed brick.

Estimate of Changes.—Additions: 1, relaying out building, \$60; 2, additional water trench, \$60; 3, change in location of sewer connection, \$25; 4, removing stone boulders, \$99; 5, addition water pipe for water service, \$120; 6, changing type of exterior doors, \$104; 7, changing type of window screens, \$63; 8, two wood

louvre screens, \$151; 9, furnishing and installing door checks, \$33; 10, door bolt on basement door, \$1.50; 11, changing interior from tile to buff colored salt-glazed brick, no charge; total addition, \$716.50. Contract price, \$9,790; addition as per this order, \$716.50; contract as standing, \$10,506.50.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Benson street, Brighton district, as a highway, from Antwerp street to Litchfield street, bounded and described as follows:

A highway named Benson street is hereby laid out, from Antwerp street to Litchfield street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Antwerp street, forty feet; southwesterly by the southwesterly line of said Benson street as hereby laid out, two hundred thirty-two and 38-100 feet; northwesterly by Litchfield street, forty and 4-100 feet; and northeasterly by the northeasterly line of said Benson street as hereby laid out, two hundred thirty-four and 13-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Benson street, from Antwerp street to Litchfield street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against them; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Antwerp Street, Ascot Street, Benson Street, Cygnet Street, Duval Street, Brighton, Assessment Plan, April 1 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Mary B. Powers, assistant, salary at time of retirement, \$192 a month.

Kate T. Brooks, assistant, salary at time of retirement, \$184 a month.

Mary Butler, assistant, salary at time of retirement, \$184 a month.

EXTRA WORK UNDER CONTRACT.

Henry F. Malley has been directed to perform the following extra work under contract for bitulithic pavement in Benton, Burke, Cunard, Davenport, Sarsfield and Walpole streets. Items ordered: Remove the existing edgestone at No. 22 Walpole street and construct driveway as directed. To be paid for by force account. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$20.

J. C. Coleman & Sons Company has been directed to perform the following extra work under contract for constructing a bitulithic pavement in Kirkwood road, from Foster street to South street. Items ordered: Reset edgestone disturbed by trenches excavated in street. Price to be paid: For each lineal foot of edgestone reset the sum of 25 cents. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$145.

Samuel J. Tomasello has been directed to perform the following extra work under contract for laying a recut granite block pavement in Devonshire street and Otis street. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: (1.) Build up old concrete base where directed in Summer street, opposite Otis street. Price to be paid: For each cubic yard Portland cement concrete base furnished and laid, the sum of \$8.40. Estimated cost, \$200. (2.) Relay wood block pavement where directed in Summer street at Otis street. Price to be paid: For each square yard wood block pavement relaid, the sum of \$1. Estimated cost, \$400. Estimated cost of extra work, total, \$600.

J. C. Coleman & Sons Company have been directed to perform the following extra work under contract for constructing a bitulithic pavement in Rednor road, Brighton, from Foster street to Kirkwood road. Items ordered: Reset edgestone disturbed by trenches excavated in street. Price to be paid: For each lineal foot of edgestone reset the sum of 25 cents. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$125.

J. C. Coleman & Sons Company have been directed to perform the following extra work under contract for constructing a bitulithic pavement in Kirkwood road, from Foster street to South street. Items ordered: Change two driveways in front of J. S. McLaren's property and construct one driveway in front of F. W. Mahoney's property, this work not being shown on plans. To be paid for by force account. Estimated cost of extra work, \$150.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Garden street, Roxbury district, as a highway, from Holborn street about 230 feet northeasterly with the name of Glenburne street or some other distinctive name, bounded and described as follows:

A highway named Glenburne street is hereby laid out, from Holborn street about two hundred and thirty feet northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Holborn street, thirty feet; northwesterly by the northwesterly line of said Glenburne street as hereby laid out, two hundred and thirty feet; northeasterly by the northeasterly line of said Glenburne street as hereby laid out, thirty feet; and southeasterly by the southeasterly line of said Glenburne street as hereby laid out, two hundred and thirty feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the westerly, northerly and easterly sides of Glenburne street as laid out under this order, the lot of land on the westerly side of Quincy place, designated as Lot 12 on the plan hereinafter referred to, and the lot of land adjacent to the southerly side of said Lot 12, and designated as Lot 10 on said plan, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Glenburne Street, Roxbury, Assessment Plan, June 14, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 943.

Sergt. Gardner M. Davis of Division 9
having arrived at the age of sixty-one
years, having performed faithful service
in the Police Department for thirty-six
and two-twelfths years, and having re-
quested to be retired from active service,
it is hereby

Ordered, That the said Sergt. Gardner
M. Davis be retired from active service
and that his name be placed upon the
department pension roll with pay at the
rate of eleven hundred and fifty (1,150)
dollars per annum, said sum being one
half of the amount of compensation re-
ceived by him in the office from which
he is retired; to take effect Thursday,
August 26, 1926, at 5.45 o'clock p. m.

The Superintendent of Police will pro-
mulate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 944.

The resignation of Patrolman William
J. Kocen of Division 20, having been
presented while charges against him are
pending, it is hereby accepted, to take
effect Thursday, August 26, 1926, at 5.45
o'clock p. m., seven days' notice waived.

The Superintendent of Police will pro-
mulate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 945.

William A. McLaughlin, patrolman as-
signed to Division 9, was on August 23,
1926, dismissed from the Police Depart-
ment for conduct unbecoming an officer
and absence from duty.

Due written notice of such dismissal
with the reasons therefor was duly spe-
cifically given in hand on August 23,
1926, to the said William A. McLaughlin.

The Superintendent of Police will pro-
mulate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 946.

A trial board consisting of Captains
Gallivan, Murphy and Smith, having
heard by reference a complaint against
Patrolman Charles L. Dunsford of Divi-
sion 9, charging him with neglect of
duty, reported to the commissioner a
finding of guilty. In accordance with
which, it is hereby ordered that the said
Patrolman Charles L. Dunsford perform
thirty-five hours' punishment duty.

The Superintendent of Police will pro-
mulate this order.

HERBERT A. WILSON,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 57.

I. AMERICAN LEGION CONVENTION.

Permission to wear the uniform of the
Boston Fire Department while off duty
and out of the city is granted to veterans
of the World War who desire to participate
in the parade at Salem, Mass., on Satur-
day, September 11, 1926.

Members who are to participate in the
parade and who are due to report in
quarters at 6 p. m. on September 11, 1926,
may arrange with their respective com-
pany commanders to report back not
later than eight o'clock, provided that
such member reporting back is covered
by another member of the department of
similar rank. Time shall be made up by
the member who is covered.

II. COMMENDATION.

The Fire Commissioner is pleased to
publish the following letter for the infor-
mation of the department:

NATIONAL REMEDY COMPANY, 69 BROAD
STREET, BOSTON, August 21, 1926.

Hon. E. C. Hultman, Commissioner, Boston
Fire Department.

DEAR SIR,—Allow us to express our
very great appreciation and hearty com-
mendation of the skill displayed by your
department in the management of the fire
on the premises occupied by us at 69
Broad street, yesterday afternoon.

We cannot understand how it was
possible to confine the flames to the floor
where they originated. On the floor
above was stored hundreds of small pine
wood packing cases of seventeen different
sizes, together with a large stock of paper
packing materials which could not all have
been replaced in less than two months.
Such a delay would have been very
serious to some users of our germicide.

We also appreciate the apparent eager-
ness to help and the courteous manner of
the firemen, qualities not always mani-
fested under such strenuous circumstances.
Boston may well be proud of them.

Very respectfully yours,

NATIONAL REMEDY COMPANY
by F. E. ROLLINS, Treasurer.

By order of Fire Commissioner Eugene
C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Dumas street, Brighton district, as a highway, from Antwerp street to Litchfield street, with the name of Duval street or some other distinctive name, bounded and described as follows:

A highway named Duval street is hereby laid out, from Antwerp street to Litchfield street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Antwerp street, forty feet; southwesterly by the southwesterly line of said Duval street as hereby laid out, two hundred forty-eight and 16-100 feet; northwesterly by Litchfield street, forty and 1-100 feet; and northeasterly by the northeasterly line of said Duval street as hereby laid out, two hundred forty-seven and 31-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Duval street, from Antwerp street to Litchfield street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Antwerp Street, Ascot Street, Benson Street, Cygnet Street, Duval Street, Brighton, Assessment Plan, April 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
29. Matilda McKerron.....	\$140 40
30. Michael J. Glynn and Teresa M. Glynn	237 60
31. Mary E. DeGrasse.....	237 60
32. Mary E. Barrett.....	148 76
33. Mellen Sedgley.....	143 68
34. Weikko and Anna Leif.....	237 60
35. Ida M. Kullman.....	237 60
36. John J. Tobin.....	142 20
Total	\$1,525 44

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Duval street, Brighton district, as a highway, from Antwerp street to Litchfield street, under the order of the Board, and awards no damages therefor.

ADDITIONS TO CONTRACTS.

PARK DEPARTMENT.

John McCourt Company has been ordered to make the following additions to the contract for concrete walk on the Public Garden, signed May 12, 1926:

(1.) Construct approaches to concrete walk of water bound macadam four (4) inches in depth, as follows: The crushed stone used shall be one (1) inch in diameter and spread so that after rolling it

shall average four (4) inches in depth. The stone shall be thoroughly rolled and compacted and stone dust shall be added to fill the voids in the stone. The stone dust shall be thoroughly wet down and the rolling and adding of stone dust shall be continued until the voids in the stone are thoroughly filled. The city shall do all the rolling of the macadam and the contractor shall furnish all labor and material to do all the rest of this work. For each square yard of macadam approach constructed the sum of one and 15-100 dollars (\$1.15) will be added to contract price.

(2.) Take out water gate box at location of new walk near Arlington street and built two (2) brick manholes—one near each fountain for new water gates. The manholes shall be six (6) feet in depth and three (3) feet in width inside diameter with eight (8) inch brick walls and four (4) inch brick bottom. Dig trench six (6) feet in depth between these manholes for new water pipe. Furnish and set manhole frames and covers furnished by the city. Backfill trench with soft coal cinders and thoroughly compact same satisfactory to the engineer. Dispose of all other excavated materials. For all of this work, excavating for trench and manholes, backfilling same with cinders and building both manholes, the sum of five hundred seventy-five dollars (\$575) will be added to contract price.

(3.) Take out brick bottom in pool for fountain just north of the new walk near Arlington street and construct a new floor of concrete of one (1) part cement, two (2) parts sand and four (4) parts crushed stone. The new floor shall be four (4) inches in depth and finished with a steel trowel. Remove and dispose of the excavated materials. Rebuild stone masonry post in centre of pool satisfactory to the engineer. For all work on this pool, the sum of three hundred eighty-five dollars (\$385) will be added to contract price.

Estimated additions.—(1.) 969 square yards macadam approach at \$1.15, \$1,114.35 (estimated); (2.) New water gate manholes, etc., \$565; (3.) concrete floor for pool, \$385; total, \$2,064.35 (estimated). Contract price \$3,894.50 (estimated); addition as per this order, \$2,064.35 (estimated); contract as standing, \$5,958.85 (estimated).

The additional work shall be charged to the following appropriations in the following amounts:

Special appropriation, Boston Common and Public Garden, Improvements, \$950; special appropriation, extension of water mains, \$1,114.35.

A. G. Tomasello & Son, Inc., have been directed to make the following changes in the contract for constructing cinder walk to Castle Island, South Boston, signed July 29, 1926.

(1.) Remove high spots and regrade subgrade for cinder walk; all as directed by this department in accordance with Article 2; to be paid for under Article 8; the cost of labor plus 15 per cent, and the cost of materials.

(2.) Omit cinders on slopes where directed and where called for to be used as binder. For each cubic yard of cinders omitted, the contract price per cubic yard of one and 50-100 dollars (\$1.50) will be subtracted from contract price.

(3.) Bind cinder walk with crushed stone dust instead of fine soft coal cinders as called for in the contract. For

each ton of stone dust, furnished spread, watered and rolled, the sum of two and 50-100 dollars (\$2.50) will be added to contract price.

Estimate of Changes.—Additions: Item 1. Regarding subgrade cost of labor plus 15 per cent and cost of materials, \$250 (estimated); Item 3, 140 tons stone dust at \$2.50, \$350 (estimated); total additions, \$600 (estimated). Deduction: Item 2. 400 cubic yards cinders, \$4.50, \$600 (estimated). Contract price \$3,750 (estimated); contract as standing, \$3,750 (estimated).

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EXCAVATING AND REFILLING ABOUT 1,500 LINEAR FEET OF SERVICE PIPE TRENCHES IN SOUTH BOSTON, ROXBURY, DORCHESTER, WEST ROXBURY AND BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for excavating and refilling about 1,500 linear feet of service pipe trenches in South Boston, Roxbury, Dorchester, West Roxbury and Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of two thousand (2,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Excavating and Refilling about 1,500 Linear Feet of Service Pipe Trenches in South Boston, Roxbury, Dorchester, West Roxbury and Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, September 13, 1926, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 4.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN KITTREDGE STREET, WARD 18, FROM WASHINGTON STREET TO ROSECLIFF STREET.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Kittredge street, Ward 18, from Washington street to Rosecliff street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of four thousand (4,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Kittredge Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, September 14, 1926, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CONSTRUCTION OF CONCRETE TUNNEL WITH STEEL PIPE SHAFTS UNDER NEW YORK, NEW HAVEN & HARTFORD RAILROAD AND BOSTON & ALBANY RAILROAD AT ARLINGTON SQUARE, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for construction of concrete tunnel with steel pipe shafts under New York, New Haven & Hartford Railroad, and Boston & Albany Railroad, at Arlington square, city proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of one hundred twenty-five thousand (125,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Construction of Concrete Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, September 21, 1926, with a certified check for twelve thousand five hundred (12,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, September 29, 1926, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold but do not include the cost and interest thereon and costs and charges incident to this sale.

CHARLES J. FOX,
Acting Collector of Taxes for the
City of Boston.

BOSTON TRUST FUNDS AND BEQUESTS.

Number of permanent funds and bequests held by the City, Feb. 1, 1925, for various purposes, 146, representing a total value of \$19,049,281. The earliest dates back to 1674, viz., Gibson School Fund. The largest fund is the bequest of the late George F. Parkman, consisting of various parcels of real estate now sold and reinvested in bonds, all valued at \$5,455,653, the income from which is used for the upkeep and improvement of the older parks.

Nearly as large a bequest is that of the late George Robert White, consisting of first-class realty valued at \$4,922,400, also an invested fund amounting to \$330,000. Revenue in 1924 from White bequest, \$426,671, of which \$265,027 was expended for new Health Unit building in North End. (3) 3 Boston Retirement System funds, \$2,671,428; (4) 17 funds in charge of Public Welfare Overseers, amounting to \$1,015,063; (5) 10 Cemetery funds, \$957,247; (6) Public School Teachers' Retirement, \$887,182; (7) 3 Franklin and Franklin Union, \$839,710; (8) 43 Public Library funds, \$715,981; (9) Permanent School Pension, \$586,390; (10) Police Charitable, \$207,550; (11) 22 School funds, \$172,383; (12) 23 City Hospital funds, \$117,780; 20 others, \$170,514. Average annual income from all invested funds, nearly 4 per cent.

BOSTON CHARTER CHANGES.

In 1854, 1885, 1909 and 1924 important changes in the original City Charter of 1821 were effected for the purpose of improving the methods and efficiency of the City Government. The revision of 1854 (Chap. 448, Stat. 1854) referred to the voters for acceptance, gave the Mayor a qualified veto over the action of the City Council, also the power of removal of appointed officials, besides providing for his election by a plurality instead of a majority vote. The amendments of 1885 (Chap. 266, Stat. 1885) were not submitted to the voters for approval. They transferred all the executive powers to the Mayor, prohibiting the City Council form interference with the executive and administrative business of the City. This was done in order to end the inefficiency resulting from an excessive number of joint committees, a municipal development conforming to the traditions of the outgrown town government.

The amendments of 1909 (Chap. 486, Stat. 1909) cut down the number and powers of the legislative branch of the government to a minimum, the Board of Aldermen (13 members) and the Common Council (75 members) being abolished. For these was substituted a single City Council of nine members to be elected at large for 3-year term. The Mayor's position was further strengthened by giving him a 4-year term, subject to recall at end of two years, but requiring a majority vote of the registered voters to make the recall effective. The Mayor's power over appointments was no longer subject to check by aldermen but by a State board, the Civil Service Commission and City elections were removed from all connection with national and State politics, no primaries nor caucuses being permitted, all candidates for office to be selected by means of nomination papers. The only question in this Act of 1909 which was submitted to the voters was contained in section 35, i. e., whether Plan 1 or Plan 2 should be adopted, the first providing for a term of two years for Mayor and a City Council of 36 members to be chosen in primaries. Plan 2, providing for City Council of 9 members, was adopted by a majority of 3,894.

Charter of 1909 amended later as follows: (1) By Chap. 437, Acts of 1910, exempting loans issued for Rapid Transit construction from the prohibition of the establishing of sinking funds, as contained in sec. 26. (2) Chap. 730, Acts of 1914, fixing date of annual municipal election on the sixth Tuesday after the state election instead of in the following January, as in sec. 32; changing the requirements as to signatures on nomination papers to 3,000 for Mayor and 2,000 for City Council and School Committee instead of 5,000 for all, as in sec. 53, also limiting the number of nomination papers issued to 300 for a candidate for Mayor and 200 for other candidates, referring to sec. 54. (3) Chap. 37, Special Acts of 1918, annulling the jurat at end of nomination papers. (4) Chap. 94, Special Acts of 1918, abolishing recall of Mayor and making him ineligible for re-election, i. e., establishing a single term of four years, but not prohibiting the election of any Mayor for other than consecutive terms. (5) Chap. 288, Acts of 1921, fixing date of the annual municipal election on the first Tuesday after

the second Monday in December, also making slight changes as to nominations. (6) Chap. 133, Acts of 1922, changing publication of list of City officials and employees to every second year from 1923. (7) Chap. 479, Acts of 1924, providing for biennial City elections (dating from Nov. 3, 1925); for borough or ward representation in City Council; for a fiscal year dating from Jan. 1 to Dec. 31, beginning in 1926, also a municipal year dating from the first Monday in January, to begin in 1926; for election of the five members of School Committee in 1925, the candidates receiving the two largest votes to hold office four years, the other three for two years and at the election in 1927 and thereafter the term for all to be four years.

The only amendment of 1924 subject to a referendum was the alternative of Plan 1 or Plan 2 as to the City Council. At the State election on Nov. 4 Plan 2 was adopted, providing for the election by each ward in 1925 and every second year thereafter of one councillor for 2-year term.

TRANSPORTATION STATISTICS.

Number of passengers on steam railroads to and from Boston, year ending Dec. 31, 1924, New York, New Haven & Hartford, 28,134,571; Boston & Maine, 27,717,242; Boston, Revere Beach & Lynn, 11,890,288; Boston & Albany, 9,027,352; total railroad passengers, 76,769,453 or 6,709,694 less than in 1923.

Passenger trains in and out of South Station, during summer season, 586 a day, 402 of which are N. Y. & N. H. and 184 B. & A.; North Station, 395 a day; Boston, Revere Beach and Lynn, 420 a day.

Passengers carried by Boston Elevated Co. in 1924 numbered 382,888,848 or 739,151 more than in 1923 and the largest total on record. Miles of single track operated by B. E. Co., 513.3 or 464.7 surface and 48.6 third-rail track (about 313 miles within City limits and 200 outside); length of main lines, 233 miles; surface line single track owned, 430.7 miles; number of trips a day about 19,000, operated through an area of 94 square miles; mileage covered by 12 lines of motor-buses in year 1924 was 890,901; total passenger cars owned on Jan. 1, 1925 was 2,120 or 1,652 for surface lines and 468 rapid transit (mostly steel cars). Total Elevated employees, 8,700 or 1,743 motormen, 1,718 conductors, 319 guards, 4,920 others (various).

Passengers carried by Eastern Mass. Street R'way Co. in same year, 137,300,000 (approx.); miles of track operated 642, serving 71 cities and towns; number of employees 2,600; cars, 700. Boston & Worcester Street R'way Co., 9,825,817 passengers carried, 83.2 miles of track operated; 323 employees; 71 cars.

Miles of steam railroads in United States in 1923, 250,413 or one-third of total railroad mileage in the world. Largest number of miles operated by one system, 11,118, Southern Pacific; (2) 11,010, Chicago, Milwaukee and St. Paul; (3) 10,481, Pennsylvania. Average number of employees, 1,857,713; passengers carried in year 1923, 1,009,000,000 (approx.); tons of freight, 1,387,942,018. Property investment in railroads and equipment in U. S., \$20,590,200,117.

Miles of electric railways, 43,934 (single track operated) of which 2,690 miles were in Mass.; total passengers carried in 1922 on all electrics, 12,665,300,000.

UNDERGROUND RAPID TRANSIT IN BOSTON.

The Boston Transit Commission, consisting of five members, two appointed by the Governor and three by the Mayor, began its official existence, July 1, 1894, and ended it July 1, 1918, after seven extensions of the original term. It constructed, under the authority of Acts of the Legislature, the following subways and tunnels, the ownership of which is vested in the City of Boston, and all costs to be covered by revenue from same, not by taxation; Tremont Street Subway, from Broadway and Tremont St., South End, to North Station and from Boylston St., near Charles to Park St., 1.68 miles, opened to Park St. September 1, 1897, and to North Station on Sept. 3, 1898, costing with subsequent alterations, \$4,416,000, the first transportation subway in the United States; East Boston Tunnel, from Maverick square, E. Boston, under Boston Harbor and State St. to Scollay square, Boston Proper, 1.42 miles, opened December 30, 1904, costing \$3,336,000, the first all-concrete underwater transportation tunnel in the world; Washington Street Tunnel, from Ash st. opp. Nasau, South End, to Traverse st., near North Station, 1.16 miles, opened November 30, 1908, costing \$8,496,700 (including \$2,850,000 land damages; Cambridge Connection Subway, from under Park st. station of Tremont St. Subway to Grove st., near Cambridge Bridge, 0.47 miles, opened March 23, 1912, costing \$1,465,000; Boylston Street Subway from Commonwealth ave., near Kenmore st., Back Bay, to Tremont St. Subway, near Charles st., 1.5 miles, opened October 3, 1914, costing \$5,435,639; East Boston Tunnel Extension from Scollay square to North Russell st., 0.41 miles, opened March 18, 1916, approximate cost, \$2,523,000; Dorchester Tunnel, from Park st., Boston Proper, to Andrew square, South Boston, 2.26 miles, opened December 3, 1916, as far as South Station; on December 15, 1917, to Broadway, South Boston, and on June 29, 1918, to the Andrew Square terminal. Trains of four or six cars are run in the East Boston Tunnel, the Washington St. Tunnel, continuing on elevated track to Forest Hills, also in Dorchester Tunnel from Andrew sq., So. Boston, connecting with Cambridge Tunnel, to Harvard sq., Cambridge, while only single or double street-cars are run in the other tunnels and subways. Cost of Dorchester tunnel, \$11,016,700 to Jan. 31, 1925; of new Arlington Station extending under Boylston St., between Arlington and Berkeley, \$1,230,676; of East Boston Tunnel Alterations, Maverick sq., \$3,768,857.

Total gross debt on Feb. 1, 1925 for all subways and tunnels, \$42,096,700; against which a sinking fund of \$7,825,262 has been accumulated from the revenue, making the net debt \$34,271,438. The loans are payable mostly in 40 years from date of each (loans since 1911 payable in 45 years), annual interest averaging 3.8 per cent.

These underground ways, about nine miles in all with total of 19.27 miles of single track, were leased to the Boston Elevated Railway Company (which furnished the equipment) for term of 25 years (except Tremont Street 20 years) at annual rental of $4\frac{1}{2}$ to $4\frac{3}{4}$ per cent of net cost (except East Boston Tunnel which was at $\frac{1}{2}$ of one per cent of all annual gross receipts of said company).

In accordance with Chapter 741, Acts of 1911, the various leases were extended to July 1, 1936, the rental to be $4\frac{1}{2}$ per cent of net cost after expiration of the first-term leases.

By Chap. 185, Special Acts of 1918, the powers of the Transit Commission, whose term expired that year, were transferred to the Mayor, Commissioner of Public Works and City Treasurer, or such person or persons, not exceeding three, as the Mayor might appoint. By Chap. 3, Ordinances of 1918, the Transit Dept. was established as a regular City department, to be in charge of three commissioners.

By Chap. 480, Acts of 1923, the extension of the Dorchester Tunnel from Andrew Square about 1,300 feet southerly was ordered, the proposed new railway location then coming to the surface 400 feet southeast of Dorchester Ave., thence continuing to Harrison Square; thence along the Shawmut Branch railroad to its termination at Blue Hill Ave. and River St., Mattapan.

Loans issued in 1924-25 for Dorchester Tunnel extension, \$300,000 and for Dorchester Rapid Transit, \$150,000.

AUTOMOBILE STATISTICS.

Registration of automobiles and licensing of operators in Massachusetts is in charge of the State Dept. of Public Works, Registrar of Motor Vehicles. In the 7 months to August 1, 1925, there were registered in Mass. 675,074 automobiles (584,234 passenger and 90,840 commercial inclu. trucks) an increase of 81,325 over 1924 registration for corresponding period. Fees collected in 1925 to Aug. 1, amounted to \$8,213,697 or \$1,060,759 more than in 1924. Motorcycles registered, 8,939 or 308 less than in 1924. Reported (unofficially) owned in Boston alone in 1924, passenger cars, 68,154 and commercial, 16,033 or a total of 84,187. Increase of passenger autos in 1925 about 18 per cent.

In the year ending Nov. 30, 1924 the total Mass. registration was 683,093 or 105,210 more than in 1923; persons licensed to operate, 620,439 or 83,620 more; licenses suspended and revoked, 14,154 or 2,541 more; persons killed, 709; injured, 19,579; total collisions, 24,924, of which 11,542 were of autos against autos, 11,190 of autos against pedestrians; chief causes, overspeeding and inattention; in Boston alone, 128 killed (18 more than in 1923) and 3,737 injured. In 8 months ending Aug. 1, 1925, the fatalities averaged 53 monthly or 6 less than in 1924.

Prosecutions by Boston police for violation of automobile laws in year ending Nov. 30, 1924, 9,835 (917 more than in 1923) of which 4,192 were of non-residents and 1,460 of minors.

According to U. S. Census Bureau the deaths from automobile accidents in 58 principal cities of United States during calendar year 1924 numbered 5,030 or 122 more than in 1923. This represents a death rate of 19.0 per 100,000 population. Highest death rate in Paterson, N. J., 34.8; lowest in New Bedford, Mass., 9.8. Number of deaths in calendar year from said cause: New York, 1,001; Chicago, 560; Detroit, 303; Los Angeles, 287; Philadelphia, 263; Cleveland, 220; St. Louis, 186; Pittsburgh, 185; Boston, 142.

The automobile industry, begun in 1896 with a production of 25 cars, now ranks third in value of products, textiles and iron and steel manufactures exceeding. In 1924 the production was 3,243,-

285 passenger cars and 374,317 trucks, all valued (wholesale) at \$2,328,066,004. Adding the output of parts, tires and accessories, \$1,500,535,000, the total value is \$3,828,601,004. Total fees paid by owners in U. S. in 1923, 188,970,992, about 90 per cent of same being used for highway improvement.

More than half the American producers are located in five states of the Middle West, viz., Mich., Ohio, Ill., Ind., Wis. Makers of passenger cars, 90; of trucks, etc., 147; number of dealers, 48,138; capital invested, \$1,691,050,112; number of factory employees, 329,563; wages and salaries paid in 1924, \$547,215,700; estimated consumption of gasoline in U. S. in year 1924 was 7,780,625,085 gallons; estimated number of worn-out autos scrapped in 1923 was 1,010,525.

Total exports of automobiles and parts of, from United States in year ending Dec. 31, 1924, amounted in value to \$232,789,638, including 151,386 passenger cars (\$112,537,644) and 27,497 trucks and commercial autos \$19,385,057).

According to the world census of automobiles by Automotive Division, Bureau of Commerce, in 1924 the total was 21,264,752, of which 17,591,981 or 83 per cent were in United States.

NATIVES AND CITIZENS OF BOSTON AND VICINITY HONORED IN HALL OF FAME.

In the American Hall of Fame, New York City, dedicated in 1901, are inscribed, on bronze tablets the names of 56 eminent men and 7 distinguished women deemed worthy of the highest honor on account of their services and attainments. Of the 63 individuals thus selected (up to 1920 inclusive) by an electorate of 100 leading Americans, 27 were natives or for some time citizens of Boston or vicinity. The names of the latter are as follows:

Chosen in 1900—John Adams, Benjamin Franklin, William Ellery Channing, Ralph Waldo Emerson, Daniel Webster, Henry Wadsworth Longfellow, Horace Mann, Nathaniel Hawthorne, George Peabody, Samuel Finley Breese Morse, Joseph Story, Asa Gray, Gilbert Stuart—total, 13.

Chosen in 1905—John Quincy Adams, James Russell Lowell, John Greenleaf Whittier—total, 3.

Chosen in 1910—Edgar Allan Poe, Oliver Wendell Holmes, George Bancroft, John Lothrop Motley, Phillips Brooks—total, 5.

Chosen in 1915—Louis Agassiz, Francis Parkman, Rufus Choate, Charlotte Cushman—total 4.

Chosen in 1920—William Thomas Green Morton, Alice Freeman Palmer. Five additional names every fifth year are to be selected and inscribed until the year 2000, when the 150 tablets in the colonnade will be complete.

If those who were natives or residents elsewhere in the State are added to the list, the following 7 names increase the total to 34 for Massachusetts or more than half the whole number, viz.: William Cullen Bryant, Jonathan Edwards, Mark Hopkins, Elias Howe, Eli Whitney, Maria Mitchell, Mary Lyon.

If all New England is included, 4 more names will bring up the total to 38 or 60.3 per cent of whole number chosen, these being Roger Williams, Henry Ward Beecher, Harriet Beecher Stowe, Emma Willard.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

POLICE SERVICE (MALE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 11, 1926; BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 25 1926.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; report, 1, observation tests, 2; practical questions, 4; total, 10.

Applicants must obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in general average in order to become eligible.

Successful applicants will also be required to pass a physical examination and strength tests. Educational qualifications, 1; physical qualifications, 1; total, 2.

The practical questions will be largely based upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 118, State House, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

A certificate of date of birth must be filed with the application.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates:

Worcester, Tuesday, September 7; Boston, Thursday, September 9; Springfield, Tuesday, October 5; Pittsfield, Thursday, October 7; Fall River, Tuesday, November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years'

experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who received less than 50 per cent, or who failed on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAYSON DANA,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of 50 or 60 persons, arriving in September and settling at Naunkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about 400 persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a Governor and Council. Endicott was appointed in London as the first resident Governor on April 20, 1629. The Massachusetts Bay Company was reorganized in London on Oct. 20, 1629, when John Winthrop was chosen as Governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served 13 years as Governor in four different periods ending in 1649 and Endicott 15 years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving 12 years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed 82 years to 1774, the governors being appointed by the King.

BOSTON'S EXPENDITURES FISCAL YEAR, 1924-25.

Total ordinary and extraordinary, \$72,277,158 or \$2,844,156 more than in 1923. For maintenance of departments (excluding Water Service and Printing Dept. covered by revenue), \$42,178,445 (including \$13,131,300 for School Depts.); for City and County interest, \$3,522,044; sinking-fund requirements, \$436,859; serial loan payments, \$2,364,196 (making all debt requirements, excluding Rapid Transit, \$6,323,098); for Water Service, including Metropolitan water assessment, interest on debt, etc., \$3,463,600 (covered by water revenue). State tax, \$2,752,000; all other Metropolitan and State assessments, \$1,775,538; Printing Department, \$428,510 and *City Record*, \$32,246 (both covered by revenue); special appropriations from tax levy for public improvements, \$5,188,963; from same for payment to Pension Accumulation Fund, \$1,228,644; special appropriations from Parkman Fund income for park improvements, \$233,902.

Total ordinary expenditures, \$63,604,947 or \$2,670,846 more than in 1923. Total expenditures for department maintenance only, \$2,934,130 more than in 1923.

Department increases of expenditure for maintenance in excess of \$25,000 over the year 1923 were: School Depts., \$709,474; Public Works, \$366,153; Suffolk County, \$362,719; Fire Dept., \$259,373; Police, \$242,716; Overseeing of Public Welfare, \$222,511; Hospital, \$211,055; Soldiers' Relief, \$160,624; Election, \$107,919; Library, \$58,779; Public Buildings, \$27,621; Boston Sanatorium, \$26,333; Health, \$26,268.

Total department expenditures for maintenance, \$342,919 less than appropriations.

Decreases of expenditure from 1923 were: Park Dept. \$9,661; Institutions, \$9,531; Conservation Bureau, \$7,668; Finance Commission, \$4,741; City Planning Board, \$3,752; Weights and Measures Dept., \$3,596; Licensing Board, \$1,285.

Extraordinary expenditures for permanent improvements (i. e. loan appropriations, etc., including unused portions from previous year), \$6,763,100, of which \$1,297,495 was for making of highways; \$960,966 for Cambridge and Court streets, widening; \$938,905 for Rapid Transit construction; \$853,784 for sewer construction; \$434,631 for Fire Alarm Signal Station; \$432,598 for various public buildings and sites; \$307,317 for playgrounds and improvements; \$250,814 for Police Station 2 Building; \$210,236 for Faneuil Hall Building, improvements; \$202,722 for East Boston Ferry, improvements; \$194,674 for parks and improvements; \$165,643 for Police Station, Hyde Park; \$153,528 for City Hospital, improvements; \$144,013 for Chelsea Bridge, South; \$115,000 for Elks' Parker Hill Hospital. For Rapid Transit debt requirements, \$1,743,457. Total extraordinary, \$8,672,211 or \$814,000 less than in 1923.

BOSTON REAL ESTATE EXEMPT FROM TAX, 1924.

Belonging to City, \$155,875,200; State, \$42,187,500; United States, \$71,587,600; churches, \$29,022,200; institutions, \$56,812,600. Total real estate exempt in City, \$355,845,100, of which \$204,564,900 applies to land and \$150,920,200 to buildings.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, SEPTEMBER 11, 1926.

No. 37

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 20, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin

Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

FIRE DEPARTMENT REPORT.

September 2, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I enclose, herewith, lists showing alarms, locations of fires, companies responding and the estimated loss for the month of August, 1926.

During the past month the department responded to a total of 453 alarms, 244 of which were bell alarms and 214 were still and automatic alarms. The estimated loss for the month was \$182,972.

During the month of August, 1925, the department responded to a total of 525 alarms, 259 of which were bell alarms and 266 were still and automatic alarms. The actual loss for the month was \$428,992.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

WELL BEING OF CITY WORKERS OF SERIOUS IMPORT TO MAYOR.

TELLS LABOR OFFICIALS, IN LABOR DAY ADDRESS, OF WAGE INCREASES GRANTED AND PROPOSED, ON HOW HE HOPES TO FURTHER IMPROVE CONDITIONS.

At the luncheon under the auspices of the Boston Central Labor Union, Labor Day, September 6, the Mayor delivered the following address:

No city in America has a better claim to leadership in the observance of Labor Day than the City of Boston. Were the day not set apart by national and state enactment, it would be designated by common consent in this city of enlightened and industrious people.

The impulse which made Labor Day an American holiday came from here. We have been a community of toilers since the founding of Plymouth Colony. We know nothing so well as work. We value no benefits above those produced by the efforts of hand and brain. We have never found and never shall find any blessings greater than those of common toil.

Our city is the center of a great industrial community composed of six states. These states are situated at some distance from centers which produce raw material necessary to trade and manufacture and yet, by reason of the skill and industry of our workers, we have been able to hold our own against severe competition. More than that, we have at the same time pointed the way in policies widely beneficial to wage earners. As a progressive commonwealth, Massachusetts is in advance of her sisters. As a progressive city, Boston must be placed among the first.

Ours is a city of opportunity, made so by the independent and forward spirit of all our citizens. This comes not through legislation. At bottom the growth of opportunity is not a governmental matter. It comes from honest opinion and determination to give all an equal chance. But opportunity is lost when character fails. I do not think there is a more important thing than the building of character. At its foundation are work and honesty. Look about you and see if the factors which bring about opportunity are not all at work. Not one of those thousands who marched up School street today would substitute idleness for work, not one who does not believe in the teaching that every boy should have as good a chance in life as any other boy.

I cannot think of any labor policy that is inconsistent with an American

(Continued on page 1585.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Souter street, leading northwesterly and thence southwesterly from Centre street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Cornuba street extension, between Cornuba street and Poplar street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

EXTENSION OF CONTRACTS.

LIBRARY DEPARTMENT.

Lynch & Woodward have been granted an extension of the time of completion of the contract for the installation of ventilating fans, etc., in the Central Library building, dated April 16, 1926, from June 16, to August 5 1926.

The George W. Nicoll Company have been granted an extension of time for completion of the contract, dated July 9, 1926, for a period of twenty days.

MAYOR'S ADDRESS.

(Continued from page 1533)

policy. We all have the same thing in mind in the protection of health, the broadening of education, in the measures for reasonable conditions of employment, in fair wages for good work, in the respect of opinions not our own, and in religious and race toleration. These are wholesome policies, and yet in the name of all that is equitable and just nothing is so hard as to carry a sound policy into a reasonable practice.

It is a good many years since Lincoln declared that no man should wring his bread from the sweat of another man's face, nevertheless we must be taught again and again the truth contained in his incisive words. It is often lost on the man whose ambition is affected, who would willingly gain wealth or power at the price of ruin to a fellow man. Self-interest is a veil to be put aside but I would not have anyone put aside a proper self-interest.

Capital represents such an interest. Labor represents such an interest. Each has a legitimate business mission to fulfill and there cannot be one without the presence of the other.

I have always believed that the laborer is entitled to a full and reasonable compensation. He should also receive just compensation as he advances. A reasonable business man seeks men who wish to learn, men who want to go ahead, men who can and will become valuable to his business. The laborer who uses his brain and energy to push aside difficulties that meet him on the way has a key that opens every passageway to success. Opportunity finds its way for the man who wills to win, whether he starts in the field with the hoe or plow, in the engine room shoveling coal, or on the building as a workman, or in a technical school.

If the man has the will to win, the field is open, as his chances to reach the top of his chosen line are just as good as any other man's. No one has a monopoly of opportunity in America. There should be no class distinction to hold you down.

Labor is directly interested in industry. It is more particularly interested in private industry for the reason that the greatest amount of labor is employed by private industry. If industry makes a profit and can see room to expand and grow, then more room is made for labor.

It is my great honor to be chief magistrate of a public corporation known as the City of Boston. This city is called upon to deal with a variety of complex problems. First of all, the city is one of the largest employers of labor in the Commonwealth. One of the first problems to be presented to me related to wages and salaries. This came at a time of many unusual demands. I deemed the problem of paramount importance and placed the wages of the city laborers as high as the highest, and I also brought about other wage increases of a substantial nature.

This was not only fair to those who received additional compensation but was beneficial to the city itself in the increased desire to give good service. It is my opinion that further wage increases are warranted.

I deem the comfort and well being of the city employees of great importance. I do not want them anxious about their

jobs. I do not discharge them for reasons of politics or of false economy. I am a toiler as well as they. I only ask that they serve the city faithfully. I want them for my friends.

No city gives her citizens more. The only pity is that her parks, playgrounds and municipal buildings are not more universally enjoyed. For instruction in games and in athletics we are noteworthy. Few cities if any compete with us. Each wage earner should own his own home and as an encouragement to home owning my administration provided for the building of new streets where homes have been erected. We have this year given additional police protection to those homes to the extent of 300 police officers.

We have given the schools more money than they ever had before and have made available millions for hospitalization, and as a high tax rate is a serious matter for all of us I shall try to reduce it next year and I shall succeed.

Fair play cuts quite a figure in this world. It is the sense of fair play that preserves a just balance in all our affairs. It is a characteristic of your own great organization. Once you were weak. Now you are powerful, and in your power you will grow in strength as you preserve your fairness.

In public as well as in private employ I am pleased to find on this Labor Day that laborer and employer are disposed to work together. It is the secret of our good fortune. But we can broaden that good fortune by a better understanding. Through it we can make Boston, fine as it is, a finer and more attractive city to live in, one ever growing in its industrial importance, in its numbers and its commanding influence for good.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Milton avenue, bounded: Southerly by Codman street, six and 51-100 feet; westerly by another part of Milton avenue, two hundred seventy and 74-100 feet; northerly by the same, six feet, and easterly by the same two hundred seventy-three and 26-100 feet; containing sixteen hundred and thirty-two square feet, more or less.

The sewerage works to be constructed are as follows: 271 linear feet of 10-inch

pipe sanitary sewer, in the above described premises, being part of the private way known as Milton avenue, between Codman street and Codman Hill avenue.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the easterly side of Milton avenue, between Codman street and Codman Hill avenue, excluding the lot at the southeasterly corner of Milton avenue and Codman Hill avenue; and the lots of abutting land on the westerly side of Milton avenue for a distance of about 267 feet northerly from Codman street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the making of the aforesaid improvement; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 695, Sewerage Works, Milton Avenue, Dorchester, August 10, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROUT SHARPLY TAKEN TO TASK FOR BANDSTAND BALLYHOO.

BOSTON, September 8, 1926.

MR. WILLIAM C. PROUT, 262 Washington Street, Boston.

MR. DEAR MR. PROUT,—Many thousands of your fellow citizens like myself found Boston a good city to live in, and came here, as I did, to make it their home.

It is a surprise to all of us to read in your letter that one not born here probably has not yet become imbued with the spirit of American liberty, typified by traditions surrounding Boston Common.

You cannot mean this. Boston comes from all the world.

You may not like Maine, but it is a delightful place, and I hope you will not resent it if I recall at this time the many pleasant walks I used to take on Prout's Neck.

I have good news for you. I have arranged to have the Parkman Bandstand available on next Saturday after four o'clock in the afternoon for all candidates for public office, and by consulting with Deputy Park Commissioner Long, 33 Beacon street, you will be able to have a definite time allotted to you.

The Saturday before primaries is the most desirable day and it seems to me that on that day all candidates who wish should be given a fair opportunity to state their views.

With kind regards, I am,

Very sincerely yours,

MALCOLM E. NICHOLS, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

For the week ending Monday, September 6:

Chauffeurs.—F. Bonang, J. Condon, T. Kelleher, J. O'Brien, 2 days, \$10 each; J. Broderick, 3½ days, \$17.50; J. Burke, 2½ days, \$12.50; T. Norton, 3½ days, \$16.25; M. Walsh, ½ day, \$2.50.

Emergencymen.—D. Curley, A. Christie, J. Doherty, M. Donohue, J. Kelley, 1 day, \$5.50 each; W. Scanlon, 2 days, \$11; M. Carney, T. Kinahan, W. Rice, 1 day, \$5.25 each; M. McQuinn, 2 days, \$10; J. Roust, P. Clougherty, R. Curcio, T. Flanagan, W. Fitzsimmons, 1 day, \$5 each; H. McCauley, 1 day, \$5.25.

Repairers.—E. Rafferty, ¾ day, \$4.43; W. O'Hare, 1½ days, \$7.88; A. LoPilato, 2 days, \$10; M. O'Day, 2½ days, \$11.69; P. O'Hare, 1½ days, \$8.25; G. Cozza, 1 day, \$5.25; P. Dolan, 2½ days, \$13.13; G. Goodwin, 1½ days, \$7.88; L. Earner, 1½ days, \$6.19; F. Golding, ¾ day, \$3.45; P. Lydon, 1½ days, \$8.25; J. Blessington, 2½ days, \$11.81; A. Rolfe, 1½ days, \$8.86; A. McDougall, 1½ days, \$9.84; T. Dalrymple, 2½ days, \$11.72; J. Reilly, ¾ day, \$1.88; J. Gallagher, ¾ day, \$0.98; G. DeGrann, ¾ day, \$0.94; B. McMannus, ¾ day, \$3.75; P. Clougherty, ¾ day, \$2.50; J. McKenney, ¾ day, \$4.64; M. Matthews, ¾ day, \$1.97; T. Keefe, ¾ day, \$1.88; S. Mickewicz, ¾ day, \$5.16; E. DeAngelis, ¾ day, \$4.92; J. Lonergan, ¾ day, \$4.69; T. Byrnes, M. Daley, J. Leonard, S. Mariani, ¾ day, \$4.13 each.

Laborers.—M. Barron, M. Connolly, E. DeAngelo, B. Doherty, W. Cannon, S. LoPilato, E. Pyne, T. McGuinness, E. McLaughlin, J. O'Toole, P. Coleman, 2 days, \$10 each; G. Condon, 3 days, \$15; A. Delaney, 1½ days, \$5.63; B. Hill, 1½ days, \$9.38; C. Joyce, ¾ day, \$3.75; C. King, 3 days, \$15.75; P. Mulhern, ¾ day, \$3.75; J. McCauley, 3½ days, \$17.50; J. Williamson, ¾ day, \$3.28; P. Waters, 3 days, \$15; J. Wall, 2½ days, \$12.50; J. McGrath, ¾ day, \$2.46; J. Feeley, 1½ days, \$6.56; J. Dillon, W. Fay, P. Finnerty, J. Mariani, 1½ days, \$7.50 each; J. Horgan, J. McCauley, 1 day, \$5 each.

Total, \$622.14.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendation of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon September 2 the Mayor approved a contract with Donahue & Riordan for cleansing, pressing and repairing the uniform overcoats and reefers of this department: Bids, opened August 31, were as follows:

Cleansing and Pressing.—Daniel Miller, 55 cents per garment; Donohue & Riordan, 60 cents per garment; Mrs. W. F. Ellis, 75 cents per garment; Isaac Simon, 95 cents per garment; Stephenson's Cleansing & Dyeing Company 85 cents per garment.

Repairing.—Daniel Miller, \$1.15 per garment; Donohue & Riordan, \$1.75 per garment; Mrs. W. F. Ellis, \$1.50 per garment; Isaac Simon, \$1.75 per garment; Stephenson's Cleansing & Dyeing Company, \$4.60 per garment.

A communication from Fire Commissioner Eugene C. Hultman was as follows:

The bid of Mrs. W. F. Ellis was irregular in that she did not file a duplicate bid with the City Auditor, nor was her proposal accompanied by the certified check called for in the advertisement.

I have personally inspected the places of business of the three lowest bidders, namely, Daniel Miller, Donahue & Riordan and Isaac Simon, and in my opinion the lowest bidder is not equipped to do this work nor has he had the necessary experience along this line.

There are approximately 1,400 overcoats to be cleansed and pressed, and repairs are to be made as required.

I therefore recommend that the contract for doing this work be awarded to Donohue & Riordan, 182-186 Dudley street, the second lowest bidder. This firm is well equipped to do the work and has had considerable experience in making the uniforms of the Boston Fire Department.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon September 2 the Mayor approved a contract with the Buck-McDonald Company for replanking sidewalks of Chelsea viaduct over the Boston & Maine Railroad. Bids, opened August 6, were as follows:

Item 1, 1,260 Linear Feet.—Buck-McDonald Company, \$1.63 per linear foot; total, \$2,053.80; C. & R. Construction Company, \$1.69 per linear foot; total, \$2,129.40; W. H. Ellis & Son Company, \$2.33 per linear foot; total, \$2,935.80; The Miller Construction Company, \$2.64 per linear foot; total, \$3,326.40; John J. Cashman, \$2.89 per linear foot; total \$3,641.40; The Rendle Corporation, \$1.55 per linear foot; total, \$1,953.00; V. Grande, \$1.85 per linear foot; total, \$233,100.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon September 3 the Mayor approved a contract with A. Piatelli and

C. Andreasse for laying and relaying water pipes in Morris street, Brighton; Fuller street, and Milton avenue, Dorchester. Bids, opened August 31, were as follows:

A. Piatelli & C. Andreasse, \$2,607.10; J. Williams & Co., \$2,818.75; Joseph Capone, \$2,910.25; M. DeSisto Company, \$2,984.50.

SCHOOLHOUSE DEPARTMENT.

Upon September 3 the Mayor approved a contract with the Nichols-Eagan Company for finish hardware for the Minot District School. There was but one bid opened August 30, in the sum of \$2,712.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PUBLIC BUILDINGS DEPARTMENT.

Thomas O'Connor & Co. have been ordered to make a change in the contract for erecting and completing courthouse, Brighton, said change being as follows: Deduct the sum of \$224.50 from grille allowance, making the allowance \$775.50, and the amount of \$224.50 will be deducted therefor, making the account as follows: Contract price, \$212,823; total additions, \$1,099; total deductions, \$646.50; amount of contract, \$213,275.50.

SCHOOLHOUSE DEPARTMENT.

John Bowen Company has been allowed the following for changing slab of coal pocket roof from a combination slab to a reinforced concrete slab in the Warren-Bunker Hill School, per architect's letter of July 30, 1926, and the amount of \$320 will be added therefor, making the account as follows: Contract price, \$105,975; total additions, \$1,015; total deduction, \$1,000; amount of contract, \$105,990.

John Bowen Company have been allowed the following for furnishing and installing complete, six additional water-closets for boys' and girls' toilets in basement for future addition to the Warren-Bunker Hill School, also for five additional porcelain urinals with all connections, per architect's letter of August 7, 1926, and the amount of \$4,100 will be added therefor, making the account as follows: Contract price, \$105,975; total additions, \$9,031.68; total deductions, \$1,000; amount of contract, \$114,006.68.

A. D. Kanert has been allowed the following for patching of plaster and new burlap furnished in Rooms 17 and 18 in the Charlestown High School. This extra work was caused by dismantling of electrical shop, per Inspector Dowd's letter of August 10, 1926, and the amount of \$200 will be added therefor, making the account as follows: Contract price, \$3,185; total additions, \$200; amount of contract, \$3,385.

John Bowen Company have been allowed the following for backfilling, rough grading, finish grading, brick paving, catch-basin and drains, concrete piers and iron fence at the Warren-Bunker Hill School. This work has been caused by removing the old building which was to remain intact until the new building was completed. This was found to be impossible as it would be dangerous as the work progressed upon the new building, per architect's letter of August 7, 1926, and the amount of \$3,216.68 will

be added therefor, making the account as follows: Contract price, \$105,975; total additions, \$4,931.68; total deductions, \$1,000; amount of contract, \$109,906.68.

Walter Curley & Son have been allowed to deduct from the contract for the following, as per allowance in contract for all heating and ventilating work for moving two portables, various schools, per Civil Engineer Patterson's letter of May 10, 1926, and the amount of \$400 will be deducted therefor, making the account as follows: Contract price, \$2,090; total deductions, \$400; amount of contract, \$1,690.

Alco Contracting Company has been allowed the following for relaying flex-or-crete flooring in master's suite for the Washington-Irving School Addition, per architect's letter of May 6, 1926, and the amount of 200 will be added therefor, making the account as follows: Contract price, \$470,000; total additions, \$35,975.32; total deductions \$5,500; amount of contract, \$500,475.32.

TO DISCUSS BOSTON SANATORIUM SITUATION.

Mayor Nichols desired to arrange for a conference at his office within the next few days on the Boston Sanatorium situation, at which Doctor Mahoney, Doctor Hawes, Doctor O'Brien and Chairman Manning of the City Hospital Trustees, were to be present. The Mayor found that Doctor O'Brien is going abroad on Wednesday next, and that Doctor Hawes is in Quebec and will not return until September 18, so that the conference will have to be postponed. The Mayor was anxious to obtain the expression of views from both sides upon the best method of handling the points in controversy, and asked Doctor Horwood, who wrote the report for the Boston Tuberculosis Association, to be present. Doctor Horwood stated that he could not do so without conferring with Doctor Hawes.

The Mayor feels that the situation does not permit of any lengthy delay, and he will have to take the matter up at once in a different manner.

RESUBMITS NAME OF GEORGE H. JOHNSON TO CIVIL SERVICE.

The Mayor has sent the following communication to the Civil Service Commission:

Boston, September 3, 1926.

PAYSON DANA, Commissioner, Department of Civil Service and Registration, State House, Boston, Mass.

DEAR MR. DANA,—Notwithstanding your action on August 24, 1926, in voting not to approve the appointment of Mr. George H. Johnson as City Collector, I am again submitting his name to you. Many requests have been sent to me to take this action in order that you may have a further opportunity to consider his qualifications.

In view of the number and character of these requests, as well as from my own official and personal knowledge of him, I am very glad for a second time to appoint him as a person specially fitted by education, training and experience to perform the duties of this important office.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

ADMINISTRATION THANKED FOR PROVIDING POLICE TO CLEAR TRAFFIC SITUATION.

Mayor Nichols, on September 8, received a letter from Fitz-Henry Smith, Jr., chairman, Committee on Municipal and Metropolitan Affairs, Boston Chamber of Commerce, upon the traffic situation, in which he said:

"The Committee of the Boston Chamber of Commerce, of which I am at present chairman, always maintained that an effort to enforce existing parking regulations should be made before any drastic changes in the regulations were promulgated. To that end the committee indorsed the requests of the Police Commissioner for an increase of his force.

Thanks to you, the increase was finally brought about, and with the additional officers thus made available the commissioner has begun a campaign to stop illegal parking, which has been given much attention by the press and which has, I believe, the support of all who have the welfare of the city at heart.

When the effect of the campaign upon traffic conditions has been fully demonstrated, and the views of business men and fire officials upon the parking question, which the committee has solicited, are studied, we shall know more about the adequacy of the existing regulations and be in a position to judge what other or further regulations may be necessary, or expedient, to secure the most serviceable use of the streets with due regard for the protection of the city against fire, problems in which I know you are interested. Meanwhile, I want you to realize that your part in what has been accomplished is fully appreciated, and that it may not go unnoticed I am writing this letter.

Respectfully yours,

FITZ-HENRY SMITH, JR.,

Chairman, Committee on Municipal and Metropolitan Affairs.

To this letter the Mayor replied as follows:

Boston, September 8, 1926.

FITZ-HENRY SMITH, JR., Chairman, Committee on Municipal and Metropolitan Affairs, Boston Chamber of Commerce, 80 Federal Street, Boston.

DEAR MR. SMITH,—Permit me to express my thanks for your kind letter in appreciation of the additional three hundred police officers provided by my administration.

The necessity of doing this was clear to me, although the expense involved was and is a very serious matter.

At the bottom, one of the apparent troubles is the fact that the City of Boston as a center of a community twice her size is actually called upon to do considerable of the police and traffic business of the greater city. It is a situation which demands recognition and one in which I know the Chamber is interested as a part of the Greater Boston problem.

Thanking you again for your courtesy, I am,

Very sincerely yours,

MALCOLM E. NICHOLS, Mayor.

FINANCE COMMISSION REPORT.

The Mayor has received the following communication from the Boston Finance Commission relative to the municipal ferries:

Boston, September 8, 1926.

HON. MALCOLM E. NICHOLS, Mayor of Boston.

SIR,—The Ferry Service of the Public Works Department operates the North and South Ferries between Boston and East Boston and also maintains a yard for the upkeep and repair of the ferryboats.

For years there has been an annual deficit in the running of the ferries and this deficit has grown conspicuously larger in the past four years. The following table shows this growing burden: 1922-23, \$452,594.29; 1923-24, \$696,664.72; 1924-25, \$759,077.43; 1925, eleven months, \$700,456.14; total, \$2,608,792.58.

The main reason for the deficit lies in the fact that the Ferry Division is not on a businesslike basis. The cost of running the ferries bears no relation to the receipts. Several attempts have been made to change this situation by increasing the ferry tolls, but such movements have been combatted by the business interests in East Boston. In 1913 a proposal was made by city officials to increase by 33½ per cent vehicle tolls and to provide for the payment of tolls by passengers in vehicles, other than the drivers. Owing to the opposition by the East Boston business men, supported by the Boston Chamber of Commerce, the proposed increases were not made. Again in 1920 (June 2) the Division Engineer of the Service submitted a revision of the toll rates to the Commissioner of Public Works, but no action was taken thereon.

It was never the intention of city authorities to raise the present passenger toll of one cent. The increase was to be levied against vehicles only. That an increase in the price of transporting vehicles is justified, is found in the fact that the rates at present in use were adopted in 1887, nearly forty years ago. Although the type of vehicle has radically changed from the horse-drawn vehicle of 1887 to the enormous motor trucks and caravans of the present, no change was made in the toll rates for vehicles.

It is undisputed by the officials of the Public Works Department that a revision should long ago have been adopted, but no official at City Hall has been willing to do so. The ferry deficit, therefore, continues to grow.

The Finance Commission finds that the present toll rates for vehicles are entirely inadequate and that they should be substantially increased at once.

After consideration of this report, the Finance Commission requests your Honor to inform the commission what action has been taken to carry out the following recommendations which the Finance Commission submits:

1. That tolls for vehicles be substantially increased.
2. That all turnstiles be inspected once a month and defects remedied at once.
3. That a modern system of duplicate checking and collection of tolls be devised and installed as soon as possible.

Respectfully submitted,

CHARLES L. CARR, Chairman,
THE FINANCE COMMISSION.

FIRE DEPARTMENT ORDERS.

General Order No. 58.

I. SUSPENSION.

After a thorough investigation of an accident on August 18, 1926, in which the apparatus of Engine Company 22 and that of Rescue Company 1, were involved, on Dover street, near Washington street, it has been found that the apparatus of Rescue Company 1 was not handled with proper care and judgment, and that this apparatus, under command of Senior Hoseman Arthur D. Gramer and operated by Hoseman John R. Coleman, was wholly responsible for the accident.

It is therefore ordered that Senior Hoseman Arthur D. Gramer and Hoseman John R. Coleman of Rescue Company 1 be each suspended from duty in the Boston Fire Department for one day, without pay. The commanding officer of Rescue Company 1 will submit a report when this suspension is completed.

II. PROMOTION.

The following promotion which took effect at 8 a. m., Monday, August 30, 1926, is hereby announced:

Engineer John J. McNamara, High Pressure Service, to be lieutenant.

III. TRANSFER.

The following transfer which took effect at 8 a. m., Tuesday, August 31, 1926, is hereby announced.

Lieut. John J. McNamara, from High Pressure Service to Engine 48.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 59.

I. DISCHARGES.

Hoseman David M. Cleary of Engine Company 6 is hereby discharged from duty in the Fire Department of the City of Boston, to take effect at 8 a. m., Saturday, September 4, 1926, for the good of the service and because of the following charges preferred against him by Capt. Michael D. Sullivan of Engine Company 6:

Charge 1: Violation of Rule 386 of the Rules and Regulations.

Specification: In that Hoseman Cleary, by his own admission, left the quarters of Engine Company 6 without my knowledge or that of the house patrol at about 1.45 a. m., August 19, 1926. From information received from District Chief John F. Watson at about 2.45 a. m. he was taken into the custody of Sergt. Thomas F. Casey and Patrolman Robert A. Mayer and Richard S. Casey of Police Division 1, on Merrimac street, in the rear of the building No. 32 Canal street, for the alleged unlawful removal of merchandise from said building. He returned to quarters at 3.30 a. m., having been absent without leave one hour and forty-five minutes.

Charge 2: Violation of Rule 467 of the Rules and Regulations.

Specification: In that Hoseman Cleary detailed on house patrol from 2 a. m. to 4 a. m., August 19, 1926, entered his name on the company journal at 3.30 a. m., as having relieved Assistant Engineer Toner at 2 a. m. being out of quarters and absent without leave at 2 a. m.

At the request of Hoseman Michael

Kelley of Engine Company 31 a hearing was held before the Fire Commissioner on September 1, 1926, on charges preferred against him by Capt. Michael D. Sullivan of Engine Company 6.

Charge 1: Violation of Rule 152 of the Rules and Regulations.

Specification: In that Hoseman Kelley who was detailed on house patrol from 9 p. m. to 12 midnight, August 18, 1926, failed to call Assistant Engineer Alfred P. Toner at 11.50 p. m. to relieve him. Hoseman Kelley called Assistant Engineer Toner at about 1.20 a. m., August 19, 1926 and was relieved by him at that time.

Charge 2: Violation of Rule 164, section f, of the Rules and Regulations.

Specification: In that Hoseman Kelley failed to enter the return of Hoseman Francis J. Doyle on the company journal, from fire detail at 12.25 a. m., August 19, 1926, when assuming house patrol from 12 midnight, August 18, to 1.20 a. m., August 19, 1926.

Plea: To charge 1, guilty; to charge 2, not guilty.

Finding: To charge 2, guilty.

Sentence: For violation of the above mentioned rules and for the good of the service Hoseman Michael Kelley is discharged from duty in the Fire Department of the City of Boston to take effect at 8 a. m., Saturday, September 4, 1926.

At the request of Assistant Engineer Alfred P. Toner of Engine Company 6 a hearing was held before the Fire Commissioner on September 3, 1926 on charges preferred against him by Capt. Michael D. Sullivan of that company:

Charge 1: Violation of Rule 467 of the Rules and Regulations.

Specification: In that Assistant Engineer Toner entered his name in the company journal as having relieved Hoseman Michael Kelley on patrol at 12 midnight, August 18, 1926, he having relieved Hoseman Kelley at 1.20 a. m., August 19, 1926.

Charge 2: Violation of Rule 152 of the Rules and Regulations.

Specification: In that Assistant Engineer Toner who was detailed on house patrol from 12 midnight, August 18, to 2 a. m., August 19, 1926, failed to call Hoseman David M. Cleary to relieve him at 1.50 a. m. Hoseman Cleary went on house patrol at 3.30 a. m., when he returned to quarters from being absent without leave. Assistant Engineer Toner failed to notify me of these facts.

Charge 3: Violation of Rule 164, section f, of the Rules and Regulations.

Specification: In that Assistant Engineer Toner failed to enter the name of Hoseman David M. Cleary upon the company journal on his return to quarters at 3.30 a. m., and the reason for his absence, when he was assuming house patrol from 2 a. m., August 19, 1926.

Plea: To Charge 1, guilty; to Charge 2, guilty; to Charge 3, guilty.

Sentence: For violation of the above mentioned rules and for the good of the service Assistant Engineer Alfred P. Toner is discharged from duty in the Fire Department of the City of Boston to take effect at 8 a. m., Saturday, September 4, 1926.

II. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m. Saturday, September 4, 1926:

Captain Michael D. Sullivan, from Engine 6 to Engine 15.

Engineer Edward J. Haley, from Engine 6 to Engine 7.

Assistant Engineer Joseph H. Collins, from Engine 6 to Engine 25.

John A. O'Connor, Jr., from Engine 6 to Engine 4.

Patrick F. Wall, from Engine 6 to Engine 50.

John A. Morrissey, from Engine 6 to Engine 8.

William E. Dower, from Engine 6 to Engine 36.

John J. McCormack, from Engine 6 to Engine 10.

John F. Horgan, from Engine 6 to Engine 27.

Harry Moran, from Engine 6 to Engine 24.

William R. Hayhurst, from Engine 6 to Ladder 8.

William J. Tierney, from Engine 6 to Engine 33.

William H. Tobin, from Engine 6 to Engine 37.

Francis J. Doyle, from Engine 6 to Engine 22.

Mark A. Skiffington, from Engine 6 to Ladder 24.

Captain John F. Murphy, from Engine 15 to Engine 6.

Engineer Frank A. Hoar, from Engine 7 to Engine 6.

Assistant Engineer John J. Dwyer, from Engine 25 to Engine 6.

Francis J. Maloney, from Engine 4 to Engine 6.

John A. McGranachan, from Engine 50 to Engine 6.

Coleman G. Clougherty, from Engine 8 to Engine 6.

Walter J. Thompson, from Engine 10 to Engine 6.

Hugh J. McArdle, from Engine 27 to Engine 6.

Gerald L. Cremin, from Engine 49 to Engine 6.

Dennis J. McLaughlin, from Engine 37 to Engine 6.

Bernard M. Monagle, from Ladder 24 to Engine 6.

Frederick J. Brennan, from Engine 53 to Engine 6.

Joseph G. Daunt, from Engine 33 to Engine 6.

Charles H. O'Brien, from Engine 24 to Engine 6.

John P. Geary, from Engine 9 to Engine 6.

Engineer Thomas F. Callahan, from Engine 28 to Engine 25.

James L. Carroll, from Engine 25 to Engine 28.

William L. Nolan, from Engine 8 to Engine 53.

Richard F. Aylward, from Ladder 8 to Ladder 21.

John Weremey, from Ladder 21 to Engine 49.

William T. Pero, from Ladder 21 to Engine 49.

Engineer John Cullen, from Engine 36 to High Pressure Service.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

PROMOTION ANNOUNCED.

Mayor Nichols has announced the promotion of Ida Allen Hibbard, clerk in his office, to the position of assistant secretary at a salary of \$3,000 a year. She was formerly employed by the Transit Commission, going from there to the Supply Department, and then to the Mayor's office.

POLICE DEPARTMENT ORDERS.

General Order No. 947.

The resignation of Patrolman John R. Ring of Division 17 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Monday, August 30, 1926, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 948.

PUBLIC HACKNEY CARRIAGE STANDS
REVISED.

Changes in public hackney carriage stands, enumerated on page 28 of the new edition of the Hackney Carriage Regulations, and on page 227 of the new edition of the Police Pocket Directory, are hereby announced to the department, to take effect at 7.45 o'clock a. m., Saturday, September 4, 1926:

PUBLIC HACKNEY CARRIAGE STANDS.
(Day and Night.)

Division 2, Atlantic avenue (east side), south of Foster's Wharf, number of carriages now allowed, 4; Number of carriages to be allowed, as amended, 2.

Division 2, Atlantic avenue (east side), south of No. 254, between New York and Yarmouth boats, number of carriages now allowed, 4; number of carriages to be allowed, as amended, 6.

Officers, on whose routes the stands affected by this order are located, should be particularly instructed as to the changes, and the time that they go into effect.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 949.

The following named persons are hereby appointed patrolmen, to take effect Friday, September 3, 1926, at 10 o'clock, a. m., and they are assigned as follows:

Division 1.—William F. Hemsworth, Richard Patterson, John C. Sweeney, Jr.

Division 2.—Frederick J. Gallagher, George S. Kirvan.

Division 3.—Edmund F. Enos, Jerome F. Laskey.

Division 4.—Edward V. Cusack, Harold L. English, Edwin P. Murphy.

Division 5.—Frederick F. Curley, Noye F. Mosher, Merle D. Rider.

Division 6.—Herbert F. Goodridge, Chester G. Ostergard, Frank H. Sliney.

Division 7.—Jeremiah F. Crowley, Adolph J. Guiliotti, Michael J. Lydon, Henry Martis.

Division 9.—Warren T. Dewan, John J. Gonnella, Henry Whalen, William H. Wiggins, Francis G. Wilson.

Division 10.—Frederick J. Boyle, Oliver J. Burns, Edward S. O'Brien.

Division 11.—William J. McDonnell, George J. Mathi, John T. Miles, Jr., Edward Tate.

Division 12.—George H. Haskell, Harry Lomas.

Division 13.—Walter Baxter, Maurice J. Foisy, Bruce P. Loudin, David A. Richards.

Division 14.—George F. Brassil, Francis J. Connerney, Roy W. Reimer.

Division 15.—Albert Cheshire, Harold J. Griffin, Myles J. Joyce, John W. Van Donberg.

Division 16.—Albert H. McArdle, James P. Ryan.

Division 17.—Michael J. Cogan, William J. Horgan, James J. McGowan, Joseph D. Parker, Jesse Worms.

Division 18.—Martin Coleman, William E. O'Brien, Harold E. Stilphen.

Division 19.—Eugene M. Danehy, James W. Fitzgerald, Donald F. MacKinnon.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 950.

A trial board consisting of Captains Gallivan, Perry and McConnell, having heard by reference a complaint against Patrolman Patrick J. O'Brien of Division 17, charging him with neglect of duty and conduct unbecoming an officer, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Patrick J. O'Brien was on August 27, 1926, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on August 27, 1926, to the said Patrick J. O'Brien.

On the thirtieth day of August, 1926, the said Patrick J. O'Brien requested in writing a public hearing as provided by law, and the Police Commissioner set down Thursday, September 2, 1926, at eleven o'clock, a. m., at the office of the Police Commissioner as the time and place for said hearing, and duly notified the said Patrick J. O'Brien.

The said Patrick J. O'Brien was present at said time and place with counsel and was heard with his witnesses. Whereupon after hearing the case, the Police Commissioner finds the said Patrick J. O'Brien guilty as charged and further finds that the said Patrick J. O'Brien shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

CLAIMS.

The Mayor upon recommendation of the Corporation Counsel has approved the following claims:

Mrs. Nellie Sacco, 951 Saratoga street, East Boston, in the sum of \$25, as compensation for damages to coat on October 21, 1925, caused by oil dripping from roof of the North Ferry.

Samuel Ulman, 90 Richmond street, Boston, in the sum of \$425, as compensation for damage to personal property at above premises caused by flooding of the cellar due to a break in the water pipe, April 14, 1926.

Mrs. Catherine Elsworth, 17 Yeoman street, Roxbury, in the sum of \$150, as compensation for personal injuries caused by defective sidewalk in front of the premises occupied by the Lincoln Gasolene Company at the corner of Ruggles street and Shawmut avenue, February 22, 1926.

BUILDING PERMITS ISSUED SEPTEMBER 2 TO SEPTEMBER 8.

CONTRACTS AMENDED.

Thomas O'Connor & Co. have been allowed to amend the contract for the erection and completion of the Dorchester Courthouse, by changing the date of completion as appears on page 24 of the contract to read "December 1, 1926," instead of September 1, 1926.

John Bowen Company has been al-

lowed to amend the contract for erecting and completing an elementary school in the Warren-Bunker Hill District, Charlestown, by striking out the words "six months" in the clauses referring to time of completion of work contained in section 3 as follows: in the seventh line of paragraph "In General," in connection with marginal notation "(D) Commencement and progress of work," and in the fourth line of paragraph in connection

with marginal notation "(E) Completion," and substituting therefor the words "nine months," so that the said clauses shall read as follows:

(D) "bring the work to entire completion within nine months."

(E) "for every calendar day that the entire completion of the contract is delayed beyond said nine months, the City of Boston shall deduct, etc."

FOR AIRPORT IMPROVEMENTS.

At a conference in the Mayor's office on September 3 the improvements at the Boston Airport, made possible by the recent appropriation of \$10,000, were discussed. At the conference were: Mayor Nichols, Brigadier-General Richard K. Hale, Director Massachusetts Department of Public Works; Capt. Horace V. Heisen, Commander Boston Airport; Daniel Rochford of Municipal Air Board and James H. Sullivan, Commissioner of Public Works.

With the aid of maps and blueprints General Hale and Captain Heisen explained to the Mayor the nature and extent of the contemplated improvements. It is planned to add to the landing area about an acre of space by filling and smoothing and to build upon this new space a number of hangars which are needed.

This new area will be used by the commercial companies and the air mail. The Colonial Air Transport, Ltd., and the Boston Airport Corporation, the former having the mail contract and the latter doing a local passenger and express business, and also conducting a flying school, have applied for leases of land adjoining the runways with the purpose of erecting commercial airplane hangars.

The runways themselves are under government control and available to all. A number of planes are staked out nightly owing to present lack of hangars and their owners would gladly avail themselves of the privilege of leasing some of the new hangars. So that the improvement will add to the convenience of private flyers and increase the public appreciation of the airport.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HILLSDALE STREET, FROM ADAMS STREET ABOUT 820 FEET NORTHWESTERLY, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hillsdale street, from Adams street about 820 feet northwesterly, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eighteen hundred (1,800) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hillsdale Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, September 22, 1926, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 11.) Commissioner of Public Works.

PETITIONS APPROVED.

STREET LAYING-OUT DEPARTMENT.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Licenses for gasoline, etc.

Hugo J. Anderson, 104 and 106 Spring street, Ward 20, 10,000 gallons of gasoline.

United Oil Products Company, 3 and 5 Robert street, Ward 20, 2,000 gallons of gasoline.

James H. Hayes, 1765-1771 Centre street, Ward 20, 2,000 gallons of gasoline.

Kenneth N. Macleod, 7 and 9 Westland avenue, Ward 4, 950 gallons of gasoline.

Joseph Kelly, 89 Robert street, Ward 20, 1,500 gallons of gasoline.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (*i. e.*, 48 States) in 1920, 105,708,771; outlying possessions, 12,148,738; total, 117,857,509; New England, 7,400,009; Massachusetts, 3,852,356 or 52 per cent of New England, and ranking sixth in the Union. In density of population it ranks second, *i. e.*, 476 per square mile of land, Rhode Island ranking first, with 566 per square mile of land. Population of the other New England States in 1920, ranking from the highest total: Connecticut, 1,380,631; Maine, 768,014; Rhode Island, 604,397; New Hampshire, 443,083; Vermont, 352,428. Density for New England, 119 per sq. m.; for U. S. (48 states) 36 per sq. m.

In Jan., 1925, the population of the United States slightly exceeded 115,000,000 (*i. e.*, 7 per cent of the earth's estimated total) the rate of increase being 3 per cent every two years, as shown by the actual increase from 1910 to 1920, while that of Massachusetts was 4,350,000 (approx.).

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PARKWAY AVENUE, WEST ROXBURY PARKWAY AND LASELL STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Parkway avenue, West Roxbury Parkway and Lasell street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirty-five hundred (3,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Parkway Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, September 20, 1926, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 11.) Commissioner of Public Works.

BOSTON LOANS IN 1924-25.

Total amount borrowed, \$6,794,750 or \$395,250 less than in 1923. Objects and amount for each:—

Cambridge and Court Sts., widening, \$1,500,000; Rapid Transit Construction, \$1,176,000; Sewerage Works, \$1,000,000; Making of Highways, \$600,000; Fire Alarm Signal Station, \$590,000; Playgrounds, extensions and improvements, \$375,750; various public buildings, \$285,000; East Boston Ferry, improvements, \$275,000; Faneuil Hall Building, \$190,000; Police Station, Hyde Park, \$165,000; Charities Administration Building, \$160,000; Chelsea Bridge South, \$150,000; Columbus Park, improvements, \$150,000; Dartmouth Street Bridge, \$145,000; other objects, \$33,000.

Rates: \$4,774,750 at 4% and \$2,020,000 at 4½%. Outside debt limit, \$2,676,000 (Rapid Transit, also Cambridge and Court Streets, widening); all other serial loans inside debt limit.

Of the \$21,000,000 in revenue loans during the year 1924-25, all but \$1,000,000 was paid within the year.

BOSTON'S PUBLIC DEBT, FEBRUARY 1, 1925.

Gross funded debt, February 1, 1925, \$129,393,700.98 (including \$279,999.98 issued by State for enlargement of Court House); sinking funds, \$41,564,006.23; other redemption means, \$2,843,792.19; net debt, \$84,985,902.56, of which total \$49,298,712.82, or 58 per cent, was City Debt; \$34,271,437.65, or 40.33 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,165,752.09, or 1.37 per cent, County debt; \$250,000, or 0.30 per cent, Water debt.

Per cent of net debt to valuation, 4.70; net debt per capita, \$99.03 (approx.); net debt exclusive of Rapid Transit debt, \$50,714,464.91, or \$59.09 per capita (approx.). Loans authorized but not issued (within debt limit) \$635,000; same outside of debt limit, \$2,584,000.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CONSTRUCTION OF CONCRETE TUNNEL WITH STEEL PIPE SHAFTS UNDER NEW YORK, NEW HAVEN & HARTFORD RAILROAD AND BOSTON & ALBANY RAILROAD AT ARLINGTON SQUARE, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for construction of concrete tunnel with steel pipe shafts under New York, New Haven & Hartford Railroad, and Boston & Albany Railroad, at Arlington square, city proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of one hundred twenty-five thousand (125,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Construction of Concrete Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, September 21, 1926, with a certified check for twelve thousand five hundred (12,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 11.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN STRATFORD STREET, WOODWARD ROAD AND BOXFORD TERRACE, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Stratford street, Woodward road and Boxford terrace, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of fifty-five hundred (\$5,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex, before 12 m. on Tuesday, September 28, 1926, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,

(Sept. 11.) *Commissioner of Public Works.*

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO FURNITURE CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals to furnish and install stationary furniture in courthouse, Brighton, Mass., giving bond of a surety company satisfactory to the Superintendent of Public Buildings therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 802 City Hall Annex, signed by the bidder, and left before 12 o'clock m. of Tuesday, September 21, 1926, at said office, with a certified check for \$300 on a Boston bank, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made out in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening of bids. The Superintendent reserves the right to reject any or all proposals.

JOHN P. ENGLERT,

Superintendent of Public Buildings.

(Sept. 11-18.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR WIRE FENCE AT JOHN H. L. NOYES PLAYGROUND, EAST BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for wire fence at John H. L. Noyes Playground, East Boston. Forms of proposals may be obtained at the office of the Park Department, 53 Beacon street, Boston. Each proposal should be signed by the bidder and enclosed in an envelope, sealed, and marked "For Wire Fence at John H. L. Noyes Playground, East Boston," and left before 12 o'clock noon on Thursday, September 16, 1926, at the office of the Park Department, with a certified check for \$300, payable to and to become the property of the city if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of \$1,000 of a surety company approved by the Commissioners to secure the due performance of the contract and the full protection of the city. The Commissioners reserve the right to reject any or all proposals.

JAMES B. SHEA, *Chairman,*

MYRON P. LEWIS,

CHARLES P. NORTON,

Commissioners.

(Sept. 11.)

ALLOWS CANDIDATES TO USE PARKMAN BANDSTAND.

Mayor Nichols announced on Wednesday, September 8, that the Parkman Bandstand would be made available to candidates for public office next Saturday after four o'clock in the afternoon.

Applications for the use of the bandstand will be received by Deputy Park Commissioner William P. Long, 33 Beacon street, up to Friday morning at ten o'clock.

The Mayor considered many suggestions for the use of the stand and decided that the most practical was that in line with the suggestion offered by Mr. Lavelle, but broadened it by including all candidates for public office.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR RELAYING GRANITE BLOCK PAVEMENT IN BOSTON STREET, NEAR RALSTON STREET, SOUTH BOSTON, DORCHESTER TUNNEL, SECTION K.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for relaying about 1,230 square yards granite block pavement in Boston street, near Ralston street, South Boston, Dorchester Tunnel, Section K. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 35 per cent of the bid. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Paving Boston Street, near Ralston Street," and left at the above address before 12 o'clock noon on Tuesday, September 21, 1926, at which time and place they will be publicly opened and read. A properly certified check in the sum of one thousand (1,000) dollars, payable to the city should accompany the proposal if the contract is not executed by the bidder within the time prescribed after the date of notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor before the time named for opening the proposals. Specifications and forms of contract can be obtained at this office.

By order of the City of Boston Transit Department.

A. D. ADAIR,

(Sept. 11.)

Acting Secretary.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF OLD MATERIAL FROM THE CITY OF BOSTON.

The Commissioner of Public Works of the City of Boston, office, Room 508, City Hall Annex, invites proposals for the purchase of the following old material at the Water Service Yard, 710 Albany street, city proper:

- 4,000 lbs. heavy brass and composition;
- 1,000 lbs. light brass meter parts;
- 1,000 lbs. brass chips.

The purchaser shall remove the material (which is to be the property of the purchaser) within a reasonable time, and for property not removed, storage shall be charged. Only proposals obtained at said office, filled out, signed by the bidder, and left at Room 508, fifth floor City Hall Annex, before 12 o'clock m. of Thursday, September 23, 1926, will at said hour and place be publicly opened and read. The bidder must deposit in cash or certified check, made payable to the City of Boston, an amount equal to the total of all the items, and the total of all the items will be the basis upon which the award will be made. Failure to bid on every item will lead to the rejection of the proposal. The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award as he deems best. The proposals should be inclosed in an envelope, sealed, and marked, "Proposal for the Purchase of Old Material." Material can be inspected at the Water Yard before the time designated for receiving proposals.

JAMES H. SULLIVAN,

(Sept. 11.) *Commissioner of Public Works.*

VETERANS GIVEN LEAVE OF ABSENCE.

The Mayor has issued Circular Letter No. 17, as follows:

OFFICE OF THE MAYOR.

BOSTON, September 3, 1926.

To Heads of All Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, from September 15, 1926, to September 29, 1926, inclusive, to all employees in your department who are delegated Veterans of Foreign Wars of the United States to attend the National Encampment of this organization to be held at El Paso, Texas.

Very truly yours,

MALCOLM E. NICHOLS, *Mayor.*

CITY OF BOSTON.

FIRE DEPARTMENT.

TO OIL-BURNING EQUIPMENT CONTRACTORS.

The Fire Commissioner of the City of Boston invites sealed proposals for installing and completing oil-burning apparatus in the quarters of Engine Company 43, Andrew square, South Boston, a fire station of the Boston Fire Department, and giving bond of a surety company approved by the Fire Commissioner in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Fire Commissioner, 60 Bristol street, signed by the bidder, and left before 12 o'clock m. of Wednesday, September 15, 1926, at said office, with a certified check for \$500, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be deposited at the office of the Fire Commissioner, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Fire Commissioner reserves the right to reject any or all proposals, and to award the contract as he deems best.

EUGENE C. HULTMAN,

(Sept. 11.)

Fire Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN DANA ROAD, LINDEN ROAD AND MAPLE ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,650 feet of 12-inch water pipe in Dana road, Linden road, and Maple road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of three thousand (3,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Dana Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, September 20, 1926, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,

(Sept. 11.) *Commissioner of Public Works.*

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, September 29, 1926, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold but do not include the cost and interest thereon and costs and charges incident to this sale.

Also about 7,381 feet of land on the westerly side of Woodford street, being lot 20, French and Bryant plan, dated November 14, 1902, recorded Suffolk Deeds, Book 2874, page 134, apportionment of street construction assessment for 1924..... 12 34

WARD EIGHTEEN (Old Ward Lines).

Max Uroff (supposed present owner Ira W. Shapira, Trustee)—About 5,743 feet of land on the northeasterly side of Hamilton terrace, being lot 10, S. L. Leftovith plan, dated July 7, 1916, recorded Suffolk Deeds, Book 3974, page 585, tax for 1924..... \$27 17

WARD NINETEEN (Old Ward Lines).

Harry P. Chadwick (supposed present owner Mary E. Morse)—Buildings and about 5,035 feet of land on the easterly side of Whitfield street, making the northeasterly corner of West Tremlett street, adjoining an estate of Henry P. Dreyer (numbered 57 West Tremlett street), tax for 1924..... \$111 15

Mary E. Morse—About 495 feet of land on the southerly side of Lyndhurst street, being a lot shown on E. L. Johnson plan, not dated, on file in assessors' office, tax for 1924..... 4 94

WARD TWENTY (Old Ward Lines).

Elizabeth G. McMorrow—Buildings and about 4,997 feet of land on the westerly side of Port Norfolk street, numbered 2 and 4, making the northerly corner of Water street, adjoining an estate of Francis R. Slater (numbered 6 Port Norfolk street), tax for 1924..... \$86 45

WARD TWENTY-ONE (Old Ward Lines).

James H. Clark (supposed present owners Hiram Saunders and Ida Gerber)—Buildings and about 13,349 feet of land on the northeasterly side of Norfolk street, numbered 523, making the northerly corner of Evelyn street, adjoining an estate of Ida Gerber, apportionment of street construction assessment for 1923..... \$46 55
Apportionment of street construction assessment for 1924..... 45 38

WARD TWENTY-TWO (Old Ward Lines).

Margaret M. Berrane—Buildings and about 4,642 feet of land on the easterly side of Holbrook street, numbered 45, between an estate of Emily H. Maxwell and another (numbered 43) and an estate of Agnes L. Muldoon (numbered 47), tax for 1924..... \$51 87

Alice M. Leonard (supposed present owner Alphonsus J. Duffy)—Buildings and about 12,365 feet of land on the easterly side of John A. Andrew street, numbered 30, adjoining an estate of Walter R. Jameson and another (numbered 28), tax for 1924..... 197 60

WARD TWENTY-THREE (Old Ward Lines).

Frank Holland (reassessed from Thomas F. Cunningham, supposed present owner Alfred T. Powell)—Buildings and about 3,700 feet of land on the southwesterly side of Perham street, numbered 284, making the southerly corner of Glenham street, adjoining an estate of Blanchard K. Harding and another (numbered 282 Perham street), tax for 1924..... \$24 70

WARD TWENTY-FOUR (Old Ward Lines).

Stephen F. Kelley—Buildings and about 6,000 feet of land on the southeasterly side of Hamilton street, numbered 58 and 60, between an estate of Nora Kirby, and an estate of George F. Harney and another (numbered 54 and 56), tax for 1924..... \$116 09
Paid on account..... \$7 09

Balance due..... \$79 00

WARD TWENTY-FIVE (Old Ward Lines).

Curtis and Pope Lumber Company—(supposed present owner Mary I. Gardiner)—Buildings and about 9,365 feet of land on the northerly side of South street, numbered 19, between an estate of Simon Theise and another (numbered 25 and 27) and an estate of Mary I. Gardiner and another, trustees (numbered 5-15), tax for 1921.....\$1,012 70

Mary I. Gardiner and J. Scott McLearn, Trustees Puritan Real Estate Trust—About 186,979 feet of land lying in the rear from the northerly side of South street in the rear of and adjoining sundry estates of said Gardiner and another, trustees (numbered 209 to 225 Chestnut Hill avenue and 5 to 15 South street), tax for 1921..... 291 46
Moth assessment for 1921..... 1 67
Tax for 1922..... 291 46
Moth assessment for 1922..... 1 30

WARD ONE.

Harry Greene—91-95 Meridian street, sewer assessment..... \$8 24

WARD SEVENTEEN.

William Healow—26 Edson street, sewer assessment..... \$40 00

WARD TWENTY.

Julia E. Bradford Heirs—Lot at 111 Malcolm street, sewer assessment.... \$133 66
Daniel A. Trefethean *et al.*, Trustees—Albano street, sewer assessment.... \$18 84

CHARLES J. FOX,
Acting Collector of Taxes for the City of Boston.

POPULATION OF CITIES OF OVER 300,000, 1920.

New York, 5,621,151, an increase of 854,268 or 17.9 per cent over 1910, divided thus: Manhattan Borough, 2,284,103; Brooklyn, 2,022,262; Bronx, 732,016; Queens, 466,811; and Richmond, 115,959. Other cities, with increase over 1910; Chicago, 2,701,705 (inc. 516,422 or 23.6 per cent); Philadelphia, 1,823,158 (inc. 274,150 or 17.7 per cent); Detroit, 993,739 (inc. 527,973 or 113.4 per cent); Cleveland, 796,836 (inc. 236,173 or 42.1 per cent); St. Louis, 772,897 (inc. 85,868 or 12.5 per cent); Baltimore, 733,826 (inc. 175,341 or 31.4 per cent); Pittsburgh, 588,193 (inc. 54,288 or 10.2 per cent); Los Angeles, 576,673 (inc. 257,475 or 80.7 per cent); San Francisco, 508,410 (inc. 91,498 or 21.9 per cent); Buffalo, 506,775 (inc. 83,060 or 19.6 per cent); Milwaukee, 457,147 (inc. 83,290 or 22.3 per cent); Washington, 437,571 (inc. 106,502 or 32.2 per cent); Newark, 414,216 (inc. 66,747 or 19.2 per cent); Cincinnati, 401,247 (inc. 37,656 or 10.4 per cent); New Orleans, 387,219 (inc. 48,144 or 14.21 per cent); Minneapolis, 380,582 (inc. 79,174 or 26.3 per cent); Kansas City, Mo., 324,410 (inc. 76,029 or 30.6 per cent); Seattle, 315,652 (inc. 78,458 or 33.1 per cent); Indianapolis, 314,194 (inc. 80,544 or 34.5 per cent).

DIMENSIONS ETC. OF BOSTON.

Greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

POLICE SERVICE (MALE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 11, 1926; BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 25 1926.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; report, 1, observation tests, 2; practical questions, 4; total, 10.

Applicants must obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in general average in order to become eligible.

Successful applicants will also be required to pass a physical examination and strength tests. Educational qualifications, 1; physical qualifications, 1; total, 2.

The practical questions will be largely based upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 118, State House, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

A certificate of date of birth must be filed with the application.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates:

Worcester, Tuesday, September 7; Boston, Thursday, September 9; Springfield, Tuesday, October 5; Pittsfield, Thursday, October 7; Fall River, Tuesday November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years'

experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who received less than 50 per cent, or who failed on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAYSON DANA.

PAYSON SMITH.

GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of 50 or 60 persons, arriving in September and settling at Naunkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about 400 persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a Governor and Council. Endicott was appointed in London as the first resident Governor on April 20, 1629. The Massachusetts Bay Company was reorganized in London on Oct. 20, 1629, when John Winthrop was chosen as Governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served 13 years as Governor in four different periods ending in 1649 and Endicott 15 years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving 12 years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed 82 years to 1774, the governors being appointed by the King.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, SEPTEMBER 18, 1926.

No. 38

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 20, at 2 p. m.

Regular meeting of the School Committee of the City of Boston in the Administration Building, 15 Beacon street, on Monday, September 20, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets, the naming of public streets, the planting and removal of trees in public ways, the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds, the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common,

Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

MAYOR TO MAKE PROVISIONS FOR FIREMEN ON LONG DUTY TOURS.

Mayor Nichols will recommend to the City Council at its next meeting the passage of an ordinance providing that members of the Fire Department who are on a 24-hour tour of duty be allowed one meal period of one and one-quarter hours while on such tour of duty.

In accordance with sections 2 to 5, inclusive, of chapter 15 of the Revised Ordinances of 1925, the Fire Department is divided into a two-platoon basis. No provision is made for meal periods for the men who are obliged to work twenty-four hours every sixth day in order to carry out the provisions of the two-platoon ordinance.

The Mayor believes that it would be beneficial to the health and comfort of the men if they were allowed at least one meal period on the day on which they are performing a tour of duty for twenty-four hours, and will accordingly introduce an ordinance to bring this into effect.

FANEUIL HALL MARKET NATIONAL IN ITS INFLUENCE, MAYOR NICHOLS TELLS MARKETMEN AT ANNIVERSARY.

At the centennial celebration of Faneuil Hall Market, Mayor Nichols delivered the following address:

We celebrate, upon this most notable anniversary, a century of usefulness, a century of patriotism and of successful endeavor in civic betterment.

Faneuil Hall Market and Faneuil Hall marketmen can point with especial pride to the results which 100 years have brought about through the association of good citizenship, good business ability and judgment, with sterling patriotism.

Faneuil Hall Market has grown in influence till it is no longer a local community institution. Faneuil Hall Market has furnished the model and example for all other markets established throughout the country since. Wherever marketmen gather to supply the needs of a community the name of Faneuil Hall Market is mentioned with reverence as the mother of them all.

Faneuil Hall Market has been a blessing to the community ever since its establishment. It has always been a center of community interest.

How vast its influence upon community life has been may be seen when we consider that 40 per cent of the earnings of each family is spent for market products; products provided for the community; products brought here to this convenient spot from every part of the continent and distributed by means of the market basket through the enterprise, business foresight and courage of the marketmen of Faneuil Hall.

It would be almost an impertinence for me in the presence of this company to dwell at great length upon the historical events that have culminated in this centennial celebration. To you especially who are daily associated with the market the story of its beginnings must be an old, old story.

The present Faneuil Hall Market House, which after its completion during the administration as mayor of Josiah Quincy, supplanted the older building as market place for thirty years, was the result of the forceful presentation by Mayor Quincy of the city's need of a new structure.

The century that has passed since the dedication of the new building has seen the wonderful growth of Boston in wealth, development and importance in the counsels of the nation and the commerce of the world.

It has witnessed wars that failed to disrupt the states and that curbed the ambitions of foreign powers.

It has been an age of progress and of wonderful invention. Peter Faneuil's

(Continued on page 1568.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

CITY RECORD.

Published weekly under legislative act by the City of Boston, Massachusetts.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

TEST OF FIRE HOSE SUCCESSFUL.

A test was made on Wednesday, September 14, at the Fire Department of the hose purchased under the new contract. The price under this contract is \$1 a foot less than the price paid last year.

The department tested five lengths of 2½-inch hose picked at random from the amount delivered. It gave the kink tests on one length of 2½-inch hose and one length of 3-inch hose as well as the ultimate bursting test on a 3-foot length of 2½-inch hose. On all the stretch and twisting tests the hose was well within the limit specified in the contract.

In fact most of the tests showed that in the stretch, elongation and rotating tests showed only about 50 per cent of the maximum allowed under the contract. The ultimate bursting point of the short length was 800 pounds, which is a greater pressure than has been applied to any hose tested by this department for some years, before it bursts under the conditions of this test.

There were present at this test Mr. Herbert S. Frost and his assistant Mr. Thornton. The rubber company was represented by Mr. Chadwick and Mr. Wiswell. The Fire Department tests were in charge of General Foreman Buckley of the shop and the Chief of Department and Fire Commissioner were present. Probably the superiority shown in these tests is due in no small measure to the fact that the fabric furnished by the manufacturer showed both in the warp and pick tests some 10 to 15 per cent better quality than required by the specifications.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

MONDAY, SEPTEMBER 27, 1926.

NAME.	Location.	Ward.	Petitioning for.
John Baino.....	20 Baker place.....	7	One car.

Famous Players, Lasky.....	66 Berkeley street.....	5	1,500 reels.
Spencer Kellogg & Sons, Inc.....	Beverly street, opposite No. 9 freight house.	3	1,000 barrels vegetable oils.

CLAIMS ALLOWED.

The Mayor has approved, upon recommendation of the Corporation Counsel, the following claims:

Charles L. O'Keefe, 718 Columbia road, Dorchester, in the sum of \$38.50, as compensation for damage to automobile on August 25, 1925, caused by hole in street at 210 Huntington avenue.

Richard H. Lyons, 8 Lyman terrace, Dorchester, in the sum of \$40, as com-

pensation for personal injuries caused by the collision of Engine No. 22 with his Ford sedan in front of 75 West Dedham street, April 15, 1926.

The New England Sewing Machine Company, 3 Wabon street, Roxbury, in the sum of \$4.65, as refund of thirty-one refuse tickets.

The Young Men's Christian Association, 316 Huntington avenue, Boston, in the sum of \$6.60 as refund of forty-four garbage removal tickets.

SPEECH OF MAYOR NICHOLS.

(Continued from page 1561.)

objectionable trip to far Boston Neck for provisions could be made in this automobile age in five minutes; the minutemen of '76 could be quickly assembled by telephone in these days, and Paul Revere could make much better time to Lexington and Concord in an air plane.

And the Faneuil Hall Market has kept abreast of the times. The inventor of the phrase, "busy marts of trade," must have had some such place as Faneuil Hall Market just before Thanksgiving or Christmas in mind when he penned the words.

And Faneuil Hall marketmen have been just as reliable when the country was in peril and the call was for men and money to save the nation. No quicker response came from any section when we were asked to "give until it hurts."

And the rolls of honor of the patriot dead bear many names of Boston marketmen.

A speaker at the observance of the semicentennial of Faneuil Hall Market said:

"We cannot tell what the future may have in store for us or what may be the market houses of fifty years hence. But I believe that whatever changes may take place, the Faneuil Hall Market House will continue to maintain its position as one of the cherished institutions of Boston; an institution in which the city may take just and honorable pride, and the interest of which should be always carefully and cautiously guarded and protected."

Such was the belief expressed by Alderman John T. Clark representing the City of Boston in the absence of Mayor Cobb.

Since that time what wonderful things have happened to Boston and to the world!

We have seen the development of the telephone from an interesting toy to a business and household necessity.

We have witnessed the near perfection of human air flight.

Automobiles, unknown in 1876, are as common now, yes, more common than horse-drawn vehicles were fifty years ago.

Captain Nemo and his submarine, "The Nautilus," no longer appear exclusively in Jules Verne's fanciful tale.

Perfection of wireless telegraphy, too, is one of the accomplishments of recent years, and the radio brings distant music and entertainment to the majority of American homes.

In the face of these accomplishments who will venture to predict the wonders of the future, the developments of the next half century.

But we have faith that, whatever may happen, Faneuil Hall Market will still be one of Boston's cherished institutions, and that her marketmen will still form a body of sturdy citizenry of which Boston will be justly proud.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to scarify roadway for an asphalt top in Cliff street, from Washington street to Warren street, with division forces without advertising, the estimated cost for labor and material being \$1,500.

NEW FERRYBOAT "CHARLES C. DONOGHUE" LAUNCHED AND CHRISTENED.

George H. Johnson, Director of the Commercial, Industrial and Publicity Bureau, representing Mayor Nichols, at the launching of the new ferryboat "Charles C. Donoghue," spoke as follows:

MRS. BESSIE A. DONOGHUE AND FAMILY, UNITED SPANISH WAR VETERANS, VETERANS OF ALL WARS, AND FRIENDS:

I have the honor and the proud privilege and a most pleasant assignment from his Honor Malcolm E. Nichols, the Mayor, of bringing and extending the sincere greetings and thanks of the City of Boston for your presence here today.

The Mayor regrets that the pressure of public administrative service on this day prevents his presence in person to join with you at these interesting exercises.

There is nothing that the City of Boston can do which will exceed the debt of gratitude due to the men who have maintained by their service the great sacrifice in time of war the ideals on which all institutions are founded.

We all rejoice today that peace lies over the land; that all our armies have returned and that our soldiers have resumed their places in civil life.

It is particularly fitting that we honor today the name of the late Sergeant Charles C. Donoghue who saw service in Cuba in the war with Spain, having enlisted in Company H of the Ninth Massachusetts United States Volunteer Infantry, May 4, 1898, and was mustered out November 26, 1898, with the rank of corporal. He enlisted on the fifth day of February, 1899, in Company H, Ninth Regiment Massachusetts Volunteer Infantry, and served continuously until he was honorably discharged on February 5, 1908, with the rank of first sergeant, and for which service he was presented a long service medal by the Commonwealth of Massachusetts.

He assisted in organizing the Major P. J. Grady Camp No. 3, United Spanish War Veterans, and during his membership of the camp, at one time or another held every office in the organization and was commander in 1923. He upheld the traditions of our historic city as a real soldier and an honorable father of six children—five now living—and with their mother are all present here. To her and her family his Honor the Mayor extends his wish for continued good health and everything on earth that will add to her happiness.

In token of the reverence and affection, increased rather than lessened by the lapse of years, the citizens of Boston still love the memory of Sergeant Charles C. Donoghue, and as a fitting memorial to bear witness to our respect, our sympathy, our gratitude for the ideals for which he fought, his Honor the Mayor has ordered that this ferryboat be named and christened "Charles C. Donoghue" by his oldest daughter, as the sponsor, Miss Margaret F. Donoghue, whom I have the pleasure to present.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

James J. Conway has been granted an extension of the time for completion of the contract for building sewerage works in Colorado street, Messinger street and Orlando street, Dorchester, from September 4, 1926, to November 15, 1926.

DELEGATES NAMED TO HEALTH MEETING.

Mayor Nichols has announced the appointment of the following delegates to attend the fifty-fifth annual meeting of the American Public Health Association to be held in Buffalo, N. Y., from October 11 to 14.

HEALTH DEPARTMENT.

Health Commissioner Francis X. Mahoney, councilor of the American Public Health Association.

Prof. James O. Jordan, secretary of the section on food and drugs.

Dr. Charles F. Wilinsky, chairman, Forum Section.

Secretary Stephen L. Maloney, Public Health Administration Section.

Hazel Wedgwood, Public Health Nursing Section.

Dr. Francis D. Donoghue, medical adviser, Industrial Accident Board of the Commonwealth.

This meeting from the standpoint of public health will probably be the most important ever held by the association. It is expected that it will bring together those interested in preventive medicine from all parts of the United States, Mexico, Canada and Cuba.

COLUMBIA UNIVERSITY HEALTH EXPERT TO STUDY CONDITIONS AT BOSTON SANATORIUM.

Mayor Nichols has announced that Dr. Haven Emerson, Professor of Public Health and Preventive Medicine of Columbia University, New York, would begin at once a study of the Boston Sanatorium and its activities. Doctor Emerson's survey will be made under the direction of Dr. Francis X. Mahoney, Health Commissioner, and now chairman of the Board of Trustees of the Boston Sanatorium.

Doctor Emerson was formerly health commissioner of the city of New York, and he has a national reputation in preventive medicine. He has made surveys for Memphis, Buffalo, Cleveland, Louisville and San Francisco.

The selection of Doctor Emerson is approved both by Doctor Horwood and by Dr. John F. O'Brien, formerly chairman of the Boston Sanatorium Trustees. It was Doctor Horwood's survey and report that brought the affairs of the Sanatorium Trustees to a crisis. The Horwood report was subjected to a long answer from the members of the Board of Trustees. Thereafter Doctor O'Brien resigned from the Board, and Doctor Mahoney, Health Commissioner, was elected in his place.

EXTRA WORK UNDER CONTRACT.

V. Barletta has been directed to perform the following extra work under contract for laying and relaying water pipes in Pershing road, Stinson road, Summit road, West Roxbury; Ruffing street, Hyde Park; Ormond street and Westmore road, Dorchester.

Items ordered: Removing defective post hydrant branch, plugging old service tap, hauling shanty, setting meter boxes on old pipe line, and assisting on finish sleeve connection. Estimated cost of extra work, \$100.

Felley, 1½ days, \$8.41; J. Slattery, ¾ day, \$2.81; J. Williamson, 1½ day, \$4.69; G. Waters, 2½ days, \$12.50; P. Coleman, ¾ day, \$1.41; A. Rolfe, \$1.97; J. Fenton, 1½ days, \$5.63.

Total, \$518.53.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendation of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon September 10 the Mayor approved a contract with Karl Andren Company for the sale of two electric generators for \$160, formerly used as an auxiliary source of supply for the Fire Alarm System. These generators were

of no further use to the department. Bids were as follows:

Karl Andren Company, \$160; Joseph Myerson, \$130; Atlantic Belting and Machinery Company, \$120.

PARK DEPARTMENT.

Upon September 10 the Mayor approved a contract with J. C. Coleman & Sons Company for development of new section on Beech avenue, Fairview Cemetery, Hyde Park. Bids, opened Thursday, September 2, were as follows: J. C. Coleman & Sons Company, \$3,775.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Upon September 10 the Mayor approved a contract with the Rendle Corporation for repairing Warren Bridge, over the Charles river. Bids, opened August 31, were as follows:

The Rendle Corporation, \$21,025; C. & R. Construction Company, \$22,160; W. H. Ellis & Son Company, \$22,768; Buck-MacDonald Company, \$24,593; Miller Construction Company, \$27,890; V. Grande, \$29,095.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon September 15 the Mayor approved a contract with Zoppo & Civiterese for sewerage works in Montview street, West Roxbury. Bids, opened September 10, were as follows:

Zoppo & Civiterese, \$1,152.50; M. Guarino, \$1,200.50; M. DeMatteo, \$1,270.50; James J. Conway, \$1,280.50; C. Russo, \$1,280.50; Joseph Capone, \$1,495.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon September 10 the Mayor approved a contract with Joseph Capone for laying and relaying water pipes in Carleton street, city proper; Crescent street, Charlestown; Sunset street, Roxbury; Mt. Bowdoin terrace and Claymont terrace, Dorchester. Bids, opened September 7, were as follows:

Joseph Capone, \$1,746.25; M. DeSisto Company, \$2,226.25; J. Williams & Co., \$2,501.25.

Upon September 15 the Mayor approved a contract with V. Barletta for laying and relaying water pipes in Charles River Reservation, between North Harvard street and Western avenue, Brighton. Bids, opened September 8, were as follows:

V. Barletta, \$11,575; M. DeSisto Company, \$11,870.50; C. Russo, \$12,155; J. Williams & Co., \$12,747.50; T. J. O'Connell, \$13,070.

SCHOOLHOUSE DEPARTMENT.

Upon September 10 the Mayor approved a contract with Phandor Company for erecting and completing addition to the Alexander Hamilton School. Bids, opened September 9, were as follows:

Phandor Company, \$42,100; P. J. Cantwell, \$43,900; A. Piotti Company, \$45,300; Joseph Rugo, \$48,700; J. P. Foley & Sons, \$49,000; John B. Dolan, \$49,870; M. S. Kelliher Company, \$51,300; Rose-Willis Construction Company, \$52,000; John Bowen Company, \$53,000; Paul Caputo, \$78,150.

*Duplicate bid in auditor's office incomplete.

Upon September 10 the Mayor approved a contract with the Maplewood Construction Company for laying granolithic sidewalks at the Donald McKay School. Bids, opened August 26, were as follows:

Maplewood Construction Company, \$2,494; A. DeStefano & Son, \$2,582.40; B. F. Hanrahan, \$2,954; M. Solimando, \$2,965; John McCourt Company, \$3,064; S. J. Tomasello, \$3,190; James F. Kennedy Construction Company, \$3,598; Fontecchio & Co., \$4,649.50; T. J. O'Connell, \$4,700.

Upon September 15 the Mayor approved a contract with P. J. Cantwell for sewing room, etc., in the Winthrop Street School. Bids, opened on August 23, were as follows:

R. J. Connolly, \$1,035; P. J. Cantwell, \$2,237; George C. Irwin Company, \$2,285; M. S. Kelliher Company, \$2,333; McLean Company, \$2,411.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

PARK DEPARTMENT.

Upon August 30 the Mayor approved a contract with the Edison Company for furnishing and installing underground conduits, cables, manholes along the new motor road, Circuit drive, Franklin Park. A communication from W. P. Long of the Park Department was as follows:

BOSTON, August 21, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully asks your authority to award a contract, without advertising, to the Edison Electric Illuminating Company for furnishing and installing underground conduits, cables, manholes and handholes to supply electric service to proposed arc lights along the new motor road on the Circuit drive, Franklin Park, between Blue Hill avenue at Columbia road and Forest Hills street.

The contract price shall be based on charging the city for relocating of the old duct line, also for the installation of a new duct line and for the overhead construction for the removal of existing lamps and labor, replacing them with new lamps. The balance of the overhead construction and all underground lateral connections to new lamps shall be paid for by the Edison Electric Illuminating Company.

The cost of the work to be paid for by the city will be figured on the basis of the cost of same to the Edison Company plus ten (10) per cent for conduit and cable construction, and plus fifteen (15) per cent for overhead construction. The estimated cost of this work to the city is \$11,486.58, and the estimated cost to be paid for by the Edison Electric Illuminating Company is \$6,476.47.

The reason for requesting that this contract be awarded to the Edison Company is that under this contract it has agreed to pay approximately \$6,476.47 of the cost of the entire work which will put in operation additional arc lamps which the Lighting Department will pay the Edison Company the regular yearly lighting charge.

Very respectfully yours,

W. P. LONG,
Deputy Commissioner and Acting
Secretary.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon August 27 the Mayor approved a contract with James Stewart & Co., Inc., for the construction of artificial sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

BOSTON, August 23, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to James Stewart & Co., Inc., 462 Atlantic avenue, Boston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

Upon September 15, the Mayor approved a contract with Donato Antonellis for the construction of artificial sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

BOSTON, September 10, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Donato Antonellis, 39 Union street, Brighton, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon September 1 the Mayor approved a contract with McKinney Brothers for the furnishing of four draft horses to the Sanitary Service of the Public Works Department. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, August 30, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to McKinney Brothers to furnish the following to the Sanitary Service, 650 Albany street: Four draft horses, at \$350 each, delivered.

These horses were personally selected by Doctor Cronin, veterinarian of the Public Works Department, who has certified to this department that the horses were in good condition and suitable for use in the Sanitary Service.

Several sales stables were canvassed and above horses at price quoted were the best obtainable.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon September 7 the Mayor approved a contract with the Linscott Motor Company for delivering to the Albany Street

Garage, Paving Service, one Reo sedan. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, September 1, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is requested to award a contract, without publicly advertising for same, to the Linscott Motor Company to deliver to the Albany Street Garage, Paving Service, Public Works Department, the following:

One five-passenger Reo sedan, with full factory equipment, \$2,010; less allowance on one 1923 Buick touring car, \$300; net amount of contract, \$1,710.

As this concern is the manufacturer, no advantage would be gained by publicly advertising.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Varick road, bounded:

Southwesterly by Cheswick street, ten feet; northwesterly by another part of Varick road, four hundred and ten feet; northeasterly by the same, ten feet; and southeasterly by the same, four hundred and ten feet; containing forty-one hundred square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Cheswick street, bounded:

Northeasterly by Varick road, ten feet; southeasterly by another part of Cheswick street, eleven feet; southwesterly by the same, ten feet; and northwesterly by the same, eleven feet; containing one hundred and ten square feet, more or less.

The sewerage works to be constructed are as follows: 420 linear feet of 10-inch pipe sanitary sewer and 260 linear feet of 20-inch and 160 linear feet of 10-inch pipe surface drain, in the above described premises, being part of the private way known as Varick road, leading northeasterly from Cheswick street for a distance of about 410 feet, and part of the private way known as Cheswick street, adjoining Varick road.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and con-

struction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Varick road, between Temple street and Cheswick street, excluding the lots at the westerly and southerly corners of Varick road and Temple street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 694, Sewerage Works, Varick Road, West Roxbury, August 7, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of
the Board of Street Commissioners for
the taking of land for a public improve-
ment consisting of the laying out and
construction of Dennison street, Roxbury
district, as a highway, northwesterly from
Walnut avenue, bounded and described
as follows:

A highway named Dennison street is
hereby laid out, northwesterly from Wal-
nut avenue for a distance of about six
hundred seventeen feet, and ordered con-
structed.

For the making of the aforesaid im-
provement an easement for street pur-
poses is taken in the following described
lands, exclusive of trees or structures
standing upon or affixed thereto:

A part of a parcel of land, situated
at the westerly corner of Walnut avenue
and Dennison street, supposed to belong
to Charles Metcalf, bounded and de-
scribed as follows:

Southeasterly by Walnut avenue,
eleven and 33-100 feet; westerly by other
land supposed to belong to said Met-
calf, fourteen and 6-100 feet on a curve
of six and 94-100 feet radius; and north-
easterly by Dennison street, eleven and
13-100 feet; containing twenty-eight
square feet, more or less.

A part of a parcel of land situated on
the southwest side of Dennison
street, supposed to belong to Charles
Metcalf, bounded and described as fol-
lows:

Northeasterly by Dennison street, by
two measurements, thirty-six and 45-100
feet and nine and 55-100 feet; south-
westerly by other land supposed to belong
to said Metcalf, by two measure-
ments, twenty-three and 64-100 feet on
a curve of fifty-five feet radius and
twenty-three and 64-100 feet on a curve
of fifty-five feet radius; and northwest-
erly by Dennison street, thirteen and
8-100 feet; containing two hundred and
sixty-six square feet, more or less.

The land, owners unknown, being the
private way known as Dennison street,
leading northwesterly from Walnut ave-
nue for a distance of about six hundred
and seventeen feet.

Said highway as hereby laid out is
bounded and described as follows:

Southeasterly by Walnut avenue,
forty-five and 11-100 feet; westerly by
the westerly line of said Dennison street
as hereby laid out, fourteen and 6-100
feet on a curve of six and 94-100 feet
radius; southwest by the southwest-
erly line of said Dennison street as here-
by laid out, by nine measurements,
seventy-eight and 77-100 feet, twenty-
three and 64-100 feet on a curve of fifty-
five feet radius, twenty-three and 64-100
feet on a curve of fifty-five feet radius,
twenty-seven and 84-100 feet, seventy-
five and 88-100 feet on a curve of one
hundred seventy-three and 63-100 feet
radius, nineteen and 40-100 feet, one hun-
dred ninety-three and 15-100 feet on a
curve of two hundred fifty-seven and

23-100 feet radius, one hundred seventy-
four and 50-100 feet on a curve of one
hundred and sixty-three and 19-100 feet
radius, and seventeen and 27-100 feet;
northerly by the northerly line of said
Dennison street as hereby laid out, forty
and 25-100 feet; and northeasterly by the
northeasterly line of said Dennison street
as hereby laid out, by six measurements,
twelve and 75-100 feet, one hundred
thirty-one and 73-100 feet on a curve of
one hundred twenty-three and 19-100
feet radius, one hundred sixty-three and
14-100 feet on a curve of two hundred
seventeen and 23-100 feet radius, forty-
five and 41-100 feet, sixty-three and
84-100 feet and one hundred eighty-three
and 20-100 feet.

Trees or structures standing upon or
affixed to the aforesaid described land
shall be removed therefrom within sixty
days following a notice of the city's
intention to enter upon said land for the
purpose of constructing said improve-
ment.

Betterments are to be assessed for the
making of the aforesaid improvement.

Ordered, That this Board estimates
that the lots of abutting land on the
northerly, northeasterly and southwest-
erly sides of Dennison street, will receive
benefit or advantage, beyond the general
advantage to all real estate in said city,
from the improvement herein ordered,
each of said lots to the amount herein-
after respectively set against it; said lots
and the supposed owners thereof being
shown on a plan marked "City of Boston,
Dennison Street, Roxbury, Assessment
Plan, June 28, 1926, William J. Sullivan,
Chief Engineer, Street Laying-Out De-
partment," and on file in the office of
said department.

Voted, That this Board determines
that the undermentioned person sustains
damages in his estate by the making of
the public improvement, consisting of
the laying out and construction of Den-
nison street, Roxbury district, as a high-
way, northwesterly from Walnut avenue
for a distance of about 617 feet, under
the order of the Board, in the amount
hereinafter mentioned, and awards said
amount therefor.

Charles Metcalf, 266 square feet, 28 square feet.....	\$117 60

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Floyd street, Dorchester district, as a highway, from Lucerne street to Callender street, bounded and described as follows:

An extension of the highway named Floyd street is hereby laid out, from Lucerne street to Callender street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A part of a parcel of land, supposed to belong to Alice Goldman, situated at the northeasterly corner of Floyd street and Callender street, bounded and described as follows:

Southerly by Callender street, fifty-eight and 48-100 feet; westerly by Floyd street, seventeen and 20-100 feet; and northerly by other land supposed to belong to said Goldman, by two measurements, eighteen and 73-100 feet on a curve of eighteen hundred seventy-seven and 76-100 feet radius and thirty-seven and 33-100 feet on a curve of eighty-three and 89-100 feet radius; containing three hundred and fifty square feet, more or less.

The land, owners unknown, being the private way known as Floyd street, running from Lucerne street to Callender street.

Trees or structures standing upon or affixed to the foressaid described lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said extension of said highway is bounded:

Northwesterly by Lucerne street, forty feet; northerly by the northerly line of said extension of said Floyd street as hereby laid out, by four measurements, three hundred thirty-eight and 92-100 feet on a curve of sixteen hundred forty-three and 49-100 feet radius, fifty and 25-100 feet, four hundred twenty-five and 74-100 feet on a curve of eighteen hundred seventy-seven and 76-100 feet radius and thirty-seven and 33-100 feet on a curve of eighty-three and 89-100 feet radius; southerly by Callender street, one hundred sixty-nine and 12-100 feet; westerly by the westerly line of said extension of said Floyd street as hereby laid out, thirty-nine and 49-100 feet on a curve of fifteen feet radius; and southerly by the southerly line of said extension of said Floyd street as hereby laid out, by three measurements, three hundred twelve and 71-100 feet on a curve of nineteen hundred seventeen and 76-100 feet radius, fifty and 25-100 feet and three hundred forty-seven and 90-100 feet on a curve of sixteen hundred eighty-three and 49-100 feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Floyd street, from Lucerne street to Callender street, as laid out under this order, will receive benefit or

advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Floyd Street, Dorchester, Assessment Plan, August 13, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 951.

The Superintendent of Police is hereby directed to make the following details for duty at the State Primary, to be held in this city on Tuesday, September 14, 1926.

1. Three patrolmen for duty in the office of the Board of Election Commissioners, City Hall Annex, on arrival of ballots for State Primary at about 11.30 o'clock a. m., Monday, September 13, 1926, such detail to continue until all ballots cast at the Primary have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks, from 3 o'clock a. m., Tuesday, September 14, until relieved and a patrolman, from 4 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primary Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle, with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED, FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 14, 1926.

Wards 1 to 7, both inclusive, 4 a. m.
Wards 8 to 10, both inclusive, 3.30 a. m.
Ward 11, 3 a. m.
Ward 12, 3.45 a. m.
Wards 13 to 17, both inclusive, 3.30 a. m.
Ward 18, 2.45 a. m.
Wards 19 and 20, 3.20 a. m.
Ward 21, 3.25 a. m.
Ward 22, 3.30 a. m.

5. For proper co-ordination and delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time, as per schedule.

6. One patrolman to report at each of the three hundred and thirty-nine precincts, as hereinafter set forth, on Tuesday, September 14, 1926, to receive ballot boxes, ballots, etc., from sergeants detailed on motor trucks.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS.

Wards 1 and 2, 4.30 a. m.
Wards 3 to 7, both inclusive, 4.45 a. m.

 Ward 22, Precincts 10 to 12, both inclusive, 4.40 a. m.
 Ward 22, Precincts 13 and 14, 5 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the

division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of September 14, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of September 14, with ballot boxes, ballots, etc., as hereinbefore stated. This card, when returned by such employee to the office of the Election Commissioners, will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the ballots, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the

descriptive voting list, which must be returned to the warden at the close of the polls.

14. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

15. At 4 p. m., Tuesday, September 14, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots, and check lists, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers, and the same returned to the Election Commissioners, as described in section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant, who will report on motor vehicle, will keep it about his person until the delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots, and the envelope sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all

the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party envelopes), shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, press return and stamps for marking defective ballots to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return or record book to be placed in the leatheroid box.

21. While the polls remain open, an officer of rank will visit the polling places in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the State Primary on Tuesday, September 14, shall open at 6 o'clock a. m., and close at 4 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on State Primary Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Primary . . . Days."

24. To bring more forcibly to the attention of officers detailed for duty on State Primary Day, September 14, the following notice from the Board of Election Commissioners, the subject of a superintendent's order, September 3, 1926, regarding the distribution to voters of pasters or stickers within the polling places is repeated:

BOARD OF ELECTION COMMISSIONERS,
CITY HALL, ANNEX, COURT SQUARE.
BOSTON, September 9, 1926.

To the Warden.

The paster or sticker to be used by the voter on the official ballot may be distributed within the polling place to the voter, in such a manner as not to interfere with the voter on his way to vote, or to make any undue noise or confusion in such distribution.

These instructions take the place of any formerly given by the Board.

The warden will see that they are properly enforced.

BOARD OF ELECTION COMMISSIONERS.

25. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

(NOTE.—Refreshments consisting of coffee and sandwiches will be provided by the Board of Election Commissioners at its office for the officers detailed to report at that place on the morning of September 14.)

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 952.

The following promotions and assignments are hereby ordered, to take effect Monday, September 13, 1926, at 7.45 o'clock a. m.:

TO THE GRADE OF CAPTAIN.

Lieutenant Archibald F. Campbell, Division 3, assigned to Division 7.

TO THE GRADE OF LIEUTENANT.

Sergeant John T. O'Dea, Division 20, assigned to Division 21.

Sergeant John J. Coughlan, Division 12, assigned to Division 3.

Sergeant William P. Gaffney, Division 21, assigned to Division 20.

Sergeant Harry T. Grace, Division 20, assigned to Division 14.

Sergeant George A. Mahoney, Division 7, assigned to Division 6.

TO THE GRADE OF SERGEANT.

Patrolman John P. Farrell, superintendent's office, assigned to superintendent's office.

Patrolman Charles S. Gordon, Division 9, assigned to Division 6.

Patrolman Arthur D. Timmins, Division 1, assigned to Division 5.

Patrolman William Hartigan, Division 4, assigned to Division 14.

Patrolman Adien F. Edwards, Division 16, assigned to Division 9.

Patrolman Bernard J. Graham, Division 3, assigned to Division 12.

Patrolman Carleton B. Perry, Division 8, assigned to Division 2.

Patrolman Manuel J. Suzan, Division 20, assigned to Division 20.

Patrolman George D. Kennedy, superintendent's office, assigned to superintendent's office.

Patrolman Thomas E. McMurray, Division 2, assigned to Division 4.

Patrolman John J. McArdle, Division 20, assigned to Division 21.

Patrolman Martin J. Shannon, Division 4, assigned to Division 7.

Patrolman William J. Riordan, Division 1, assigned to Division 20.

Patrolman John P. McNealy, Division 11, assigned to Division 15.

Patrolman Melvin A. Patterson, Division 1, assigned to Division 2.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 953.

The following transfers are hereby ordered, to take effect Monday, September 13, 1926, at 7.45 o'clock a. m.

Lieutenant Jeremiah N. Mosher, from Division 2 to Division 16.

Lieutenant Michael Healy, from Division 6 to Division 1.

Lieutenant Martin H. King, from Division 7 to Division 2.

Lieutenant Joseph McKinnon, from Division 16 to Division 7.

Sergeant Walter Brown, from Division 2 to Division 14.

Sergeant Michael Sullivan, from Division 2 to Division 6.

Sergeant Frank McNabb, from Division 3 to Division 16.

Sergeant Edward W. Fallon, from Division 4 to Division 21.

Sergeant Stephen K. Higgins, from Division 5 to Division 15.

Sergeant Edmund R. Inglis, from Division 14 to Division 7.

Sergeant Patrick J. McAuliffe, from Division 15 to Division 2.

Sergeant Jeremiah S. Healey, from Division 15 to Division 12.

Sergeant Patrick J. Morrissey, from Division 16 to Division 3.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

CONSTRUCTION WORK.

The Mayor, upon request of the Public Works Department, has approved the following construction work:

A sanitary sewer of 10-inch earthen pipe in Danube street, between 320 feet northeast of Dewey street and a point 215 feet southwesterly, in the Dorchester district, at an estimated cost of \$2,150.

A surface drain of 10-inch earthen pipe and three catch-basins in Regina road, between Washington street and Alpha road, in the Dorchester district, at an estimated cost of \$4,700.

A sanitary sewer of 10-inch earthen pipe and two catch-basins in Sunset street, between a point about 65 feet southwest of Eldora street and a point 140 feet southwesterly, in the Roxbury district, at an estimated cost of \$2,385.

A sanitary sewer of 10-inch earthen pipe in St. Joseph street, between Woodman street and a point 190 feet easterly, in the West Roxbury district, at an estimated cost of \$1,365.

A sanitary sewer and surface drain of 10-inch earthen pipe in Dickinson road, between Washington street and a point 420 feet southerly, in the Brighton district, at an estimated cost of \$2,900.

A sanitary sewer of 10-inch earthen pipe in Mt. Bowdoin terrace, between a point 290 feet southeast of Eldon street and a point 200 feet southeasterly, in the Dorchester district, at an estimated cost of \$1,600.

A sanitary sewer of 10-inch earthen pipe in Ruskin road, between Lake street and a point 310 feet northwesterly, in the Hyde Park district, at an estimated cost of \$3,100.

A sanitary sewer of 10-inch earthen pipe in Messenger street, between Colorado street and a point 165 feet northwesterly, in the Dorchester district, at an estimated cost of \$2,000.

A sanitary sewer of 10-inch earthen pipe in Tyler street, between Loring street and a point 95 feet southeasterly, in the Hyde Park district, at an estimated cost of \$760.

A sanitary sewer of 10-inch earthen pipe in Colorado street, between a point about 47 feet southwest of Messenger street and a point 275 feet southwesterly, in the Dorchester district, at an estimated cost of \$3,300.

A sanitary sewer of 12-inch earthen pipe in Fuller street, between Washington street and a point 1,038 feet westerly, in the Dorchester district, at an estimated cost of \$10,380.

MORTALITY REPORT.*

For the week ending September 11, 1926:
Population estimated, July, 1926,
United States Census estimate, 787,132
(857,731); number of deaths (stillbirths
excluded): Residents, 126; nonresidents,
37; total, 163.

Death rate per 1,000 of population: All
deaths, 10.80 (9.91); nonresidents de-
ducted, 8.35 (7.66).

Death rate per 1,000 of population:
Last week 12.45 (11.43); corresponding
week last year, 11.25.

Deaths by age periods, sex, etc.:
Under one year, 30; one year to 5 years,
inclusive, 5; sixty years and over, 55;
total deaths: Male, 81; female, 82;
deaths in hospitals and institutions, 98;
deaths of colored, 7.

* Figures in parentheses indicate estimates of Boston Statistics Department as of January 1, 1926.

LAND-TAKING IN BOSTON
PROPER.

The Mayor has approved the order
of the Board of Street Commissioners
for the taking of land for sewerage
works to be constructed as follows:

The right and easement is taken to
lay and maintain sewerage works in the
following described lands, exclusive of
any interest in trees, buildings or other
structures standing thereon, reserving to
the owners thereof the right to use the
lands for any purpose except such as
may injure or obstruct said works, and
except for placing or maintaining any
structure on said lands not authorized in
writing by the Mayor of said city; trees,
buildings or other structures standing
upon or affixed to the land in which an
easement is hereby taken are to be re-
moved therefrom within sixty days fol-
lowing a notice of the city's intention to
enter upon said taking for the purpose
of constructing said sewerage works.
Said lands are in that part of Boston
known as Boston proper, and are
bounded as follows:

A parcel of land, owners unknown,
being part of the private way known as
Cummington street, bounded:

Easterly by Cummington street, six
feet; southerly by another part of said
street, one hundred forty and 40-100
feet; westerly by the same, six feet;
and northerly by the same, one hundred
and forty feet; containing eight hun-
dred and forty-one square feet, more or
less.

The sewerage works to be constructed
are as follows: 130 linear feet of 10-
inch pipe sanitary sewer and 130 linear
feet of 12-inch pipe surface drain, in the
above described premises, being part of
the private way known as Cummington
street, leading westerly from Cummington
street for a distance of about 140
feet.

This Board determines that no person
sustains damages in his estate by the
taking of the aforesaid easement and
construction of said sewerage works and
awards no damages therefor.

Betterments are to be assessed for the
making of the aforesaid improvement.

Ordered, That this Board estimates
that the lots of abutting land on the
southerly side of Cummington street,
designated as Lots 6 and 7 on the plan
hereinafter referred to, will receive ben-
efit or advantage, beyond the general ad-
vantage to all real estate in said city,
from the improvement herein ordered,
each of said lots to the amount herein-
after respectively set against it; said
lots and the supposed owners thereof
being shown on a plan marked "City of
Boston, Plan No. 693, Sewerage Works,
Cummington Street, Boston Proper,
July 29, 1926, William J. Sullivan, Chief
Engineer, Street Laying-Out Depart-
ment," and on file in the office of said
department.

ADDITIONS TO CONTRACTS.

PARK DEPARTMENT.

John P. Curley has been ordered to
make the following changes in the con-
tract for concrete bleachers and filling
at William H. Garvey Playground,
Neponset, signed April 30, 1926.

Furnish and lay, where directed by
the engineer, additional 8-inch drain pipe
of the best quality as specified for 8-inch
drain, Item 1. For each additional foot
of 8-inch drain pipe furnished and laid,
the contract price for 8-inch drain, Item
1, of \$1.54 will be added to the contract
price.

Construct additional brick manholes
and catch-basins with 8-inch walls, where
directed by the engineer, as specified for
brick masonry, Item 2. For each addi-
tional cubic yard of brick masonry the
contract price for brick masonry, Item 2,
of \$33.40 will be added to the contract
price.

Furnish and lay additional 1-inch
water pipe, all as specified for 1-inch
water pipe, Item 3, where directed by the
engineer. For each additional foot of
1-inch water pipe the contract price for
1-inch water pipe, Item 3, of \$2.20 will be
added to the contract price.

Omit all 2-inch water pipe, Item 4,
as called for in the contract. For each
linear foot of 2-inch water pipe omitted
the contract price for 2-inch water pipe,
Item 4, of \$2 will be deducted from
the contract price.

Furnish additional filling, where
directed by the engineer, necessary to
properly subgrade the playground, as
specified for filling furnished, Item 5.
For each additional cubic yard of filling
furnished the contract price for filling
furnished, Item 5, of \$0.75 will be added
to the contract price.

Omit approximately five hundred fif-
teen (515) cubic yards of loam where
directed by the engineer. For each cubic
yard of loam omitted the contract price
for loam furnished, Item 6, of \$1.75 will
be deducted from the contract price.

Construct concrete caissons to a lesser
depth than as estimated in the contract
for concrete caissons, Item 8. For each
linear foot of concrete caisson omitted,
Item 8, of \$6.85 will be deducted from
the contract price.

Repair iron fence, granolithic sidewalk,
move hydrant; all as directed by and
satisfactory to the engineer, all as
directed by this department in accord-
ance with Article 2; to be paid for under
Article 8; the cost of labor plus 15 per
cent and the cost of materials.

Additions (1), 110 linear feet of 8-inch
drain at \$1.54, \$169.40, estimated; (2),
17.2 cubic yards of brick masonry at
\$33.40, \$574.48, estimated; (3), 143 linear
feet of 1-inch water pipe at \$2.20, \$315.60,
estimated; (5), 1,009.57 cubic yards of
filling furnished, at \$0.75, \$757.18, esti-
mated; (8) repairing fence, sidewalk,
etc., \$6.80, estimated. Total, \$2,495.66,
estimated.

Deductions (4), 200 linear feet of
2-inch water pipe at \$2.06, \$412, esti-
mated; (6), 515 cubic yards loam at
\$1.75, \$901.25, estimated; (7), 171.25
linear feet of concrete caissons at \$6.85,
\$1,173.06, estimated; total, \$2,486.31,
estimated. Total addition, \$2,495.66, es-
timated; total deduction, \$2,486.31, esti-
mated; net addition, \$9.35, estimated.
Contract price, \$20,842.20, estimated;
addition as per this order, \$9.35, esti-
mated; contract as standing, \$20,851.55,
estimated.

FIRE DEPARTMENT ORDERS.*General Order No. 60.***I. ANNUAL DRILL.**

The annual drill of the department will commence on Monday, September 13, 1926, at the Department Drill Yard, Bristol street, under the direction of Capt. Daniel W. Baker, drill master.

There will be two sessions held daily, except Sundays and holidays, one at 9 a. m. and the other at 2 p. m.

A new plan of drill is to be put into operation and every officer below the grade of district chief and every member of the department must attend six sessions.

In order that the efficiency of the department may be maintained at all times and also that members may attend while on duty, deputy chiefs will arrange to detail members as follows:

Division 1.—Morning session, one officer, six men; afternoon session, one officer, six men.

Division 2.—Morning session, one officer, three men; afternoon session, three men.

Division 3.—Morning session, four men; afternoon session, one officer, four men.

So that the details may be arranged as systematically as possible, officers and members detailed to commence on Monday, September 13, will be selected from those returning from a day off, to be known as Squad 1. Then another group of men will be detailed on Thursday, also returning from a day off, to be known as Squad 2, so that the schedule will work out as follows:

First Week.—Squad 1, Monday, Tuesday, Wednesday; Squad 2, Thursday, Friday, Saturday.

Second Week.—Squad 1, Monday, Tuesday, Saturday; Squad 2, Wednesday, Thursday, Friday.

Commencing the third week another group of men will be selected and divided into squads as above, and so on until the drill is completed. It should be understood that members attend only one session daily, one group of men in the morning and another in the afternoon, so that in reality two groups of men comprise each squad, and deputy chiefs will forward a list of those who are to attend the first two weeks so as to reach department headquarters not later than Monday, September 13, and thereafter they will forward lists a few days prior to the date a new group of men are to attend the drill.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

*General Order No. 61.***I. CONTRIBUTION.**

The Fire Commissioner is in receipt of a check for \$50 from the National Remedy Company, tendered as a donation to the Charitable Association of the Boston Fire Department in appreciation of the services performed by members of this department at the fire on the premises No. 69 Broad street on August 20, 1926. The check was accompanied by the following letter:

NATIONAL REMEDY COMPANY,
69 BROAD STREET.
BOSTON, September 2, 1926.

MR. EUGENE C. HULTMAN, *Fire Commissioner*, Boston.

DEAR SIR.—We inclose herewith check for \$50, payable to the Firemen's Charitable Association, and beg its acceptance as a further expression of our great appreciation of the splendid work done by the firemen at our premises on the 20th instant. Since looking over the premises our wonder has been greatly increased that the fire was stopped before destroying our property on the upper floor of the building.

Very truly yours,

NATIONAL REMEDY COMPANY,
F. E. POWERS,
Treasurer.

The check has been turned over to the Charitable Association of the Boston Fire Department.

II. EXAMINATIONS FOR PROMOTION.

The Fire Commissioner is in receipt of a communication from the Commissioner of Civil Service in which it is stated that the commissioners have voted . . . "that in examinations for promotion to lieutenant a prerequisite of six years of service be required, with a minimum age limit of thirty, and a maximum credit for not over eight years.

"It was also voted in examinations for promotion to captain, district chief and deputy chief to require a prerequisite of one year in the next lower grade, with no maximum credit.

"In regard to the physical examination it was voted to require a physical examination and strength test. The commissioners, however, do not feel that they should incorporate the strength test as part of the examination. They will, however, examine the men and will send you with each certification a report of the results of the examination of each individual."

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Duxbury road, bounded:

Southerly by Riverdale road, six and 38-100 feet; westerly by another part of Duxbury road, three hundred twenty-five and 22-100 feet; northerly by the same, six feet; and easterly by the same, three hundred twenty-three and 5-100 feet; containing nineteen hundred and forty-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Riverdale road, bounded:

Northerly by Duxbury road, six and 38-100 feet; easterly by another part of Riverdale road, twenty-one and 27-100 feet; southerly by the same, six and 38-100 feet; and westerly by the same, twenty-one and 27-100 feet; containing one hundred twenty-seven square feet, more or less.

The sewerage works to be constructed are as follows: 340 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Duxbury road, leading northerly from Riverdale road for a distance of about 325 feet, and part of the private way known as Riverdale road, adjoining Duxbury road.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Duxbury road, between River street and Riverdale road, excluding the lots at the southeasterly and southwesterly corners of River street and Duxbury road, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against them; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 697, Sewerage Works, Duxbury Road, Dorchester, August 14, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

12. Catherine A. White.....	100 00
13. Catherine A. White.....	100 00
Total.....	\$1,100 00

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement and construction of sewerage works in Duxbury road, Dorchester district, under the order of the Board, and awards no damages therefor.

SITUATION OF BOSTON.

Latitude, North, 42° 21 minutes 29.596 seconds, Longitude, West, 71° 3 minutes 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Pender street, bounded:

Northeasterly by La Grange street, ten feet; southeasterly by another part of Pender street, three hundred forty-two and 45-100 feet; southwesterly by easement taken by the City of Boston for sewerage purposes January 14, 1915, ten feet; and northwesterly by another part of Pender street, three hundred forty-two and 52-100 feet; containing thirty-four hundred and twenty-five square feet, more or less.

A parcel of land, supposed to belong to Frank Holland, bounded:

Southwesterly by Dent street, ten feet; northwesterly by other land supposed to belong to said Holland, one hundred and 6-100 feet; northeasterly by easement taken by the City of Boston for sewerage purposes January 14, 1915, ten feet; and southeasterly by other land supposed to belong to said Holland, ninety-nine and 94-100 feet; containing one thousand square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Dent street, bounded:

Northeasterly by land hereinbefore described as taken from Frank Holland, ten feet; southeasterly by another part of Dent street, seventeen feet; southwesterly by easement taken by the City of Boston for sewerage purposes August 23, 1898, ten feet; and northwesterly by another part of Dent street, seventeen feet; containing one hundred and seventy square feet, more or less.

The sewerage works to be constructed are as follows: 357 linear feet of 10-inch pipe sanitary sewer and 346 linear feet of 10-inch pipe surface drain, in the above described premises, being part of the private way known as Pender street, leading southwesterly from La Grange street for a distance of about 342 feet, private land on Dent street and part of the private way known as Dent street.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Pender street, leading south-

westerly from La Grange street for a distance of about 342 feet, excluding the lots at the westerly and southerly corners of Pender street and La Grange street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 690, Sewerage Works, Pender Street, West Roxbury, July 31, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

11. Frank Holland	100 00
12. John T. and Harriet S. Hosford....	100 00
Total	\$969 80

Voted. That this Board determines that the undermentioned person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in private land between Pender street and Dent street, West Roxbury district, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor.

Frank Holland, 1,000 square feet..... \$100 00

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Brookline Electric Company, 38 Brainerd road, Allston, in the sum of \$1.95, as refund on thirteen refuse tickets.

Stella Dinsmore, administratrix, Wal-doboro, Me., in the sum of \$1.65, as refund on eleven refuse tickets.

David Bluett, 62 Allen street, Boston, in the sum of \$100, as compensation for personal injuries sustained December 14, 1925, and caused by hole in sidewalk opposite 58 Cabot street, Roxbury.

George H. Schwartz, M. D., 43 Princeton street, East Boston, in the sum of \$25, as compensation for damage to automobile and personal injuries sustained October 30, 1924, while crossing East Boston Ferry.

Mary B. Stewart, 81 Audubon road, Boston, in the sum of \$125, as compensation for personal injuries caused by defect in sidewalk at 28 and 30 St. Stephen street, May 6, 1926.

New England Home for Little Wanderers, 161 South Huntington avenue, Boston, in the sum of \$30, as compensation for damage to iron gate caused by ash truck of the City of Boston, March 26, 1926.

Myer Freeman, 41 Middlesex street, Boston, in the sum of \$175, as compensation for personal injuries caused by defect in sidewalk at 261 Athens street, March 3, 1926.

Florence A. Reed, 214 Riverway, Boston, in the sum of \$100, as compensation for personal injuries caused by

defect in sidewalk in front of 94 Pilgrim road, Boston, April 27, 1926.

POLICE DEPARTMENT ORDERS.

General Order No. 954.

The department is hereby informed that the annual street parade, dress parade and review of the Boston Police Regiment will take place on Tuesday, October 12, 1926.

Division commanders are notified at this time so that they will have opportunity to prepare and see that the uniforms of all officers are in proper condition to wear on the day of the parade.

Officers of rank needing new service stripes or gold trimmings will apply for the same at once, and not wait until two or three days before the parade.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 82.

I. DISCHARGES.

At the request of David M. Cleary a hearing was held before the Fire Commissioner on Tuesday, September 14, 1926, on his discharge from the department on September 4, 1926.

David M. Cleary pleaded "not guilty" to both charges as published in General Order No. 59, c. s. He has been found "guilty" of both charges and his discharge is hereby affirmed, remaining in full force and effect.

The resignation of Coleman N. Flaherty of Engine Company 47 is hereby accepted, while charges were pending against him, to take effect at 8 a. m. September 15, 1926, Rules 305 and 307 having been waived by the Fire Commissioner.

Hoseman Peter E. Killackey has been discharged from this department for physical disability, not incurred in the line of duty, to take effect at 8 a. m. Thursday, September 16, 1926.

II. BOSTON FIREMEN'S RELIEF FUND.

The following report has been received from the Committee of the Boston Firemen's Relief Fund selected to count ballots in connection with the annual election, September 13, 1926:

Ballots issued, 1,706.

Ballots returned, 1,250.

The committee checked and counted ballots with the following result:

Lieut. David F. Sheehan,* Engine Company 21, 862 votes.

Daniel T. McInnes,* Engine Company 4, 834 votes.

Henry J. McNealy,* Engine Company 23, 811 votes.

David J. Murray,* Ladder Company 9, 803 votes.

Coleman C. Curran, Fire Prevention, 333 votes.

Capt. Samuel A. McDonnell,* Protective Department, 58 votes.

The other ballots of small and scattered vote counted and recorded, but not of sufficient importance to publish in this report.

Signed by the Ballot Committee.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

* Elected.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Hopkins road, bounded:

Northerly by Pond street, six and 33-100 feet; easterly by another part of Hopkins road, one hundred forty-six and 74-100 feet; southeasterly by the same, four hundred fifty-five and 2-100 feet; southerly by the same, sixty-seven and 72-100 feet; southwesterly by the same, one hundred fifty-five and 50-100 feet; northwesterly by Mt. Walley avenue, six and 7-100 feet; northeasterly by another part of Hopkins road, one hundred fifty-three and 88-100 feet; northerly by the same, sixty-three and 14-100 feet; northwesterly by the same, four hundred fifty and 54-100 feet; and westerly by the same, one hundred forty-two and 34-100 feet; containing forty-nine hundred and five square feet, more or less.

The sewerage works to be constructed are as follows: 830 linear feet of 10-inch pipe sanitary sewer in the above described premises, being part of the private way known as Hopkins road, from Pond street to Mt. Walley avenue.

Betterments are to be assessed for the making of the aforesaid improvement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board estimates that the lots of abutting land on both sides of Hopkins road, between Pond street and Mt. Walley avenue, excluding the lots at the southwesterly and southeasterly corners of Hopkins road and Pond street, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 692, Sewerage Works, Hopkins Road, West Roxbury, August 5, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CONTRACTS AMENDED.

R. J. Connolly has been allowed to amend the contract for the moving of seven portables at various schools by striking out the words and figures, "September 8, 1926," on page 12, section 3, and substituting therefor the words and figures, "October 1, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about August 26, 1926, and is to be completed on or before October 1, 1926."

P. J. Cantwell has been allowed to amend the contract for carpentry work in the Quincy School, Tyler street, Boston, by striking out the word and figures, "August 1, 1926," on page 1 of specifications, and substituting therefor the word and figures, "August 31, 1926," so that paragraph shall read: "The work is to be started immediately, and is to be completed on or before August 31, 1926."

R. J. Connolly has been allowed to amend the contract for the moving of eight portables at various schools by striking out the word and figures, "September 8, 1926," on page 12, section 3, and substituting therefor the word and figures, "October 1, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about August 3, 1926, and is to be completed on or before October 1, 1926."

Michael Solimando has been allowed to amend the contract for building granite steps and iron fence at the Grover Cleveland School, Mather District, by striking out the word and figures, "August 1, 1926," on page 12, section 3, and substituting therefor the word and figures, "September 1, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or before June 30, 1926, and is to be completed on or before September 1, 1926."

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage

works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Rockdale street, bounded:

Northeasterly by easement taken by the City of Boston for sewerage purposes July 9, 1903, six and 17-100 feet; southeasterly by another part of Rockdale street, by three measurements, one hundred forty and 9-100 feet, two hundred seventy-eight and 4-100 feet and two hundred and 63-100 feet; southwesterly by easement taken by the City of Boston for sewerage purposes August 27, 1902, six feet; and northwesterly by another part of Rockdale street, by three measurements, two hundred and 63-100 feet, two hundred seventy-eight feet and one hundred thirty-eight and 53-100 feet; containing thirty-seven hundred and eight square feet, more or less.

The sewerage works to be constructed are as follows: 656 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Rockdale street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the northwesterly side of Rockdale street, beginning at a point about 390 feet southwest of Oakland street, and extending southwesterly for a distance of about 610 feet, and the lots of abutting land on the southeasterly side of Rockdale street, beginning at a point about 370 feet southwest of Oakland street, and extending southwesterly for a distance of about 705 feet, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 698, Sewerage Works, Rockdale street, Dorchester, August 13, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GASOLINE AND KEROSENE.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, gasoline and kerosene, to be delivered within the period ending March 31, 1927, according to specifications, a copy of which may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Friday, September 24, 1926, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(Sept. 18.) Superintendent of Supplies.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO GENERAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to erect and complete the Continuation School (boys' unit), Abraham Lincoln District, Warrenton street, Boston, Mass., giving bond of a surety company satisfactory to the Board therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1007, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Friday, October 1, 1926, at said office, with a certified check for \$25,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$25 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
(Sept. 18.) Commissioners.

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR REPAIRS TO FIREBOAT ENGINE 44.

The Fire Commissioner of the City of Boston invites sealed proposals for repairs to Fireboat Engine 44, Northern avenue. A bond of a surety company will be required in the sum of 35 per cent of the proposal, to secure the full performance of the contract and the full protection of the city. Forms of proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Fireboat Engine 44," and left at office of the Fire Commissioner before 12 m., Thursday, September 23, 1926, with a certified check for \$1,000, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids. If the price of any item appears to the commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

EUGENE C. HULTMAN,
Fire Commissioner.
Boston, September 15, 1926. (Sept. 18.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR STEEL LOCKERS.

The Supply Department of the City of Boston invites bids for furnishing 190 steel lockers as per specifications, to the Boston City Hospital. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Friday, October 1, 1926, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(Sept. 18.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LIGHT AND HEAVY FUEL OIL.

The Supply Department of the City of Boston invites proposals for furnishing light and heavy fuel oil to the various city departments. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Monday, September 27, 1926. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Sept. 18.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MILK.

The Supply Department of the City of Boston invites proposals for furnishing milk to the

Boston City Hospital,
Boston Sanatorium,
Institutions Department, Infirmary Division,

as per specifications, as required from October 1, 1926, to March 31, 1927, inclusive. Blank proposals may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., Tuesday, September 28, 1926, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(Sept. 18.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN FOSTER STREET, FROM WATER STREET TO LORING STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Foster street, from Water street to Loring Street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eleven hundred (1,100) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Foster Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, September 30, 1926, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 18.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

TO FURNITURE CONTRACTORS.

The Superintendent of Public Buildings of the City of Boston invites sealed proposals to furnish and install stationary furniture in courthouse, Brighton, Mass., giving bond of a surety company satisfactory to the Superintendent of Public Buildings therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Superintendent of Public Buildings, 802 City Hall Annex, signed by the bidder, and left before 12 o'clock m. of Tuesday, September 21, 1926, at said office, with a certified check for \$300 on a Boston bank, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made out in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening of bids. The Superintendent reserves the right to reject any or all proposals.

JOHN P. ENGLERT,
Superintendent of Public Buildings.
(Sept. 18.)

SCHOOLHOUSE DEPARTMENT.

TO MANUFACTURERS OF B LABEL RECORD SAFES.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for furnishing, delivering and setting up B Label Record safes and equipment for same in the various schools, Boston, Mass., and giving bond of a surety company approved by the Commissioners therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, September 23, 1926, at said office with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of specifications, said sum to be refunded on return of specifications. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
(Sept. 18.) Commissioners.

IMMIGRANTS ARRIVED IN BOSTON AND MASSACHUSETTS, 1924.

The total number of trans-Atlantic immigrants landed in calendar year, 1924 was 5,647 or 35,263 less than in 1923, the decrease due to the Immigration Restriction Law. Of said total 2,531 or 44.82 per cent stated Massachusetts as their destination. Of these, 2,015 were Irish, 1,415 English, 909 Germans, 386 South Italians, 355 Scotch, 174 Scandinavians, 95 Hebrews, 17 North Italians, 10 Dutch, 10 Poles, 9 Russians, 8 Portuguese, 7 Finns, 237 others.

In year ending June 30, 1924 the immigrants locating in Mass. numbered 61,938.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN BEACON STREET AT BROOKLINE AVENUE, BEACON STREET AT CHARLESGATE, ROXBURY, AND MANHOLES, CATCH-BASINS AND DRAINS IN ROXBURY AND DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Beacon street at Brookline avenue, Beacon street at Charlesgate, Roxbury, and manholes, catch-basins and drains in Roxbury and Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of seven thousand (7,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Beacon Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, September 29, 1926, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 18.) *Commissioner of Public Works.*

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO HEATING CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for installing and completing a heating system in two portable school buildings, Winship School, Dighton street, Brighton, and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, September 27, 1926, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of the plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
(Sept. 18.) *Commissioners.*

STATE PUBLIC EMPLOYMENT OFFICES IN BOSTON, 1924.

At the State Public Employment Offices in Boston, the first of which was established in December, 1906, the number of applications for help recorded in year 1924 was 16,956 or 9,952 for men and 7,004 for women; number of positions reported filled, 14,566, by 8,629 men and 5,937 women, classified thus: domestic and personal service, 2,889; casual workers, 3,327; office clerks, typists, etc., 1,391; unskilled labor, 1,752; building mechanics, 1,043; machinists, etc., 537; store workers, 342; various others, 3,285. Weekly average of persons called for by employers, 326, and of placements, 280. Cost of maintenance in 1924, \$36,512, including expenses of the mercantile branch office opened in January, 1922.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Wednesday, September 29, 1926, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of October, 1926. The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay, United States No. 2 timothy light grass mixed, and United States No. 2 timothy light clover mixed. The straw to be rye straw in good condition. The grade of hay must comply with federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, 36 pounds or over, and graded under the federal standards. The hay and oats must be weighed by a sworn weigher. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$290. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bids with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

HERBERT S. FROST,
(Sept. 18.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HOSPITAL FURNITURE AND EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing hospital furniture and equipment to the Boston City Hospital, as per specifications contained in proposals, which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$400, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, October 4, 1926, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

HERBERT S. FROST,
(Sept. 18.) *Superintendent of Supplies.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR BUILDING HARRISON SUB STATION, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for building a sub-power station on Dickens street, Dorchester. The work consists of the construction of a steel-frame brick and concrete sub-power station, also a concrete platform, wire fence, granolithic walk and other appurtenances as shown on the plans. A bond of an approved surety company will be required for the faithful performance of the contract in the sum of 45 per cent of the total bid price. Proposals should be filed out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposals for Building Sub-power Station, Dorchester Rapid Transit," and delivered to the department or to its secretary before 12 o'clock noon on Tuesday, October 5, 1926, at which time and place they will be publicly opened and read. A properly certified check in the sum of five thousand (5,000) dollars, payable to the city, should accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract can be obtained at this office. A deposit of \$5 in cash or by certified check will be required for a set of plans and two sets of specifications. Mutilation of them will be sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

A. D. ADAIR,
(Sept. 18.) *Acting Secretary.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN HALBORN STREET, MERCIER AVENUE, DORCHESTER; LANE PARK, BRIGHTON, AND GOETHE STREET, GRANFIELD AVENUE AND GREENHILL AVENUE, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 2,230 feet of 8-inch water pipe in Halborn street, Mercier avenue, Dorchester; Lane Park, Brighton, and Goethe street, Granfield avenue and Greenhill avenue, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-three hundred (2,300) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Halborn Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, September 27, 1926, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 18.) *Commissioner of Public Works.*

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, September 29, 1926, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold but do not include the cost and interest thereon and costs and charges incident to this sale.

Items ordered. Relay granite block paving on old concrete base with Lum-nite joints as directed. Price to be paid per yard, \$2.70. Estimated cost of extra work, \$350.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

POLICE SERVICE (MALE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 11, 1926; BOSTON AND METROPOLITAN DISTRICT, SEPTEMBER 25 1926.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of

filing their applications and must be not less than 5 feet 8 inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute. In which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; report, 1, observation tests, 2; practical questions, 4; total, 10.

Applicants must obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in general average in order to become eligible.

Successful applicants will also be required to pass a physical examination and strength tests. Educational qualifications, 1; physical qualifications, 1; total, 2.

The practical questions will be largely based upon information contained in a manual known as the "Blue Book." This manual may be obtained from the Secretary of State, Room 118, State House, at 10 cents a copy. It is necessary that applicant obtain a copy of this manual and study it carefully.

A certificate of date of birth must be filed with the application.

ARCHITECTURAL DRAFTSMAN, BOSTON SCHOOLHOUSE DEPARTMENT, SEPTEMBER 29, 1926.

Requisition is for a male but the examination is open to both males and females.

Salary, \$1,600 per year.

The duties of this position consist of tracing plans and laying out work in the rough, under the directions of the Supervisor of Alterations and Repairs.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience in order to become eligible.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

The minimum age limit for this examination is sixteen years.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, SEPTEMBER 25, 1926.

No. 39

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 4, at 2 p. m.

Special meeting of the School Committee, 15 Beacon street, Monday, September 27, at 6.30 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables; the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin

Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

RELIEF OF TEMPEST-STRICKEN IN FLORIDA.

Mayor Nichols while at his summer home was early in touch with the Governor's office and with the Red Cross to ascertain how the city could be of service to the sufferers from the Florida hurricane, and the Mayor immediately sent telegrams of sympathy to the governor and mayor of Miami asking in what way Boston could be of service.

He also issued the following appeal: The storm-stricken sufferers of Florida are in need of immediate assistance. Our citizens, who in times of disaster have always shown the true Boston spirit, are urged to send their contributions to the Boston Metropolitan Chapter, American Red Cross, 45 Newbury street. Please make checks payable to the American Red Cross.

The Mayor asks that anyone with any information about citizens of Boston who are said to be in Florida will please communicate with the Mayor's office so that he may be able to answer inquiries and help those who are in doubt. Mayor Nichols issued a second appeal

for aid to stricken Florida upon receipt of a telegram from the acting mayor of Miami. The Mayor said:

"Advices received by me indicate that the immediate and pressing need in Florida is financial aid. Money will provide for the most pressing necessities, and therefore I again call to the attention of our citizens the importance of giving promptly as well as giving generously. I urge the people not to delay, as human lives are at stake.

"Contributions should be sent to the Boston Metropolitan Chapter, American Red Cross, 45 Newbury street, and checks should be made payable to the American Red Cross.

"The following telegram was received by me from the Acting Mayor of Miami:

"MALCOLM E. NICHOLS,
Mayor, City Hall, Boston.

Deeply appreciate your expression sympathy. Our great need is financial aid to assist destitute in rebuilding homes and buying food and clothing. Ample supply of food but citizens relief committee will appreciate financial aid as practically every home has been damaged and many have lost everything.

JAMES H. GILMAN, Acting Mayor."

PLANS COMPLETED FOR MEETING WINTER SNOWS BY AUTO TRUCK PURCHASES.

Mayor Nichols on September 7 signed an award of four contracts for the purchase of sixty 7-ton automobile trucks to be used for snow removal and general purposes of the Public Works Department.

The award was made after a most careful examination of the Board of Municipal Emergencies of the needs of the city in respect to its equipment. This Board was appointed by Mayor Nichols as a result of the serious situation in which the city found itself following the storms of last winter, and was directed to consider ways and means of dealing satisfactorily with future storm conditions. Last winter's storms cost the city alone one half million dollars, the Boston Elevated, another half million, and business interests \$3,000,000.

The report of this Board upon which the award is based is signed by the following officials consisting of Building Commissioner Louis K. Rourke, Chairman, Police Commissioner Herbert A. Wilson, Fire Commissioner Eugene C. Hultman, Health Commissioner Francis X. Mahoney, Corporation Counsel Frank S. Deland, Transit Chairman Thomas F. Sullivan and Public Works Commissioner James H. Sullivan.

The recommendation of the Board was that the order for sixty trucks be divided among four companies as follows:

(Continued on page 1595.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

EXTRA WORK UNDER CONTRACT.

A. DeStefano & Son, Inc., have been directed to perform the following extra work under contract for laying bitulithic pavement in Meridian street, East Boston, from Lexington street to Meridian Street Bridge. Items ordered: Haul and lay recut blocks, concrete base, cement grout joints as directed south of southerly end of contract. Price to be paid same as bid for similar work under contract, item 5e, *i. e.*, \$3.50 per square yard. Estimated cost of extra work, \$1,600.

V. Barletta has been directed to perform the following extra work under

contract for laying and relaying water pipes in Pitts street *et al.* Items ordered: Remove four watering posts; relocate catch-basin and house drains; replace defective 8-inch water pipes; cutting out and removing sewer timbers and sheathing, etc. Estimated cost of extra work, \$210.

Antony Cefalo has been directed to perform the following extra work under contract for laying and relaying water pipes in Bellaire road, Burnside avenue, Cerdan avenue, Glenburnie road, Peak Hill road, Ravenna road, Weld street and West Roxbury Parkway. Items ordered: Replacing hydrant gate box broken by outside trucking. Estimated cost of extra work, \$15.

PURCHASE OF AUTO TRUCKS.

(Continued from page 1593.)

	Market Price per Unit.	City Purchasing Price per Unit.
20 trucks, Mack Company.....	\$7,288 00	\$5,738 40
20 trucks, The White Company.....	6,948 00	5,898 00
10 trucks, American LaFrance Company.....	7,736 00	6,189 00
10 trucks, General Motors Company....	7,234 00	5,923 26

The average market price quoted to the trade is \$7,301 per unit.

The average purchase price is \$5,937 per unit.

The difference in favor of the city between the market price and the purchase price is a total of \$90,572.

The Board had in consultation C. E. Stewart, Consulting Engineer, and Dean A. Fales head of the Automotive Department of the Massachusetts Institute of Technology.

While the difference in price is negligible considering the total amount involved, apparently the lowest bidders are the Mack and White Companies, the Mack Company with the Mack hoist is the lowest bidder, and the White Company with the Van Dorn hoist is the lowest bidder. The other two truck companies which receive one-sixth each of the order are only slightly higher and in service and delivery offer distinct advantages to the city. The Board found that in the deliveries and service it would be a better proposition to have the four companies participate in furnishing the trucks.

At the beginning of its discussions the Board decided in favor of purchasing a so-called manufactured truck, that is, one whose engine, steering gear, transmission and clutch are actually manufactured by the company putting out the truck. To cover these requirements specifications were prepared and made broad enough to allow every builder of a manufactured truck to bid. Bids were opened August 26, and submitted by Herbert S. Frost, Superintendent of Supplies, for examination and recommendation. There were three other bidders in addition to those to whom an award has been made. These bidders were the Four Wheel Drive Auto Company, at \$5,100; Sterling Motor Truck Company of New England, at \$5,072; and the Federal Motor Truck Sales Corporation at \$5,739. The Board visited the service stations of all the bidders and examined their trucks and the facilities for rendering service. After consultation with the experts engaged, the Board determined that the four truck companies to which an award was made were the only ones that could be considered under the specifications which called for a truck whose engine, steering gear, transmission and clutch were actually manufactured by the company putting out the truck.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to rough grade in Maple street, West Roxbury, from Weld street 710 feet northwesterly, with division forces without advertising, the estimated cost for labor and material being \$500.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

J. C. Coleman & Sons Company, \$14,700; M. Solimando, \$14,876; M. Doyle & Co., \$15,425; John McCourt Company, \$16,643; C. Russo, \$23,000; S. J. Tomasello, \$24,340.

Upon September 21 the Mayor approved a contract with the Nichols-Egan Company for finish hardware for the Bennett District School. There was but one bid in the sum of \$2,290.

Upon September 21 the Mayor approved a contract with the Lyon Metallic Manufacturing Company for furnishing and setting up steel lockers in the East Boston High School. Bids, opened on September 14, were as follows:

Lyon Metallic Manufacturing Company, \$1,638.11; Durand Steel Locker Company, \$1,718.

Upon September 21 the Mayor ap-

proved a contract with the McLean Company for installing teachers' room in the Old Everett School. Bids, opened on August 31, were as follows:

McLean Company, \$1,449; P. J. Cantwell, \$1,470; Walter Curley & Son, \$1,483.

Upon September 21 the Mayor approved a contract with Walter Curley & Son for installing intermediate drawing rooms in various schools. Bids, opened on August 31, were as follows:

Walter Curley & Son, \$3,635; P. J. Cantwell, \$4,800; McLean Company, \$5,894.

SUPPLY DEPARTMENT.

Upon September 17 the Mayor approved a contract with concerns indicated below for furnishing sixty (60) heavy duty automobile trucks to the Public Works Department.

Mack Motor Truck Company, twenty Mack trucks with body and hoist, manufactured by Mack, at \$5,738.40 each; the White Company, twenty heavy duty trucks, with Van Dorn body and hoist, at \$5,898 each; Noyes Motor Truck and Coach Company, ten heavy duty trucks, with Van Dorn body and hoist, at \$5,923.26 each; American La France Fire Engine Company, ten heavy duty trucks, with Van Dorn body and hoist, at \$6,189 each.

A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, September 17, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR MAYOR NICHOLS,—I have received your communication referring to the purchase of sixty automobile trucks for the city, together with the report of the Board of Municipal Emergencies.

I feel that the city should lose no time in the purchase of this equipment so that it may be fully prepared to meet any emergency which may exist. I have given the matter of the purchase of these trucks almost constant attention for the past two months and since the opening of the bids have inspected all the service stations of the different bidders, and have examined the different trucks. I have visited many firms having these trucks in operation under heavy loads.

I am satisfied as to their ability to do the work. I am also satisfied that there was the keenest kind of competition by the different firms bidding and that the prices are very attractive to the city.

Very truly yours,

HERBERT S. FROST,
Superintendent of Supplies.

Bids, opened August 26, were as follows:

American La France Fire Engine Company, type of body and hoist, model U, $7\frac{1}{2}$ tons capacity, \$6,189 each; delivery, 6 in 35 days; 6 in 45 days; 8 in 55 days; 10 in 60 days; 12 in 70 days; 12 in 80 days; 6 in 90 days.

The Four Wheel Drive Auto Company, type of body and hoist, model FWD, \$5,100 each; delivery, 10 in 30 days, then 10 each 10 days.

Mack Motor Truck Company, body and hoist manufactured by Mack, \$5,738.40 each; Wood hydraulic, \$5,842.60

each; Van Dorn, \$6,160.20 each; Heil, \$5,942.60 each; delivery, 15 in 30 days, 45 in 60 days.

The White Company, type of body and hoist, 7-ton Van Dorn, \$5,898 each; delivery, if order placed by August 30, 1926, 40 trucks in 6 weeks, 20 trucks following week; Wood hydraulic, \$5,898 each; delivery, 20 in 5 weeks, 15 each week thereafter; Heil, \$5,898 each; delivery, 4 trucks in 6 weeks, 4 each day thereafter.

Noyes Motor Truck and Coach Company, type and body of hoist, Van Dorn, Heil or Wood hydraulic, Big Brute, 5-ton, model K-102B, \$5,923.26 each; delivery, 5 in 30 days; 5 in 40 days; 5 in 50 days. Bid only on 15 trucks.

Sterling Motor Truck Company of New England, type of body and hoist, double gear chain drive, model EC29, \$5,072 each; worm drive, model EW27, \$4,805 each; delivery, 6 in 5 weeks; 6 every week thereafter. Either underbody, hydraulic or mechanical type of hoist.

Federal Motor Truck Sales Corporation, type of body and hoist, Wood hydraulic, model X8, \$5,739 each; delivery, 6 trucks in 24 days, 6 trucks weekly thereafter. All to be delivered by December 1, 1926.

Hart School: For removing loose plaster in first floor corridor ceiling and replastering with two coats, approximately 45 yards at \$4, \$180; washing and painting replastered ceiling, two coats, approximately 75 yards at 60 cents, \$45; plus 10 per cent, \$22.50, per Supervisor of Alterations Driscoll's letter of August 20, 1926, and the amount of \$247.50 will be added therefor, making the account as follows: Contract price, \$15,100; total addition, \$247.50; amount of contract, \$15,347.50.

John P. Cavanagh has been allowed to deduct from the contract for the care of heating and ventilating apparatus, moving eight portables in various schools, per Civil Engineer Patterson's letter

of September 3, 1926, and the amount of \$1,600 will be deducted therefor, making the account as follows: Contract price, \$9,600; total deductions, \$1,600; amount of contract, \$8,000.

Lamont Brothers Company have been allowed to deduct from the contract for the care of heating and ventilating apparatus, moving eight portables in various schools, per Civil Engineer Patterson's letter of September 3, 1926, and the amount of \$1,600 will be deducted therefor, making the account as follows: Contract price, \$9,800; total additions, \$424.63; total deductions, \$1,600; amount of contract, \$8,624.63.

R. J. Connolly has been allowed to deduct from the contract for the care of heating and ventilating apparatus, moving seven portables in various schools, per Civil Engineer Patterson's letter of September 3, 1926, and the amount of \$1,400 will be deducted therefor, making the account as follows: Contract price, \$9,100; total deduction, \$1,400; amount of contract, \$7,700.

M. Solimande has been allowed the following for changes in present fence at the Grover Cleveland School, Mather District, \$35; cutting concrete curb, \$15; rock excavation (blasting), \$55, per Civil Engineer Patterson's letter of August 24, 1926, and the amount of \$105 will be added therefor, making the account as follows: Contract price, \$4,965; total additions, \$105; amount of contract, \$5,070.

R. J. Connolly has been allowed to deduct from the contract for the care of heating and ventilating apparatus, moving eight portables in various schools, per Civil Engineer Patterson's letter of September 3, 1926, and the amount of \$1,600 will be deducted therefor, making the account as follows: Contract price, \$11,000; total deductions, \$1,600; amount of contract, \$9,400.

J. C. Coleman & Sons Company have been allowed to deduct from the contract allowance for rock excavation (blasting) for the Roxbury Memorial High School, per Civil Engineer Patterson's letter of August 10, 1926, and the amount of \$75,000 will be deducted therefor, making the account as follows: Contract price, \$76,000; total deductions, \$75,000; amount of contract, \$1,000.

J. C. Coleman & Sons Company have been allowed the following for the Roxbury Memorial High School: Add for 8,000 cubic yards rock excavation (blasting) at \$6.50, \$52,000; deduct for 8,000 cubic yards earth excavation at \$1.50, \$12,000; net addition, \$40,000, per Civil Engineer Patterson's letter of September 8, 1926, and the amount of \$40,000 will be added therefor, making the account as follows: Contract price, \$76,000; total addition, \$40,000; total deductions, \$75,000; amount of contract, \$41,000.

CONTRACTS AMENDED.

Lyon Metallic Manufacturing Company have been allowed to amend the contract for metal lockers in the Roxbury High School, Townsend street, Roxbury, by striking out the words and figures, "June 1, 1926," on page 1 of the specifications, and substituting therefor the words and figures, "August 7, 1926," so that the paragraph of said completion on page 1 of the specifications shall read: "The work is to commence immediately on the award of contract and the new work is to be completed on or about August 7, 1926."

B. Krivitski & Co. have been allowed to amend the contract for building an iron fence at the William E. Endicott School, by striking out the words and figures, "September 1, 1926," on page 12, section 3, and substituting therefor the words and figures: "October 1, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about July 19 1926, and is to be completed on or before October 1, 1926."

Lamont Brothers Company have been allowed to amend the contract for moving eight portable school buildings in various schools, by striking out the words and figures, "August 1, 1926," on page 12, section 3, and substituting therefor the words and figures, "September 14, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about July 14, 1926, and is to be completed on or before September 14, 1926."

J. P. Cavanagh has been allowed to amend the contract for moving portable school buildings in various districts, by striking out the words and figures, "September 1, 1926," on page 12, section 3, and substituting therefor the words and figures, "September 14, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about July 27, 1926, and is to be completed on or before September 14, 1926."

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Guiney & Hanson Construction Company have been granted an extension of time until September 30 for the completion of the contract for concrete tanks at the Aquarium, South Boston.

V. James Grande has been granted an extension of time until August 21 for the completion of the contract for repairs to Audubon Bridge, over Boston and Albany Railroad.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

C. P. Rockwell, Inc., 70 Cummington street, Ward 21, 1,000 gallons of gasoline.

Berwick Cake Company, 18 Palmer street, Ward 8, 500 additional gallons of gasoline.

B. Snider, 250 Commonwealth avenue, Ward 5, 3,000 gallons of fuel oil.

I. Friedman, 50 Commonwealth avenue, Ward 5, 5,000 gallons of fuel oil.

Public Works Department, Lewis street Ward 1, acetylene.

Max Brown, 460 and 462 Blue Hill avenue, Ward 14, 2,000 gallons of gasoline.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

That the location, direction, width and grade of the private way, in the Dorchester district, designated as Claymont terrace, from Neponset avenue to Queen street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

POLICE DEPARTMENT ORDERS.*General Order No. 955.*

The resignation of Patrolman John G. Downs of Division 1 having been presented, it is hereby accepted, to take effect Monday, September 20, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 956.

A trial board consisting of Captains Fitzgerald, Rooney and Smith, having heard by reference a complaint against Patrolman John F. Brawders of Division 15, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of not guilty. In accordance with which, it is hereby ordered that the complaint against the said Patrolman John F. Brawders be dismissed.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 957.

A trial board consisting of Captains Fitzgerald, Rooney and Smith, having heard by reference a complaint against Patrolman Thomas J. Conaty of Division 15, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of not guilty. In accordance with which, it is hereby ordered that the complaint against the said Patrolman Thomas J. Conaty be dismissed.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 958.

A trial board consisting of Captains Gallivan, Murphy and Smith, having heard by reference a complaint against Patrolman Bartholomew A. McDonough of Division 15, charging him with conduct unbecoming an officer and neglect of duty, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Bartholomew A. McDonough was on September 7, 1926, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on September 7, 1926, to the said Bartholomew A. McDonough.

On the tenth day of September, 1926, the said Bartholomew A. McDonough requested, by his attorney in writing a public hearing as provided by law, and the commissioner set down Thursday, September 16, 1926, at eleven o'clock a. m. at the office of the Police Commissioner as the time and place for said hearing and duly notified said Bartholomew A. McDonough.

The said Bartholomew A. McDonough was present at said time and place with counsel and was heard with his witnesses, said hearing being resumed and completed on Friday, September 17, 1926, at which time the said Bartholomew A. McDonough was again present with counsel and heard with his witnesses. Thereupon, after hearing the case, the Police Commissioner finds the said Bartholomew A. McDonough guilty as charged, and further finds that the said Bartholomew A. McDonough shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

ADDITIONS TO CONTRACTS.**SCHOOLHOUSE DEPARTMENT.**

The Mayor has approved the following orders of additions to contracts.

The issuance of an order of addition, in the sum of \$4,100, to the contract of the John Bowen Company for the erection and completion of the Warren-Bunker Hill District School.

The issuance of an order of addition, in the sum of \$9,552.45, to the contract of Thomas O'Connor & Co. for erection and completion of the Roxbury High School for Girls.

The following amount of rock was taken out, and checked by the Civil Engineering Division, and the price is according to the unit prices in the contract:

1,189.02 cubic yards rock open excavation, at \$7.50, \$8,917.65; 52.90 cubic yards rock trench excavation at \$12, \$634.80; total addition, \$9,552.45.

The issuance of an order of addition, in the sum of \$5,766.70, to the contract of Joseph Rugo for erection and completion of the South Boston High School addition.

This amount is required for installing teachers' toilets on second and third floors and cutting new window openings in basement, first, second and third floors in present storerooms.

FIRE DEPARTMENT ORDERS.*General Order No. 63.***I. JOHN E. LORWAY.**

It is with deep regret that the Fire Commissioner announces the death on September 19, 1926, of Hoseman John E. Lorway of Engine Company 47.

Hoseman Lorway was born December 7, 1887, and was appointed to this department March 22, 1912.

The funeral services will be held from his late residence, No. 8 Pratt street, Allston, followed by services at St. Luke's Episcopal Church, Brighton avenue, Allston, at 2 p. m., Wednesday, September 22, 1926. Interment at Evergreen Cemetery, Commonwealth avenue, Brighton.

The Chief of Department will arrange for the customary detail of sixteen men to act as funeral escort, and Engine Company 47 will be excused from duty to attend the funeral.

The detail from this department will report to the district chief of Fire District No. 11, who is designated to take charge of the Fire Department arrangements, at 1 p. m. at the quarters of Engine Company 41, Harvard avenue, Allston.

An invitation is extended to all members of the department who are off duty

at the hour of the funeral to join the detail from the Fire Department, and permission is granted such members to wear the department uniform.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

*General Order No. 64.***I. HEARING.**

Hoseman Francis J. Doyle of Engine Company 22, formerly of Engine Company 6, was suspended from duty in the Boston Fire Department, without pay, to take effect at 12 m., September 3, 1926, because of the following charges preferred against him by Capt. Michael D. Sullivan.

Charge 1: Violation of Rule 374, section b.

Specification: In that reports received from the Boston Police Department show that said Hoseman Francis J. Doyle was present in the vicinity of Canal and Merrimac streets at or about 2.45 a. m., August 19, 1926, at which time he should have been in company quarters. He received no permission to absent himself in quarters.

Charge 2: Violation of Rule 374, section j.

Specification: In that said Hoseman Francis J. Doyle by leaving quarters without permission and visiting the scene of a fire in the vicinity of Canal and Merrimac streets was guilty of conduct unbecoming a member of the department and which tended to lower the service in the estimation of the public.

Plea: To charge 1 and specification: Not guilty. To charge 2 and specification: Not guilty.

Finding: To charge 1 and specification: Not guilty. To charge 2 and specification: Not guilty.

Hoseman Francis J. Doyle is hereby reinstated in the department to take effect at 8 a. m., Wednesday, September 22, 1926, and his pay is ordered remitted to him from 12 m. September 3, 1926.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

PUBLIC LIBRARY LECTURE.

Dr. Henry Guppy, the distinguished president of the British Library Association, will give an illustrated lecture on "The Stepping Stones to the Art of Typography," in the Lecture Hall of the Boston Public Library, on Monday evening, September 27, at 8 o'clock. The lecture will be under the joint auspices of the Boston Society of Printers and the Boston Public Library; the public is cordially invited.

Doctor Guppy is librarian of the John Rylands Library, Manchester, England, which is one of the most important collections of rare books in the English-speaking world. He is an authority on the history of books, and is a live and interesting lecturer. He was the prime mover in raising funds for the rebuilding of the library of Louvain University, which was destroyed in the late war; he was an intimate friend of Cardinal Mercier, and has received an honorary degree from the University.

OPPOSES SPECIAL COUNSEL IN PHONE RATE CASE.

The Mayor has received the following communication from the Finance Commission:

BOSTON, September 17, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—In the closing days of the last administration an alleged contract was made between the City of Boston and E. Mark Sullivan, Esq., who had just previously resigned as corporation counsel, whereby Mr. Sullivan was retained as special counsel for the City of Boston to carry on proceedings against the New England Telephone and Telegraph Company and the American Telephone and Telegraph Company, "with a view to obtaining a reduction in telephone rates."

By the terms of the contract Mr. Sullivan was to be paid the sum of \$5,000 upon the execution of the agreement, an additional \$5,000 five months after the date thereof, and a further \$5,000 five months later. He immediately received his payment of \$5,000 in advance of rendering any service under his new employment.

By an instrument dated May 15, 1926, and approved by your Honor on August 23, 1926, a copy of which is hereto annexed, the present Corporation Counsel authorized the continued employment of Mr. Sullivan as special counsel in connection with the pending proceedings, and fixed his compensation at \$5,000, payable forthwith, leaving open the question of payment for future services, if authorized, after December 15, 1926. This agreement superseded the earlier one. Payment of this \$5,000 is now pending. As no further payment is to be made until after December 15, 1926, it is obvious that the pending payment is once more compensation in advance for a great part of the services to be rendered.

The cost of an effective investigation of the telephone situation would entail an enormous expense to the City of Boston. To be of any value, the inquiry must go into the various relations of the American Telephone and Telegraph Company not only with the New England Telephone Company, but with all its subsidiaries, in order to determine the reasonableness of the contract between them.

As the service of the American Company is nation-wide, so the scope of the investigation must be likewise. Counsel fees would be only a small part of the expense. Experts to examine, advise and testify; auditors for the books of the several companies; and, perhaps, appraisers of the property, must be employed and paid. Boston has already expended over \$50,000 on hearings relating to telephone rates. The cost of carrying on the proceedings cannot be determined, but it has been estimated that it may be over half a million dollars.

It is not the province of the Finance Commission to pass upon the merits of the investigations; in no event, however, should the City of Boston pay all the bills for investigation covering the entire United States.

The Interstate Commerce Commission, before which the present proceedings of the City of Boston are now pending, was created and is equipped for such investigations. If the case is to go on, it

should be the policy of those conducting the proceedings to induce the Interstate Commerce Commission to take over the investigation. For this purpose it should not be necessary to go on trial under the proceedings, and it should be necessary only to make out a *prima facie* case. If the Interstate Commerce Commission has not sufficient funds to conduct such an investigation, application could be made to Congress for an appropriation.

If, at the present time, it is legal and necessary to continue the employment of the special counsel, he should be compensated for his services when rendered and not in advance.

If the proceedings in relation to telephone rates are to be continued, the Finance Commission recommends:

1. That the services of the special counsel be limited to perfecting the complaints before the Interstate Commerce Commission and that they be terminated, at least, with the end of the current year.

2. That, thereafter, the Corporation Counsel assume direct responsibility for the proceedings and take such steps as are necessary to make out a *prima facie* case as hereinbefore set forth.

3. That the purpose of the proceedings be limited to inducing the Interstate Commerce Commission to undertake the investigation.

4. That if the Interstate Commerce Commission is unable to conduct the investigation by reason of lack of funds, an appeal be made to Congress for appropriation for the purpose.

5. That special counsel be paid for his work as it is completed and not in advance.

Respectfully submitted,

THE FINANCE COMMISSION,
by CHARLES L. CARR,
Chairman.

MAYOR NICHOLS MAKES REPLY.

Mayor Nichols made the following statement on September 18, in reply to the Finance Commission's communication relative to the telephone rate fight.

The Finance Commission makes five recommendations affecting proceedings in relation to telephone rates.

The first recommendation is that the services of the special counsel be limited to perfecting complaints before the Interstate Commerce Commission and that they be terminated, at least, with the end of the current year.

"I will consider this recommendation on or before December 15 when the services of special counsel under the present agreement terminate. The fact is that complaints before the Interstate Commerce Commission have already been perfected to the extent that they have been filed, and preparations are being made for hearings on date to be fixed."

The second recommendation is that for the current year the Corporation Counsel assume the right of responsibility for the proceedings, and take such steps as are necessary to make it a *prima facie* case.

"The answer to this recommendation is that the Corporation Counsel is already directly responsible for these proceedings, and will continue in his responsibility to me. At this time the Corporation Counsel is supervising the work of special counsel."

City of Boston.....	714 Massachusetts avenue.....	8	Alterations, Nurses' Home.....	405,422
New York Building Wrecking Company.....	158 South street.....	11	Take-down, dwelling.....	100

The third recommendation is that the purpose of the proceedings be limited to induce the Interstate Commerce Commission to undertake the investigation.

"I am heartily in accord with this recommendation. The Corporation Counsel and his assistant have for many months been using their best efforts to do this very thing. This recommendation has been the subject of many conferences between Corporation Counsel and the Interstate Commerce Commission."

The fourth recommendation is that if the Interstate Commerce Commission is unable to conduct the investigation by reason of lack of funds, an appeal be made to Congress for appropriation for the purpose.

"I am also heartily in accord with this recommendation. The fact that funds are lacking has already been stated by the commission to the Corporation Counsel. The question of appropriation was being discussed in Congress while special counsel for the City of Boston was in Washington. No affirmative action has yet been taken by Congress, but I earnestly hope it will be."

The fifth recommendation is that special counsel be paid for his work as it is completed, and not in advance.

"The city is under agreement with special counsel to pay him the sum of \$5,000 forthwith for professional services already rendered and to be rendered up to December 15. I am of opinion that the city should stick to its agreement."

MAYOR MOURNS ELECTION BOARD CHAIRMAN'S DEATH.

Mayor Nichols upon learning of the death of Chairman Burlen of the Election Board designated Commissioner Frank Seiberlich as acting chairman, and also appointed Corporation Counsel Frank S. Deland as acting member of the Board.

The Mayor called the entire Board to his office, announced the foregoing appointments, and conferred with the Board upon the work before it.

In discussing the death he said: "I am deeply shocked and grieved at the death of Chairman Burlen of the Board of Elections. I have known him all my life, back to the time when I was a reporter covering City Hall. At that time he was chairman of the Board, and a recognized authority on election laws throughout the country. His opinion has been sought by prominent lawyers everywhere. Boston all these years has been fortunate in having his services. I do not see how it is possible to replace him."

DOCTOR EMERSON DISCUSSES TUBERCULOSIS SITUATION.

Mayor Nichols conferred on September 17 with Health Commissioner Francis X. Mahoney and Dr. Haven Emerson, Professor of Preventive Medicine in Columbia University, and former Health Commissioner of the City of New York, whom the Mayor has recently appointed to make a survey of the Boston Sanatorium at Mattapan.

The Mayor told Doctor Emerson that he regarded this survey of the utmost importance in shaping the policy of administering the care of patients suffering from tuberculosis, and expressed his satisfaction that the survey was to be made by Doctor Emerson. At the close of the conference Doctor Emerson made the following remarks:

"At the request of the Health Commissioner, recently appointed chairman of the Board of Trustees of the Boston Sanatorium Department and, as I understand with the approval of the Mayor, members of the Board of Trustees, and others interested in the tuberculosis problem in Boston, I shall study the services for the prevention, control and treatment of tuberculosis provided by the City of Boston, review studies already completed and offer my opinion, based on all the evidence I can obtain, as to any changes in the quality or quantity of public service which may prove to be needed.

"It is characteristic of the official and closely co-operating volunteer health organizations of Boston that once a suspicion of criticism has been raised against any such important phase of public health work as tuberculosis control nothing less than unanimous opinion as to the best way of approaching perfection will satisfy them.

"There is no better single index of the character of a community's understanding and use of preventive medicine than the program which it has authorized and supported for the early detection and appropriate treatment of tuberculosis.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners.

That in the matter of Abram C. Ratschky *et al.*, petitioners for damages caused by the taking of an easement for highway purposes in 953 square feet of land at the northeasterly corner of Kneeland street and Harrison avenue (taken in the name of James D. Casey heirs) under the order of the Street Commissioners and Mayor of October 26, 1925, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of \$37,500; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

TO REVISE FORMS FOR CONTRACTS.

Mayor Nichols conferred with Charles L. Carr, chairman of the Finance Commission, Guy C. Emerson, the engineer of the Finance Commission, and Secretary John H. L. Dowling upon the forms of city contracts.

The Mayor expressed the thought that some of the city contracts ought to be revised as many have continued in their present form for a number of years, and would soon turn this matter over to the Board of Municipal Emergencies. The Finance Commission was invited to make suggestions to the Board and have a representative present at its meetings. Chairman Carr accepted the invitation. The Mayor stated that he was anxious to have more competition on all contracts and thought that the view he contemplated might have this beneficial effect.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ARCHITECTURAL DRAFTSMAN, BOSTON SCHOOLHOUSE DEPARTMENT, SEPTEMBER 29, 1926.

Requisition is for a male but the examination is open to both males and females.

Salary, \$1,600 per year.

The duties of this position consist of tracing plans and laying out work in the rough, under the directions of the Supervisor of Alterations and Repairs.

Subjects and weights: Training and experience, 2; practical questions, 3; total, 5.

Applicants will be required to obtain at least 50 per cent in practical questions, and at least 65 per cent in training and experience in order to become eligible.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

The minimum age limit for this examination is sixteen years.

CASE WORKER-VISITOR, BOSTON PUBLIC WELFARE DEPARTMENT, OCTOBER 4, 1926.

Salary, \$1,600 per year.

Applicants must be not less than twenty-one nor over fifty years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of this position are to take settlement histories, visit the homes of applicants seeking aid, investigate and determine the necessity of relief, secure relief when possible from private sources, interview relatives and other persons interested in the applicant, determine and recommend the amount of aid to be granted, plan budgets, secure proper housing, advise and follow up medical, dental and mental treatment, secure employment, and make reports of conditions found in each case.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Physical examination required.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates:

Springfield, Tuesday, October 5; Pittsfield, Thursday, October 7; Fall River, Tuesday, November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who received less than 50 per cent, or who failed on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAYSON DANA,

PAYSON SMITH,

GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

BOSTON PARK DEPARTMENT.

Number of large parks, 24; separate playgrounds, 50, with total of 354.82 acres, also 13 playgrounds in parks with area of 156 acres; small parks and squares, 69.72 acres; total area, 2,647.68 acres. Cost of Main Park System, *i. e.*, 1,389.40 acres (incl. Common and Public Garden, 72.65 acres) land and construction (since 1877 when begun) \$12,781,042; of Marine Park System, *i. e.*, 457.9 acres (since 1883), \$5,509,388; of all other parks, playgrounds, etc., \$7,647,051. Total cost, \$25,937,481, of which \$10,192,754 is for land and \$15,744,727 for construction.

The leading attraction of the main park system is Franklin Park (named for Benjamin Franklin), acquired in 1883-84, and containing 527 acres, about 80 of which are occupied by the Zoological Gardens, also 15 miles of walks, 8 miles of driveways, etc., the entire cost up to 1925 being \$4,935,920. There are also within the City limits 964 acres of Metropolitan parks and parkways under State control, chief of which is Stony Brook Reservation in West Roxbury and Hyde Park districts, containing 464 acres of wild forested hill and dale with many rocky knolls and an extensive view of the Charles River valley and beyond.

Number of public indoor baths open all the year, 14; indoor gymnasias, 11; summer beach baths, 9.

Park Department maintenance for 1924 (including Cemetery Div., \$163,908) \$1,646,541 or \$9,661 less than in 1923. Outlay for playground improvements, \$374,246; for park improvements, \$429,743, of which \$233,902 was from Parkman Fund income.

Gross debt for parks, public grounds, etc., outstanding Feb. 1, 1925, \$6,190,800; for playgrounds, \$2,653,500; total \$8,844,300 or \$1,902,000 less than in 1924.

Including the State assessments of \$1,020,907 for Metropolitan parks, boulevards, etc., and \$230,088 for Charles River Basin, also the City's outlay for permanent park and playground improvements, or \$803,989, the total expended for public recreation purposes in 1924 was \$3,537,616.

THE METROPOLITAN DISTRICT WITH ITS 40 MUNICIPALITIES.

Consists in the most inclusive sense of 40 municipalities, including Boston, or 14 cities and 26 towns, all within 15 miles of the State House but not yet consolidated in one complete governmental system. The 7 cities in the first zone, *i. e.*, adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the 6 cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The 6 adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the 20 other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated 11 of the cities and 12 of the towns; south and southwest, 2 cities and 14 towns.

MORTALITY REPORT.*

For the week ending September 18, 1926:
Population estimated, July, 1926,
United States Census estimate, 787,132
(857,731); number of deaths (stillbirths
excluded): Residents, 123; nonresidents,
37; total, 160.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO GREENHOUSE CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals for building and erecting greenhouse at Teachers College, and giving bond of a surety company approved by the Commissioners in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, Room 1009, City Hall Annex, signed by the bidder and left before 12 o'clock m. of Monday, October 4, 1926, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$10 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES F. NORTON,
Commissioners.

(Sept. 25.)

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

PROPOSALS FOR REINFORCING TWO QUARTER CIRCLE CORNERS ON THE WEST END OF THE CENTER PORTION OF THE OLD PRISON BUILDING AT THE HOUSE OF CORRECTION, DEER ISLAND.

The Commissioner of Penal Institutions, City of Boston, office 806 City Hall Annex, invites proposals for reinforcing two quarter circle corners on the west end of the center portion of the old prison building at the House of Correction, Deer Island. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of two thousand dollars (\$2,000) to secure the due performance of the contract and the full protection of the city. Specifications and forms of proposals may be obtained at Room 806, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked, "Proposal for Reinforcing Two Quarter Circle Corners on the West End of the Center Portion of the Old Prison Building at the House of Correction, Deer Island," and left at Room 806, City Hall Annex, before 12 m. Monday, October 25, 1926, with a certified check for two hundred dollars (\$200), payable to and to become the property of the City of Boston if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited with the City Auditor previous to the time named for opening the bids. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PHILIP A. CHAPMAN,
Commissioner of Penal Institutions.
Boston, September 17, 1926. (Sept. 25.)

BOSTON REAL ESTATE EXEMPT FROM TAX, 1924.

Belonging to City, \$155,875,200; State, \$42,187,500; United States, \$71,587,600; churches, \$29,022,200; institutions, \$56,812,600. Total real estate exempt in City, \$355,845,100, of which \$204,564,900 applies to land and \$150,920,200 to buildings.

CITY OF BOSTON.

BOSTON SANATORIUM.

TO PLUMBING CONTRACTORS.

The Trustees of the Boston Sanatorium invite sealed proposals for the renewing of domestic cold water supply piping in the Administration Building, Ward F (children's ward), and the 4-inch cold water supply pipe from point of entrance at meter in basement of Ward B, through connecting corridor to Administration Building, through Administration Building to connecting corridor between Administration Building and Ward C, through Ward C to a point where existing main ends, and from basement in Ward C in trench to Ward F (children's ward), at the Boston Sanatorium, River street, Mattapan, Mass. With the proposal the bidder shall present a certified check in the sum of \$300 made payable to and to become the property of the City of Boston if the proposal is not carried out. The proposal and check shall be left at the office of the Trustees of the Boston Sanatorium, Room 1001, City Hall Annex, Boston, Mass., before 12 m. Wednesday, October 6, 1926, at which time the bids will be publicly opened and read. A duplicate proposal, without check, shall be left at the office of the City Auditor before 12 m. on the date given above for receiving proposals. The successful bidder shall give a bond of a surety company authorized to do business in Massachusetts, and satisfactory to the City of Boston, in the sum of 45 per cent of the entire contract price, guaranteeing the faithful performance of the contract. The Trustees reserve the right to reject any and all proposals or to accept any proposal, and to award the contract as they deem for the best interests of the city. Specifications may be obtained at the office of Maginnis & Walsh, architects, 100 Boylston street, Boston, Mass. A deposit of \$5 will be required for each set of specifications and drawings taken out for estimation, which deposit will be refunded on return of them. Mutilation of the specifications or drawings will be deemed sufficient cause for the forfeiture of said deposit.

F. X. MAHONEY,
Chairman.

(Sept. 25.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING A BOILER AT CONGRESS STREET DRAWBRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing a boiler at Congress Street Drawbridge, and giving bond therefor of a surety company approved by the Commissioner in the sum of four hundred (400) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Furnishing and Installing a Boiler at Congress Street Drawbridge," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Monday, October 4, 1926, with a certified check for fifty (50) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

JAMES H. SULLIVAN,
Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN BEACON STREET AT BROOKLINE AVENUE, BEACON STREET AT CHARLESGATE, ROXBURY, A STREET, SOUTH BOSTON, ARLINGTON STREET AND PROVIDENCE STREET, CITY PROPER, AND MANHOLES, CATCH-BASINS AND DRAINS IN ROXBURY AND DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Beacon street at Brookline avenue, Beacon street at Charlesgate, Roxbury, A street, South Boston, Arlington street and Providence street, city proper, and manholes, catch-basins and drains in Roxbury and Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of nine thousand (9,000) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Beacon Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, September 29, 1926, with a certified check for nine hundred (900) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 25.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR PORTLAND CEMENT CONCRETE PAVEMENT IN LORNA ROAD, FROM MORTON STREET ACROSS TIVERTON ROAD; LUCERNE STREET, FROM WOODROW AVENUE TO MORTON STREET; WYOLA PLACE, FROM COLUMBIA ROAD ACROSS VAUGHAN AVENUE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for Portland cement concrete pavement in Lorna road, from Morton street across Tiverton road; Lucerne street, from Woodrow avenue to Morton street; Wyola place, from Columbia road across Vaughan avenue, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of ten thousand (10,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Portland Cement Concrete Pavement, Lorna Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, October 4, 1926, with a certified check for one thousand (1,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR SEWERAGE WORKS IN ELENE STREET, WARASH STREET, PRIVATE LAND, HARVARD STREET AND HAZLETON STREET FROM ALABAMA STREET TO WESTMORE ROAD, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Elene street, Warash street, private land, Harvard street and Hazleton street from Alabama street to Westmore road, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirteen thousand five hundred (13,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Elene Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, October 6, 1926, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Sept. 25.) Commissioner of Public Works.

SITUATION OF BOSTON.

Latitude, North, 42° 21 minutes 29.596 seconds, Longitude, West, 71° 3 minutes 51.040 seconds (exact situation of apex of State House dome, according to United States Coast and Geodetic Survey). Boston's latitude is similar to that of Detroit and the southern boundary of Oregon, also Rome (Italy), Sofia (Bulgaria) and Mukden (Manchuria); longitude nearly that of Quebec (Canada), Bogota (Colombia) and Santiago (Chile).

CITY OF BOSTON.

JAMES H. SULLIVAN,
(Sept. 25.) Commissioner of Public Works.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, OCTOBER 2, 1926.

No. 40

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 4, at 2 p. m.

Regular meeting of the School Committee of the City of Boston in the Administration Building, 15 Beacon street, on Monday, October 4, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

EXTRA WORK UNDER CONTRACT.

Henry F. Malley has been directed to perform the following extra work under contract for laying bitulithic pavement in Benton, Burke, Cunard, Davenport, Sarsfield and Walpole streets. Items ordered: In Davenport street, remove the edgestone now set and widen the driveway at Frost's Laundry; to be paid for by force account. Estimated cost of extra work, \$20.

Henry F. Malley has been directed to perform the following extra work under contract for laying bitulithic pavement in Benton, Burke, Cunard, Davenport, Sarsfield and Walpole streets. Items ordered: In Walpole street, construct an artificial stone sidewalk in front of St. Cyprian's Church on Tremont street, at the southerly corner of Walpole street. Prices to be paid the same as those bid for similar work in the contract. Estimated cost of extra work, \$200.

PREDICTS GREAT ERA OF SCIENTIFIC RADIO DISCOVERY AT OPENING OF SIXTH EXPOSITION, AT MECHANICS BUILDING.

MAYOR NICHOLS BROADCASTS ADDRESS PRAISING WONDERS OF INVENTIONS AND GENIUS OF THOSE GIVING THEM TO THE WORLD.

At the opening of the Radio Exposition Monday, September 27, the Mayor broadcasted the following address:

MR. CHAIRMAN AND RADIO FRIENDS.

It is an honor and a pleasure to bring to you the official greeting of the city, upon the opening of Boston's sixth annual radio exposition, and to welcome the sponsors and patrons of one of science's greatest modern discoveries.

The world, indeed, owes a splendid tribute to those who, in the development of the radio, have not only revolutionized the world's commerce and industry but have brought such a great measure of human happiness within the family home.

Yet these discoveries, with all their important uses, are not a determined science of a few years' study; they have engaged the scholars of the world in the most exacting form of labor for a period of over one hundred years. To the laboratory experiments of Oerstedt, Faraday, Henry, Von Helmholtz and Tesla the world owes a heavy debt.

In 1896, however, Guglielmo Marconi patented a definite system of radio telegraphy, and from this time on scientists have made rapid progress in the perfection and development of the radio and its appliances.

In the devoted service incident to the development of the radio, Greater Boston has contributed the efforts of such splendid men as John Hays Hammond, Jr., L. A. Fessenden, and J. Harold Power. No man has given more devoted labor than Sheldon H. Fairbanks, who has accomplished marvels in the notable radio expositions presented in Boston, and which have so materially contributed to the development of the new radio science which has enchanted the whole civilized world.

The popularity of radio broadcasting in the United States is well attested by the fact that broadcasting stations increased 94 per cent during the fiscal year 1925. It costs about \$150,000 to equip completely a broadcasting station, and there are instances reported where an amount in excess of \$100,000 a year is necessarily expended for maintenance.

According to reports of the Department of Commerce in Washington, despite the fact that the development of the radio is of very recent origin, the expenditure for radio apparatus in

(Continued on page 1011.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

EXTRA WORK UNDER CONTRACT.

C. & R. Construction Company have been directed to perform the following extra work under contract for repairing Congress Street Bridge. Items ordered: Take up and replace sidewalk surfacing and granite block paving, as directed by the commissioner, in order to make repairs to the wooden underfloor and to meet grades, together with such incidental work as is necessary. Estimated cost of extra work, \$700.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam Corey street, West Roxbury, from Centre street to Weld street, with division forces, without advertising, the estimated cost for labor and material being \$6,000.

Nicola DiBartolomeo & Co. have been directed to perform the following extra work under contract for laying and relaying water pipes in Bates street, Ledyard road, Pender street, Prospect street, West Roxbury Parkway and Willowdean avenue, West Roxbury.

Items ordered: Search for buried gate, recalk leaky joint outside line of work, set piles and caps for supporting 12-inch pipe in bog mire in Ledyard road and Willowdean avenue. Although this is in addition to the work contemplated in the original contract, it is incidental thereto; estimated cost of extra work, \$535.

LIST OF GARAGE PETITIONS FOR HEARING BEFORE THE BOARD OF STREET COMMISSIONERS.

MONDAY, OCTOBER 11, 1926.

NAME.	Location.	Ward.	Petitioning for.

SPEECH OF MAYOR NICHOLS.

(Continued from page 1609.)

the United States has increased from about \$2,000,000 in 1920 to \$500,000,000 at the close of the fiscal year 1925.

The wide popularity of radio broadcasting is further attested by the fact that it is said there are 18,000,000 radio sets in the United States, increasing tremendously in number each day, while the service of the well-regulated broadcasting stations is declared to be instantaneous.

Today broadcasting stations extend to a radio audience numbering millions of persons in every part of the United States, the finest of symphony music; the world's greatest scholars enthral thousands with the magic of their fertile minds; homes far distant from the paths of beaten travel enjoy dance music of fascinating interest; little children hear bedtime stories and other features which have very materially increased the happiness of their lives; and fathers and mothers enjoy from distant stations careful notations of the greatest achievements of the nation and learn also of the most valued methods for the perfection of their homes. To my mind, however, the wonderful method of communication between ships at sea, which has already saved countless thousands of human lives, is the greatest humanitarian achievement of the present generation.

Honorable mention must also be made of the enthusiastic and resourceful radio amateurs who have toiled so well and nobly in behalf of human happiness.

The wealth of radio achievement is today the marvel of millions of Americans. Hugo Gernsback, one of the greatest editorial writers upon radio science and invention, has recently declared that the citizens of America fifty years hence will receive their power by radio from distant waterfalls or from distant sunlight power stations; that the radio will control the weather by dispelling threatening rains or by producing rains that may be needed for the benefit of civilization; that radio television will, in fifty years, enable you to see what is transpiring at your favorite broadcasting station; that you will meet your favorite singer face to face; and that this pleasure will be afforded you whether you are upon an airship in the heavens, upon land, or in the solitude of Arctic or African wastes.

I can but feel, therefore, that we stand upon the threshold of the greatest era of scientific discovery in the furtherance of the radio that the human mind has ever designed, and in this, the greatest country, with the best republican form of government in the history of human destiny.

In conclusion, my friends, I congratulate you heartily on your great accomplishments in your chosen field of fruitful endeavor. I wish you every happiness and unbounded success. Your past accomplishments are clearly appreciated, and in the honored years that are yet to come, your distinguished successors will outdistance our proudest American traditions.

EXTENSION OF CONTRACTS.

BOSTON SANATORIUM.

John B. Dolan has been granted an extension of time of completion of the contract for erection and completion of the Out-Patient Department, Boston Sanatorium, from September 14, 1926, to November 1, 1926.

PARK DEPARTMENT.

John P. Curley has been granted an extension of time until September 20, 1926, for the completion of the contract for concrete bleachers and filling at William H. Garvey Playground, Neponset.

A. G. Tomasello & Son, Inc., have been granted an extension of time until October 1, 1926, for the completion of the contract for constructing cinder walk to Castle Island, South Boston.

PUBLIC WORKS DEPARTMENT (Ferry Service).

W. H. Ellis and Son Company have been granted an extension of completion of the contract for foundations for ferry bridge, North Ferry, to October 15, 1926.

PUBLIC WORKS DEPARTMENT (Sewer Service).

M. De Sisto Company have been granted an extension of the time of completion of the contract for building sewerage works in Codman street and Codman Hill avenue and outlet in Milton street extension, Dorchester, from September 18, 1926, to October 30, 1926 (42 days).

BOSTON TO BE QUEEN OF AIR COMMERCE IN FEW YEARS.

PREDICTION MADE BY MAYOR NICHOLS AT START OF CONSTRUCTION OF COMMERCIAL HANGAR.

Participating in what he termed "the beginning of a commercial air development at Boston which will surprise the entire country within a few years," Mayor Malcolm E. Nichols on September 23, at the Boston Airport pulled the levers which started the pile driver on work of the first commercial airplane hangar to be constructed in Massachusetts. During the ceremonies he said:

"I do not pose as a prophet, but I say, without hesitation, that this step today is the culmination of pioneer work on the part of a great many citizens of Boston and Massachusetts, which will establish Boston as a queen of the commerce of the air as she has been in the past of the commerce of the seas.

"I am glad that I have been in the position while Mayor to call the attention of the people to the growing importance of our airport. I do not feel that I overestimate this importance.

"This hangar whose construction we are beginning today is to be followed within a few weeks by a second and larger hangar, both situated in the commercial airport which has been created and made suitable for air transport use through the recent \$10,000 appropriation of the City of Boston. With a system of lighted airways being established these terminal facilities will give Boston a surer hold on the air primacy than it has already."

The hangar whose construction was started will be 80 by 60 feet with a main doorway 16 feet high and 80 feet wide. It will house eight small planes.

Among those present were Mayor Malcolm E. Nichols; William E. Arthur, of New York; Capt. Horace N. Heisen, commander of the airport; President A. C. Titcomb of the New England Foundation Company; Charles A. Bassett, superintendent of construction; Pilots B. F. Billings and Richard Cobb, Daniel Rochford of the Municipal Air Board; Theodore C. Holcombe, president of the Boston Chapter National Aeronautic Association.

The Mayor picked up a sledge hammer and drove an engineer stake, holding a contest with Captain Heisen in sinking the stake. The Mayor in five blows of the sledge struck his mark each time, the army commander missed his third swing, the victory thus going to the City of Boston. The Mayor then climbed up onto the engineer's platform of the engine and manipulated the levers that started the big pile driver into action.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

New England Telephone and Telegraph Company, Pratt street, Ward 22, erect and remove one pole.

New England Telephone and Telegraph Company, Clyde street, Ward 1, erect one pole.

Edison Company, West Second street, Ward 6, erect one pole.

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

BOSTON SANATORIUM.

Advertisers for proposals for renewing of domestic cold water supply piping in the Administration Building, Ward F (children's ward) and the 4-inch cold water supply pipe from points of entrance at meter, etc., as indicated in advertisement. Surety bond will be required in an amount equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the trustees, Boston Sanatorium, Room 1001, City Hall Annex, Boston. Bids, accompanied by certified check in the amount of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 6, at 12 m.

FIRE DEPARTMENT.

Advertisers for proposals for the purchase of old and discarded apparatus, equipment and material. Blank forms for proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. Bids, accompanied by certified check in an amount equivalent to 25 per cent of the contract price to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 14, at 12 m.

PENAL INSTITUTIONS DEPARTMENT.

Advertisers for proposals for reinforcing two quarter-circle corners on the west end of the center portion of the Old Prison Building at the House of Correction, Deer Island. Surety bond will be required in the amount of \$2,000. Blank forms for proposals may be obtained at the office of the Penal Institutions Department, Room 806, City Hall Annex, Boston. HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—In accordance with the law the United States Steamboat Inspectors made their annual inspection of Fireboat Engine No. 44 and submitted to me the following requirements for a license for another year:

1. Supply one new cork ring to make a total of two, ring to be not less than 30 inches outside diameter.

2. Supply three approved life preservers to make a total of fourteen, and four for boats.

3. Vessel to be drydocked and sea valve to condenser removed to examine woodwork around valve.

As required by requirement No. 3, the vessel was placed in dry dock at The Atlantic Works and another inspection was made by the United States Steamboat Inspectors and the following order was received:

1. Seams and butts opened, to be searched and calked throughout.

2. All copper to be removed and seams searched and calked, also butts.

3. Planks on port side in strakes G, I and J amidship to be renewed; also strake M, forward; and strake P amidship.

4. Two planks aft on each side to be removed to allow examination. These planks appear to be bad and rotten in the ends (strakes T & O).

5. Skeg strap to be renewed.

6. Lead covering seam adjoining stern post to be removed for examination.

After the planks on sides were removed and lead covering seam were removed, other conditions were found which required correction. I immediately had specifications prepared and the job of making repairs and renewals in this boat was advertised in the *City Record* of Saturday, September 18, 1926. Bids were opened at 12 noon, September 23, 1926, and the following proposals were received:

		Number of Days.
Bethlehem Shipbuilding Corporation, Ltd.....	\$2,687 00	7
The Atlantic Works.....	2,781 00	14
Richard T. Green Company.....	3,900 00	20

I have made a personal examination and investigation and respectfully request your Honor's permission to award the contract for making repairs and renewals to fireboat, Engine No. 44, to The Atlantic Works, the second lowest bidder, for the sum of two thousand seven hundred and eighty-one (2,781) dollars, for the following reasons:

1. At the present time the boat is in dry dock at The Atlantic Works, and is in such a condition that it could not be floated unless considerable planking and seaming is done at an expenditure greater than ninety-four dollars, the difference between the bid of the Bethlehem Shipbuilding Corporation and that of The Atlantic Works. The cost of putting the boat in condition to take it to another drydock would cost at least two hundred dollars, and probably considerably more. The award of the contract to The Atlantic Works would save this expenditure and be more economical for the city.

2. To refit this boat will require considerable time before its delivery to some other dock, and this would result in a delay that the department cannot afford. The Atlantic Works informed me that they would do the work in seven days if awarded the contract. We have another fireboat, Engine 47, the license of which expires on October 2, 1926, and it will be necessary to get Engine 44 back into service at the earliest possible moment so that we will not have two boats out of service at once. By awarding the contract to The Atlantic Works considerable time will be saved and the efficiency of the department should not be impaired.

3. The estimates received from this work as shown above with a difference of only ninety-four dollars between the first and second bidder show that the bid of The Atlantic Works is fair and reasonable. I believe that it is for the best interest of the city, for efficiency of the department and for economy to award the contract to The Atlantic Works.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

Upon September 23 the Mayor approved a contract with the Thomas O'Connor Company for furnishing and installing stationary furniture in the Courthouse, Brighton. Bids, opened Tuesday, September 21, were as follows:

Thomas O'Connor & Co., \$1,600;
Herbert W. Doten, \$1,658.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon September 27 the Mayor approved a contract with Martino DeMatteo for laying artificial stone sidewalks in Kirtledge street, from Washington street to Roscliff street. Bids opened September 14, were as follows:

Martino DeMatteo, \$6,886.95; J. J. McCarthy & Co., \$7,293.55; Charles Capone, \$7,508.80; Henry F. Malley, \$7,559.90; S. J. Tomasello, \$7,583.40; J. A. Singarella, \$7,972.75; A. DeStefano & Son, Inc., \$8,206.40.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon September 30 the Mayor approved a contract with Samuel J. Tomasello for sewerage works in Hillsdale street, from Adams street 820 feet northwesterly, Dorchester. The lowest bidder, A. D. Daddario, did not comply with the requirements in the proposal to furnish a certified check. The check submitted by Mr. Daddario was not certified, therefore not acceptable to the city. Bids, opened September 22, were as follows:

A. D. Daddario, \$3,833.70; Samuel J. Tomasello, \$3,879.50; M. DeSisto Company, \$3,891.75; A. Grande, \$3,950; Zoppo & Civitarese, \$4,093.50; Joseph Todesca, \$4,178.75; George J. Regan, \$4,202.45; Joseph Capone, \$4,291.45; James J. Conway, \$4,300; N. DiBartolomeo Company, \$4,353.35; C. Russo, \$4,752.50.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon September 27 the Mayor approved a contract with John Williams & Co., for laying and relaying water pipes in Dana road, Linden road and Maple road, West Roxbury. Bids, opened September 20, were as follows:

John Williams & Co., \$5,850; M. DeSisto Company, \$6,322.50; Joseph Capone, \$6,935; N. DiBartolomeo Company, \$7,205.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

INSTITUTIONS DEPARTMENT.

Upon September 24 the Mayor approved the purchase of the launch "Edith S. Wilkins." A communication from William S. Kinney of the Supply Department was as follows:

Boston, September 24, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR MR. MAYOR.—Your permission to purchase the launch "Edith S. Wilkins," at private sale for the sum of \$2,500 from Elizabeth Jensen, is hereby requested. Permission for private purchase is requested because of the fact that this boat is on the market at this

price because of the death of one John Anderson, who was the operating owner of the same, and as there is no one in his family in a position to operate the boat since his decease, its purchase at this price is very advantageous to the city.

Respectfully yours,

WILLIAM S. KINNEY,
Commissioner.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon September 28 the Mayor approved a contract with C. Aldersey Clark for the construction of artificial sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

Boston, September 24, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to C. Aldersey Clark, 61 Lawrence street, Waltham, Mass., is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

J. H. SULLIVAN,
Commissioner of Public Works.

PLAYGROUND BASEBALL CHAMPIONS WIN PRIZES.

Mayor Nichols announced on September 23 that the season for baseball activities as conducted on the various playgrounds throughout the city closed on August 24.

The season opened on June 15 when the various instructors of the Park Department were placed on the larger playgrounds throughout the city. Baseball teams were organized and the first inter-playground activities started on July 6 with the formation of two baseball leagues for senior and junior teams, each playground playing one game with each team in its respective class. The games were played each on Tuesday and Thursday.

Charlestown Playground won the championship of the junior class, winning nine and losing three games.

Mission Hill Playground won the championship of the senior class, winning ten and losing one game.

At 5 p. m. on Friday, September 24, Mayor Nichols presented gold baseballs to each member of the two championship teams. The names of the winners are as follows:

Senior (Mission Hill Playground): Joseph Brian, catcher; Joe Fagan, pitcher; Dick Driscoll, first base; Arthur Curry, short stop; Joe Shay, second base; Ham Dean, third base; Joe Coppentrath, left fielder; Tom Barry, right fielder; John Wall, center fielder; Joe Ryan, utility man.

Junior (Sullivan Square Playground): Ed Keddy, catcher; W. Jesson, pitcher; W. Lyons, first base; Anthony Dalio, short stop; George Grooms, second base; John O'Doherty, third base; E. Jesson, left fielder; S. Tantowski, right fielder; John Fabian, center fielder; J. Smith, utility man.

RETIREMENT BOARD REPORT.

At a meeting of the Boston Retirement Board held on Wednesday, September 15, 1926, the retirement from active service of the following named members of the Boston Retirement System was approved, to become effective at close of business, Thursday, September 30, 1926:

AUDITING DEPARTMENT.

William D. Nagle, clerk, salary at time of retirement, \$2,400 a year.

PARK DEPARTMENT.

James B. Shea, chairman, salary at time of retirement, \$7,000 a year.

John McElaney, laborer, salary at time of retirement, \$5 a day.

Edward J. McLaughlin, laborer, salary at time of retirement, \$5 a day.

Mary A. Maher, matron, salary at time of retirement, \$20 a week.

Patrick Barry, laborer, salary at time of retirement, \$5 a day.

PUBLIC BUILDINGS DEPARTMENT.

Margaret A. Savage, cleaner, salary at time of retirement, \$14 a week.

PUBLIC WORKS DEPARTMENT.

Bridge and Ferry Service.

Harry B. Farrell, transitman, salary at time of retirement, \$1,600 a year.

Paving Service.

Patrick Mulloy, blacksmith, salary at time of retirement, \$5.50 a day.

Thomas Connolly, laborer, salary at time of retirement, \$5 a day.

John J. Desmond, laborer, salary at time of retirement, \$5 a day.

Thomas Meehan, paver, salary at time of retirement, \$5.50 a day.

William T. Braham, laborer, salary at time of retirement, \$5 a day.

Sanitary Service.

William J. Cronin, harnessmaker, salary at time of retirement, \$5.50 a day.

Street Cleaning Service.

John Fitzgerald, laborer, salary at time of retirement, \$5 a day.

Water Service.

Michael Donahue, laborer, salary at time of retirement, \$5 a day.

SCHOOL COMMITTEE.

Lucy G. Flusk, assistant, salary at time of retirement, \$192 a month.

Fanny E. Jennison, assistant, salary at time of retirement, \$200 a month.

SUFFOLK COUNTY.

Henry E. Bellew, clerk, salary at time of retirement, \$5,000 a year.

ADDITIONS TO CONTRACTS.

PARK DEPARTMENT.

J. C. Coleman & Sons Company have been directed to make the following changes in the contract for loaming, grading and shelter at Mary Hemenway Playground, Dorchester, signed September 1, 1926:

Build the wooden shelter parallel to and six (6) feet off the southerly line of the playground and one hundred ten (110) feet from Adams street, instead of parallel to and fifty (50) feet west of Gustine street as called for in the contract. There will be no change in contract price for this change in the location of the shelter.

BOSTON AND BUFFALO LINKED IN AIR TRANSPORTATION PLANS.

BUSINESS DELEGATION WELCOMED HERE ON FIRST TRIP.

Mayor Nichols announced on September 27 that eight airplanes would arrive at the Boston Airport at 5.30, Tuesday afternoon, carrying members and guests of the Buffalo Air Board. Their visit marked the first cross country flight from the new \$750,000 Buffalo Airport. The purpose of the flight was to bring Boston and Buffalo into closer contact so that in the future a commercial line may be established over this route.

This New York State-New England Airway service flight has been arranged for the distinct purpose of linking Western New York and New England by airplane. It is a continuation of the efforts made during the past winter to secure an air mail and express route. Business men who financed the great landing field at Buffalo have determined to fly over the route personally in order to get first hand information of the landing fields and aviation sentiment along the way. They stopped at Rochester, Albany and Springfield on the route.

Celebrations were arranged at each of these cities and the night was spent at Albany.

The Boston Municipal Air Board was at the airport to receive the guests at 5 o'clock and took the visitors around the field to show them the four military hangars and examine the work which has already been done on the Boston Airport Corporation commercial hangar. A detail from the 101st Aero Squadron, M. N. G., was at the field to service and stake down the planes.

Mayor Nichols greeted the guests at a dinner held at the Chamber of Commerce at 7 o'clock.

On Wednesday morning the party from Buffalo left the Boston Airport at 8.30 for Hartford and a stop in New York on the way back to Buffalo.

At the dinner given by Mayor Nichols to the members of the New York State-New England Airway Service, he announced that he had received by air mail a letter from Frank X. Schwab, Mayor of Buffalo, which read as follows:

MY DEAR MR. MAYOR,—Buffalo, "The Queen City of the Lakes," has just dedicated and formally opened its Municipal Airport and it is a happy and fitting spirit of neighborly affection that the first letter sent from this airport should convey the heartfelt greetings and sincere good wishes of the people of Buffalo to the citizens of their neighbor city.

In the twilight of achievement it is but human to bask in the hour of praise and glory. Buffalo, somewhat proudly, is much in that mood today. We are proud of our airport. We take pride in the vision of foresight and progress which recognized the future need of an airport; we take pride in the courage which carried it through in the face of lack of understanding, disinterestedness and discouragement from many sources; the city government is gratified, though but a year has passed since moneys were appropriated for the purchase and equipment of an airport; time has proven its action a wise and constructive one; the great

body of citizens are satisfied that the city has fortified itself to lead the way in aviation and everyone who has inspected the airport must bear witness to the truth that the Municipal Airport of Buffalo is ideally situated, adequate in size and completely equipped—second to none in the world.

Today Buffalo stands ready to take leadership in American aviation. Through its newest child, but six months old, Buffalo's message to the world, through the air today, is, "Watch us lead American cities in aviation." The United States Government, through executives of the army, navy and post office departments, last night eloquently and sincerely promised the city of Buffalo active and complete co-operation in making this airport a glorious success.

This Municipal Airport not alone assures Buffalo a place in aviation but provides an invaluable service to its industries, its merchants, its business men, its professional men, and to the entire city. But we have not builded merely through motives of civic pride or the desire to yield service, but as Major-General Mason M. Patrick, U. S. A., so ably expressed last night, "This airport has provided an outpost of protection and safeguarding of our country in a military sense."

It is a genuine pleasure for Buffalo, through its airport, to extend its greetings and good will to its neighboring cities and Buffalo looks forward to the happy future of the era of aviation when distance shall be obliterated and the great cities of America will be closer and warmer friends, co-operating in solving municipal problems and striving together that our states shall be greater and our nation more glorious.

Again with good wishes, I remain,

Sincerely,

FRANK X. SCHWAB, Mayor.

Mayor Nichols, on September 29, acknowledged the foregoing communication from Mayor Schwab of Buffalo and wrote as follows:

DEAR MAYOR SCHWAB,—I have your kind letter of the 26th instant containing the heartfelt greetings and sincere good wishes from the people of Buffalo to the citizens of Boston, on the occasion of the dedication and opening of your Municipal Airport. It is indeed a pleasure to know that the first letter sent from your airport came to us.

I congratulate you upon your splendid progress and great success in your municipal airport activities, and was indeed pleased to officially extend the greetings of Boston to the members of the New York State-New England Airway service flight.

We have just started work on our first commercial airplane hangar. This construction is to be followed within a few weeks by a second and larger hangar, both situated in the commercial airport which has been created and made suitable for air transport use through appropriations made available by the City of Boston.

Boston extends to you its sincere congratulations and the wish that every success will come to your earnest endeavors for progress in aviation activities.

With kind regards,

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 959.

The resignation of Patrolman Walter J. Cowan of Division 1 having been presented, it is hereby accepted, to take effect Monday, September 27, 1926, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, Commissioner.

General Order No. 960.

A trial board consisting of Captains Fitzgerald, Rooney and Smith, having heard by reference a complaint against Patrolman Henry O. Holst of Division 3, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty. In accordance with which, it is hereby ordered that the said Patrolman Henry O. Holst perform seventy (70) hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, Commissioner.

General Order No. 961.

Section 3 of Rule 6 of the Rules and Regulations of the Police Department is hereby amended by striking out the whole of said section and inserting in place thereof the following new section which shall be known as section 3:

3. A resignation shall be in writing, on the form provided, with the signature thereto verified in writing by a witness who is a member of the department shall be accomplished by a statement signed by the commanding officer of the division as to whether the officer is in good standing, and whether there is any reason why the resignation should not be accepted as presented. Ordinarily a resignation shall be presented to the commissioner at least seven days before the day desired that the resignation shall become effective, but in case of absence or disability or for other satisfactory reasons, the seven days' notice may be waived by the commissioner. An officer desiring his resignation to take effect before the seven days shall have elapsed, shall so request in his resignation, giving his reasons therefor and his division commander shall in writing recommend whether or not the seven days' clause shall be waived and the resignation allowed as requested. Resignations must be addressed to the commissioner and may be accepted by him at his discretion.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, Commissioner.

General Order No. 962.

The resignation of Patrolman Raymond Trumbull of Division 6 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Wednesday, September 29, 1926, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON, Commissioner.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Fessenden street, Dorchester district, as a highway, from Blue Hill avenue to Norfolk street, bounded and described as follows:

A highway named Fessenden street is hereby laid out, from Blue Hill avenue to Norfolk street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Blue Hill avenue, forty-six and 29-100 feet; northeasterly by the northeasterly line of said Fessenden street as hereby laid out, seven hundred one and 71-100 feet; southeasterly by the southeasterly line of said Fessenden street as hereby laid out, forty and 14-100 feet; and southwesterly by the southwesterly line of said Fessenden street as hereby laid out, six hundred seventy-five and 5-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Fessenden street, from Blue Hill avenue to Norfolk street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Fessenden Street, Dorchester, Assessment Plan, September 1, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Morris Sanderson	\$126 56
2. Katie Sidman	300 00
3. Sarah Weiner	252 00
4. Lottie Simon	288 00
5. Max Wolf	420 00
6. Esther Factoroff	420 00
7. Esther Factoroff	420 00
8. Hyman Cohen	420 00
9. Hyman Cohen	420 00
10. Dora Shlager	300 00
11. Dora Shlager	484 64
12. Isador Kagan	230 96
13. Isador Kagan	303 30
14. Lena Nider	450 00
15. Kate Glazer	450 00
16. Ida Weinstein	420 00
17. Eva Francer	420 00
18. John J. Manning.....	393 00
19. John J. Manning.....	323 82
20. Pauline Brown	317 20
Total	\$7,159 48

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Fessenden street, Dorchester district, as a highway, from Blue Hill avenue to Norfolk street, under the order of the Board of even date herewith, in the amount hereinafter mentioned, and awards said amount therefor.

Hyman Cohen	\$2,700 00

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land consisting of the widening and construction of the southwesterly corner of Melville avenue and Dorchester avenue, Dorchester district, as a highway, bounded and described as follows:

The highway named Melville avenue is hereby widened at the southwesterly corner of Dorchester avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, situated at the southwesterly corner of Melville avenue and Dorchester avenue, supposed to belong to Morris A. Goodman, bounded and described as follows:

Northerly by Melville avenue, forty-four and 86-100 feet; easterly by Dorchester avenue, forty-four and 86-100 feet; and southwesterly by other land supposed to belong to said Goodman, fifty-three and 12-100 feet on a curve of twenty-five feet radius; containing four hundred and fifty-eight square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid described land

shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said widening of said highway is bounded and described as follows:

Northerly by the southerly line of Melville avenue as it existed previous to this widening, forty-four and 86-100 feet; easterly by the westerly line of Dorchester avenue as it existed previous to this widening, forty-four and 86-100 feet; and southwesterly by the southwesterly line of Melville avenue as hereby widened, fifty-three and 12-100 feet on a curve of twenty-five feet radius, containing four hundred and fifty-eight square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement, consisting of the widening and construction of Melville avenue at the southwesterly corner of Dorchester avenue, Dorchester district, as a highway, under the order of the Board of even date herewith, in the amount hereinafter mentioned, and awards said amount therefor.

Morris A. Goodman, 458 square feet.....\$350 00

FIRE DEPARTMENT ORDERS.

General Order No. 65.

I. COMPANY DRILLS.

In addition to the regular weekly company drills each company of the department, on the day platoon, will drill for one-half hour, the drill consisting of raising, lowering and going over a thirty-foot ladder. Each member of the company, including the officers, will take each position and perform the various evolutions in connection with the handling of a thirty-foot ladder. The drill will be performed daily, preferably in the morning.

The commanding officer in any station in which there is not a thirty-foot ladder at the present time will notify the Fire Commissioner on Form 5.

II. FIRE ALARM BOXES REMOVED FROM SERVICE.

The following boxes have been removed from service:

Box 1352—Massachusetts General Hospital, Allen street gate.

Box 1442—Orpheum Theatre, Washington street.

III. CHANGE OF LOCATION, FIRE ALARM BOX.

Fire alarm Box 2461 formerly located on car barn at Washington street and Lotus place has been removed to the Boston Elevated Bus Garage, Washington street, near the Arborway, and is accessible to the public.

Company commanders will see that this change of location is made on assignment and running cards.

IV. FIREWORKS PERMITS.

Hereafter no permits for the display or discharge of fireworks will be granted to permit such discharge or display after the hour of 10 p. m.

V. CHANGE OF TIME.

Under the daylight saving law time will be retarded one hour at 2 a. m., on Sunday, September 26, 1926. At that time clocks in department stations will be set back one hour.

All tower clocks without striking mechanism will be set back at 6.30 a. m.

All tower clocks with striking mechanism will be stopped at 6.30 a. m., for one hour and then started.

Only men who are regularly assigned to wind clocks should be detailed to change the tower clocks.

VI. RESIGNATION.

The resignation of Hoseman John H. Corcoran of Engine Company 46 was accepted, at his own request, to take effect at 8 a. m. Saturday, September 18, 1926.

VII. SALT.

District chiefs will submit consolidated reports on or before Monday, September 27, 1926, showing the quantity of hydrant salt required by the respective companies in their districts for the coming winter.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

MAYOR GETS DESCRIPTION OF HURRICANE CONDITIONS IN FLORIDA FOR BOSTON CITIZENS. CASH AID NEEDED.

Mayor Nichols on September 27 received a letter from Mr. James R. Nicholson of Miami, Fla., in which Mr. Nicholson outlined hurricane conditions.

The tropical hurricane, which attained a velocity of 120 miles at times, originated in the West Indies, and passing over the southeastern portion of the state of Florida during the night of Friday, September 17 and the morning of Saturday, September 18, covered an area north and south from Palm Beach to Miami, a distance of about 75 miles. In Fort Lauderdale, Hollywood, Miami and Miami Beach the damage was very heavy.

The principal damage in the Miami district was to frame dwellings and dwellings where the roof construction was of a character to lend itself to the devastating effects of the hurricane. It should be noted that all of the large buildings, with one exception, stand without very serious damage.

The damage to foliage and citrus groves has been quite extensive. The general damage to dwellings, hotels and business houses has resulted partly from the wind either blowing off roofs and breaking windows and permitting the entrance of the rain, and partly from the raising of the ocean level and that of contributory rivers and canals.

While impossible to correctly estimate the damage, the estimates of more or less well-informed parties extend from fifty million to a hundred million. The total number of deaths in the Miami district is ninety-two and the injured one thousand.

The chief need is donations of cash for sustenance and home repairs of the needy. The sewers of the city were in splendid condition and the water supply was not shut off, although temporarily high pressure was absent and it was not possible to carry the water beyond the second or third floors of buildings.

Electric power and light lines were seriously affected, but the work of reconstruction has been carried forward rapidly and already electric power and light service has been restored in many sections of the city.

Railroad service has been disturbed practically not at all, and boat service has by this time been restored. It is estimated that from 10 per cent to 12 per cent of the loss on buildings was covered by tornado insurance.

The deaths at Miami Beach total thirteen and the injured approximately three hundred. The damage was quite heavy at the beach in those private residences near the shore, and the loss in apartment houses was very heavy.

The lighter built casinos and amusement resorts at South Beach were practically wiped out.

Very much damage was done to the beach itself and the ocean boulevard for a long distance is now under a heavy bed of sand.

Mr. Nicholson states that upon the request of Mayor Nichols to furnish all available information to Boston residents, he proceeded at once to act thereon and detailed Mr. William H. Stickney a former Boston banker to assist him. Mr. Stickney carried letters to the

mayors of Miami and Miami Beach, all newspapers, the Red Cross and all possible agencies in his endeavors to obtain information.

THE MAYOR REPLIES.

Mayor Nichols sent the following letter to Mr. James R. Nicholson who has been gathering information about Boston people in and about Miami since the recent hurricane:

I have your very interesting and complete letter under date of September 26 relative to the conditions resulting from the hurricane.

Boston is extremely grateful to you for the prompt and efficient service rendered in this time of distress. Your telegrams to me, bringing news of Boston residents, came most promptly and aided greatly in relieving those in suspense.

I shall appreciate it if you will continue to send me available news.

With deep appreciation of your splendid work, I extend to you my own thanks and those of the City of Boston.

With kind regards, I am,

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

PETITIONS ALLOWED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Edison Company and New England Telephone and Telegraph Company, Danube street, Ward 13, erect four poles.

Edison Company, Summer street, Ward 20, erect two poles.

Edison Company, Temple street, Ward 20, erect one pole.

Edison Company, Narragansett street, Ward 16, erect one pole.

Edison Company, Stimson street, Ward 20, erect two poles.

Edison Company and New England Telephone and Telegraph Company, Logan street, Ward 9, erect one pole.

New England Telephone and Telegraph Company, Trenton street, Ward 1, erect and remove one pole.

New England Telephone and Telegraph Company, M street, Ward 7, erect and remove one pole.

Boston Elevated Railway Company, Washington street, Dorchester, Ward 16, additional track.

Edison Company, Everett street, Ward 16, time extended for pole work.

Edison Company and New England Telephone and Telegraph Company, Oswald street, Ward 10, time extended for pole work.

Edison Company, Thatcher street, Ward 18, time extended for pole work.

Godfrey Coal Company, 51 Ceylon street, Ward 14, acetylene.

Hub Wire Cloth and Wire Work Company, 16 Canal street Ward 3, acetylene. Hebrew Ladies Moshov Zekamin Association, Queen street, Ward 16, 5,000 gallons of fuel oil.

Spencer Kellogg & Sons of Massachusetts, Inc., opposite 9 Freight House, Boston & Maine Railroad, Beverly street, Ward 3, 1,000 barrels of vegetable oils.

Chadwick Boston Lead Company, 22 Island street, Ward 8, 300 gallons of gasolene.

Louis Cavagnaro, 24 Washington street, Ward 14, for the keeping, storage and sale of 2,000 gallons of gasolene.

M. D. Cressy Company, 7 Shurtleff court, Ward 1, 500 gallons of gasolene.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land and buildings on the northeasterly side of Arlington street, from Nos. 81 to 87, both inclusive; the land and buildings on the southeasterly side of Central avenue, between Arlington street and Greenwood square; the land and buildings on the westerly side of Metropolitan avenue, from No. 685 (inclusive) to Greenwood square; a strip of land lying between Central avenue and Metropolitan avenue known as Jefferson street, Hyde Park district, for school purposes.

A parcel of land, supposed to belong to George Smiton and Anna M. Smiton, bounded:

Northwesterly by Central avenue, eighty-eight feet; northeasterly by land hereinafter described as taken from Romon Kolenda, one hundred and ten feet; southeasterly by land hereinafter described as taken from heirs of Laura A. Buck and by land supposed to belong to said heirs, eighty-nine feet; and southwesterly by land supposed to belong to Benjamin Gorovitz, ninety-six and 69-100 feet, containing ninety hundred and ninety-seven square feet, more or less.

A parcel of land, supposed to belong to Roman Kolenda, bounded:

Northwesterly by Central avenue, ninety feet; northeasterly by land hereinafter described as taken from Thomas P. Stack, one hundred eighty-four and 19-100 feet; easterly by land hereinafter described as taken from Thomas P. Stack, Gregory and Ann Resker, and John and Margaret A. White, by two measurements, thirty-two and 11-100 feet and ninety-four feet; and southwesterly by land hereinafter described as taken from John B. and Isabella C. Black and heirs of Laura A. Buck and by land hereinbefore described as taken from George Smiton and Anna M. Smiton, two hundred sixty-seven and 65-100 feet, containing nineteen thousand four hundred and ninety-eight square feet, more or less.

A parcel of land, supposed to belong to Thomas P. Stack, bounded:

Northwesterly by Central avenue, seventy-two and 55-100 feet; northeasterly by land hereinafter described as taken from Helena Tellado, one hundred fifty-seven and 97-100 feet; easterly by land hereinafter described as taken from Thomas P. Stack, seventy-seven and 32-100 feet; and southwesterly by land hereinbefore described as taken from Roman Kolenda, one hundred eighty-four and 19-100 feet, containing twelve thousand four hundred and eleven square feet, more or less.

A parcel of land, supposed to belong to Helena Tellado, bounded:

Northwesterly by Central avenue, one hundred two and 65-100 feet; northeasterly by land hereinafter described as taken from the City of Boston (Jefferson street), one hundred twenty and 86-100 feet; easterly by land hereinafter described as taken from heirs of Mary Coveney, City of Boston T. T., one hundred nine and 43-100 feet; and southwesterly by land hereinbefore described as taken from Thomas P. Stack, one hundred fifty-seven and 97-100 feet, containing fourteen thousand three hundred and eleven square feet, more or less.

A parcel of land, supposed to belong to the City of Boston (Jefferson street), bounded:

Northwesterly by Central avenue, forty feet; northeasterly by land hereinafter described as taken from Julia M. Rooney and heirs of Mary Coveney, City of Boston T. T., two hundred forty-eight and 14-100 feet; northerly by land hereinafter described as taken from Heirs of Mary Coveney, City of Boston, T. T., twenty-three and 42-100 feet on a curve of ten feet radius; easterly by Metropolitan avenue, seventy-nine and 40-100 feet; and southwesterly by land hereinafter described as taken from Thomas P. Stack and heirs of Mary Coveney, City of Boston T. T., and by land hereinafter described as taken from Helena Tellado, three hundred ten and 33-100 feet, containing eleven thousand seven hundred and sixty-one square feet, more or less.

A parcel of land, supposed to belong to Julia M. Rooney, bounded:

Northwesterly by Central avenue, sixty-two and 65-100 feet; northeasterly by land hereinafter described as taken from Frederick G. Pomer, eighty-three and 75-100 feet; northerly by the same, ninety-one and 55-100 feet; easterly by Metropolitan avenue, one hundred feet; southerly by land hereinafter described as taken from heirs of Mary Coveney, City of Boston T. T., seventy-eight and 54-100 feet; and southwesterly by land hereinafter described as taken from City of Boston (Jefferson street), one hundred sixty-two and 30-100 feet, containing sixteen thousand two hundred and fifteen square feet, more or less.

A parcel of land, supposed to belong to Frederick G. Pomer, bounded:

Northwesterly by Central avenue, one hundred ten and 32-100 feet; northerly by line forming the junction of Central avenue and Metropolitan avenue, one hundred four and 6-100 feet on a curve of forty-three and 76-100 feet radius; easterly by Metropolitan avenue, one hundred seven and 70-100 feet; southerly by land hereinafter described as taken from Julia M. Rooney, ninety-one and 55-100 feet; and southwesterly by the same, eighty-three and 75-100 feet, containing sixteen thousand six hundred and eleven square feet, more or less.

A parcel of land, supposed to belong to heirs of Mary Coveney, City of Boston T. T., bounded:

Easterly by Metropolitan avenue, fifty-two and 66-100 feet; southerly by land hereinafter described as taken from City of Boston (Jefferson street), twenty-three and 42-100 feet on a curve of ten feet radius; southwesterly by the same, eighty-five and 84-100 feet; and northerly by land hereinafter described as taken from Julia M. Rooney, seventy-eight and 54-100 feet, containing twenty-eight hundred and seventy-seven square feet, more or less.

A parcel of land, supposed to belong to heirs of Mary Coveney, City of Boston T. T., bounded:

Northeasterly by land hereinafter described as taken from City of Boston (Jefferson street), one hundred forty-three and 47-100 feet; southerly by land hereinafter described as taken from Thomas P. Stack, one hundred forty-seven and 31-100 feet; and westerly by land hereinafter described as taken from Helena Tellado, one hundred nine and 43-100 feet, containing seventy-three hundred and sixty-five square feet, more or less.

A parcel of land, supposed to belong to Thomas P. Stack, bounded:

Easterly by Metropolitan avenue, sixty-seven and 94-100 feet; southerly by land hereinafter described as taken from Gregory and Ann Resker, two hundred twenty-four and 70-100 feet; westerly by land hereinafter described as taken from Roman Kolenda, and Thomas P. Stack, one hundred nine and 43-100 feet; northerly by land hereinafter described as taken from heirs of Mary Coveney, City of Boston T. T., one hundred forty-seven and 31-100 feet; and northeasterly by land hereinafter described as taken from City of Boston (Jefferson street), forty-six feet, containing nineteen thousand seven hundred and twenty-two square feet, more or less.

A parcel of land, supposed to belong to Gregory and Ann Resker, bounded:

Easterly by Metropolitan avenue, fifty feet; southerly by land hereinafter described as taken from John and Margaret A. White, two hundred eighteen and 76-100 feet; westerly by land hereinafter described as taken from Roman Kolenda, fifty and 29-100 feet; and northerly by land hereinafter described as taken from Thomas P. Stack, two hundred twenty-four and 70-100 feet, containing eleven thousand and eighty-five square feet, more or less.

A parcel of land, supposed to belong to John and Margaret A. White, bounded:

Easterly by Metropolitan avenue, fifty feet; southerly by land supposed to belong to Martha Markelis, two hundred twelve and 81-100 feet; westerly by land hereinafter described as taken from John B. and Isabella C. Black, and hereinafter described as taken from Roman Kolenda, fifty and 29-100 feet; and northerly by land hereinafter described as taken from Gregory and Ann Resker, two hundred eighteen and 76-100 feet, containing ten thousand seven hundred and ninety square feet, more or less.

A parcel of land, supposed to belong to John B. and Isabella C. Black, bounded:

Easterly by land hereinafter described as taken from John and Margaret A. White, six and 58-100 feet; southerly by land supposed to belong to Daisy M. Chittick, fifty-three and 9-100 feet; southwesterly by land supposed to belong to said John B. and Isabella C. Black, eighty-one and 18-100 feet; northwesterly by land hereinafter described as taken from heirs of Laura A. Buck, fifty-two and 26-100 feet; and northeasterly by land hereinafter described as taken from Roman Kolenda, eighty-seven and 65-100 feet, containing forty-three hundred and ninety-three square feet, more or less.

A parcel of land, supposed to belong to heirs of Laura A. Buck, bounded:

Southeasterly by land hereinafter described as taken from John B. and Isabella C. Black, fifty-two and 26-100 feet; southwesterly by land supposed to belong to said heirs of Laura A. Buck, sixty-two and 11-100 feet; northwesterly by land hereinafter described as taken from George Smiton and Anna M. Smiton, fifty and 53-100 feet; and northeasterly by land hereinafter described as taken from Roman Kolenda, seventy feet, containing thirty-three hundred and three square feet, more or less.

Said parcels are shown on a plan marked "City of Boston, Metropolitan Avenue, Central Avenue, Arlington Street, Hyde Park, July 1, 1926, William

J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking made for school purposes on Central avenue, Metropolitan avenue, and Jefferson street, Hyde Park district, under the order of the Board herewith, in the amount hereinafter respectively set against them, and awards said amounts therefor:

John and Margaret A. White, 10,790 square feet and buildings.....	\$7,500

	<u>\$61,925</u>

MAYOR NICHOLS FELICITATED BY FORMER ASSOCIATES.

Mayor Nichols, formerly president of the New England Association of Collectors of Internal Revenue, received a congratulatory message on September 27 from the Collectors of Internal Revenue, Sixth Supervisory Division meeting in conference at Toledo Ohio. The Sixth Division includes the collection districts of the Middle West, just east of Chicago.

The Mayor, prior to his election, was guest of this conference and of other collectors' conferences, which resulted from the formation of the New England Association, which held its first conference and established in the Bureau of Internal Revenue the procedure of frequent conferences by the collectors of various internal revenue districts. In reply the Mayor extended his greetings to the conference with best wishes for its success.

STUDIES STREET IMPROVEMENT PLANS.

Mayor Nichols, on the afternoon of September 29, toured the city with members of the Planning Board on a study of various street improvements which the Planning Board have under consideration. They included the widening of Dorchester avenue, to connect with the Old Colony Boulevard now under construction by the state, the widening of Preble street and of Andrew square at Dorchester avenue, and also at Southampton street, the making of a new thoroughfare in Boston to connect the Northern Artery with intersecting streets in the North End, the widening of Thompson square, and a widening at Sullivan square. This examination followed a conference between the Mayor, Chairman Harriman and Col. Charles R. Gow of the Metropolitan Planning Board upon this and allied matters.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Eldridge road and Nathan street, West Roxbury district, as a highway, from Hyde Park avenue to Patten street, with the name of Eldridge road or some other distinctive name, bounded and described as follows:

A highway named Eldridge road is hereby laid out, from Hyde Park avenue to Patten street, over and including the private way known as Nathan street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is

bounded and described as follows:

Westerly by Hyde Park avenue, eighty feet; northeasterly by the northeasterly line of said Eldridge road as hereby laid out, twenty-three and 56-100 feet on a curve of fifteen feet radius; northerly by the northerly line of said Eldridge road as hereby laid out, three hundred sixty-nine and 8-100 feet; northwesterly by the northwesterly line of said Eldridge road as hereby laid out, by two measurements, four hundred six and 93-100 feet on a curve of four hundred and 12-100 feet radius and one hundred twenty-seven and 20-100 feet; westerly by the westerly line of said Eldridge road as hereby laid out, twenty and 15-100 feet on a curve of fifteen feet radius; northeasterly by Patten street, by two measurements, fifty-three and 19-100 feet on a curve of six hundred ninety-four and 93-100 feet radius and twenty and 74-100 feet; southerly by the

southerly line of said Eldridge road as hereby laid out, twenty-eight and 12-100 feet on a curve of fifteen feet radius; southeasterly by the southeasterly line of said Eldridge road as hereby laid out, by three measurements, one hundred seven and 33-100 feet, three hundred eighteen and 21-100 feet on a curve of four hundred forty and 12-100 feet radius, and ninety-seven and 81-100 feet; southerly by the southerly line of said Eldridge road as hereby laid out, by two measurements, one hundred twenty-three and 41-100 feet on a curve of six hundred forty-seven and 25-100 feet radius and two hundred and eighty-five feet; and southeasterly by the southeasterly line of said Eldridge road as hereby laid out, twenty-three and 56-100 feet on a curve of fifteen feet radius.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Eldridge road, from Hyde Park avenue to Patten street, as laid out under this order, and the lots of land at the southwesterly and southeasterly corners of Eldridge road and unnamed street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Eldridge Road, West Roxbury, Assessment Plan, July 30, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Eldridge road, West Roxbury district, as a highway, from Hyde Park avenue to Patten street, under the order of the Board, and awards no damages therefor.

CLAIMS ALLOWED.

Upon recommendation of the Law Department, the Mayor has approved the following claims:

Benjamin B. Perkins *et al.*, 1 Emmons road, West Roxbury, in the sum of \$158.72, as refund for amount of abatement on sewer assessment paid on account of sewer constructed on north-easterly side of La Grange street, West Roxbury, the original assessment having been paid in full, and later revised and reduced by the Street Laying-Out Department.

G. L. Granfield, in the sum of \$50, as refund of fee paid for building permit at 538-560 Blue Hill avenue, which permit was never used.

Putnam & Cox, 114 State street, Boston, in the sum of \$170, as refund of part of fee paid for services of Plan Division of Building Department in checking up plans, the cost of such work not equaling the amount paid.

Mabel H. Campbell, 16B Highgate street, Allston, in the sum of \$5, as refund of common victualer fee paid the Licensing Board for the City of Boston for license which was never used.

Charles S. Roach, 20 Lexington street, East Boston, in the sum of \$285, as compensation for damage to property at 305 Meridian street and 20 Lexington street, East Boston, caused by city cutting off house drain during November, 1925.

Mrs. James Powers, 50 Monument square, Charlestown, in the sum of \$90, as compensation for personal injuries received May 5, 1926, by defect in sidewalk in front of 45 Monument square, Charlestown.

George G. Taylor, in the sum of \$50, as compensation for personal injuries caused by hole in street at 214 Washington street, May 1, 1920.

Laurence J. Hartigan, 15 Roseclaire street, Dorchester, in the sum of \$16.50, as compensation for damage to automobile by defective condition of highway in front of 287 Broadway, South Boston, July 3, 1926.

East Boston Hudson-Essex Company, 667 Bennington street, East Boston, in the sum of \$2.50, as refund on seventeen unused refuse tickets.

1927 BUDGET PLANS STARTED.

The Mayor has issued the following Circular Letter No 18:

OFFICE OF THE MAYOR,
BOSTON, October 1, 1926.

To Heads of All Departments:

GENTLEMEN,—Budget sheets are now ready and should be obtained at the office of the Budget Commissioner, 47 City Hall.

In accordance with section 23, chapter 3, of the Revised Ordinances of 1925, budget estimates must be submitted not later than the first day of November. It is desirable in the case of smaller departments where no large problems are involved in the preparation or estimates that the estimate sheets be returned as early as possible.

It is my earnest desire to effect a reduction in the tax rate for 1927 and department heads are requested in the preparation of their estimates to exercise every care in order that economy consistent with good service to the public shall be reflected in their estimates.

Pending the completion of the work in which the Committee on Classification of

Employees is now engaged, no provision for increases in salaries, with the exception of those to be granted under the sliding scales in effect are to be incorporated in the estimates of the various departments. It is expected that the work of this committee will be completed before the end of the current year, so that there will be ample time to make whatever salary adjustment that may result from the work of this committee before the budget is finally submitted to the City Council.

Before final submission of your departmental estimates you will please confer with the Superintendent of Supplies with reference to such commodities as may be required by your department; also with the Budget Commissioner relative to the form and compilation of your estimates.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch earthen pipe and a surface drain of 10-inch and 12-inch earthen pipe in Stratford street, between Woodward road and West Roxbury Parkway, in the West Roxbury district, at an estimated cost of \$6,150.

A sanitary sewer of 10-inch earthen pipe and a surface drain of 15-inch earthen pipe in Woodward road, between West Roxbury Parkway and Stratford street, in the West Roxbury district, at an estimated cost of \$4,100.

A sanitary sewer and surface drain of 10-inch earthen pipe in Bexford terrace, between Park street and a point 225 feet southwesterly, in the West Roxbury district, at an estimated cost of \$2,000.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

CASE WORKER-VISITOR, BOSTON PUBLIC WELFARE DEPARTMENT, OCTOBER 4, 1926.

Salary, \$1,600 per year.

Applicants must be not less than twenty-one nor over fifty years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of this position are to take settlement histories, visit the homes of applicants seeking aid, investigate and determine the necessity of relief, secure relief when possible from private sources, interview relatives and other persons interested in the applicant, determine and recommend the amount of aid to be granted, plan budgets, secure proper housing, advise and follow up medical, dental and mental treatment, secure employment, and make reports of conditions found in each case.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 65 per cent in each subject of the examination in order to become eligible.

Physical examination required.

VISITOR, DEPARTMENT OF PUBLIC WELFARE, OCTOBER 21, 1926.

Requisition is for a female but the examination is open to both males and females.

The entrance salary for this position is from \$1,200 to \$1,440 per year.

Applicants must be not less than twenty-one nor over forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

The duties of this position are to investigate and visit in connection with the discharge and placement of men, women, and children from the State Infirmary, including follow-up work, medical and social, also to investigate applications of needy persons for assistance.

HEAD SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, OCTOBER 21, 1926.

Requisition is for a female but the examination is open to both males and females.

The salary is \$1,440 per year.

This position is at the Medfield State Hospital. The duties of the position are to have charge of all the social service work in the hospital, having one other worker under supervision. It is desirable that applicants have a college education and be graduates of a psychiatric school of social work which should include practical work in a hospital of mental diseases.

STATIONARY ENGINEERS, STATIONARY FIREMEN, MARINE ENGINEERS, MARINE FIREMEN AND OILERS, OCTOBER 21, 1926.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either (a) as first, second, or third class stationary engineer; (b) as first or second class stationary fireman; (c) as chief, first assistant or second assistant marine engineer. Oilers and marine firemen are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

ASSISTANT MATRON, BOSTON OVERSEERS OF PUBLIC WELFARE, OCTOBER 23, 1926.

Salary, \$65 per month and maintenance.

The duties of the position consist of general institutional housework at the Temporary Home for Women, and the management of the Home in the absence of the head matron. It is desirable that applicants be familiar with the care of young children, in the care of girls between the ages of 14 and 21, and in the care of elderly women.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions and at least 65 per cent in training and experience, in the oral interview and in general average in order to become eligible.

Physical examination required.

CLAIMS ALLOWED.

The Mayor has approved, upon recommendation of the Corporation Counsel, the following claims:

Patrick Murphy, 11 Bulfinch street, in the sum of \$75, as compensation for personal injuries received February 8, 1926, by ice on sidewalk from roof of entrance or exit to Park Street Station of Cambridge tube in front of 128 or 128A Tremont street, nearest to Winter street.

George F. Stebbins, trustee of the estate of Amelia B. Rowe, 40 Court street, in the sum of \$50, as compensation for damage at 27 Rockville park, Roxbury, by backing up of sewer in Rockville park, in February, 1926.

Joseph and Mary E. Keegan, 95 Clifton street, Dorchester, in the sum of \$85, as compensation for damage to property at 95 Clifton street caused by backing up of sewage at corner of Clifton and Burgess streets, May 23, 1926.

CONTRACTS AMENDED.

Acme Heating and Ventilating Company have been allowed to amend the contract for alterations to heating system of the Washington School, in the Washington Intermediate District, Norman street, West End, by striking out the words and figures, "September 15," on page 2, section 4, and substituting therefor the words and figures, "September 30," so that the last paragraph of said section 4, on page 2, shall read: "The work is to be commenced on or about September 10, and is to be completed on or before September 30, 1926."

Lyon Metallic Manufacturing Company have been allowed to amend the contract for metal lockers in the East Boston High School, White street, East Boston, by striking out the words and figures, "July 12, 1926," on page 1 of the specifications, and substituting therefor the words and figures, "August 28, 1926," so that the paragraph of said completion on page 1 of the specifications shall read: "The work is to commence immediately on the award of contract and is to be completed on or about August 28, 1926."

Joseph Rugo has been allowed to amend the contract for the erection and completion of an addition to the South Boston High School, in the Thomas N. Hart District, Thomas park and G street, South Boston, by striking out the words and figures, "twelve (12) months," on page 26, section 3, and substituting therefor the words and figures "September 20, 1926," so that the last paragraph of said section 3, on page 26, shall read:

"It is understood and agreed that time is of the essence of this contract, and that for every calendar day that the entire completion of the contract is delayed beyond September 20, 1926, the City of Boston shall deduct from the final payment to the contractor the sum of \$100 as liquidated damages, and not as penalty."

NEW LIBRARY BRANCH.

On Monday, September 27, the Warren Street Branch of the Boston Public Library was opened in the new Memorial High School. The entrance is on Townsend street, just around the corner from Warren street.

Many new titles have been added to the book collections, and the School Committee has co-operated with the library in providing beautiful rooms, well-lighted and comfortably furnished.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Midvale road, West Roxbury district, as a highway, over and including part of the private way known as Hodgdon terrace, from Corey street to Maple street, with the name of Midvale road, or some other distinctive name, bounded and described as follows:

A highway named Midvale road is hereby laid out, from Corey street to Maple street, over and including part of the private way known as Hodgdon terrace, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A part of a parcel of land, supposed to belong to Paul L. Rousseau, situated on the northwesterly side of Hodgdon terrace, bounded and described as follows:

Southeasterly by Hodgdon terrace, thirty-four feet on a curve of fifty and 50-100 feet radius; southwesterly by Midvale road, nine and 67-100 feet; northwesterly by other land supposed to belong to said Rousseau, thirty-two and 93-100 feet, containing one hundred and three square feet, more or less.

A part of a parcel of land, supposed to belong to Alice E. Fowler, situated at the southwesterly corner of Midvale road and Hodgdon terrace, bounded and described as follows:

Northwesterly by Midvale road, eleven and 38-100 feet; northeasterly by Hodgdon terrace and Midvale road, eleven and 38-100 feet; southerly by other land supposed to belong to said Fowler, seventeen and 4-100 feet on a curve of ten and 6-100 feet radius, containing twenty-nine square feet, more or less.

The land, owners unknown, being the private way known as Midvale road, running from Corey street to Hodgdon terrace.

The land, owners unknown, being part of the private way known as Hodgdon terrace, from Midvale road to Maple street.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said highway is bounded and described as follows:

Southwesterly by Corey street, forty feet; northwesterly by the northwesterly line of said Midvale road as hereby laid out, by three measurements, three hundred fifty-six and 22-100 feet, seventy-eight and 7-100 feet on a curve of three hundred and seventy-three and 13-100 feet radius, and one hundred and seventy-five feet; northeasterly by Maple street, forty feet; southeasterly by the southeasterly line of said Midvale road as hereby laid out, one hundred seventy-five and 8-100 feet; easterly by the easterly line of said Midvale road as hereby laid out, seventeen and 40-100 feet on a curve of ten and 50-100 feet radius; again southeasterly by the southeasterly line of said Midvale road as hereby laid out, forty feet; southerly by the southerly line of said Midvale road as hereby

laid out, seventeen and 4-100 feet on a curve of ten and 6-100 feet radius; and again southeasterly by the southeasterly line of said Midvale road as hereby laid out, three hundred sixty-three and 8-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Midvale road, from Corey street to Maple street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Midvale Road, West Roxbury, Assessment Plan, June 10, 1926, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

STREET CONSTRUCTION.

Orders to lay out and construct the following streets have been approved by the Mayor:

Midvale road, from Corey street to Maple street, over and including a part of Hodgdon terrace, West Roxbury district.

Eldridge road, West Roxbury, from Hyde Park avenue to Patten street.

Fessenden street, Dorchester, from Blue Hill avenue to Norfolk street.

Also the taking of 458 square feet at the corner of Melville avenue, Dorchester, for the purpose of eliminating a dangerous traffic condition.

COLLECTOR'S DEPARTMENT ON LONGER HOURS FOR TAX PAYMENT RUSH.

Mayor Nichols has announced that he has arranged with City Collector Johnson to keep the collector's office open on Thursday and Friday of this week until three o'clock in the afternoon instead of the usual closing hour of two; and on Saturday of this week until five o'clock, instead of the usual closing hour of twelve. This is for the convenience of the public in the payment of their taxes.

PROCEEDINGS OF CITY COUNCIL.

Boston, September 20, 1926.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., Coun. DOWLING presiding, and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the following appointments by the Mayor for the term ending April 30, 1927, were received:

Constable: Robert Rolfe Hartung, 362 Commonwealth avenue.

Weighers of Beef: Kenneth S. Nugent, Long Wharf, Boston; Joseph J. Pittelli, 268 State street, Boston; Richard A. Brown, 268 State street, Boston; Robert P. Bullard, 268 State street, Boston.

Weighers of Coal: Abraham Fine, 24 Ralston road, Mattapan; H. J. Clark, 311A Washington street, Brighton; J. S. Richardson, 311A Washington street, Brighton; Walter A. Amesbury, 311A Washington street, Brighton; Louis L. Lunin, 269 Quincy street, Roxbury; William J. Delaney, 20 Exchange place, Boston; Alicia Flanagan, 68 Devonshire street, Boston.

Severally laid over for one week under the law.

PURCHASE OF LAUNCH.

The following was received:

City of Boston,

Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—In the conduct of the business of the Long Island Institution, each day there are between forty and fifty prisoners to be transported by boat from Deer Island to Long Island, and to Rainsford Island. There are also many occasions for visits between the islands, and the city has at present no launch as in former years.

During the current year the Institutions Department has, from time to time, hired a launch, known as the "Edith Wilkins," from one Captain Anderson, and during a trip on July 26 he dropped dead, leaving only a widow and a small boy.

This boat was built in 1919 and is equipped with a 50 horse power six-cylinder standard engine. The boat has been examined by Building Commissioner Rourke and by Purchasing Agent Frost, together with an expert selected by Mr. Frost. This expert reports that the boat cost approximately \$15,000 to build, and would be a cheap buy for \$4,000. The boat has been offered for sale for \$2,500, and I recommend a transfer from the Reserve Fund for the purchase of the same.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$2,500, to the appropriation for Institutions Department, Launch "Edith Wilkins," \$2,500.
Referred to the Executive Committee.

DISAPPROVAL OF FRANKLIN L. HART LICENSE.

The following was received:

City of Boston,

Office of the Mayor, August 16, 1926.
To the City Council.

Gentlemen,—I herewith return, without my approval, the petition of Franklin L. Hart for a license to operate six motor vehicles in the City of Boston for the purpose of carrying passengers from Park square through Fitchburg to Winchendon.

My reason for withholding approval is substantially the same as that contained in my message on a similar petition transmitted to you under date of March 29, 1926, that the motor transportation line established creates unwise competition with railroad transportation.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

Placed on file.

ORDINANCE IN RE CONSERVATION BUREAU.

The following was received:

City of Boston,

Office of the Mayor, September 16, 1926.
To the City Council.

Gentlemen,—On July 19, 1926, I recommended for adoption by your honorable body an ordinance concerning the Conservation

Bureau. I hereby withdraw the said ordinance for the reason that otherwise it would become effective in its present form on September 17, 1926, and several amendments have been suggested which, in my opinion, should be made.

I submit herewith a new ordinance in substitution of the aforesaid and ask your consideration thereof.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

An Ordinance Concerning the Conservation Bureau.

Be it ordained by the City Council of Boston, as follows:

Section 1. The conservation bureau created pursuant to section five, chapter eighteen of the revised ordinances of nineteen hundred and twenty-five is hereby abolished.

Section 2. The health commissioner shall establish in addition to the other divisions of the health department a conservation division for the purpose of conserving life and promoting public health. The scope and character of the work to be done by the conservation division shall be determined by the health commissioner, with the approval of the mayor. Temporary and permanent employees necessary to carry on the work of the conservation division shall be appointed and their compensation fixed in the same manner as other employees of the health department and their compensation and other expenses of the conservation division paid from appropriations available for the purpose in the same manner as other expenses of the health department.
Referred to the Committee on Ordinances.

LOAN FOR NEW CENTRAL FIRE STATION.

The following was received:

City of Boston,

Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Fire Commissioner relative to the cost of the erection of the new central fire station on Broadway. According to the estimates of the architect, the cost of the structure, without any allowance for furniture, architect's fees and other incidentals, will be \$300,000. While it is impossible to make an accurate estimate at this time of the probable cost of these latter items, it seems reasonable to assume that \$50,000 over and above the actual construction cost will be necessary to meet these items and other unforeseen contingencies. There is available in the appropriation for the new central fire station approximately \$195,000. To permit the awarding of a contract in accordance with the estimates of the architect, it will therefore be necessary to make an additional appropriation of \$150,000. I submit herewith a loan order providing for the appropriation of this amount and respectfully recommend its adoption by your honorable body.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Fire Department, September 16, 1926.
Hon. Malcolm E. Nichols,

Mayor of Boston.

Dear Sir,—I have just received from Mr. Gray, architect employed by the city to design and build the new central fire station on Broadway, an estimate of the cost of the new building. Architect Gray estimates the cost to be \$300,000 for the building without furniture or incidentals.

I understand from the City Auditor that not more than \$195,463.18 is available by present appropriation for this work. This amount may be further diminished as the owners of the land have not accepted the amount awarded to them when this land was taken. It would therefore be necessary before the contract for this building is let that an additional appropriation be provided.

As you requested the other day I took this matter up with Auditor Carven and he recommended that an order be introduced at the next Council meeting to cover the appropriation needed for this building. He advised me that it may be a considerable period of time before the appropriation would be in such shape that we could reasonably advertise for bids. As I understand it, unless the City Council gives the new order a reading Monday afternoon before it is referred to the Finance Committee it will be at least fifteen days before the order would receive its first reading, after which there may be a considerable period of time elapse before the Council would take final action. Mr. Carven also had certain ideas in regard to the financial aspect of this appropriation which I think it would be better for him to explain to you in person.

Unless we could make arrangements to begin the construction work by November 1 I think we would probably get a better building if we would not start the work until February or March, when it would be entirely practical to put in foundations and build the remainder of the building in the summer months when we would undoubtedly obtain a better job than if we decided to lay up the walls and put in the inside finish during severe winter weather.

Yours very truly,

E. C. HULTMAN,

Fire Commissioner.

Ordered, That the sum of \$150,000 be and hereby is appropriated to be expended under the direction of the Fire Commissioner for New Central Fire Station, and that to meet said appropriation the City Treasurer be and hereby is authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Committee on Finance.

TRANSFER TO FIRE DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Fire Commissioner, in which it is requested that the sum of \$1,200 be transferred from the Reserve Fund to the appropriation for the Fire Department to permit the physical re-examination of former members of the department who have been retired on pensions due to disability. Since such a re-examination is authorized under chapter 60 of the Acts of 1920, I submit herewith an order providing for this transfer and recommend its adoption by your honorable body.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Fire Department, September 7, 1926.
Hon. Malcolm E. Nichols,

Mayor of Boston.

Dear Sir,—On August 11, 1926, your Honor referred to me a report of the Finance Commission on disability pensioners of the Fire Department, which I have given serious consideration. Under the provisions of chapter 60 of the Acts of 1920, the Fire Commissioner is authorized to require a re-examination of these pensioners, and it seems advisable to do so. I have designated the Medical Board of the Boston Retirement System to make the examinations and estimate the cost at \$1,200. As this is an expense outside the ordinary current expenses of the department I respectfully request that the sum of \$1,200 be transferred from the Reserve Fund to the appropriation for Fire Department, B-22, Medical.

Yours respectfully,

E. C. HULTMAN,

Fire Commissioner.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$1,200, to the appropriation for Fire Department, B-22, Medical, \$1,200.

Referred to the Executive Committee.

ADDITIONAL APPROPRIATIONS FROM WATER INCOME.

The following was received:

City of Boston,

Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am in receipt of the attached communications requesting additional appropriations from Water Income. Since these appropriations are necessary to permit the efficient operation of the two branches of this service, I respectfully recommend adoption of the accompanying appropriation order.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Public Works Department, Water Division,
August 5, 1926.

To the Honorable the Mayor of Boston.
Approval is respectfully requested for the transfer of ten thousand dollars (\$10,000) from Water Revenue to the appropriation for A-3, Unassigned.

The reason for the above request is the objection of business houses to interference with their water supply during the business hours of the day; interference with traffic

in the business district in case roadways are opened for any purpose, and the inadvisability of hindering the business life of the city. It practically compels the Water Division to do all work necessary in said section on Sundays or nights, consequently all work performed means overtime.

During the present year, to date, the Water Division has worked a force of men varying from ten to thirty every Sunday since the first of March.

Very respectfully,

J. H. SULLIVAN,
Commissioner of Public Works.

City of Boston,
Collecting Department, September 11, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I respectfully request a transfer of five thousand (\$5,000) dollars from Water Income to Collecting Department, Water Division appropriation: D-1, Office Supplies, \$4,500; B-39, General Plant, \$500.

These additional amounts are required to provide for increased postage on meter water bills, and for the changing of dies in receipting machines, due to the change of the department head.

Respectfully,

CHARLES J. FOX,
Acting City Collector.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1926, the additional sum of \$15,000 be and the same hereby is appropriated from the income of Water Service for the following purposes:

Public Works Department, Water Service, A-3, Unassigned, \$10,000; Collecting Department, Water Division, B-39, General Plant, \$500; D-1, Office Supplies, \$4,500; total, \$15,000.

Referred to the Executive Committee.

\$50,000 FOR GRANOLITHIC SIDEWALKS.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen.—Because of the large number of petitions for granolithic sidewalks received from taxpayers in the residential wards of the city, the Commissioner of Public Works deems it advisable to transfer the sum of \$50,000 from the budget appropriation for Street Reconstruction to the item for Granolithic Sidewalks. In the original budget allowances it was only possible to appropriate \$50,000 under this latter item although it was hoped in the beginning to make the appropriation for sidewalks \$100,000. The street reconstruction program of the year will not be seriously interfered with by this transfer. Its passage will bring satisfaction to a large number of taxpayers. I accordingly recommend adoption of the accompanying order.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,
Public Works Department,
September 20, 1926.

To the Honorable the Mayor.

I respectfully recommend the transfer from the appropriation for Reconstructing and Repairing Streets by Contract to the appropriation for Granolithic Sidewalks of \$50,000.

This request is made on account of the fact that we have at the present time petitions from all sections of the city representing an expense in the neighborhood of \$300,000, and the demands for artificial stone sidewalks are becoming very insistent. The amount of money allowed in this year's budget, \$50,000, is nowhere near sufficient to do the work requested of this department.

Granolithic sidewalk construction is very popular and meets with the approval of the people generally; and as there will be sufficient money in the appropriation for Reconstructing and Repairing Streets by Contract, it is very desirable to make the transfer in order to permit the department to do this additional work this season.

Yours respectfully,

J. H. SULLIVAN,
Commissioner of Public Works.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reconstructing and Repairing Streets by Contract, \$50,000, to the appropriation for Granolithic Sidewalks, \$50,000.

Referred to the Executive Committee.

TRANSFER TO ASSESSING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am in receipt of a request from the chairman of the Board of Assessors that a sum of \$7,140 be transferred from the Reserve Fund to the item in the budget of the Assessing Department which provides for those persons employed as second assistant assessors. When the budget was prepared at the beginning of the year, it was contemplated that the services of second assistant assessors would not be required after the month of September, but as is brought out in the attached communication, the increased volume of business in the Assessing Department makes it essential that the services of these people be retained for the balance of the year. I submit herewith an order providing for the transfer of the required sum and respectfully recommend its adoption by your honorable body.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Assessing Department, Reserve Fund, \$7,140, to the appropriation for A-1, Personal Service, 14 (20) Second Assistant Assessors, \$7,140.

Referred to the Executive Committee.

ADDITIONAL TAKING FOR BOULEVARD PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the Honorable City Council of the City of Boston.

Gentlemen,—Under the provisions of section 80 of chapter 92 of the General Laws the City Council of Boston must make concurrence in the taking of lands and rights in lands for boulevard purposes when such takings are made by the Metropolitan District Commission.

On July 8, 1926, the Metropolitan District Commission required additional land to complete the construction of the Old Colony Parkway and, therefore, made a taking of land on Tenean street, Boston, of the estate of John J. Printon. The Metropolitan District Commission has asked me to submit to your honorable body the inclosed order of concurrence, as required by said section 80 as aforesaid. The City Council of Boston in 1914, in pursuance of said section 80, concurred in the original taking of land in Boston for the Old Colony Parkway. I can see no objection, therefore, to your honorable body concurring in this additional taking.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Whereas, The Metropolitan District Commission, did, on the eighth day of July, A. D. 1926, take certain lands and rights in land referred to and described in an order of taking, a duly attested copy of which has been submitted, which real estate lies in the City of Boston and County of Suffolk, and is shown upon a plan entitled, "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Old Colony Parkway, Plan of taking on Tenean Street, Boston, from Estate of John J. Printon . . . April 8, 1926, John R. Rablin, Chief Engineer," being Metropolitan District Commission, Parks Division, Plan No. 801:

Ordered, That the City Council of the City of Boston, in conformity with section 80 of chapter 92 of the General Laws, hereby concurs with said Metropolitan District Commission in said taking and in every act, matter and thing connected therewith.

Referred to the Executive Committee.

TRANSFER FOR PUBLIC CELEBRATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am advised by the Director of Public Celebrations that the original budget allowance for public celebrations is practically exhausted. There are still four holidays of which official recognition must be taken by the city. These days are, Columbus Day, Armistice Day, Christmas and New Years.

In order that funds may be available to permit the celebration of these holidays in a proper and fitting manner, I respectfully

recommend that the sum of \$10,000 be transferred from the Reserve Fund to the appropriation for Public Celebrations.

I submit herewith an order providing for this transfer, and respectfully recommend its adoption by your honorable body.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Public Celebrations, \$10,000.

Referred to the Executive Committee.

SALE OF FIRE APPARATUS.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am herewith transmitting a communication from the Fire Commissioner relative to the sale of certain old apparatus, the property of the Fire Department, and I recommend the passage of the accompanying order.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

City of Boston,
Fire Department, September 9, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—This department has the following old apparatus which is of no further use to the department and which is occupying valuable floor space: twelve Christie tractor engines, five Christie tractor city service trucks, one (309) Velie hose wagon, two self-propelled steam fire engines, eleven Christie motors, four horse-drawn steam fire engines, one Putnam power engine.

I have received a bona fide bid from one concern offering \$750 for this apparatus. In view of the fact that this bid places the value of the apparatus at more than five hundred dollars, I respectfully recommend that permission be obtained from the City Council for the Fire Commissioner to invite proposals through an advertisement in the City Record for the sale of this apparatus.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

Ordered, That the Fire Commissioner be and hereby is authorized to sell, after public advertisement, old apparatus in the Fire Alarm Shop, valued at approximately seven hundred and fifty (750) dollars, and consisting of various pieces of old apparatus.

Referred to the Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the City Council.

Gentlemen,—I am in receipt of the attached requests for transfers within departmental appropriations, and accordingly recommend adoption of the accompanying orders.

Respectfully,

MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to make the following transfer in the appropriations for Treasury Department:

From the appropriation for B-4, Transportation of Persons, \$40, to the appropriation for B-39, General Plant, \$40.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to make the following transfer in the appropriations for Soldiers' Relief Department:

From the appropriation for D-1, Office, \$10.62, to the appropriation for B-12, Bond and Insurance Premiums, \$10.62.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to make the following transfer in the appropriations for Market Department:

From the appropriation for B-4, Transportation of Persons, \$15, to the appropriation for B-29, Stenographic, Copying and Indexing, \$15.

CONFIRMATION OF APPOINTMENT.

Notice was received of the approval by the Commissioners of Civil Service of appointment of Gordon Abbott, of 240 Beacon street, to the position of Library Trustee. Placed on file.

SNOW REMOVAL EQUIPMENT.

The following was received:

City of Boston,
Law Department, August 24, 1926.
Wilfred J. Doyle, Esq.,
Assistant City Clerk.
Dear Sir,—In furtherance of our conversation, I am inclosing a copy of opinion rendered August 11, 1926, to the chairman of the Boston Finance Commission upon the order of the Mayor submitted to the City Council on May 24, 1926, for \$400,000 for the purchase of equipment for snow removal.
Yours very truly,
S. SILVERMAN,
Assistant Corporation Counsel.
August 11, 1926.

CHARLES L. CARR, Esq.,
Chairman Finance Commission.
Dear Sir,—The Finance Commission has asked for our legal opinion as to whether the order of the Mayor submitted to the City Council on May 24, 1926, for \$400,000 for the purchase of equipment for snow removal has been legally authorized by the City Council.

On May 24, 1926, the Mayor submitted the following orders to the City Council:

"Ordered, That the sum of four hundred thousand dollars be and hereby is appropriated to be expended under the direction of the Commissioner of Public Works for Departmental Equipment, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount."

"Ordered, That under the authority of chapter two hundred sixty-one of the Acts of eighteen hundred and ninety-three the City Auditor be and hereby is authorized to transfer, from the appropriation for Reserve Fund, \$32,000, to the appropriation for the Public Works Department, Paving Service, C-4, Motor Vehicles, \$7,000; C-13, Tools and Instruments, \$25,000."

These orders were accompanied by a communication from the Mayor to the Council in which his Honor the Mayor explained that in view of the fact that some of the equipment to be purchased "is of such short life that it cannot properly be made the subject of a loan, this material should be financed within the current budget." He therefore suggested the passage of the order for transfer of funds from the Reserve Fund to the Public Works Department, Paving Service appropriation for \$32,000.

"In his communication to the Council his Honor explained the reasons for submitting the \$400,000 loan order by stating that,

"The Board of Municipal Emergencies in a report submitted to me under date of March 9, 1926, stressed the fact that the present mechanical equipment of the Public Works Department is totally inadequate to cope with storms of the intensity of these which visited our city last February. In the opinion of the Board it is desirable that equipment costing approximately \$500,000 should be purchased in order that the Public Works Department may have adequate mechanical means to combat the storms of subsequent winters. The recommendation of the Board was received subsequent to the passage of the budget for the current year. No provision having been made therein for the passage of such a large amount of equipment, the only alternative remaining, if equipment is to be available for use in the winter of 1926 and 1927, is to issue bonds for the same."

On May 24 the Council voted that the message and orders of his Honor the Mayor be referred to the Committee on Finance. On July 12, 1926, the Committee on Finance recommended the passage of the orders of the Mayor. On that date, however, the Council voted to lay the orders of his Honor on the table, a majority of the Council, the number required, having voted to so do.

On July 19, 1926, a motion was made to take from the table a loan order of his Honor the Mayor, which motion was defeated, and the matter continued to remain on the table. No further action was taken by the Council on the Mayor's recommendation or orders.

By the provisions of section 2 of chapter 486 of the Acts of 1909 (amended City Charter):

"The mayor from time to time may bring to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within the said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor."

It is seen that this provision of law provides that if a loan order presented to the City Council by his Honor the Mayor is not rejected by the City Council within sixty days, it shall be in force as if adopted by the City Council unless the order is previously withdrawn by the Mayor. Sixty days from March 24, 1926, the date of the presentation of the order by the Mayor to the City Council, is July 23, 1926, and if the order was not withdrawn by the Mayor or rejected by the City Council prior to July 24, 1926, it became effective and in force on that day.

The language of section 2 of the charter is clear and unambiguous. The purpose of the Legislature in enacting it is almost self-evident by the language itself. It was to compel the City Council to act within a given time upon the recommendations of the Mayor who by the charter is the executive and responsible head of the city government. It was to prevent the tying up of the functioning of the city government and the tying of the hands of the chief executive and other departmental heads by failure to appropriate money required to carry on the city's business that this legislation was created. For the same purpose the following provision was made by the Legislature in the charter.

"Every appropriation, ordinance, resolution and vote of the city council except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days."

This latter provision was made to compel the Mayor to act upon appropriations, ordinances, etc., as passed by the City Council, and for the purpose of preventing his Honor the Mayor from obstructing the proper functioning of the City Council.

Provisions similar to those contained in section 4 have been passed upon by our Supreme Court and held to be clearly legal and proper. See *Doty vs. Lynch*, 166 Mass. 138; *Dimick vs. Barry*, 211 Mass. 165.

I must advise your honorable board, therefore that in view of the fact that the City Council failed to adopt or reject the loan orders as submitted to them by the Mayor on May 24, 1926, within sixty days from said date, said orders are in force and effect as if adopted by the City Council, the Mayor not having withdrawn the same from the consideration of the Council.

Chapter 206 of the Acts of 1891 provides in section 1 as follows:

"The City of Boston shall not borrow any money for the purposes taken into account in determining its debt limit unless the mayor shall in writing certify upon the order authorizing the loan that the amount intended to be so borrowed is not, in his opinion, to meet a current expense, or that such money is to meet a current expense, but that public necessity requires the borrowing of the same."

On July 24, 1926, the Mayor certified on the original order that the loan order is not, in his opinion, to meet a current expense. This action by the Mayor was a compliance with the law and the loan order thereupon became effective.

Very truly yours,
FRANK S. DELAND,
Corporation Counsel.

REPORT OF COMMISSION TO APPORTION SUFFOLK COUNTY DISTRICTS.

The following was received:

COMMONWEALTH OF MASSACHUSETTE.

Suffolk, ss.

Report of the Commission to Apportion Suffolk County into Representative Districts.

In the matter of apportioning Suffolk County into Representative Districts:

At a meeting of the commissioners to apportion Suffolk County into representative districts, holden at Boston, within and for said county, on the first Tuesday of August, being the third day of said month, in the year of our Lord one thousand nine hundred and twenty-six.

It is Ordered, That the County of Suffolk be and hereby is divided into the following districts for the purpose of choosing members of the House of Representatives of the Commonwealth of Massachusetts:

District Number One.—The first ward of the City of Boston, containing 13,726 legal voters, shall form one district, to be called District Number One, and shall be entitled to elect three representatives.

District Number Two.—The second ward of the City of Boston, containing 12,766 legal voters, shall form one district, to be called District Number Two, and shall be entitled to elect two representatives.

District Number Three.—The third ward of the City of Boston, containing 10,515 legal voters, shall form one district, to be called District Number Three, and shall be entitled to elect two representatives.

District Number Four.—The fourth ward of the City of Boston, containing 10,904 legal voters, shall form one district, to be called District Number Four, and shall be entitled to elect two representatives.

District Number Five.—The fifth ward of the City of Boston, containing 10,734 legal voters, shall form one district, to be called District Number Five, and shall be entitled to elect two representatives.

District Number Six.—The sixth ward of the City of Boston, containing 11,331 legal

voters, shall form one district, to be called District Number Six, and shall be entitled to elect two representatives.

District Number Seven.—The seventh ward of the City of Boston, containing 11,433 legal voters, shall form one district, to be called District Number Seven, and shall be entitled to elect two representatives.

District Number Eight.—The eighth ward of the City of Boston, containing 10,421 legal voters, shall form one district, to be called District Number Eight, and shall be entitled to elect two representatives.

District Number Nine.—The ninth ward of the City of Boston, containing 10,770 legal voters, shall form one district, to be called District Number Nine, and shall be entitled to elect two representatives.

District Number Ten.—The tenth ward of the City of Boston, containing 11,344 legal voters, shall form one district, to be called District Number Ten, and shall be entitled to elect two representatives.

District Number Eleven.—The eleventh ward of the City of Boston, containing 10,954 legal voters, shall form one district, to be called District Number Eleven, and shall be entitled to elect two representatives.

District Number Twelve.—The twelfth ward of the City of Boston, containing 11,177 legal voters, shall form one district, to be called District Number Twelve, and shall be entitled to elect two representatives.

District Number Thirteen.—The thirteenth ward of the City of Boston, containing 11,509 legal voters, shall form one district, to be called District Number Thirteen, and shall be entitled to elect two representatives.

District Number Fourteen.—The fourteenth ward of the City of Boston, containing 11,414 legal voters, shall form one district, to be called District Number Fourteen, and shall be entitled to elect two representatives.

District Number Fifteen.—The fifteenth ward of the City of Boston, containing 11,498 legal voters, shall form one district, to be called District Number Fifteen, and shall be entitled to elect two representatives.

District Number Sixteen.—The sixteenth ward of the City of Boston, containing 10,767 legal voters, shall form one district, to be called District Number Sixteen, and shall be entitled to elect two representatives.

District Number Seventeen.—The seventeenth ward of the City of Boston, containing 11,527 legal voters, shall form one district, to be called District Number Seventeen, and shall be entitled to elect two representatives.

District Number Eighteen.—The eighteenth ward of the City of Boston, containing 11,469 legal voters, shall form one district, to be called District Number Eighteen, and shall be entitled to elect two representatives.

District Number Nineteen.—The nineteenth ward of the City of Boston, containing 10,846 legal voters, shall form one district, to be called District Number Nineteen, and shall be entitled to elect two representatives.

District Number Twenty.—The twentieth ward of the City of Boston, containing 10,484 legal voters, shall form one district, to be called District Number Twenty, and shall be entitled to elect two representatives.

District Number Twenty-one.—The twenty-first ward of the City of Boston, containing 10,618 legal voters, shall form one district, to be called District Number Twenty-one, and shall be entitled to elect one representative.

District Number Twenty-two.—The twenty-second ward of the City of Boston, containing 9,588 legal voters, shall form one district, to be called District Number Twenty-two, and shall be entitled to elect one representative.

District Number Twenty-three.—The first, second and third wards of the City of Chelsea, containing 7,174 legal voters, shall form one district, to be called District Number Twenty-three, and shall be entitled to elect one representative.

District Number Twenty-four.—The fourth and fifth wards of the City of Chelsea, containing 5,400 legal voters, shall form one district, to be called District Number Twenty-four, and shall be entitled to elect one representative.

District Number Twenty-five.—The first, second, third, fourth and fifth wards of the City of Revere, containing 11,264 legal voters, shall form one district, to be called District Number Twenty-five, and shall be entitled to elect two representatives.

District Number Twenty-six.—The town of Winthrop, containing 7,049 legal voters, shall form one district, to be called District Number Twenty-six, and shall be entitled to elect one representative.

In witness whereof the undersigned commissioners hereunto set their hands the first Tuesday of August, being the third day of said month, in the year of our Lord one thousand nine hundred and twenty-six.

FRANCIS X. SHEEHAN,
WALTER C. ABBOTT,
GEORGE W. O. BABB,
THOMAS H. CARR,
FRANK D. CROWLEY,
PETER A. DONOVAN,
HERBERT H. LYONS,
LOUIS B. SENSALÉ,

Commissioners to Apportion Suffolk County into Representative Districts.

*Albert J. Murphy, a member of this commission from the City of Chelsea, died during the incumbency of the commission.

Referred to the Executive Committee.

PAY ROLL OF REGISTRY OF DEEDS.

The pay roll of the Registry of Deeds from July 19, 1926, to August 14, 1926, amounting to \$12,105.46, was received and approved.

SOLDIERS' RELIEF.

Coun. GILBODY, for the Committee on Soldiers' Relief, submitted a report favoring passage of order for the payment of aid to soldiers and sailors and their families in the City of Boston for the month of August, 1926.

Report accepted; said order passed.

GAS MAIN IN WEST ROXBURY PARKWAY.

Notice was received from the Metropolitan District Commission (order inclosed) of the passage of an order granting to the Boston Consolidated Gas Company a location for gas main in West Roxbury Parkway, substantially as petitioned for by said company on August 26, 1926.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of Benjamin Schnetzer, William E. McIlvaine, Francis E. Kelley, Samuel Goldkrand, Saverio DiDonato, Anthony F. DeSantis, Jr., and James A. Canton, were submitted, same having been approved by the City Treasurer.

Severally approved.

MINORS' LICENSES.

Applications were received for minors' licenses from sixty newsboys and fifty-nine vendors and it was voted that licenses be granted under the usual conditions.

ACCEPTANCE OF ELDRIDGE STREET, WARD 18.

Coun. WRAGG offered an order—That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Eldridge street, Ward 18, from Dale street to Metropolitan avenue, as a public highway.

The rule was suspended and the order passed.

HEALTH UNIT IN HYDE PARK.

Coun. WRAGG offered an order—That the Trustees of the George Robert White Fund be requested, through his Honor the Mayor, to consider the establishment and maintenance of a health unit in the Hyde Park section of Ward 18.

The rule was suspended, and the order passed.

ACCEPTANCE OF RANDOLPH ROAD, WARD 18.

Coun. WRAGG offered an order—That the Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Randolph road from the New York, New Haven & Hartford Railroad tracks to Ridge road, Ward 18, as a public highway.

The rule was suspended and the order passed.

SIDEWALK ON PAUL GORE STREET, WARD 19.

Coun. GUILD offered an order—That the Commissioner of Public Works make a sidewalk along the southerly side of Paul Gore street, from number 75 to number 95, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

LEASE OF LAND, WEST ROXBURY.

Coun. McGRATH offered an order—That his Honor the Mayor be hereby authorized, in the name and behalf of the city, to execute and deliver to John J. McDonough and John J. Burke, a lease, satisfactory in form to the Law Department, for a term of fifteen years at an annual rental of fifty dollars, of a certain parcel of land near Washington street, West Roxbury, taken for Stony Brook sewerage works, containing approximately 4,220 square feet, and bounded northerly by the West Roxbury branch of the New York, New Haven & Hartford Railroad, and southerly by land of said McDonough; upon condition that no buildings shall be erected on said land, that the rights of the city to enter on and to maintain its sewerage works in said land shall not be impaired, and that any assignment of said lease shall be subject to the approval of the Commissioner of Public Works.

Referred to the Committee on Finance.

SIDEWALK ON WASHINGTON STREET, WARD 17.

Coun. WILSON offered an order—That the Commissioner of Public Works make a sidewalk along Washington street, east side, from Fuller street 300 feet southerly, Ward 17, to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

STREETS ACCEPTED AND LAID OUT.

Coun. WILSON offered an order—That the City Council be informed forthwith, through his Honor the Mayor, by the Board of Street Commissioners and by the Public Works Department of the names and locations of all streets actually accepted and laid out by the Board of Street Commissioners from the million dollars appropriated in 1926 and upon which street work has actually been commenced to date by the Public Works Department.

Coun. WILSON—Mr. Chairman, I would say, in reference to that order, that early this year, included in the budget, as I remember it, was an appropriation of \$1,000,000 for the acceptance and laying out of streets. If I am correctly informed, the first street accepted and laid out was Waldorf street in Ward 17, Dorchester, the same being in May. Since that date, if I am correctly informed, absolutely no work has been done on the street. I do not offer this order in criticism of either the Board of Street Commissioners or the Public Works Department. I am informed by Chairman Hurley of the Board of Street Commissioners that their department is farther advanced at this time this year than they were last year. I do not know where the fault rests, but the fact remains that we appropriated a million dollars for the acceptance and laying out of streets. The fact remains that three quarters of the year has passed. So far as Ward 17, Dorchester, is concerned, the people of that district are not interested in registered mail or newspaper headlines or advertisements in the newspapers. What they want to see in that particular ward are a few picks or shovels actually out working on the streets. The year is three quarters over, and we have not seen any signs of activity in the acceptance of streets in Ward 17, Dorchester, yet, and I simply should like to take stock at this time, to check up on what actually is being accomplished in the various wards of the city.

Coun. GUILD—Mr. Chairman, before voting in favor of this order I should like to ask the gentleman who introduced it (Coun. Wilson) whether or not he has the information sought in the order from the heads of the two departments and, if he did seek it in person, what information the heads of the departments gave him.

Coun. WILSON—Mr. Chairman, it is always a pleasure to answer the genial councilor from the West Roxbury district, who has succeeded in putting through Ashland street and other streets in his district. I would say that I have talked, as stated previously, to Mr. Hurley of the Board of Street Commissioners, in reference to these streets, and I have talked with other members of the Board, and no doubt if their time had been sufficient simultaneously with my own time, I might have been able to get the information. I have not talked with the Department of Public Works. I do not know that the information would be refused me, but I think that this is a proper way to obtain it. I think that not only am I, as the representative of Ward 17, entitled to the information, but it occurs to me that perhaps all of the twenty-two councilors of the City of Boston would be interested to see just what the status is of the million dollar appropriation.

Coun. GILBODY—Mr. Chairman, now that our Republican brethren are through quarrelling I may assume the form of Moses here and lead them out of darkness into light, and I must say that the gentleman from Dorchester is to be commended for introducing this order because it presents to us suburban councilors, I might say, as well as to each and every member of this body, an opportunity to present a record of eight months of accomplishment of the administration, and I do not think it amounts to much. One of the principal campaign issues of the present Mayor of Boston was the fact that he was going to lay out suburban streets, going to put through sewerage and waterworks, and sidewalks, using proper material in their construction, and eight months have elapsed and absolutely nothing has been done. On March 27, 1926, I have the date right here,—the Mayor of Boston approved this order for \$1,000,000 for highway improvements. I have reference to these streets and, as my neighboring councilor has said, not a pick or shovel has gone in the streets. There is left of this \$1,000,000 a balance of \$985,551.60, and, if my Republican brethren can add, that is almost a million dollars. Now it is a shame and a disgrace that this condition exists. It is a shame because it is a detriment to the City of Boston, it is a detriment to the assessing values in the suburban districts, and it is a detriment to each and every one of us here because the only thing we can give the people of our sections, principally, is decent streets or decent sidewalks, and this year we are flat failures. Now, anticipating this situation and knowing just what will happen—I will assure my

friends that this report is for the month ending August 31, 1926, which is substantially the present date—anticipating the situation some time ago, a week ago I brought the matter to the attention of the Board of Street Commissioners, and I said, "Now, if we have got this money available now and the Mayor wants another million for next year—and I am sure the majority of this Council want a million for next year—what are we going to do?" They got this million to use next year. It is the twentieth day of September. No hearings have been held of any consequence, except a few scattering ones here and there. A few politics have been played, and the people as a whole have got no where because of cute politics. We haven't had a street fixed in my ward, except one, and I think the rest of the councilors can say the same thing for their wards. It is a disgraceful situation for the people of Boston. It is now the twentieth day of September. If we started in now it would require three weeks of advertising for the hearings downstairs here in the commissioners' office. It would require two more weeks, or three weeks, for the advertising of the contracts by the Public Works Department, and another week or more for the necessary detail to be formulated in the Public Works Department before the actual pick and shovel work could be done, and that would bring it over to November 15, and when that day has arrived that is the end of the season because they cannot do any more work on account of frost and the possibility of having snow storms. Now eight months have passed and this administration has woefully fallen down on this proposition. This is the principal thing we can do in the city government. The only thing we have done was to spend \$400,000 for the snow removal machinery. This is entirely a woebegone situation, and I commend my brother from my neighboring ward, even though he be a Republican, for having the foresight to bring the order in here. I will say that he beat me by only one week in doing it, and I urge its passage.

The rule was suspended and the order passed.

PAVING OF GASTON STREET.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Gaston street, from Warren street to Blue Hill avenue, with smooth pavement.

The rule was suspended, and the order passed.

PAVING OF HOLBORN STREET.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the repaving of Holborn street, Roxbury, from Warren street to Blue Hill avenue, with smooth pavement.

The rule was suspended, and the order passed.

PERAMBULATION OF BOUNDARY LINES.

Coun. PARKMAN offered the following:

Ordered, That two members of the City Council, the City Clerk, the Clerk of Committees, and the chief engineer of the Street Laying-Out Department, or their duly appointed substitutes, be and hereby are appointed, in behalf of the City Council, to perambulate the boundary lines and to examine the bound marks between Boston and the adjacent cities and towns of Revere, Everett, Somerville, Newton, Brookline, Dedham and Milton, to report descriptions of the same for record, and to cause bound marks to be erected or removed wherever necessary; the expense incurred under the authority of this order, if any, to be charged to the appropriation for Reserve Fund.

The rule was suspended and the order passed.

Later in the session the Chair announced the appointment by the President of Coun. Parkman and McGrath as members of the committee.

A. DAVIS WELD SQUARE.

Coun. ARNOLD offered the following:

Ordered, That the open space at the junction of Commonwealth and Massachusetts avenues be named and known as A. Davis Weld square, in honor of the memory of said Weld, who was killed in action during the World War, and that said space be suitably designated by signs.

Coun. ARNOLD—Mr. President, I have introduced this order at the request of the Oliver Ames, Jr., Post, No. 117, the American Legion. One of the proudest offices that I have held was that of the first finance officer of this post, and this is the first time that I have been asked to do anything of a public nature for this post, and I am only too glad to do so. The usual request has been made of the Park Department for this privilege, and it has been granted, but on account of the fact that Massachusetts avenue crosses this park and it is a Boston street, we have to have concurrent action by the City Council.

A word as to the man for whom it is proposed to name this square. A. Davis Weld lived at 70 Marlborough street, the son of B. C. Weld. He was a junior at Harvard University when the call to arms came. He enrolled at Plattsburg and was commissioned a first lieutenant in the infantry, being assigned to Company I, Seventh Infantry. He went overseas on August 3, 1918. He took part in the Meuse-Argonne engagement, and was killed in action at Cunel Woods, October 11, 1918.

Mr. Weld was a college chum of Oliver Ames, Jr., for whom the post in that section is named. I move you, sir, suspension of the rule and the passage of the order.

Coun. PARKMAN—Mr. Chairman, I could not let the occasion pass without my saying a few words on the subject, as Lieutenant Weld was personally known to me for a great many years. "Dave" Weld was a fine soldier and a loyal friend. To my mind, it is only right and proper that the square should be named for him and his memory be perpetuated, and I second this motion which has been presented by my neighboring councilor, particularly as the square is in my ward and Davis Weld was a friend of mine on Marlborough street.

The rule was suspended, and the order passed.

OPENING HOURS OF POLLS.

Coun. GILBODY offered an order—That the Executive Committee arrange a public hearing on Monday, September 27, to establish a standard for the hours of opening and closing of polls at future primary and election days, and that his Honor the Mayor, the Election Commissioners and the Corporation Counsel be invited to sit in session with said Executive Committee.

Referred to the Executive Committee.

APPOINTMENT OF ACTING ELECTION COMMISSIONER.

Notice was received from his Honor the Mayor of the appointment of Frank S. Deland, Esq., Corporation Counsel, to be Acting Election Commissioner in place of Melancthon W. Burden, deceased.

Placed on file.

APPOINTMENT OF ACTING CHAIRMAN OF ELECTION COMMISSIONERS.

Notice was received from his Honor the Mayor of the appointment of Frank Seiberlich as acting chairman of the Board of Election Commissioners in place of Melancthon W. Burden, deceased.

Placed on file.

APPROVAL OF EXECUTIVE APPOINTMENTS.

Certificate of approval by the Commissioners of Civil Service of the appointments by the Mayor were received as follows:

Charles J. Fox of 3 Carmel street, Roxbury, as Budget Commissioner

James P. Balfe, 324 Faneuil street, Brighton, trustee of the Statistics Department.

Edward G. Graves, 388 Meridian street, East Boston, trustee of Statistics Department.

Edward W. McGlenen, 8 Lombard street, Dorchester, City Registrar.

William J. Casey, 373 Columbia road, Dorchester, Superintendent of Printing.

George H. Johnson, 490 Centre street, Jamaica Plain, City Collector.

Patrick H. O'Connor, 28 Blakeville street, Dorchester, Election Commissioner.

Placed on file.

RESIGNATION OF DR. JOHN F. O'BRIEN.

Notice was received from the Mayor of the resignation of Dr. John F. O'Brien as chairman and member of the Boston Sanatorium Board of Trustees, to take effect August 24, 1926, and the election of Francis X. Mahoney as chairman of the Board.

Placed on file.

APPOINTMENT OF CHAIRMAN OF CONSERVATION BUREAU.

Notice was received from his Honor the Mayor of the appointment of Dr. F. X. Mahoney, Health Commissioner, as acting member and acting chairman of the Boston Conservation Bureau, vice Dr. Edward H. Bradford, deceased.

Placed on file.

APPOINTMENT OF ACTING DEPUTY COMMISSIONER OF INSTITUTIONS DEPARTMENT.

Notice was received from his Honor the Mayor of the designation of Frederick S. Sachs as acting deputy commissioner of the Child Welfare Division of the Institutions Department to fill a resignation created by the resignation of Margaret Foley.

Placed on file.

RECESS.

On motion of Coun. WILSON the Council voted, at 2.40 p. m., to take a recess, subject to the call of the Chair. The members re-assembled at 4.55 p. m. in the Council Chamber and were called to order by Chairman DOWLING.

EXECUTIVE COMMITTEE REPORTS.

Coun. HEFFERNAN, for the Executive Committee, submitted the following:

1. Report on communication from the Finance Commission on proposed loan of \$400,000 for snow equipment and communication from his Honor the Mayor in regard to same (referred June 7)—that the same be placed on file.

Report accepted; placed on file.

2. Report on order (referred today) authorizing the transfer of \$10,000 from the Reserve Fund to the appropriation for Public Celebrations—that same ought to pass.

Coun. GUILD—Mr. Chairman, at the meeting of the Executive Committee, this afternoon, the chairman of the Committee on Public Celebrations appeared and was interrogated at length in a vain endeavor on my part to ascertain what in the line of a budget he had in mind in asking for \$10,000 over and above what his department had already had this year. It seems to me that the whole underlying idea of a budget is to tell in advance what you propose to do with your money. He could not give us any idea at all in regard to what expenditures he proposed to make and, aside from what we can gather from his request for \$10,000, we are only allowed to surmise what he proposes to do with the money we give him in public celebrations. He stated that the best recollection he had in regard to the Christmas celebration was that \$2,500 was spent last year, and that year in connection with the October 12th celebration \$3,200 was spent. That is easily totalled to \$5,700. He stated that more money will be spent this year in connection with Thanksgiving, and he stated that he could not give us any idea whatever in regard to what the call might be upon his office for the November 11th celebration this year. It seems to me that this is nothing but laughing at the whole idea of a budget for the City of Boston—to come before this Council and, without giving us any more idea than that of what he proposes to do with \$10,000 is simply to scoff and laugh at the whole idea of the budget system, and I am opposed to the passage of this order until the Department of Public Celebration is willing to tell the Council what they propose to do with the \$10,000 if it is given to it rather than simply to expend it.

Coun. PARKMAN—Mr. Chairman, I agree with the principle expressed by the last speaker, and I am opposed to the passage of this transfer. It is not so much the amount of money that is involved, but it is the budget principle. The budget principle contemplates two things—first, figuring your needs in advance, and, second, sticking to those figures and not exceeding them in the expenditure of your money. One branch is just as important as the other, and if there is no budget control the whole principle of the budget system fails and has no effectiveness whatsoever. Now, at the outset this year—and I may remind the Council that the expenditures of preceding administrations on Public Celebrations have been severely criticized—we were asked to appropriate \$50,000 for public celebrations. This amount was \$20,000 or \$30,000 less than the amount spent in the preceding year and to that extent was a praiseworthy attempt to save money in that department.

But, at the present time, only two thirds of the year has gone, and \$50,000 has been drawn this way. It has been impossible to get any estimate of the expenditures for the remaining part of the year. For all we know, this \$10,000 is a mere drop in the bucket. This \$10,000 may go in the next two public celebrations, and we will be asked once more to appropriate another \$10,000 or another \$20,000 from the Reserve Fund for further public celebrations. The Mayor's office, to my mind, is the office of all others where the budget principle should be more sacred than any other. If the actions of the Department of Public Celebrations are going to spread to every other department, there will be a complete breakdown of the budget system. To allow it in this case is a bad example and a bad precedent for all other department heads, and on that ground I oppose the passage of this transfer.

Coun. ARNOLD—Mr. Chairman, I am usually in accord with my colleagues who have just spoken, but on this particular item I believe that the Council should not be niggardly. I believe that it is to the advantage of Boston outside of its own community to take adequate cognizance of all these events which are celebrated by people everywhere. I do not believe that any member of this Council would want to vote to say that the City of Boston should not adequately celebrate Armistice Day, because it will be the first Armistice Day, I believe, when the city will take any conspicuous part in the celebration. I believe, sir, that we should pass this appropriation as asked for forthwith.

Coun. GUILD—Mr. Chairman, the last speaker seems to miss entirely the point which Coun. Parkman and I both made. I do not believe that either of us is opposed to the city participating in public celebrations. We are for a celebration on Armistice Day, on Columbus Day, at Christmas and other public celebrations, but what we do say is that we should not go into this thing with our eyes shut, not knowing whether we are going to spend 50 cents or \$50,000. The budget to which we are committed says that we shall say in advance how much money we are going to spend on these various things, and this year we shall stick to what we say. Simply to go into the situation without knowing in advance what we are going to spend is to cast the budget system aside. We are not opposed to having celebrations on Armistice Day, on October 12th, or any of the other days, but we say we should know in advance and we should stick to the figure in advance which we set.

Coun. ARNOLD—Mr. Chairman, I wonder if the councilor understands that all of this money that is spent under this department is not spent for these celebrations on holidays? A considerable percentage of this money is spent for the entertainment of guests. The City of Boston, I believe, has lost out on conventions because of the fact that it has really been niggardly in the amount it has appropriated to induce these organizations to hold their conventions here. I have one in mind at this time that should come here next year to celebrate its golden anniversary, but on account of the fact that it was felt by the directors of that organization that they would not receive the encouragement here from the City of Boston which they would receive somewhere else, they are going elsewhere for that celebration. I believe that the city can well afford to spend money in this way which is a benefit to the city as a whole, and the business people of Boston benefit largely by those that live outside the City of Boston.

Coun. GUILD—Of course, Mr. Chairman, the obvious answer to the remark of the last councilor is that the convention season for the present year is over, and that the \$10,000 which we are considering is for this year and not for conventions which may come here next year.

The roll was called, with the following result:

Yeas—Coun. Arnold, Bush, Englert, Fitzgerald, Freely, Heffernan, Mahoney, McGrath, McMahan, Wragg—10.

Nays—Coun. Dowling, Guild, Parkman,—

3. Not voting—Coun. Donovan, Dowd, Gilbody, Green, Keene, Lynch, Ruby, Ward, Wilson—9. The order was declared rejected.

Coun. ARNOLD—Mr. Chairman, is there a quorum present?

Chairman DOWLING—Yes. City Clerk DONOVAN—These orders require a two-thirds vote of the entire body.

Coun. ARNOLD—Mr. Chairman, I will give notice now that at the next meeting I shall move reconsideration of the vote.

Chairman DOWLING—Coun. Arnold moves reconsideration of the vote just taken. If reconsideration is voted the matter can then be assigned to the next meeting.

The motion to reconsider was carried and the order was assigned to the next meeting on motion of Coun. Arnold.

3. Report on notices from the Street Laying-Out Department of hearings on the following petitions for storage and sale of gasoline (severally referred June 7, 14, 21, 28, July 6, 19, 26, and August 2)—that the same be placed on file, viz.:

Report accepted; notices placed on file.

4. Report on order (referred today) that the Fire Commissioner be authorized to sell, after public advertisement, old apparatus in the fire alarm shop, valued approximately at \$750—that the same ought to pass.

Report accepted; said order passed.

5. Report on order (referred August 2) that an annuity of \$600 be allowed and paid to the widow of Captain Thomas J. Hines, late member of the Fire Department, who died from injuries received in the performance of his duty—that the same ought to pass.

Report accepted; said order passed.

6. Report on order (referred today) that the City Council, in conformity with section 80 of chapter 92 of the General Laws, concur with the Metropolitan District Commission in the taking of certain land along Tenane street for the proposed Old Colony Parkway—that the same ought to pass.

Report accepted; said order passed.

7. Report on order (referred today) that the sum of \$50,000 be transferred from appropriation for reconstructing and repairing streets by contract to appropriation for granolithic sidewalks—that the same ought to pass.

Coun. McGRATH moved assignment of the order to the next meeting.

Coun. GILBODY—Mr. Chairman.

Chairman DOWLING—For what purpose does the gentleman rise?

Coun. GILBODY—For personal information. That last order concerns the transfer of the money for granolithic sidewalk construction, and I am wondering about it.

Chairman DOWLING—The Chair will inform the councilor that fifteen votes are required to pass the order, and we have not fifteen members here.

(At this point Coun. Fitzgerald entered the Council Chamber.)

Coun. GILBODY—I now ask that the order on granolithic sidewalks transfer be called up and acted upon.

The report was accepted, and the order passed, yeas 16, nays 0.

8. Report on order (referred today) transferring \$7,140 from the Reserve Fund to the Assessing Department—that the same ought to pass.

Report accepted; order passed, yeas 16, nays 0.

9. Report on order (referred today) appropriating \$2,500 from the Reserve Fund to the Institutions Department for the purchase of the launch named "Edith Wilkins"—that the same ought to pass.

Report accepted; order passed, yeas 16, nays 0.

10. Report on orders (referred today) for transfers within departmental appropriations—that the same ought to pass.

Report accepted; orders passed, yeas 16, nays 0.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. McGRATH, for the Committee on Public Lands, submitted the following:

1. Report on order (referred April 20) that his Honor the Mayor be authorized to sell at public auction, at an upset price of \$135,000, the land and buildings numbered 41-48 Arch street and 8-12 Hawley place, and execute a deed for same to purchaser in a form satisfactory to the Law Department—that the same ought to pass.

The question came and the order was passed, yeas 16, nays 0.

Assigned for fourteen days for final action.

UNFINISHED BUSINESS.

Coun. PARKMAN—Mr. Chairman, I have one suggestion that might be in order at this time, and that is to call up No. 1 on the calendar and give the same a second reading.

No. 1 on the calendar was as follows:

1. Ordered, That his Honor the Mayor be and he hereby is authorized in the name and behalf of the City of Boston to sell at public auction at an upset price of forty-eight thousand dollars all the right, title and interest of the said city in and to the land, buildings, flats and dock situate in Charlestown, on the northeast side of Medford street at the corner of Terminal street so called and on the southeast side of said Terminal street, consisting approximately of thirty-nine thousand one hundred thirty-six square feet of solid, sixteen hundred square feet of flats and thirty-eight

hundred square feet of dock, and that his Honor the Mayor be and he hereby is further authorized to execute and deliver to the purchaser of the above described premises a deed or release of said premises, satisfactory in form to the Law Department.

On August 2, 1926, the foregoing order was read once and passed, yeas 16, nays 0.

The question came on the passage of the order.

Coun. HEFFERNAN—Mr. Chairman, through you, I should like to ask the chairman of the Committee on Public Lands, if I may, a couple of questions relative to this order. First of all, I would like to find out if there have not been bids in reference to this, and if the highest bidder was not the man specified in the order and, if that is true, why an auction is being authorized at this time rather than selling it to the highest bidder.

Coun. McGRATH—Mr. Chairman, in answer to the question of the gentleman from Brighton, I would say this. I talked with his Honor the Mayor relative to the sale of all the various parcels in the City of Boston. There are some forty parcels, of which every member of our committee has a copy, that are now owned by the City of Boston, that are not being used. There is this wharf in Charlestown, there is an old wharf in Dorchester on Freeport street, there are a couple of old police stations, one old firehouse, and an old pumping station out on Metropolitan avenue, and all of those stations are due to be sold in view of the present high tax rate. The Mayor thought it would be very unwise, because of the fear that someone might say "collusion," to authorize the sale to any person at a given price, and so he thought on this order, as on that last order which I just presented, the one on Arch street, that the only thing we could do in fairness to the city and in fairness to every one who wished to bid on the property was to hold a public auction and all that we authorize under this auction is an upset price. On this property here in Charlestown, no one can buy it for less than \$48,000. If some man came to the auction in Charlestown and paid \$45,000 he could not get it, but this will be duly advertised and every one will have a right to bid. Now, I know an attorney came to the committee who has a customer that is a neighboring tenant now on Medford street. I understand it is a former official of a neighboring city, who also has another one, and from all appearances they are going to have there a lively auction sale, and the only thing that can happen is that it cannot be sold for less than this price.

I will say this here and now,—while it is not in answer to the councilor's question, but because we will have other hearings come along,—that the policy of the committee has changed from that of past committees. The real estate expert, Mr. Freeman, saw fit to come before the committee and simply said there was someone in the city who wanted to buy a property at such a price, and we said, way back last May, "Well, Mr. Freeman, do you know who the customer is?" and he said "Yes." "Well, this committee is in the frame of mind that they would like to know who the customer is," and he said, "I don't think I could disclose it." We told him at that time that, as we were elected by the people of the City of Boston, we would be placed in a very embarrassing position if we authorized the sale of a certain piece of property and did not know to whom we were selling, and after considering it for almost two months a man came in here by the name of Fred Gillespie. He has an office down there at Atlantic avenue, he has a lumber yard in Chelsea, and he said, "I have been advised against coming in here," and I said, "Rather than talk with me, come before our full committee," and he agreed, and the councilor from Jamaica Plain and the councilors from Roxbury and myself and Coun. Wilson from Dorchester sat there, and Mr. Gillespie came in, and we asked him this question: "Are you going to buy this property for speculation, or are you going to buy it to use?" He said, "I am going to buy it to establish the Fred Gillespie Lumber Company, and we are going to improve this wharf." "Now," I said, "how about employment there?" He said, "I will employ all local help." The councilor from Charlestown is very much interested in this yard. There are sixty men assigned to this yard, and the councilor from Charlestown felt that those sixty men may be taken away from Charlestown and into any other district. I went to Mr. Sullivan, the Commissioner of Public Works, and I asked him if he would keep the men in Charlestown, and he said, "Yes," and I said, "Will you put a statement in writing to that effect?" and the assistant clerk wrote that

not one of the sixty men will be taken out of Charlestown and all the teams and all the equipment will be assigned to one of the other two yards.

This is the situation, and so, in view of the high tax rate, in getting rid of a lot of pieces of property in Boston, we do not authorize the sale to an individual, but to the individual who on the highest bid is going to pay this price, and we do authorize that at a public auction by a public auctioneer, upon the advice of a real estate expert, Mr. Freeman, just the same as on the last order which we just passed. Besides that, sixteen members of this Council have already gone on record on roll call vote, and I do not see any reason to change from the vote now.

Coun. GILBODY—Mr. Chairman, the point that I am about to raise in this. I did not intend to devote myself to this discussion, but I should like to know if we are setting up an upset price on that property based on the assessed valuation of the property as of 1926, and I would like to ask the chairman of the committee if he has that knowledge.

Coun. McGRATH—The assessed valuation now is \$44,200, and this price of \$48,000 is above the assessed valuation.

Coun. GREEN—Mr. Chairman, for the information of the gentleman who has just taken his seat, that property along Medford street, Charlestown, has tripled in valuation in the last few years through the advent of this business along Medford street, and I would like to ask the Chairman of the Committee on Public Lands who it was that set up that price at \$48,000; whether it was the real estate expert or the Mayor, or the Commissioner of Public Works?

Coun. McGRATH—Mr. Chairman, they asked for offers from a number of different sources, and they got a great many offers, and I understand this offer was by far the largest offer they got, and then when the real estate expert of the City of Boston went over to appraise it he said he thought it was a very fair offer to give as an upset price. This will not in any way regulate the price that will eventually be paid but it does prohibit it from being sold for anything less than \$48,000.

Coun. GILBODY—Mr. Chairman, I am sorry I have got to rise again, but I think we ought to hear from everybody in this matter, and in view of the fact that the discussion has arisen I think we ought to lay it on the table and have the committee call the matter to the attention of the Board of Assessors and see what their opinion is, and then we are all free and clear and all above board in this body. I make the motion that we lay it on the table and have it recommitted to the committee and have them consult with the Board of Assessors and see what their opinion is.

Coun. McGRATH—Mr. Chairman, let me say this, in all fairness, that I think our committee gives as much publicity to our hearings as any committee here. We have been very, very fair about this matter. It has been before the committee for two months. We have spoken with everybody in connection with it; it has had wide advertising, and there isn't another person in the City of Boston who has offered anywhere near this price. It does not make much difference, sir, whether we pass this particular order or not. I think the spirit that moves the Mayor in sending this on is a good one, to get rid of a lot of these pieces of property, but in fairness to this gentleman who is one of the bidders, I must say that we passed this on the second day of last August with a unanimous vote at that time. Sixteen were present, and sixteen voted in favor of it, and this man came in and he said, "All right; I am all ready to go ahead with my financing." Now, because of our own volition we postponed it for six weeks, and the man has gone ahead more or less hoping that the body would carry out what we started, and I think if this discussion was to arise the time to have had it was on the second day of August rather than this late date.

The roll was called, and the report was accepted and the order passed, yeas 18, nays 0.

JITNEY COMMITTEE REPORT.

Coun. WRAGG, for the Committee on jitney Licenses, submitted the following:

1. Report on petition (referred August 2) of the Medway and Dedham Bus Lines, Inc., for license to operate three motor vehicles from Franklin, Norfolk County, Mass., through the towns of Medway, Millis, etc., to Boston-Dedham line at Spring street, thence to connect with the Boston Elevated Street Railway at a loop situated approxi-

mately 500 feet distant easterly from the bridge across the Charles river at Spring street—that the license be granted.

Report accepted; said license granted.

COLLECTION OF ASHES AND GARBAGE.

Coun. FITZGERALD offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the daily collection of ashes and garbage in the North and West End sections of Boston.

The rule was suspended and the order passed.

RELAYING TRACKS ON BOWDOIN STREET.

Coun. McMAHON offered an order—That the Board of Trustees of the Boston Elevated Railway Company be requested to take whatever action may be necessary to bring to a speedy completion the work of relaying the tracks on Bowdoin street, Dorchester.

The rule was suspended and the order passed.

SIDEWALK ON CHARLES STREET, WARD 15.

Coun. McMAHON offered an order—That the Commissioner of Public Works make a sidewalk along Charles street, Nos. 3-5 and 13-29 on one side, Nos. 12-28 and 42-48 on the other side, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

RE DEATH OF MELANCTHON W. BURLIN.

Coun. BUSH offered the following resolution:

Whereas, The Creator in His infinite wisdom has seen fit to remove from our midst Melancthon W. Burlin, and

Whereas, His many qualities as a true citizen and gentleman endeared him to the hearts of his friends and served as an inspiration to all who came in contact with him, and

Whereas, His loss as a highly respected citizen who has rendered a lifetime of great public service is deeply felt; therefore be it

Resolved, That the members of the City Council tender their deepest sympathy to his widow and family in their bereavement.

Resolved, That a copy of these preambles and resolution be suitably inscribed and sent to the widow of the deceased.

The resolution was adopted by a unanimous rising vote.

SIDEWALK CONSTRUCTION.

Coun. BUSH offered the following orders:

Ordered, That the Commissioner of Public Works make a sidewalk along 23 Schuyler street, Ward 12, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along 80 and 82 Rockland street, Ward 12, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 65-71 Dacia street, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. ARNOLD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along West Newton street, between Columbus avenue and Tremont street, both sides, Ward 9, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining.

ing, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Marcella street, both sides, from Centre street to Highland street, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestone, under the provisions of Chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

REPAVING OF HIGHLAND STREET.

Coun. ENGLERT offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Highland street, Roxbury, from Cedar street to Centre street.

Passed under a suspension of the rule.

REPAVING OF DEVON STREET.

Coun. RUBY offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the repaving of Devon street, from Blue Hill avenue to Columbia road, with smooth pavement.

Passed under suspension of the rule.

COMMITTEE ON SOLDIERS' RELIEF.

Coun. GILBODY, for the Committee on Soldiers' Relief, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the City of Boston for the month of September, 1926:

Report accepted; order passed.

GENERAL RECONSIDERATION.

Coun. HEFFERNAN moved a general reconsideration of all business transacted at the meeting, hoping that the same would not prevail. Lost.

THE NEXT MEETING.

Coun. WRAGG moved that when the Council adjourn it be to meet on Monday, October 4. Passed.

On motion of Coun. McMAHON, the Council voted to adjourn at 5.30 p. m.

IMMIGRANTS ADMITTED TO UNITED STATES.

According to Commissioner of Immigration, the total of immigrants admitted from 1823 to 1923 was 35,237,030, representing about 36.7 per cent of increase in U. S. population in the past century. Ranking from highest number, principal countries (approx.): from Great Britain, 8,648,000; Germany, 5,620,000; Italy, 4,530,000; Austria-Hungary, 4,100,800; Russia, 3,400,000; Scandinavia (*i. e.* Norway, Sweden, Denmark), 2,300,000; British North America 1,450,000; France, 618,000; Greece, 435,000; Poland, 420,000; Turkey in Asia, 335,000; Mexico, 325,000; China, 310,000; West Indies, 277,000; Switzerland, 276,000; Japan, 265,000; Holland, 251,000; Portugal, 220,000.

Under the Immigration Restriction Law of 1921, the number of aliens admissible was limited to 3 per cent of the foreign-born residents as shown by U. S. Census of 1910. The total of immigrant aliens admitted in year ending June 30, 1924 was 706,896 and of emigrant aliens leaving, 76,789. By the law of 1924 immigration was further restricted to 2 per cent of foreign-born persons in U. S. as shown by Census of 1890, reducing the annual quota to 164,666 in years 1924 to 1927.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

EDITOR (MALE) BOSTON STATISTICS DEPARTMENT, OCTOBER 23, 1926.

Salary, \$2,100 per year.

Applicants must be not less than thirty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of the position are the compilation and editing of (a) Boston Year Book; (b) Municipal Register; (c) Boston Statistics; (d) Special publications; the review and correction of annual department reports; the compilation of special reports for the Mayor, the City Council, domestic and foreign correspondence. It is desirable that applicants have experience in editorial work on a newspaper or reputable magazine, have a general knowledge of current affairs, and the functions of the municipal departments, boards, committees, etc., in the City of Boston, also experience in proofreading.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions and at least 65 per cent in train-

ing and experience, in the oral interview and in general average in order to become eligible.

WATER INSPECTORS AND METER READERS, OCTOBER 22, 1926.

This examination will be held for the service of the various cities of the Commonwealth and of such towns as are classified under civil service. From the eligible list established as a result of this examination, names will be certified to fill present vacancies and such other vacancies as may occur.

The subjects of examination with their respective weights will be as follows: Training and experience, 5; report writing, 1; practical questions, 4; total, 10.

Applicants will be required to obtain at least 65 per cent in training and experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

Upon filing application, persons will receive a manual of information pertaining to the work of water inspector and meter reader, upon which the practical questions will be based. Applicants are, however, cautioned to inquire personally or by letter should they fail to receive this manual of instruction.

MUNICIPAL YEAR.

From 1926 the municipal year begins on the first Monday in January, which falls on Jan. 4 in said year. This change is in accordance with the City Charter amendments of 1924.

ASSISTANT DIRECTOR (MALE), DEPARTMENT OF AGRICULTURE, OCTOBER 23, 1926.

The salary is \$3,000 per year.

This position is in the Division of Reclamation, Soil Survey and Fairs. The duties of the position are to have charge of the law enforcement of the department, to advise the department on various legal questions, assist in organizing certain farmers' co-operative enterprises, to follow agricultural legislation in this Commonwealth and in other states, to assist farmers in drafting bills, to have charge of the library and of the general information service of the department, address agricultural meetings, and represent the department at certain conferences when asked by the commissioner. Applicants must be graduates of an agricultural college and have at least three years legal training.

The subjects and weights of the above examinations are as follows: Training and experience, 4; practical questions on the duties of the position, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

BOSTON REAL ESTATE EXEMPT FROM TAX, 1924.

Belonging to City, \$155,875,200; State, \$42,187,500; United States, \$71,587,600; churches, \$29,022,200; institutions, \$56,812,600. Total real estate exempt in City, \$355,845,100, of which \$204,564,900 applies to land and \$150,920,200 to buildings.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN GREYLOCK ROAD, WARD 21, FROM ALLSTON STREET TO GLENVILLE AVENUE; WALK HILL STREET, WARDS 14 AND 18, FROM FOTTLER ROAD TO WELLINGTON HILL FOOTWAY; HOLLINGSWORTH STREET, WARD 18, FROM OAKLAND STREET TO RANDOLPH ROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Greylock road, Ward 21, from Allston street to Glenville avenue; walk Hill street, Wards 14 and 18, from Fottler road to Wellington Hill footway; Hollingsworth street, Ward 18, from Oakland street to Randolph road. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-five thousand (25,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Greylock Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, October 13, 1926, with a certified check for twenty-five hundred (2,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

(Oct. 2.)

CITY OF BOSTON.

BOSTON MORTON STREET IMPROVEMENT LOAN (ACT OF 1925), \$165,000.

Order of the City Council of Boston of August 25th, 1925. Payable \$11,000 annually, October 1st, 1927, to October 1st, 1941, inclusive.

SINKING FUND BONDS.

INTEREST AT THE RATE OF 4 PER CENT PER ANNUM.

DORCHESTER RAPID TRANSIT BONDS, \$1,000,000 (CHAPTER 480, ACTS OF MASSACHUSETTS, 1923.) Payable October 1st, 1971.

All loans will be issued in Registered Bond Certificates of \$1,000 each, or any multiple thereof, and will be paid on the dates specified for each loan, all with interest payable semi-annually, on the first days of April and October in each year at the office of the City Treasurer, Boston.

These Bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

The certificates will be dated October 1st, 1926, and will be ready for delivery, and money received for the same, October 26th, 1926. Interest will begin October 1st, 1926, and will cease on the date on which the Bonds are payable.

Holders of these certificates, if they so desire, can receive the semi-annual interest through the mail by check payable to their order.

Proposals must be sealed and addressed to Frank L. Brier, City Treasurer, Boston, Mass., endorsed "Proposals for Loans," and clearly state whether for the whole or part of said loans, and, if for part, the amount. Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, Frank L. Brier, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loan or loans awarded, but no interest will be allowed thereon. All other checks or cash will be returned.

Accrued interest from October 1st, 1926, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Friday, October 8th, 1926, at 12 o'clock M. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

(Oct. 2.)

FRANK L. BRIER,
City Treasurer.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN DENNISON STREET, ROXBURY; FAIRFAX TERRACE, CHEVERUS ROAD, DORCHESTER; BEECHER STREET, WEST ROXBURY, AND ST. JAMES AVENUE, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,900 feet of 8-inch and 12-inch water pipe in Dennison street, Roxbury; Fairfax terrace, Cheverus road, Dorchester; Beecher street, West Roxbury, and St. James avenue, city proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirty-five hundred (3,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes, Dennison Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, October 11, 1926, with a certified check for four hundred (400) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals, if the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
Commissioner of Public Works.

(Oct. 2.)

STATE OFFICIALS AND EMPLOYEES.

Total number (receiving pay) on Nov. 30, 1923, 12,212 or 1,619 more than in 1920. Total amount of salaries paid in year ending Nov. 30, 1923, \$16,557,861 or \$3,129,390 more than in 1920, an increase of 23.3 per cent. Dept. of Mental Diseases, maintaining 15 hospitals, etc., has largest number (3,841); (2) Dept. of Education, maintaining 15 normal and other schools, etc., (1,656); (3) Metropolitan District Commission (1,184); (4) Dept. of Public Welfare (982); (5) Dept. of Public Works (869); (6) Dept. of Public Health (755); (7) Dept. of Correction (536); (8) Dept. of Corporations and Taxation (350); (9) Dept. of Public Safety (276); (10) Judiciary (257); (11) Dept. of Conservation (209); (12) Dept. of Banking and Insurance (185); (13) Dept. of Labor and Industries (158); total in said 13 departments, 11,258; all others, 954. Dept. of Mental Diseases had the largest payroll for the year 1923 or \$3,074,119.

[From latest report, State Doc. 90.]

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN DENNISON STREET, FROM WALNUT AVENUE TO A POINT ABOUT 627 FEET NORTHWESTERLY, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Dennison street, from Walnut avenue to a point about 627 feet northwesterly, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirty-two hundred and fifty (3,250) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Dennison Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, October 11, 1926, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Oct. 2.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN ANTWERP, ASCOT, BENSON, CYGNET AND DUVAL STREETS, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Antwerp, Ascot, Benson, Cygnet and Duval streets, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of ten thousand five hundred (10,500) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Antwerp Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, October 15, 1926, with a certified check for eleven hundred (1,100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Oct. 2.) Commissioner of Public Works.

CITY OF BOSTON.

CITY COUNCIL.

PUBLIC AUCTION.

By order of the City Council September 20, 1926, and approved by the Mayor September 22, 1926, I will sell at public auction on the premises Wednesday, October 13, 1926, at 2 p. m., all the right, title and interest of the City of Boston in and to the street department yard, District No. 3, Medford street, corner Terminal street, Charlestown, consisting of buildings used for stable, offices and sheds together with 39,130 square feet solid land, 1,600 square feet flats, and 3,800 square feet of dock, more or less, subject to any drainage rights as shown on plan, at an upset price of \$48,000. Terms: A deposit of 10 per cent of the upset price or \$4,800 in certified or cashier's check will be required at time of sale and the balance in cash in thirty days. For other particulars inquire of

ROBERT T. FOWLER,
Municipal Auctioneer,
702 Centre Street, Jamaica Plain, Mass.
(October 2-9.) Jamaica 0500.

CITY OF BOSTON.

FIRE DEPARTMENT.

SALE OF OLD MATERIAL.

The Fire Commissioner of the City of Boston invites sealed proposals for the purchase of the following old and discarded apparatus, equipment and material:

- 4 horse drawn steam fire engines.
- 4 tractor drawn ladder trucks.
- 12 tractor drawn steam fire engines.
- 2 self-propelled steam fire engines.
- 1 motor driven hose car.
- 1 automatic power engine.
- 10 dismantled Christie motors.

All the above material may be seen at the Yard of the Veterinary Hospital, Atkinson street, Roxbury, with the exception of the automatic power engine and the Christie motors which may be seen at the Bureau of Supplies and Repairs, 70 Bristol street. The boilers in most of the above-mentioned engines contain copper tubes; the air chambers are of copper; pump casings are of bronze, and there is much brass trimming. In many cases the engines are still serviceable. All material to be sold "as is." Proposals for the purchase of the above apparatus, equipment and material must be sealed and made in duplicate, one copy to be deposited at the office of the City Auditor previous to the time stated for opening of the bids, and the other is to be deposited at the office of the Fire Commissioner, 60 Bristol street, before 12 m. Thursday, October 14, 1926, at which time the proposals will be publicly opened and read. The proposal deposited with the Fire Commissioner must be accompanied by a certified check made payable to the City of Boston for 25 per cent of the amount of the proposal, and all checks of unsuccessful bidders will be returned. Balance of purchase price to be paid on delivery of material. Bids are to be submitted in a lump sum for the entire lot. The successful bidder must remove all property within seven days from the date the bid is accepted. The Fire Commissioner reserves the right to reject any and all bids and to award the contract as he deems best.

(Oct. 2-9.) E. C. HULTMAN,
Fire Commissioner.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

TO GENERAL CONTRACTORS.

The Schoolhouse Commissioners of the City of Boston invite sealed proposals to erect and complete an addition to the Robert Gould Shaw Elementary School, Mt. Vernon street, West Roxbury District, giving bond of a surety company satisfactory to the Board therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the Commissioners, 1007 City Hall Annex, signed by the bidder and left before 12 o'clock m. of Thursday, October 14, 1926, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Commissioners reserve the right to reject any or all proposals. A deposit of \$25 in cash or by certified check will be required for a complete set of plans and specifications, said sum to be refunded on return of plans and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
(October 2.) Commissioners.

CITY OF BOSTON.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, SEPTEMBER 30, 1926.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of an easement in a ten-foot strip of land in a common passageway leading northwesterly from Pond street, West Roxbury district, said passageway being located about 250 feet west of Rockwood street, for water works purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of October 19, 1926, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Oct. 2-9.) JOSEPH F. SULLIVAN,
Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN PARKMAN STREET, WARD 16, FROM DORCHESTER AVENUE TO ADAMS STREET; CORWIN STREET, WARD 15, FROM ARCADIA STREET TO WESTVILLE STREET.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Parkman street, Ward 16, from Dorchester avenue to Adams street; Corwin street, Ward 15, from Arcadia street to Westville street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of thirty-three hundred (3,300) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Parkman Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, October 8, 1926, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Oct. 2.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SPRING COURT, FROM FELLOWS STREET TO A POINT ABOUT 180 FEET SOUTHEASTERLY, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Spring court, from Fellows street to a point about 180 feet southeasterly, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of seventeen hundred fifty (1,750) dollars, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Spring Court, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, October 14, 1926, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Oct. 2.) Commissioner of Public Works.

CITY OF BOSTON.

SCHOOLHOUSE DEPARTMENT.

SPECIAL NOTICE TO GENERAL CONTRACTORS.

Contractors are hereby notified that the opening of sealed proposals for erecting and completing the Continuation School (boys' unit), Abraham Lincoln District, Warrenton street, Boston, Mass., is hereby deferred and the day for opening of bid is extended to 12 o'clock of Wednesday, October 6, 1926, and all of the terms and the conditions contained in the notice of September 18, 1926, shall apply to this notice.

FRANCIS E. SLATTERY,
CHARLES P. NORTON,
(October 2.) Commissioners.

BOSTON CITY RECORD

OFFICIAL CHRONICLE OF MUNICIPAL AFFAIRS.

VOL. 18.

SATURDAY, OCTOBER 9, 1926.

No. 41

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 11, at 2 p. m.

Regular meeting of the School Committee of the City of Boston in the Administration Building, 15 Beacon street, on Monday, October 18, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

CONFER ON FIRE PREVENTION.

The Mayor has addressed a letter to the President of the Chamber of Commerce, the President of the Boston Board of Fire Underwriters and the President of the Boston Real Estate Exchange and the Fire Commissioner, in connection with Fire Prevention Week, requesting they confer with him on October 9, Fire Prevention Day, upon the formation of plans to reduce the fire hazard and the insurance rates in Boston.

The per capita cost of running the Boston Fire Department is higher than that of any city in the country, save one, according to the announcement. Boston's average loss from fire, the number of fires and the loss per capita, are high.

Recent figures indicate that the average fire loss of the last five-year period is 60 per cent greater than the average for the preceding five-year period. The loss was five and one half millions of dollars in 1925. There is an increase in big fires.

MOVES TO GET TRAFFIC RELIEF AT GOVERNOR SQUARE.

MAYOR NICHOLS TAKES COMPANY TO TASK FOR NOT CARRYING ON LEGISLATIVE AGREEMENT.

Mayor Nichols addressed the El as follows:

September 30, 1926.

SAMUEL L. POWERS, Chairman, Trustees of Boston Elevated Railway Company, Boston, Mass.

DEAR SIR,—It is my earnest wish, expressed through you to the trustees and the management of the Boston Elevated Railway Company, that the lease be signed for the extension of the Boylston Street Subway at Governor square, so that the city may proceed with the construction of that most needed improvement.

So many plans, by Boards authorized by the city and the Legislature, many of them meritorious, have been submitted to me, all contemplating extensions of tunnel and rapid transit service, that it seems almost futile to give them consideration, when the one obvious and simple piece of subway work authorized by the Legislature in 1925 cannot be begun because of the unwillingness of your company to accept the lease.

There must be a good reason for not signing this lease. Let me ask you a blunt question. Is it because your company is unwilling to undertake any further rapid transit extensions until the settlement of public control by the Legislature?

It is difficult for me to believe this because no man can say when the question of public control will be settled to the satisfaction of your company, and yet an extension of rapid transit facilities is vital to the welfare of this community.

The Governor square extension was authorized by chapter 341 of the Acts of the Legislature and approved on May 1, 1925. If the Elevated Railway were to assent to the lease, it would at once, in my opinion, disclose a faith in the legislative authorities which was shown to the railway when providing for public control, particularly so when all interested parties were in agreement on the Governor square bill throughout its passage.

Transportation is vital to the very existence of Boston and the metropolitan district. Anything adversely affecting your company is felt by practically every one. Boston and other cities and towns in the Boston Elevated district have not proven harsh landlords.

Figures made public of the annual earnings of the Elevated Railway for a number of years under public control reveal no unsympathetic attitude on the part of the district served. In the year ending June 30, 1918, before public control, the gross receipts of the company

(Continued on page 1689.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.]

IN ADVANCE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at News-stand, Court Square, north corner, and at the Statistics Department, Room 73, City Hall.

CLAIMS ALLOWED.

Upon recommendation of Corporation Counsel the Mayor has approved the following claims:

Joseph Sordillo, in the sum of \$50, as refund of fee paid for license issued by the Board of Street Commissioners under date of May 1, 1926, for the storage and sale of merchandise at 42 Blackstone street, and which was not used because of protest of owners of the building.

Emma F. White, 13 Centre avenue, Dorchester, in the sum of \$75, as compensation for personal injuries received January 23, 1926, by hole adjacent to rim of manhole, and snow and ice, at northwest corner of Dorchester avenue and Centre avenue.

Karekine E. Manookian, 231 Tremont street, in the sum of \$100, as compensation for personal injuries received April 1, 1926, by slab of concrete depressed in sidewalk in front of Santung Restaurant, 241 to 245 Huntington avenue.

Shirley Shapiro, 71 Linwood street, Malden, in the sum of \$100, as compensation for personal injuries received February 5, 1926, by the absence of bricks in sidewalk at northwest corner of Causeway and Nashua streets.

Ida Holtzman, 20 Rose street, in the sum of \$150, as compensation for personal injuries received February 1, 1926, by hole in wooden flooring of Arlington street railroad bridge in front of 166 Arlington street.

TRAFFIC RELIEF.*(Continued from page 1637.)*

were \$19,480,022.08, while for the year ending 1926 the figure was \$35,087,845.89.

My experience as chairman of the Transit Commission, emphasized by reports made to me as Mayor, by citizens and agencies interested in the subject, convinces me that the Governor square situation is an ugly knot in our transportation system that can and should be cut now.

I trust that you and the directors of the Elevated will concur in this view, and that you will make arrangements for the execution of the lease before any other Elevated problems are taken up by the incoming Legislature. You will thus promote immediate construction of this extension, which at best will not be completed for three years. Meanwhile a tolerant and generous public cannot fail to recognize the breadth and fairness of this desired action.

Sincerely yours,

MALCOLM E. NICHOLS, Mayor.

RECALL RETIRED FIRE OFFICIAL.

The Mayor has approved the following letter from Fire Commissioner Eugene C. Hultman:

Boston, October 6, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Due to the heavy fire losses in this city I desire to reorganize the work of the present Bureau of Fire Prevention, License Division, the Bureau of Building Survey and Inspection Division of the Uniform Force by placing all of this work in a new division to be called the Fire Prevention Division.

In order to have the new division properly organized, for it is very important work, I desire to recall from the pension roll of this department for temporary service, Mr. Peter E. Walsh, retired chief of department. If this action meets with your Honor's approval I will recall Mr. Walsh under the authority vested in the Fire Commissioner by section 2, chapter 60 of the Acts of 1920, to act as superintendent of the Fire Prevention Division at the salary of a deputy chief, namely, \$4,000 per annum.

Mr. Walsh was appointed to this department July 29, 1892, and was retired as chief of department for disability on March 7, 1922, with a pension of \$2,500 per annum.

In accordance with the provisions of the above mentioned act, during the period of Mr. Walsh's temporary employment his pension will be suspended, but when his temporary employment ceases he will be replaced on the pension roll at the pension he is now receiving, namely, \$2,500 per annum.

Respectfully,

E. C. HULTMAN,
Fire Commissioner.

EXTRA WORK UNDER CONTRACT.

Bethlehem Shipbuilding Corporation has been directed to perform the following extra work under the contract for steel ferryboats, dated November 17, 1925. Items ordered: Furnish and install extra handrails in monitors, estimated cost, \$80; furnish and install sluice valves, estimated cost, \$100; furnish and install seats in fire rooms, estimated cost, \$20; furnish and install extra guards, rails and plates, as directed by Commissioner, in engine rooms, estimated cost, \$600.

BOSTONIANS IN FLORIDA GRATEFUL TO MAYOR FOR INTEREST TAKEN IN THEM FOLLOWING HURRICANE.

Mayor Nichols received the following letter on October 2, from Mr. James R. Nicholson, who is in Florida:

Supplementing my previous letter and telegraphic responses to your requests for information relative to former citizens of Boston who are resident in the storm area, I am writing to advise that reports have been forwarded on all the people regarding whom you inquired and all were favorable reports.

We have not definitely secured information relative to Mrs. Kendall of Moore Haven, but from the postmaster at Moore Haven, which town was entirely wiped out, we learned that the Kendalls were not there at the time of the storm but were somewhere on the east coast. It is possible, of course, that they may have been within the storm area, but there certainly could have been no place where there was as much damage as at Moore Haven.

As the result of the announcement in the local paper here that you had asked me to secure information relative to Boston people in this vicinity, many have telephoned to say that they were all right and to express their appreciation of your interest in their welfare.

I have wired you the names of only a small percentage of those who have so telephoned, as the others indicated that they had been in communication with their friends in the North. Since my last wire advising you of Boston people who desired to be reported safe, a telephone call has been received from Mr. and Mrs. Albert H. Nichols, stating that they desire to have an announcement made in the Boston papers that they and their entire family were safe.

Some people have also written expressing their appreciation of your thoughtfulness and the interest of the citizens of Boston in their welfare, and appreciative letters from Spencer R. Koch, A. E. Sharpe and Walter D. Wiggin are enclosed.

Shortly after receipt of your wire asking me to investigate relative to Boston people, I received a wire from the Grand Exalted Ruler of the Elks, asking me to take charge of the relief fund that was being appropriated by the Grand Lodge of the Order and raised among the subordinate lodges thereof. With the local Elks we created a working organization and I was thus enabled to take care of one or two cases of distress among Boston residents without the necessity of referring them to you.

In one instance an elderly couple were left in a badly dilapidated home, unprotected from the weather and the husband in need of hospital treatment. This was a couple formerly resident in Everett. I notified my local associates in the Elks and inside of an hour an ambulance was at the house prepared to take the old gentleman to the hospital, and a contractor had been to the house and made the necessary requisition for supplies to restore the roof. While it did not prove necessary ultimately to take the old gentleman to the hospital, the necessities of the situation were at any rate immediately covered.

One Boston woman came in seeking some legal advice relative to her rental liability and I put her in touch with Judge Heffernan, formerly a resident of

greater Boston, who is chairman of the Legal Aid Committee here.

Another former Boston resident was in need of assistance in the restoration of his home and in the supplying of immediate needs of food, and this also we found it possible to take care of immediately through the Elk committee.

These are the only cases of former Boston residents who advised, as a result of my notice in the local paper, that they were in need of relief.

You would be very much gratified if you heard the expressions of appreciation—not only from those it was possible to assist—but from all who knew of your thoughtful action in asking for information relative to them. All, of course, had been through considerable strain as a result of the storm and it seemed to be very helpful to them to know that the Mayor of the city of which or near which they are former residents, was taking such a thoughtful interest in their welfare.

You will be interested in knowing that the work of restoration here is going forward very rapidly and that the spirit of the residents here is one of courage and determination. Unquestionably the winter visitors will find left here little evidence of the destructive effect of the storm.

Sincerely yours,

JAMES R. NICHOLSON.

CLAIMS ALLOWED.

The Mayor has approved, upon recommendation of the Corporation Counsel, the following claims:

Louis Jesselsohn, Inc., 128 North street, in the sum of \$180, as refund on twelve unused refuse tickets.

G. Damigilla, 72 Porter street, East Boston, in the sum of \$125, as compensation for personal injuries received January 11, 1926, on the ferryboat "Governor Russell."

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASSACHUSETTS, FOR OCTOBER 1, 1926:

STATE OF MASSACHUSETTS.
COUNTY OF SUFFOLK, SS.

Before me, a Justice of the Peace, in and for the state and county aforesaid, personally appeared Frank H. Cushman, who, having been duly sworn according to law, deposes and says that he is the Editor of the *City Record* and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are:

Publisher, City of Boston.
Editor, FRANK H. CUSHMAN, 73 City Hall, Boston.

Associate Editor, JOSHUA H. JONES, JR., 73 City Hall, Boston.
Business Managers, none.
EDWARD F. O'DOWD, Business Agent, 76 City Hall, Boston.

2. That the owners are
City of Boston.

HON. MALCOLM E. NICHOLS, Mayor.
CHARLES G. KEENE, President of City Council.
JAMES DONOVAN, City Clerk.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are:

None.

FRANK H. CUSHMAN, Editor.

Sworn to and subscribed before me this twenty-ninth day of September, 1926.

HORACE R. KEAY,
(My commission expires December 13, 1929.)

PROPOSALS ADVERTISED.

Bids have been asked for by advertisement in the *City Record* for the following departments. The attention of contractors and others is specially called to the closing time for the receipt of such proposals. This will be published weekly.

BOSTON SANATORIUM.

Advertises for proposals for the sale and removal of a Frick refrigerator and ice machine, located at the Boston Sanatorium, River street, Mattapan. Information may be obtained from the superintendent or the chief engineer, at the Sanatorium. Inspection allowed. Bids, accompanied by certified check for the full amount of the bid, to be filed at the offices of the Trustees, Room 1001, City Hall Annex, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 18, at 12 m.

FIRE DEPARTMENT.

Advertises for proposals for the purchase of old and discarded apparatus, equipment and material. Blank forms for proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. Bids, accompanied by certified check in an amount equivalent to 25 per cent of the contract price, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 14, at 12 m.

PARK DEPARTMENT.

Advertises for proposals for the erection and completion of wooden shelter at the Brookside Avenue Playground, Jamaica Plain. Surety bond will be required in the amount of \$1,000. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 21, at 12 m.

Advertises for proposals for erecting a wire fence at the Reverend Father Buckley Playground, Bolton street, South Boston. Surety bond will be required in the amount of \$1,000. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the amount of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 21, at 12 m.

PENAL INSTITUTIONS DEPARTMENT.

Matthews, ½ day, \$3.94 each; H. Killoran, ½ day, \$6.75.

Total, \$826.91.

CIRCULAR LETTERS ISSUED.

The Mayor has issued the following circular letters:

CITY OF BOSTON,
MAYOR'S OFFICE, October 1, 1926.

To Heads of All Departments.

GENTLEMEN,—Department heads will exercise great care in taking every advantage of cash discounts. On no account should any bill upon which a discount may be had be permitted to remain unpaid beyond the discount period. There is a lack of attention in protecting the city in the securing of the discount rate.

Explanations which have been offered based upon the non-receipt of bills will not be accepted as sufficient. It is the business of department heads to see that all bills are rendered promptly so that an immediate return thereon may be made to the auditor for payment. The City Auditor will make payment on discount bills every business day.

Hereafter in any case where a loss has been incurred by failure to take advantage of the discount rate, a prompt report will be required by the auditor for the Mayor's attention.

Very truly yours,

MALCOLM E. NICHOLS,
Mayor.

CITY OF BOSTON,
MAYOR'S OFFICE, October 2, 1926.

To Heads of All Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to all employees in your department who are delegated members of the American Legion, to attend the Eighth National Convention, to be held at Philadelphia from October 9 to October 18, 1926.

Very truly yours,

MALCOLM E. NICHOLS,
Mayor.

CONTRACTS AMENDED.

J. C. Coleman & Sons Company have been allowed to amend the contract for excavation work at the addition to the Memorial High School by striking out the word and figures "October 1, 1926," on page 12, section 3, and substituting therefor the word and figures: "October 15, 1926," so that the beginning of the last paragraph of said section 3, on page 12, shall read: "The work is to be commenced on or about July 19, 1926, and is to be completed on or before October 15, 1926."

Sidney Machine Tool Company have been allowed to amend the contract for furnishing and delivering woodworking machinery at the New East Boston High School, White and Brooks streets, East Boston, by striking out the word and figures "September 1, 1926," in connection with the marginal notation date of completion and substituting therefor the word and figures "October 18, 1926," so that the paragraph of said section shall read: "The machines under this contract are to be delivered and installed and all work completed on or before October 18, 1926."

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendation of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon October 1 the Mayor approved a contract with the Federal Burner Corporation for installing oil-burning equipment in the quarters of Engine Company 43. Bids, opened September 15, were as follows:

Federal Burner Corporation, \$1,100; W. B. Smith Whaley, Jr., \$1,200; Boston Vapor Heating Company, \$1,400; Calor-oil Burner Corporation, \$1,458.92; New England Oil Burner Corporation, \$1,583.25; Boston Oil-O-Matic Company, \$1,595; Petroleum Heat and Power Company, \$1,670.

LIBRARY DEPARTMENT.

The Trustees of the Public Library have approved a contract with M. L. McDonald, in the sum of \$900, to provide and maintain hoisting machinery and staging for this work, except about the cupola, otherwise provided for, and exercise due care that its erection and operation interfere as little as may be with the safe use of the building, and hold the city harmless from liability in case of accident. Special precautions against danger from fire shall be taken as specified. In preparing for this work omit portions stated in specification to be not included. All work is to be done by skilled workmen. All materials are to be of first quality and are to have the approval of the architects before being used. Nail heads and defects are to be puttied up properly, and woodwork where paint is worn off, or that has been renewed or marred in progress of repairs is to have a priming coat of paint before the application of the two or three coats specified. Window frames and sashes, basement door and frame, and flagpole (ball of which is to be gilded with gold leaf) are to be painted two coats lead and oil paint, pulley stiles, one coat oil and front entrance door frames, etc., three coats lead and oil.

Galvanized-iron cornices, fresh-air inlets, basement window grilles, lamp brackets, etc., and railings at steps are to be cleaned properly, touched up with red lead where needed and painted as directed. Stone work is to be cleaned and painted one coat lead and oil. Paint all other portions or finish needed to make a complete workmanlike job, with exception of parts previously mentioned as not included.

Repair windows and sashes thoroughly, clean and wash outside and inside faces of all glass and leave free from spots of paint. Clean and wash tablets over front entrance, and remove all spots and stains and repair all damage resulting from painters' work.

The contractor is to secure all permits required for this work, and comply with the requirements of the law in its performance, complete it in one month and leave premises clear and free from materials and rubbish.

SUPPLY DEPARTMENT.

Upon October 5 the Mayor approved a contract with the lowest bidders as indicated below, for furnishing hay, grain and straw to the various city departments during October, 1926.

* Awarded contracts.

LIBRARY DEPARTMENT.

The Trustees of the Public Library have approved a contract with L. Erikson Electric Company, in the sum of \$548, to furnish and deliver at the Boston Public Library, Copley square, by September 20, 1926, Erikson reflectors and fixtures as shown on your drawings No. 10447-1 and 10447-2, subject to revisions and stipulations noted below:

Reflectors shown diagonally across the corners of the east wall (over the swinging leaves of the exhibition racks) and reflectors on the court yard wall between the two windows shall be subject to the approval of the architects and all the work shall be carried out to the satisfaction of the architects. Samples of the finish of the metal shall be submitted to architects in advance of the work, and that and all fittings shall be subject to their approval. All material and workmanship shall be first class. All requirements of law and all other public authorities shall be fulfilled; methods of work and wiring and fitting of reflectors and fixtures shall conform and comply with the rules of the National Board of Fire Underwriters and local regulations.

Reflectors and fixtures are to be wired ready for installation and electrical wiring by the library electricians to the

full satisfaction of the architects representing the trustees of the library.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon October 1 the Mayor approved a contract with C. M. Callahan, Inc., for laying bitulithic pavement in Maple street, from Weld street, 710 feet northwesterly; Priscilla road, from Chestnut Hill avenue to Priscilla road; Dunkeld street, from Quincy street to Fayston street. a contract with Charles Struzziery for sewerage works in Stratford street, Woodward road and Boxford terrace, West Roxbury. Bids, opened September 28, were as follows:

Charles Struzziery, \$8,701.50; James J. Conway, \$8,780; Joseph Todesca, \$9,173.60; Joseph Capone, \$9,519.25; M. DeSisto Company, \$9,702.25; J. Williams & Co., \$9,723.50; M. DeMatteo, \$9,804.50; C. Russo, \$10,157.25; Zoppo & Civitarese, \$10,427.75; A. Cefalo, \$10,534.50; T. J. O'Connell, \$10,885.25.

Upon October 1 the Mayor approved a contract with Charles Struzziery for laying and relaying water pipes in Halborn street, Mercier avenue, Dorchester, Lane park, Brighton; Goethe street, Granfield avenue and Greenhill avenue, West Roxbury. Bids, opened September 27, were as follows:

Charles Struzziery, \$3,919; J. Williams & Co., \$4,095; N. DiBartolomeo Company, \$4,434.50; M. DeSisto Company, \$4,947.50; Zoppo & Civitarese, \$5,596.

SCHOOLHOUSE DEPARTMENT.

Upon October 1 the Mayor approved a contract with P. F. Russo Company, Inc., for installing and completing heating system in two portable school buildings at the Winship School. Bids, opened September 27, were as follows:

P. F. Russo Company, Inc., \$1,265; J. W. Praught Company, \$1,495; T. J. Duff & Co., \$1,550; J. P. Dwyer Company, \$1,578; Acme Heating & Ventilating Company, \$1,584; J. J. Hurley & Co., \$1,598; R. B. Crocker Company, \$1,667.

SUPPLY DEPARTMENT.

Upon October 5 the Mayor approved a contract with lowest bidders as indicated for furnishing milk to the various city departments until March 31. Bids, opened September 28, were as follows:

Boston City Hospital.

284,648 Quarts Massachusetts Legal Standard.—Whiting Milk Companies, 9.2 cents per quart*; H. P. Hood & Sons, Inc., 9.6 cents per quart.

8,190 Quarts Certified Milk in 1-Quart Bottles.—Whiting Milk Companies, 17.4 cents per quart*; H. P. Hood & Sons, Inc., 17 cents per quart.

3,095 Quarts Buttermilk in 8-Quart Cans.—Whiting Milk Companies, 5 cents per quart*; H. P. Hood & Sons, Inc., 3.75 cents per quart.

19,960 Quarts Cream, 15 Per Cent, in 8-Quart Cans.—Whiting Milk Companies, 27 cents per quart*; H. P. Hood & Sons, Inc., 22½ cents per quart.

182 Pints Heavy Cream.—Whiting Milk Companies, 34 cents per quart*; H. P. Hood & Sons, Inc., 32 cents per pint.

125 Pounds Salt-free Butter.—Whiting Milk Companies, 59 cents per pound*; H. P. Hood & Sons, Inc., 52 cents per pound.

Total.—Whiting Milk Companies, \$33,292.26*; H. P. Hood & Sons, Inc., \$33,448.81.

Boston Sanatorium.

155,000 Quarts Massachusetts Legal Standard.—Joseph L. Griffin, 9.54 cents per quart; Whiting Milk Companies, 9.4 cents per quart; Maple Farm Milk

Company of Massachusetts, 8.6875 cents per quart; H. P. Hood & Sons, Inc., 9.6 cents per quart; E. Weiler & Sons, 8.66 cents per quart.*

200 Quarts Heavy Cream.—Joseph L. Griffin, 69 cents per quart; Whiting Milk Companies, 66 cents per quart; Maple Farm Milk Company of Massachusetts, 70 cents per quart; H. P. Hood & Sons, Inc., 52 cents per quart; E. Weiler & Sons, 62 cents per quart.*

160 Quarts Medium Cream.—Joseph L. Griffin, 59 cents per quart; Whiting Milk Companies, 48 cents per quart; Maple Farm Milk Company of Massachusetts, 41 cents per quart; H. P. Hood & Sons, Inc., 44 cents per quart; E. Weiler & Sons, 44 cents per quart.*

Total.—Joseph L. Griffin, \$15,019.40; Whiting Milk Companies, \$14,778.80; Maple Farm Milk Company of Massachusetts, \$13,671.23; H. P. Hood & Sons, Inc., \$15,054.40; E. Weiler & Sons, \$13,617.40.*

Long Island Hospital.

12,012 Cans Massachusetts Legal Standard, 8-Quart Cans.—Joseph L. Griffin, 79 cents per can; Whiting Milk Companies, 75.2 cents per can; Maple Farm Milk Company of Massachusetts, 69½ cents per can*; H. P. Hood & Sons, Inc., 75.2 cents per can.

6,552 Quarts Certified Milk.—Joseph L. Griffin, 22 cents per quart; Whiting Milk Companies, 17.4 cents per quart; H. P. Hood & Sons, Inc., 17 cents per quart.*

546 Pints Heavy Cream.—Joseph L. Griffin, 35 cents per pint; Whiting Milk Companies, 38 cents per pint; Maple Farm Milk Company of Massachusetts, 35 cents per pint*; H. P. Hood & Sons, Inc., 25 cents per pint.

546 Pints Medium Cream.—Joseph L. Griffin, 30 cents per pint; Whiting Milk Companies, 28 cents per pint; Maple Farm Milk Company of Massachusetts, 21 cents per pint*; H. P. Hood & Sons, Inc., 23 cents per pint.

Total.—Joseph L. Griffin, \$11,285.82; Whiting Milk Companies, \$10,533.43; Maple Farm Milk Company of Massachusetts, \$8,654.10* (no bid on certified milk); H. P. Hood & Sons, Inc., \$10,408.94.

*Awarded contract.

Upon October 5 the Mayor approved contracts with various bidders as indicated for furnishing fuel oil to the city departments. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, September 30, 1926.

HON. MALCOLM E. NICHOLS,

Mayor of Boston.

DEAR SIR.—Attached please find list of bids on proposals for furnishing heavy and light fuel oil to the various city departments for the period ending September 30, 1927, which were publicly opened and read at this office under date of September 27, 1926.

As this contract is awarded on the basis of the lowest cost per million B. t. u., below please find tabulation showing the lowest cost per million B. t. u.

Cities Service Refining Company, City Hospital, Calf Pasture pumping station, 31.32 cents per 1,000,000 B. t. u.

Petroleum Heat and Power Company, Public Works garage, City Hall Annex, Fire Department Buildings, Health

Units, Poor Department Building, 31.96 cents per 1,000,000 B. t. u.

In view of these figures, I would respectfully request that permission be granted me to award the contract for delivering heavy fuel oil to the Boston City Hospital and pumping station to Cities Service Refining Company, the lowest bidder, at a price of 4.64 cents per gallon, and the contract for furnishing heavy fuel oil to the Public Works garage, Public Buildings Department, Fire Department, Overseeing of the Public Welfare Department and Health Units to the Petroleum Heat and Power Company, the lowest bidder, at a price of 4.8 cents per gallon.

The bid of the Beacon Oil Company is disregarded owing to the fact that their oil shows a viscosity which is beyond the limit required by our specifications, and is unsuited for use by the City of Boston.

On the proposals for furnishing light fuel oil to the various city departments, I would request that permission be granted me to award this contract to the Mayflower Oil Company, the lowest bidder, at a price of 7½ cents per gallon.

I am attaching analysis of prices on the heavy fuel oil showing the actual difference in price between the bid of the Cities Service Refining Company and the Petroleum Heat and Power Company.

Respectfully yours,

HERBERT S. FROST,

Superintendent of Supplies.

Bids opened September 27, were as follows:

Heavy Oil.

Price per Gallon at 60 degrees F.

Cities Service Refining Company, Hospital Department, Sewer Service, \$4.64 cents per gallon*; Garage, Public Buildings, Fire Department, Health Units, Overseers of Poor Department, 4.75 cents per gallon.

Beacon Oil Company, Hospital Department, Sewer Service, Garage, Public Buildings, Fire Department, Health Units, Overseers of Poor Department, 4.73 cents per gallon.

Petroleum Heat and Power Company, Hospital Department, 4.8 cents per gallon; Sewer Service, 4.9 cents per gallon; Garage, Public Buildings, Fire Department, Health Units, Overseers of Poor Department, 4.8 cents per gallon.*

Kind.—Cities Service Refining Company, Beacon Oil Company, Petroleum Heat and Power Company, topped.

Moisture, Not More Than 1 Per Cent.—Cities Service Refining Company, Beacon Oil Company, Petroleum Heat and Power Company, 1 per cent.

Viscosity, Not More Than 250 at 122 Degrees F.—Cities Service Refining Company, 250; Beacon Oil Company, 300 at 122 degrees F.; Petroleum Heat and Power Company, 200-250.

Flash Point, Not Less Than 150 Degrees F.—Cities Service Refining Company, Beacon Oil Company, Petroleum Heat and Power Company, 150 degrees.

Heat Value, Not Less Than 18,300 At 14 Degrees B.—Cities Service Refining Company, Beacon Oil Company, 18,300; Petroleum Heat and Power Company, 18,550.

Light Oil.

Public Buildings.

Cities Service Refining Company, Fire Department, Hyde Park, Washing-

ton and Norfolk Streets, Roslindale, Overseers of Poor, 7.9 cents per gallon.

Mayflower Oil Company, Fire Department, Hyde Park, Washington and Norfolk Streets, Roslindale, Overseers of Poor, 7½ cents per gallon.*

Moisture, Not More Than 0.2 Per Cent.—Cities Service Refining Company, ½ of 1 per cent; Mayflower Oil Company, 0.2 per cent.

Gravity, Between 27 and 32 Degrees B.—Cities Service Refining Company, 30 degrees; Mayflower Oil Company, 27-32 degrees.

Flash Point, Not Lower Than 150 Degrees F.—Cities Service Refining Company, Mayflower Oil Company, 150 degrees.

Heat Value, Not Less Than 19,400 At 39 Degrees B.—Cities Service Refining Company, 19,200; Mayflower Oil Company, 19,400.

* Contract awarded.

CONFERS ON PLANS TO IMPROVE THE FENS.

Mayor Nichols conferred on October 1 with Deputy Park Commissioner William P. Long, whom he has just nominated chairman of the Park Department, and with Mr. Arthur A. Shurtleff, landscape architect, on a comprehensive plan for the Fens improvement immediately adjacent to the Evans Wing of the Museum of Fine Arts.

The plan comprehends the laying out of a double-barreled roadway from Queensberry street to the Fens Bridge opposite the Museum, and straightening the roadway between the Evans Memorial and the Gardner Museum.

The Muddy river, which confusingly winds through the Fenway, will be laid out in an orderly manner with an attractive lagoon immediately facing it. The improvement surrounds the present athletic field adjacent to Simmons College and the Gardner Museum. These improvements will be paid for out of the income of the Francis Parkman Fund which at the present time amounts to about \$250,000 per year. It will take from two to three years to complete the improvements.

The work will be started immediately and it is expected that there will be completed this year the roadway from Queensberry street to the Fens Bridge. Next spring work will be started on the district in front of the Evans Wing of the Museum of Fine Arts.

The cost of the improvement this year will be about \$55,000. The cost of the improvement next year will be approximately \$100,000.

An order covering this year's expenditure will be presented to the City Council at the meeting Monday.

HUGE TAX COLLECTIONS.

Mayor Nichols announced on October 4 that the tax payments received at the office of the City Collector up to the close of business at 5 o'clock p. m. October 2, were \$42,657,454.42 which compared with tax payments of the same period of 1925 of \$35,486,065.24, makes a net increase of tax payments of \$6,811,389.18 for this year.

For public convenience and service the collector's office was kept open one hour longer Thursday and Friday and on Saturday afternoon until 5 p. m. to the accommodation of many taxpayers.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

PENAL INSTITUTIONS DEPARTMENT.

Upon October 2 the Mayor approved a contract with the Bethlehem Steel Corporation, Ltd., for repairs on steamer "Michael J. Perkins." A communication from Philip A. Chapman, Penal Institutions Commissioner, was as follows:

BOSTON, October 1, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval for the award of contract, without advertising, to the Bethlehem Shipbuilding Corporation, Ltd., for repairs to the steamer "Michael J. Perkins" in the sum of \$2,528.

This is emergency work and necessitates the hiring of a boat from the Dixon Steamship Company at a cost of \$60 a day and coal and water.

Bids were requested from the Atlantic Works and the Bethlehem Shipbuilding Corporation, Ltd., the two largest shipbuilding concerns in Boston, both of whom have done repair work on this boat in the past. The bid of the Bethlehem Shipbuilding Corporation was \$2,528 and the bid of the Atlantic Works was \$4,981.

PUBLIC BUILDINGS DEPARTMENT.

Upon October 5 the Mayor approved a contract with Charles J. Jager Company for refitting filters at Curtis Hall Building. A communication from John P. Englert of the Public Buildings Department was as follows:

BOSTON, May 28, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I wish to advise you of the following facts, namely:

The Public Buildings Department on May 7, 1926, entered into a contract with the Charles J. Jager Company, 15 Custom House street, Boston, to completely refit the filters at the Curtis Hall Building, placing them in as good as new condition, for the sum of \$980.

As the work progressed it was discovered that the castings supporting the filters had deteriorated to such an extent that they could not be utilized again and new ones must be substituted. The Charles J. Jager Company have submitted another figure for this additional work, a copy of which I am inclosing to you.

In consideration of the foregoing facts I respectfully request permission to do this work in excess of \$1,000 without the usual form of advertising.

I would add for your information, that the condition of these filters at the present time is such that it will be only a short time before the Board of Health will cause this plant to be shut down, and an early consideration will be appreciated.

Respectfully yours,

JOHN P. ENGLERT,
Superintendent of Public Buildings.

CHARLES J. JAGER COMPANY,
15 CUSTOM HOUSE STREET,
BOSTON, May 27, 1926.

PUBLIC BUILDINGS DEPARTMENT, CITY OF BOSTON,

Attention, Mr. Englert, Superintendent.

DEAR SIR,—Confirming our conference with you at Curtis Hall, Jamaica Plain, last night and again at your office this morning, we have to say that we find on opening the filter on which we are now working, that the grid castings are badly broken up and that the top dome of one of the main cylinder castings has broken out the spider casting. The grid castings, six in number, will have to be renewed and the spider can be welded in place on the top header casting so as to make it as good as new in every respect.

As the replacement of these details is not covered in our contract, we shall have to make charge for same as follows: For six grid castings at \$60 each, \$360; for welding and repair of the top header casting as above described, \$45; making a total cost of the added repair, \$405.

We have shown you a copy of our invoice on a recent installation for the Boston Y. M. C. A., quoting the same price for the grid castings to them as above quoted to you, these figures being our regular charge for this material. The cost of repairing the top header casting is an estimate and is in our opinion as close as it can reasonably be figured under the attendant circumstances.

We shall be glad to have your advices in the matter, and remain,

Your very truly,

CHARLES J. JAGER COMPANY,
CHARLES J. JAGER.

PUBLIC WORKS DEPARTMENT.

Upon October 1 the Mayor approved a contract with the N. P. Nelson Iron Works, Inc., for installing rubber tired wheels on snow loaders, at an estimated cost of \$2,000. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, September 28, 1926.

To the Honorable the Mayor.

Two years ago the Public Works Department acquired two Nelson snow loaders as an addition to the snow removal equipment at that time.

During the past winter the department force attempted to operate these loaders and found that while the elevators would lift snow as the Barber-Greene, the machine had no traction power, due to the wheels carrying the outfit. The wheels would revolve and spin on the hard snow or ice, making no headway. Several devices were tried, without avail; consequently the loaders were stored in the yard.

While in New York this summer I found that that city had fifteen of these Nelson loaders and that the department experienced the same difficulties. To overcome these troubles, rubber-tired wheels have been substituted for the existing iron wheels, thereby giving the outfit the same traction power as that of a heavy duty truck.

Inasmuch as this city has invested about \$5,500 in this equipment, and as the loading device is efficient, I respectfully recommend that we accept the offer of the Nelson Company to equip the two loaders with new wheels and heavy rubber tires, to which chains can

be attached, thereby fitting for service equipment that otherwise will become a loss.

Yours respectfully,
JAMES H. SULLIVAN,
Commissioner of Public Works.

Upon October 5 the Mayor approved a contract with Howard Brothers for the construction of artificial stone sidewalks. A communication from J. H. Sullivan of the Public Works Department was as follows:

October 1, 1926.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Howard Brothers, 412 Dorchester avenue, South Boston, is hereby requested, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,
J. H. SULLIVAN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon October 6 the Mayor approved a contract with Charles Struzziery for the construction of sewer on Rockwood street. A communication from James H. Sullivan, of the Public Works Department was as follows:

To the Honorable the Mayor.

Your approval is respectfully requested to the award of a contract, without advertising for the construction of a sewer on Rockwood street, West Roxbury, to Charles Struzziery, at an estimated cost of \$1,535.

In connection with his contract for sewerage works for Goldsmith brook, etc., Mr. Struzziery is working in Rockwood street at the present time and as the intention is simply to extend this sewer a distance of 150 feet the city feels that no advantage could be obtained by advertising for proposals for this extension, inasmuch as the prices to be paid are the same as those in the existing contract, with the exception of a new item for 150 feet of 10-inch pipe sewer at \$1.50 per foot, and are probably less than prices which would be obtained by advertising for proposals.

Yours respectfully,
JAMES H. SULLIVAN,
Commissioner of Public Works.

SCHOOLHOUSE DEPARTMENT.

Upon October 1 the Mayor approved a contract with J. C. Coleman & Sons Company for grading playfield for the Dorchester High School for Boys. A communication from Francis E. Slattery of the Schoolhouse Department was as follows:

Boston, September 30, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—The bids on grading playfield at the Dorchester High School for Boys, submitted to the Schoolhouse Commissioners and opened on August 12, were as follows:

J. C. Coleman & Sons Company, \$14,700; M. Solimando, \$14,876; M. Doyle & Co., \$15,425; John McCourt Com-

pany, \$16,643; C. Russo, \$23,000; S. J. Tomasello, \$24,340.

The lowest bidder is J. C. Coleman & Sons Company, whose bid exceeds the appropriation by \$513.58.

At a meeting of the Board held today, September 30, it was voted that all bids be rejected and that a net deduction of \$536 be made from the original proposal in order to bring the amount of the contract within the appropriation.

The Board, therefore, respectfully requests permission, if you deem it advisable, to award the contract to J. C. Coleman & Sons Company, without re-advertising, after deducting the foregoing item which will bring the amount of this contract to \$14,164, which is within the amount available at the present time.

A copy of the additions and deductions which make this net deduction \$536 is attached herewith.

As the season is getting late, the Board believes that considerable delay will be saved if your Honor would decide to award this contract as suggested.

Respectfully yours,
FRANCIS E. SLATTERY,
Chairman.

Deduction.

Wire fence, 930 linear feet, \$2,325.

Addition.

An extra depth of 6 inches of cinders in running track, \$1,299; laying 4-inch drain to drain track, \$490; total addition, \$1,789; net deduction, \$536.

SUPPLY DEPARTMENT.

Upon September 28 the Mayor approved a contract with R. & J. Farquhar Company for delivering flower bulbs to the Park Department. A communication from Herbert S. Frost of the Supply Department was as follows:

Boston, September 28, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the R. & J. Farquhar Company, 6 South Market street, for delivering to the Park Department the following at a total price of \$1,332:

One thousand tulips, Couleur Cardinal; 4,000 tulips, Pink Beauty; 4,000 tulips, Joost van ondel White; 3,000 tulips, Prince of Austria; 2,000 tulips, Park Beauty; 3,000 tulips, Proserpine; 2,000 tulips, Cottage Maid; 2,000 tulips, Wouwerman; 2,000 tulips, Keizerskroon; 2,000 tulips, Murillo; 5,000 tulips, Rose Luisante; 1,000 tulips, Sir Thomas Lipton; 1,000 tulips, Chrysolora.

This permission is asked for in order to secure the grade of tulips necessary for planting on the Public Garden.

I am attaching letter from W. P. Long, chairman of the Park Commission, recommending this purchase.

Respectfully yours,
HERBERT S. FROST,
Superintendent of Supplies.

Upon October 5 the Mayor approved a contract with firms as indicated below, for furnishings for the Master's House, at House of Correction, Deer Island. A communication from Charles E. Thornton of the Supply Department was as follows:

Boston, September 29, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is requested for authority to buy, without advertising, for the Master's House at House of Correction, Deer Island, furnishings as per schedule below:

To be purchased from Drake & Hersey Company, 84 Canal street, Boston: One bedroom suite, No. 508: Two four-poster twin beds, walnut; one dresser, two mattresses, two springs, one bedroom rocker, No. 529, \$209 net; one dining room suite, No. 2322, nine pieces, seats to be mohair, No. 3001, \$275; one divan, mohair, 80-inch, \$130; one fireside chair, mohair, No. 210, \$70—\$200; one table, No. 252-1111, \$27; one chair, No. 2584-908, \$37.50; one bedroom suite, No. 1604, walnut, six pieces with mirrors, one mattress, one spring, \$365.

To be purchased from McKenney & Waterbury Company, 181 Franklin street, Boston: Fixtures for nine rooms and two hallways as selected. To be wired ready for installation. Total cost not to be over \$300; one hot point electric iron, No. 115-F-51, \$6, less 25 per cent.

To be purchased from Henry N. Clark, 56 Union street, Boston: One No. 280 cabinet, Glenwood C, fitted with double mantle and ash chute with connections, to be porcelain finish, \$114.

This furniture is for the use of the new Master, recently appointed, and he has made, under the direction of the Supply Department, a personal selection of these articles.

At the present time there are no adequate arrangements at Deer Island to take care of himself and family, and for this reason permission for purchase is being asked.

Respectfully yours,
CHARLES E. THORNTON,
Acting Superintendent of Supplies.

Upon October 5 the Mayor approved a contract with the Selden Sales and Service Company for furnishing to the Weights and Measures Department one Selden Pacemaker. A communication from Herbert S. Frost, of the Supply Department, was as follows:

Boston, September 30, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Selden Sales and Service Company for furnishing the following to the Weights and Measures Department:

One Selden pacemaker, capacity two tons, six-cylinder, with cab, wheel base 120 inches, weight of chassis and cab 4,500 pounds; tires, standard equipment, 32 by 6 all around, \$2,705; less allowance on old Kelly-Springfield truck, \$450; net amount of contract, \$2,255.

This contract meets the requirements of the Sealer of Weights and Measures, and as the Selden Sales and Service Company are the manufacturers no advantage would be gained by publicly advertising for same.

Respectfully yours,
HERBERT S. FROST,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

SCHOOLHOUSE DEPARTMENT.

Walter Curley & Son have been allowed the following changes in the Everett School alterations, per Supervisor of Alterations Driscoll's letter of September 18, 1926; Furnishing and installing all new 8-inch by 12-inch hard pine beams and doubling up on the present 3-inch by 14-inch floor timbers to reinforce framing under the new partitions in assembly hall; doing all carpenter, painting and plastering work in relation with same, \$814; deductions as per estimate: Omitting under floor in assembly hall, \$112; net addition, \$702; and the amount of \$702 will be added therefor, making the account as follows: Contract price, \$8,930; total additions, \$702; amount of contract, \$9,632.

Walter Curley & Son have been allowed for the following changes in Roxbury High-Boston Clerical School, per Supervisor of Alterations Driscoll's letter of September 18, 1926:

Additions, as per estimate: Installing a new 2-inch galvanized-iron vent on first, second and third floors, with all painting, plastering and general work to complete same, \$247; placing screeds, 12 inches on center in gymnasium instead of 2 feet on center as called for in specifications, \$225; treating floors in clerk's office, library and gymnasium with Repello oil, two coats, \$250.80; erecting slate blackboards in drawing room, \$87; patch plastering in lunch room, corridors and stairways, \$165; total, \$974.80, and the amount of \$974.80 will be added therefor, making the account as follows: Contract price, \$23,220; total addition, \$974.80; amount of contract, \$24,194.80.

Phandor Company have been allowed to deduct from the contract for the Bennett District School the sum of \$900 for finish hardware for above school, per architect's letter of September 20, 1926, and the amount of \$900 will be deducted therefor, making the account as follows: Contract price, \$101,000; total additions, \$4,055.13; total deductions, \$900; amount of contract, \$104,155.13.

McLean Company have been allowed the following changes in the Girls' High School alterations, per Supervisor of Alterations Driscoll's letter of September 23, 1926:

Additions: New sheathed partition in teachers' room, fourth floor, \$100; painting woodwork in drawing room, fourth floor, \$100; furnishing a new drain and perforated iron cover for same in lunch room, \$175; changing gate and rail and relocating telephone booth in Master's office, \$75; total addition, \$450. Deductions: Omitting plaster partition in teachers' room, fourth floor, \$200; omitting floor drainer in lunch room as called for in specifications, \$75; total deductions: Omitting plaster partition in the amount of \$175 will be added therefor, making the account as follows: Contract price, \$5,947; total additions, \$175; amount of contract, \$6,122.

A. Piotti Company have been allowed the following for laying extra rubber flooring for aisles of assembly hall in East Boston High School as

shown on detail plans and required by the chair layout for the Schoolhouse Department, per architect's letter of September 7, 1926, and the amount of \$264 will be added therefor, making the account as follows: Contract price, \$1,105,870; total additions, \$39,779.54; total deductions, \$16,303; amount of contract, \$1,129,347.54.

J. J. Hurley & Company have been allowed the following changes in the Copley School for changing and running new cold water main, \$30; furnishing and installing concrete motor foundation, \$25; furnishing and installing additional galvanized-iron ducts, \$105; mason work for above, \$155; furnishing necessary iron lintels, \$35; total addition, \$350; per heating inspector's letter of September 15, 1926, and the amount of \$350 will be added therefor, making the account as follows: Contract price, \$7,532; total additions, \$350; amount of contract, \$7,882.

R. J. Connolly has been allowed the following addition for the various schools (seven portables), per Civil Engineer Patterson's letter of September 20, 1926: Portable No. 164, remove partition, build new sections of floor where plumbing was removed, \$126; set sixty-seven lights of glass, \$88; furnish and erect five new blackboards and chalk troughs, \$70; furnish and erect hook strap, fifty coat and hat hooks, \$30.60; Portable No. 8, bolt ceiling sections, \$76; Portable No. 152, build plank walks, \$75; new sills, \$160; change location, \$40; Portable No. 193, build new plank walks, \$75; new sills, \$160; change location, \$40; Portable No. 48, change windows, \$25.60; total additions, \$966.20, and the amount of \$966.20 will be added therefor, making the account as follows: Contract price, \$9,100; total additions, \$966.20; total deductions, \$1,400; amount of contract, \$8,666.20.

RECEIVES LETTER WRITTEN ON AIR PLANE TRIP.

Mayor Malcolm E. Nichols announced on October 4 he had received a letter from H. Ralph Badger, vice chairman Buffalo Air Board, relative to the visit of the Fifth Airways Conference in Boston. This letter was written in the open cockpit of an aeroplane, on a typewriter resting on the writer's lap, high in the air, and traveling at about 90 miles per hour. It was done as a means of saving time in writing about this memorable airway survey, while actually engaged on it, just as the planes themselves were used to save time in making the survey. The letter is as follows:

En Flight,

Boston, Mass., to Hartford, Conn.,
29 Sept., 1926. 9.17 A. M.

MY DEAR MAYOR NICHOLS,—I don't know how we can adequately express to you our deep feeling of appreciation and gratitude for your kind thoughtfulness and courtesy in tendering us the dinner last evening and in your presence there.

We shall take along with us to New York, and a great deal farther, the message you spoke to us in this Fifth Airways Conference of the present series. And now, while we are still under the jurisdiction of you as the chief magistrate of this great City of Boston,—even though the altimeter reads 3,500 feet as I write this,—may I remind you of our conversation at the table that I am sure, before your present term is concluded, you will be

considering a whole new world of administration, that above as well as in your city.

Cordially,

H. RALPH BADGER,
Vice Chairman Buffalo Air Board.

ROUMANIAN LEGATION REPLIES TO INVITATION FOR QUEEN TO VISIT BOSTON.

Mayor Nichols received the following letter from the Roumanian Legation:

THE ROUMANIAN LEGATION.

WASHINGTON, D. C.,

September 29, 1926.

HON. MALCOLM E. NICHOLS,

Mayor of Boston.

SIR,—I wish to express my gratitude for your very kind letter of September 27, 1926, extending to her Majesty the greetings of the City of Boston, and inviting her to visit your ancient city.

I have the pleasure to inform you that I have cabled the contents of your letter to her Majesty, and I will communicate with you as soon as I am in receipt of a reply.

Yours truly,

ANDREI POPOVICI,
For the Charge d'Affaires.

ORGANIZE BOARD TO STUDY SCHOOL CONSTRUCTION.

Mayor Nichols announced on October 1 that in compliance with communications addressed by him some time ago to the School Committee and the Schoolhouse Commission, requesting that they resolve themselves into a joint board for the purpose of considering schoolhouse construction and accommodations, the joint board will be organized within a day or two and will begin at once a study of the entire subject and report to the Mayor at the earliest possible moment its conclusions and recommendations.

BOSTON TRUST FUNDS AND BEQUESTS.

Number of permanent funds and bequests held by the City, Feb. 1, 1925, for various purposes, 146, representing a total value of \$19,049,281. The earliest dates back to 1674, viz., Gibson School Fund. The largest fund is the bequest of the late George F. Parkman, consisting of various parcels of real estate now sold and reinvested in bonds, all valued at \$5,455,653, the income from which is used for the upkeep and improvement of the older parks.

Nearly as large a bequest is that of the late George Robert White, consisting of first-class realty valued at \$4,922,400, also an invested fund amounting to \$330,000. Revenue in 1924 from White bequest, \$426,671, of which \$265,027 was expended for new Health Unit building in North End. (3) 3 Boston Retirement System funds, \$2,671,428; (4) 17 funds in charge of Public Welfare Overseers, amounting to \$1,015,063; (5) 10 Cemetery funds, \$957,247; (6) Public School Teachers' Retirement, \$887,182; (7) 3 Franklin and Franklin Union, \$839,710; (8) 43 Public Library funds, \$715,981; (9) Permanent School Pension, \$586,390; (10) Police Charitable, \$207,550; (11) 22 School funds, \$172,383; (12) 23 City Hospital funds, \$117,780; 20 others, \$170,514. Average annual income from all invested funds, nearly 4 per cent.

EXTRA WORK UNDER CONTRACT.

M. F. Gaddis has been directed to perform the following extra work under the contract for laying recut granite block and bitulithic pavement in Adams street, from Park street to King street. Items ordered: Reset edgestone and relay granite block pavement on a gravel base with grout joints in Neponset avenue, from Adams street to Victory road.

Prices to be paid the same as those bid for similar work in the original contract. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$2,500.

Antony Cefalo has been directed to perform the following extra work under the contract for building sewerage works for Sumner brook in private land from Neponset River to River street near Wood avenue, Hyde Park. Items or-

dered: Remove existing private water hydrant and 6-inch private water pipe between station 6+82 and 7+60 coming in line of main trench and relay same outside of main trench; remove soft coal dumped in line of main trench between station 0+40 and 3+00 from time to time by Tileston-Hollingsworth Company from railroad siding outside area shown on plans. Estimated cost of extra work, \$540.

MORTALITY REPORT.*

For the week ending October 2, 1926:
Population estimated, July, 1925,
United States Census estimate, 787,132
(862,523); number of deaths (stillbirths
excluded): Residents, 140; nonresidents,
36; total, 176.

Death rate per 1,000 of population: All
deaths, 11.66 (10.64); nonresidents de-
ducted, 9.27 (8.46).

Death rate per 1,000 of population:
Last week 15.77 (14.47); corresponding
week last year, 13.19.

Deaths by age periods, sex, etc.:
Under one year, 28; one year to 5 years,
inclusive, 10; sixty years and over, 58;
total deaths: Male, 87; female, 89;
deaths in hospitals and institutions, 97;
deaths of colored, 5.

* Figures in parentheses indicate estimates of Boston Statistics Department as of January 1, 1926.

CHANGES IN CONTRACT.

PARK DEPARTMENT.

Warren Brothers Company have been directed to make the following changes in the contract for pavement on Commonwealth avenue (side drive), between Washington street and Leamington road, signed August 25, 1926:

1. Take down and dispose of existing pipe rail fence with wood posts along the side of the road and erect complete new fence three feet six inches high, with concrete posts eight feet on centers; posts to be furnished by the city; fence to have two parallel pipe railings of one and one quarter inch standard weight galvanized steel pipe. Do all excavating for this work and dispose of all surplus materials. For each linear foot of new fence erected complete, including the removal of the old fence, the sum of \$1.15 will be added to contract price.

2. Excavate loam from area on slope adjacent to the new roadway between Leamington road and approximately one hundred feet north, all to be used for reloaming after the filling and grading. Furnish, spread and compact solid earth filling or crushed stone within this area so as to change the grade, that the slope will be straight from the entrance walk to the car landing to the new roadway. Spread the loam originally excavated from this area to a uniform depth of six inches. Construct a walk of crushed stone macadam four inches in depth, eight feet wide down this new slope to the car landing along the northerly area where the grade is changed.

For all work in rebuilding this slope, including the construction of the walk, the sum of \$950 will be added to contract price.

3. Make foundation for pavement at the new Washington street crossover adjacent to the car rails of 1-2-4 concrete; build three new brick catch-basins, clean out all of the existing catch-basins and drain pipes, replace concrete approaches to sidewalk where grade for roadway is raised, resurface macadam approaches, all as directed by this department in accordance with Article 2, to be paid for under Article 8, the cost of labor plus 15 per cent and the cost of the materials.

4. Omit approximately six hundred square yards of macadam foundation, Item 6, at cross street intersections. For each square yard of macadam foundation omitted the contract price per square yard of 25 cents will be subtracted from contract price.

5. Omit approximately six hundred square yards of bitulithic pavement, Item 8, at cross street intersections. For each square yard of bitulithic pavement omitted the contract price per square yard of \$2 will be subtracted from contract price.

Additions.

Five hundred sixty linear feet of pipe rail fence at \$1.15, \$644 (estimated); rebuilding slope, etc., \$950 (estimated); concrete foundation for pavement, building catch-basins, cleaning catch-basins and drains, etc., cost of labor plus 15 per cent, and cost of materials, \$1,250 (estimated); total additions, \$2,844 (estimated).

Deductions.

Six hundred square yards macadam foundation at \$0.25, \$150 (estimated); 600 square yards bitulithic pavement at \$2. \$1,200 (estimated); total deductions, \$1,350 (estimated); additions, \$2,844 (estimated); deductions, \$1,350 (estimated); net addition, \$1,494 (estimated); contract price, \$24,070 (estimated); addition as per this order, \$1,494 (estimated); contract as standing, \$25,564 (estimated).

FIRE DEPARTMENT ORDERS.

General Order No. 67.

I. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m. Friday, October 1, 1926:

Hoseman Charles E. Whiting, Engine 1.

Hoseman Whiting was appointed to this department June 22, 1892, and during his entire service of thirty-four years has been attached to Engine 1. He leaves the department with the best wishes of his associates.

II. PROMOTION.

The following promotion is hereby announced to take effect at 8 a. m. Friday, October 1, 1926.

Hoseman Francis B. Hanron, Engine 37, to be assistant engineer.

III. TRANSFERS.

The following transfers are hereby ordered to take effect at 8 a. m. Friday, October 1, 1926:

Lieut. Roger T. White, from Engine 6 to Engine 4; Lieut. Edward S. Humphrey, from Engine 4 to Engine 6; Assistant Engineer Francis B. Hanron, from Engine 37 to Engine 28; George A. Jones, from Engine 4 to Engine 34; Albert H. Fearnley, from Engine 34 to Engine 4.

IV. CHANGES IN ASSIGNMENT OF APPARATUS.

The following changes in assignment of apparatus are hereby announced to take effect at 8 a. m. Friday, October 1, 1926:

Box 2275—Drop Ladder 10 on first alarm, add on second alarm; drop Ladder 12 on second alarm, add on first alarm.

Box 2191—Drop Ladder 10 on first alarm, add on second alarm.

Box 2277—Drop Ladder 4 on second alarm, add on first alarm; drop Engine 28 on first alarm, add on second alarm; drop Engine 24 on second alarm, add on first alarm.

V. NEW BOX CIRCUITS.

Two new box circuits have recently been established, with the following boxes included in them:

Circuit No. 71.

Box 2486 out of circuit 23.
Box 2496 out of circuit 23.
Box 2524 out of circuit 52.
Box 253 out of circuit 65.
Box 2541 out of circuit 65.
Box 2543 out of circuit 65.
Box 2572 out of circuit 25.
Box 2574 out of circuit 25.
Box 264 out of circuit 65.
Box 2641 out of circuit 65.
Box 2725 out of circuit 23.

Box 2728 out of circuit 23.
 Box 2733 out of circuit 23.
 Box 2735 out of circuit 23.
 Box 2743 out of circuit 13.
 Box 2746 out of circuit 13.
 Box 2747 out of circuit 13.
 Box 2751 out of circuit 13.
 Box 2752 out of circuit 13.
 Box 2757 out of circuit 13.

Circuit No. 72.

Box 2166 out of circuit 25.
 Box 2185 out of circuit 25.
 Box 2186 out of circuit 25.
 Box 2515 out of circuit 65.
 Box 2517 out of circuit 65.
 Box 2522 out of circuit 65.
 Box 2523 out of circuit 65.
 Box 2533 out of circuit 65.
 Box 2552 out of circuit 52.
 Box 2554 out of circuit 25.
 Box 2557 out of circuit 25.
 Box 2575 out of circuit 25.
 Box 2576 out of circuit 25.
 Box 2577 out of circuit 25.
 Box 2611 out of circuit 42.
 Box 2614 out of circuit 25.
 Box 2616 out of circuit 42.
 Box 2619 out of circuit 25.
 Box 2711 out of circuit 13.
 Box 2713 out of circuit 13.

Company commanders will see that the above changes are made in assignment and circuit cards.

By order of Fire Commissioner
 Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

VISITOR, DEPARTMENT OF PUBLIC WELFARE, OCTOBER 21, 1926.

Requisition is for a female but the examination is open to both males and females.

The entrance salary for this position is from \$1,200 to \$1,440 per year.

Applicants must be not less than twenty-one nor over forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application.

The duties of this position are to investigate and visit in connection with the discharge and placement of men, women, and children from the State Infirmary, including follow-up work, medical and social, also to investigate applications of needy persons for assistance.

HEAD SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, OCTOBER 21, 1926.

Requisition is for a female but the examination is open to both males and females.

The salary is \$1,440 per year.

This position is at the Medfield State Hospital. The duties of the position are to have charge of all the social service work in the hospital, having one other worker under supervision. It is desirable that applicants have a college education and be graduates of a psychiatric school of social work which should include practical work in a hospital of mental diseases.

STATIONARY ENGINEERS, STATIONARY FIREMEN, MARINE ENGINEERS, MARINE FIREMEN AND OILERS, OCTOBER 21.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service.

The examination for each kind of position will include a statement of training and experience, a physical examination, and the possession of a license, either (a) as first, second, or third class stationary engineer; (b) as first or second class stationary fireman; (c) as chief, first assistant or second assistant marine engineer. Oilers and marine firemen are not required to have a license.

The date given above is not the actual examination date, but the date on which, as nearly as possible, applicants who have filed applications will be given a physical examination.

WATER INSPECTORS AND METER READERS, OCTOBER 22, 1926.

This examination will be held for the service of the various cities of the Commonwealth and of such towns as are classified under civil service. From the eligible list established as a result of this examination, names will be certified to fill present vacancies and such other vacancies as may occur.

The subjects of examination with their respective weights will be as follows: Training and experience, 5; report writing, 1; practical questions, 4; total, 10.

Applicants will be required to obtain at least 65 per cent in training and experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

Upon filing application, persons will receive a manual of information pertaining to the work of water inspector and meter reader, upon which the practical questions will be based. Applicants are, however, cautioned to inquire personally or by letter should they fail to receive this manual of instruction.

ASSISTANT MATRON, BOSTON OVERSEERS OF PUBLIC WELFARE, OCTOBER 23, 1926.

Salary, \$65 per month and maintenance.

The duties of the position consist of general institutional housework at the Temporary Home for Women, and the management of the Home in the absence of the head matron. It is desirable that applicants be familiar with the care of young children, in the care of girls between the ages of 14 and 21, and in the care of elderly women.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions and at least 65 per cent in training and experience, in the oral interview and in general average in order to become eligible.

Physical examination required.

EDITOR (MALE) BOSTON STATISTICS DEPARTMENT, OCTOBER 23, 1926.

Salary, \$2,100 per year.

Applicants must be not less than thirty-five years of age at the time of filing application.

A certificate of date of birth must be filed with the application.

The duties of the position are the compilation and editing of (a) Boston Year Book; (b) Municipal Register; (c) Boston Statistics; (d) Special publications; the review and correction of annual department reports; the compilation of special reports for the Mayor, the City Council, domestic and foreign correspondence. It is desirable that applicants have experience in editorial work on a newspaper or reputable magazine, have a general knowledge of current affairs, and the functions of the municipal departments, boards, committees, etc., in the City of Boston, also experience in proofreading.

Subjects and weights: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain at least 50 per cent in practical questions and at least 65 per cent in training and experience, in the oral interview and in general average in order to become eligible.

ASSISTANT DIRECTOR (MALE), DEPARTMENT OF AGRICULTURE, OCTOBER 23.

The salary is \$3,000 per year.

This position is in the Division of Reclamation, Soil Survey and Fairs. The duties of the position are to have charge of the law enforcement of the department, to advise the department on various legal questions, assist in organizing certain farmers' co-operative enterprises, to follow agricultural legislation in this Commonwealth and in other states, to assist farmers in drafting bills, to have charge of the library and of the general information service of the department, address agricultural meetings, and represent the department at certain conferences when asked by the commissioner. Applicants must be graduates of an agricultural college and have at least three years legal training.

The subjects and weights of the above examinations are as follows: Training and experience, 4; practical questions on the duties of the position, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination.

Successful applicants will be required to file a certificate from a reputable physician as to their physical fitness for the position.

STENOGRAPHER (MALE), BOSTON POLICE DEPARTMENT, OCTOBER 25, 1926.

Salary, \$2,000 per year.

Applicants must be able to take dictation at the rate of 175 words per minute.

Subjects and weights: Training and experience, 5; stenography, 5; business correspondence, 2; word knowledge, 1; grammar, 1; reasoning, 1; total, 15.

Two sets of dictation at the rate of 175 words a minute will be given, from which the applicants will elect one for transcription. The transcription is marked for both speed and accuracy.

Applicants will be required to obtain at least 65 per cent in accuracy of transcription and in general average in order to become eligible.

The minimum age limit for this examination is sixteen years.

Specimen examinations available.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 964.

A trial board consisting of Captains Fitzgerald, Rooney and Smith, having heard by reference a complaint against Patrolman John Wedder of Division 6, charging him with neglect of duty, reported to the commissioner a finding of guilty. In accordance with which it is hereby ordered that the said Patrolman John Wedder perform two hundred and ten (210) hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 965.

The resignation of Patrolman William P. McCarthy of Division 19 having been presented while charges against him are pending, it is hereby accepted, to take effect as of Monday, October 4, 1926, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 966.

LIST OF PUBLIC HACKNEY CARRIAGE STANDS AMENDED.

An amendment in the public hackney carriage stands enumerated on page 28 of the new edition of the Hackney Carriage Regulations, and on page 227 of the new edition of the Police Pocket Directory, is hereby announced to the department, to take effect at 7.45 o'clock a. m., Thursday, October 7, 1926:

Public Hackney Carriage Stands (Day and Night). Abolished.

Police Division 2, Atlantic avenue (362 to 368), 2 carriages.

Established in Their Place (Day and Night).

Police Division 2, Atlantic avenue (between 366 and driveway to Foster's Wharf), 1 carriage allowed.

Officers, on whose route the stands affected by this order are located, should be particularly instructed as to this change, and the time that it goes into effect.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

Laundry, 31 Union Park street, Ward 3.

Laid over a week under the law.

BONDS OF CITY COLLECTOR AND TREASURER.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—The amounts of the annual bonds given by the City Treasurer and the City Collector of the faithful performance of their duties have not been increased for a period of over forty years and in view of the tremendous increase in the financial transactions of both officials, I deem it proper that there should be a substantial increase in the amounts of their respective bonds.

I am submitting herewith an amendment to the ordinances which shall provide such increase, the amount of the annual bond of the City Treasurer to be fixed at \$300,000 instead of \$150,000 as at present, and the amount of the annual bond of the City Collector to be fixed at \$150,000 instead of \$75,000 as at present.

I respectfully recommend the adoption of the accompanying ordinance.

Very truly yours,
MALCOLM E. NICHOLS, Mayor.

An Ordinance Concerning the Bonds of the City Collector and the City Treasurer.

Be it ordained by the City Council of Boston, as follows:

Chapter three of the Revised Ordinances of 1925 is hereby amended in section three, by striking out in the clause establishing the bond of the city collector the words "seventy-five thousand dollars" and inserting in place thereof the words, "one hundred and fifty thousand dollars," and by striking out in the clause establishing the bond of the city treasurer the words "one hundred and fifty thousand dollars" and inserting in place thereof the words "three hundred thousand dollars."

Referred to the Committee on Ordinances.

MEAL PERIODS FOR FIREMEN.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1926.
To the City Council.

Gentlemen,—I received from the Fire Commissioner a letter, a copy of which I inclose, in which the Fire Commissioner recommends the passage of an ordinance which will give to the members of the Fire Department who are obliged to work twenty-four hours every sixth day, in order to carry out the provisions of the two-platoon ordinance, meal periods on such days of one and one quarter hours while on such tour of duty.

I approve the recommendation and submit for your favorable consideration the accompanying proposed ordinance.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Fire Department, September 9, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—In accordance with sections 2 to 5, inclusive, of chapter 15 of the Revised Ordinances of 1925, the Fire Department of this city is divided on a two-platoon basis. No provision is made for meal periods for the men who are obliged to work twenty-four hours every sixth day in order to carry out the provisions of the two-platoon ordinance.

I believe it would be beneficial to the health and comfort of the men if they were allowed at least one meal period on the day on which they are performing a tour of duty for twenty-four hours.

I therefore suggest that your Honor recommend to the City Council the passage of an ordinance providing that members of the Fire Department who are on a twenty-four hour tour of duty be allowed one meal period of one and one quarter hours while on such tour of duty.

This will not entail any additional expense nor will it require the appointment of any more men.

Yours very truly,
E. C. HULTMAN,
Fire Commissioner.

An ordinance concerning meal periods of members of the Fire Department.

Be it ordained, etc.,
Section three of chapter fifteen of the Revised Ordinances of nineteen hundred and twenty-five be and the same is hereby amended by adding at the end of said section the following:—and provided further that each member of the fire department while on a twenty-four hour tour of duty may be allowed one meal period of one and one quarter hours while on such tour of duty—so that section three as amended shall read:

Section 3. The hours of duty of the day force shall be from eight o'clock ante meridian to six o'clock post meridian, and the hours of duty of the night force shall be from six o'clock post meridian to eight o'clock ante meridian; provided, that on every third day, for the purpose of alternating the day force with the night force and vice versa, the number of hours of duty herein stated may be exceeded, but one force shall be at liberty at all times, except as otherwise provided in section four of this ordinance, and provided further that each member of the fire department while on a twenty-four hour tour of duty may be allowed one meal period of one and one quarter hours while on such tour of duty.

Referred to Committee on Ordinances.

TRANSFER FOR BRIGHTON COURT.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—I am in receipt of a request from the justice of the Brighton Court for the appointment of a clerk in the probation service of said court and I respectfully recommend adoption of the accompanying order which will make available the necessary funds.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$300, to the appropriation for Municipal Court, Brighton District, Clerk, 1 at \$1,200 per year, \$300.
Referred to the Executive Committee.

LAYING OUT OF NORMANDY STREET.

The following was received:

City of Boston,
Office of the Mayor, September 30, 1926.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Street Laying-Out Department in

reply to your order of June 14, 1926, in relation to laying out of Normandy street, from Devon street to Stanwood street, Ward 14.

Very respectfully,
MALCOLM E. NICHOLS, Mayor.

Boston, June 21, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—Replying to the order of the City Council relative to accepting Normandy street, from Devon street to Stanwood street, Ward 14.

As the Board is at present advised it feels that the entire street should be treated as one job.

Although the request is a modest one it would leave a bad situation, as the major portion of the street, between the two ends, would make an unpleasant hiatus.

Respectfully,
For the Board of Street Commissioners,
THOMAS J. HURLEY, Chairman.
Placed on file.

RELEASE TO IRA W. SHAPIRA.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1926.
To the Honorable the City Council.

Gentlemen,—The City of Boston, through the Board of Street Commissioners, for the purpose of widening Tremont street, took by right of eminent domain a portion of the premises of Ira W. Shapira, trustee of the Whitehall Realty Trust. The premises from which the portion was taken are located partly on Tremont street and partly on Warrenton place, a private way.

It has long been the custom of the city, when making a settlement for damages for takings by eminent domain, to require the party to make a deed to the city of the premises so taken. A settlement was made with Ira W. Shapira, trustee, and a deed was taken. There was included in said deed not only the premises taken but also a portion of Warrenton place and rights therein which belonged to the said Ira W. Shapira, as trustee, and should not have been included in the deed. If the title to the additional premises and rights which is now vested in the city, because of the deed taken, is not disclaimed an injustice will be done to the said Ira W. Shapira, trustee, and the city will have certain property for which no compensation has been paid by way of damages. The additional property and rights are unnecessary for the widening of Tremont street and its improvement, and having been advised by the Law Department that the mistake as made should be rectified, I recommend the passage of the accompanying order for your favorable consideration.

Yours very truly,
MALCOLM E. NICHOLS, Mayor.

Whereas, By a Resolve and Order of the Board of Street Commissioners of the City of Boston, passed March 26, 1925, an easement was taken to widen Tremont street in the City of Boston; and

Whereas, Certain premises within the limits of said taking belonged to Ira W. Shapira, as trustee of the Whitehall Realty Trust; and

Whereas, The said Ira W. Shapira, trustee of the Whitehall Realty Trust, executed to the City of Boston for street purposes a deed of the said premises which belonged to him as trustee of the Whitehall Realty Trust, which were within the limits of said taking, and in addition thereto a portion of Warrenton place, so called, and rights therein which were not within the limits of said taking; said deed is dated June 26, 1925, and recorded with Suffolk Deeds, Lib. 4711, page 161; and

Whereas, The purposes of said deed from said Ira W. Shapira, trustee as aforesaid, to the City of Boston was to convey to said City of Boston for street purposes the premises which belonged to the said Ira W. Shapira, trustee as aforesaid, which were within the limits of said taking;

Now, Therefore, it is ordered, That the Mayor of said City of Boston be and he hereby is authorized in the name and behalf of said city of Boston to affix the corporate seal of said city and to sign and deliver in form satisfactory to the Law Department of said City of Boston a disclaimer of all title to any and all premises which it acquired by virtue of said deed to any land or property which were not within the limits of said taking or within the limits of the second taking made by a Resolve and Order of the said Board of Street Commissioners, passed June 22, 1925, except the right to slope and bank the filling of said Tremont street to the grade established by said Resolves and Orders upon the remaining land of said Ira W. Shapira, which was adjacent to the land taken by said Resolves and Orders.

Referred to the Committee on Public Lands.

UNIFORMS OF FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—I transmit herewith a communication from Commissioner E. C. Hultman, Fire

Department, in reply to your order of July 12, 1926, in relation to changing the uniforms of the Fire Department to a style and weight which will relieve wearers of the discomfort they experience with the present regulation dress.

Very truly yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Fire Department, August 5, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I return herewith the following order passed by the City Council on July 12, 1926:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to report to the City Council upon the advisability of changing the uniforms of the Fire Department to a style and weight which will relieve the wearers of the discomfort they experience with the present regulation dress.

I have given this matter careful consideration and had a committee of the uniformed force also make a study of the situation. I find that up to 1925 the City of Boston was furnishing the men with uniforms made of 16-ounce cloth and 20-ounce cloth. Numerous complaints were received that the 16-ounce cloth was easily torn and would not hold its shape. In general it was an unsatisfactory weight. It was felt that the 20-ounce cloth was too heavy for all around wear, and it was decided at that time to issue uniforms made of 18-ounce cloth which have proven very satisfactory and with far less complaint.

The committee which went into the matter states, "With the exception of a small percentage of the members of the department, it is not necessary to wear the uniforms but very little while they are on duty. The greatest length of time the uniform is worn is while they are going to or returning from duty to their homes, which will approximately average thirty minutes each way. Furthermore, the present rules of the department allow members on house patrol to discard the uniform coat during extremely hot weather."

Yours very truly,
E. C. HULTMAN,
Fire Commissioner.

Placed on file.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—I beg to submit herewith a letter from the Park Department providing for the transfer from the income of the George F. Parkman Fund \$128,500 to be used for certain park purposes stated in the accompanying letter. I respectfully recommend the adoption of the accompanying order by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, October 2, 1926.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to make a request on the City Council for a transfer from the income of the George F. Parkman Fund of the following amounts which are now available for the purposes stated below:

Boston Common and Public Garden Improvements.....	\$25,000
These improvements consist in the care of trees on Boston Common and Public Garden	\$2,500
Repairs to existing granolithic walks and building of new walks, Boston Common	5,000
Continuation of iron fence from Park square to a point at Tremont street, with openings in said fence to control traffic, and repairs to present walk on Boylston street.....	7,500
Resetting curbing and blocks around Public Garden Pond, drainage, etc.; resetting, straightening and painting iron fence on Public Garden.	8,000
Repairs to office building, convenience station, Parkman Bandstand, toolhouse, etc.,	2,000
Purchase of Fish for the Aquarium, exhibition purposes, repairs to old tanks and building of new tanks, etc.....	10,000
Purchase of Animals, Birds, etc., for Zoo, Fens Improvements.....	5,000
	35,000

These improvements will consist in the continuation of the two one-way road system from Queensberry street to Fens Bridge, which will remove the most dangerous traffic condition in the Park System; also, the laying of granolithic walks, planting of trees, etc.

Franklin Park, Improvements.....	12,000
These improvements will consist of permanent walks to remove the undesirable conditions that exist at the present time and especially in the spring of the year.	
Improvements and Repairs to Highland Park, Roxbury.....	5,000
These repairs consist of the placing of the old stand pipe in a safe condition, which has been partially destroyed and made unsafe through vandalism; repairs to walks, placing of settees, etc.	
Purchase of Snow Equipment.....	16,500
For Marine Park, Franklin Park and Boston Common.	
Two five-ton Holt tractors..	\$10,000
Two two-ton Holt tractors..	6,300
Two additional "V" plows..	200
	<u>\$128,500</u>

Very respectfully yours,
FRANK L. BRIER,
Acting Chairman.

Ordered, That the sum of \$128,500 be and hereby is appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887, as follows:

Boston Common and Public Garden Improvements.....	\$25,000
Animals, birds, etc.....	15,000
Fens Improvements.....	55,000
Franklin Park, Improvements.....	12,000
Highland Park, Improvements.....	5,000
Departmental Equipment.....	16,500
Referred to the Committee on Parkman Fund	

DEPARTMENTAL TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—I am in receipt of the attached requests for transfers within departmental appropriations and respectfully recommend adoption of the accompanying orders by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to make the following transfer in the appropriations for Hospital Department:

To the City Council.

Gentlemen,—You are hereby notified that, under the provisions of section 2 of chapter 486 of the Acts of 1909, the loan order of \$235,000 for Massachusetts Avenue Bridge, recommended by the Mayor and filed with the City Clerk on August 2, 1926, not having been rejected or withdrawn within sixty days after said date, was in force on October 2, 1926, as if adopted by the City Council.

Respectfully,

JAMES DONOVAN,

City Clerk.

Severally placed on file.

LAND-TAKING ON TENEAN STREET.

A copy of an order of the Metropolitan District Commission taking certain land on Tenean street, for Old Colony Parkway, was received and placed on file.

In connection with the taking Coun. DOWLING offered the following:

Whereas, The Metropolitan District Commission did, on the thirtieth day of September, A. D. 1926, take certain lands and rights in land referred to and described in an order of taking, a duly attested copy of which has been submitted, which real estate lies in the City of Boston and County of Suffolk, and is shown upon a plan entitled, "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Old Colony Parkway, Plan of Taking on Tenean Street, Boston, from the estate of John J. Pinton, . . . April 8, 1926, John R. Rablin, Chief Engineer," being Metropolitan District Commission, Parks Division, Plan No. 801;

Ordered, That the City Council of the City of Boston, in conformity with section 80 of chapter 92 of the General Laws, hereby concurs with said Metropolitan District Commission in said taking and in every act, matter and thing connected therewith.

Referred to the Executive Committee.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

Chairman DOWLING called up under unfinished business, Nos. 1 to 3 on the calendar, viz.: Action on appointments submitted by the Mayor September 20, 1926, viz.:

1. Robert R. Hartung, to be a Constable.

2. Abraham Fine, H. J. Clark, J. S. Richardson, Walter R. Amesbury, Louis L. Quinn, William J. Delaney and Alicia Flanagan, to be Weighers of Coal.

3. Kenneth S. Nugent, Joseph J. Pittelli, Richard A. Brown and Robert P. Bullard, to be Weighers of Beef.

The question came on confirmation. Committee, Coun. Fitzgerald and Parkman. Whole number of ballots 17, yeas 17, and the appointments were severally confirmed.

SALE OF ARCH STREET PROPERTY.

Chairman DOWLING called up, under unfinished business, No. 4 on the calendar, viz.:

4. Ordered, That his Honor the Mayor be and he hereby is authorized to sell at public auction, at an upset price of \$135,000, the land and buildings numbered 41-48 Arch street and 8-12 Hawley place, containing 3,862 square feet, more or less, and execute a deed of the same to the purchaser in form satisfactory to the Law Department.

On September 20, 1926, the foregoing order was read once and passed, yeas 16, nays 0.

The order was given its second reading and passage, yeas 20, nays, Coun Ward, 1.

LEASE OF LAND.

Coun. McGRATH, for the Committee on Public Lands, submitted a report on the order (referred September 20) for the lease of certain land in Washington street, West Roxbury, recommending the passage of the following:

Ordered, That his Honor the Mayor be hereby authorized, in the name and behalf of the city, to execute and deliver to John J. McDonough and John J. Burke a lease, satisfactory in form to the Law Department, for a term of fifteen years, with an annual rental of two hundred dollars, of a certain parcel of land near Washington street, West Roxbury, taken for Stony Brook sewerage works, containing approximately 4,200 square feet, and bounded northerly by the West Roxbury branch of the New York, New Haven & Hartford Railroad, and southerly by land of said McDonough, upon conditions that no buildings shall

be erected on said land, that the rights of the city to enter on and to maintain its sewerage works in said land shall not be impaired, and that any assignment of said lease shall be subject to the approval of the Commissioner of Public Works.

The order was read once and passed, yeas 20, nays 0.

Assigned for fourteen days for final action.

WIDENING PIKE'S ALLEY.

Coun. FITZGERALD offered an order—That the City Planning Board be requested, through his Honor the Mayor, to report on the advisability of widening Pike's alley, from Chambers to Leverett streets, Ward 3, to a width of 20 feet for foot travel only.

The rule was suspended and the order was passed.

CLEANING STREETS IN WARD 9.

Coun. WARD offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to have the main thoroughfares and side streets in Ward 9 thoroughly cleaned.

The rule was suspended and the order was passed.

PAVING HIGHLAND STREET.

Coun. WARD offered an order—That the Commissioner of Public Works be requested, through his Honor the Mayor, to have Highland street, Ward 9, repaved with new paving.

The rule was suspended and the order was passed.

LAYING OUT OF ROXTON STREET.

Coun. RUBY offered an order—That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Roxton street, Ward 14, as a public highway.

The rule was suspended and the order was passed.

SIDEWALK CONSTRUCTION.

Coun. McMAHON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Geneva avenue, in front of 336, Ward 15, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Corwin street, westerly side, from Arcadia street to Westville street, Ward 15, in front of the estates bordering thereon, said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the orders severally passed.

WIDENING OF WASHINGTON STREET, DORCHESTER.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to widen to a width of eighty feet Washington street, Dorchester, from Centre street to Lyndhurst street.

The rule was suspended and the order passed.

OPENING OF POLLS.

Coun. WILSON offered the following:

Ordered, That the Legislative Committee of the Boston City Council present for favorable action by the Massachusetts Legislature an act which will permit the opening of the polls in the City of Boston on election and primary days at a later hour than 6 a. m.

The rule was suspended and the order passed.

REPAVING CALUMET STREET.

Coun. FREELEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have Calumet street, Ward 10, repaved with smooth paving from Hillside street to Parker street.

The rule was suspended and the order was passed.

REPAVING HILLSIDE STREET.

Coun. FREELEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have Hillside street, Ward 10, repaved with smooth paving, from Parker street to Parker Hill

avenue.
The rule was suspended and the order passed.

HEALTH UNIT IN WARD 10.

Coun. FREELEY offered the following:
Ordered, That the George Robert White Fund Trustees be requested to consider locating a health unit in Ward 10.
The rule was suspended, and the order passed.

MEDICAL TREATMENT OF INJURED POLICEMEN AND FIREMEN.

Coun. DOWD offered the following:
That the Board of Trustees of the City Hospital be requested, through his Honor the Mayor, to provide a sufficient sum of money to be used for the proper care and treatment of policemen and firemen who are injured or maimed while in the performance of their duty.

Coun. DOWD—Mr. Chairman, in presenting that order my attention has been called to a recent shooting affair in the City of Boston where a policeman—Officer Fitzpatrick—was shot, was sent to the City Hospital dangerously ill and injured while in line of duty, and his wife was compelled to hire a private room in the City Hospital, and was compelled to have a day and night nurse at an expense of over \$100 a week. It is my contention in presenting this order that any firemen or policemen who are injured in their respective lines of duty should at least have the best medical attention and care that the City of Boston is able to provide for them at no expense to themselves.

Coun. GUILD—Mr. Chairman, I am in hearty accord with what the previous speaker has stated with regard to the advisability of providing medical and surgical attention for the police officers and firemen injured in the line of duty. His remarks, however, have presented a situation which may be well worth the time of this body to investigate. If it is true that a police officer or fireman cannot get attention at the Boston City Hospital for less than \$100 a week, then that is a situation of which the public should be informed, and this body in particular.

Coun. WARD—Mr. Chairman, I am familiar with the case referred to by Coun. Dowd, and I am in position to assure the councilor from Jamaica Plain that it will cost any person going to the City Hospital to receive the attention which this officer needed during this emergency \$100 a week for special nurses at \$12 per day.

The rule was suspended and the order passed.

REPAVING PORTER STREET, WARD 11.

Coun. ENGLERT offered the following:
Ordered, that the Commissioner of Public Works be requested, through his Honor the Mayor, to have Porter street, Ward 11, repaved with smooth paving.

The rule was suspended and the order passed.

REPAVING SCHOOL STREET, WARD 11.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have School street, Ward 11, repaved with smooth paving.

The rule was suspended and the order passed.

SIDEWALK ON MAPLE STREET, WARD 18.

Coun. WRAGG offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along the southeasterly side of Maple street, between Oak street and Pine street, Ward 18, in front of the estates bordering thereon: said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

SIDEWALKS IN WARD 16.

Coun. GILBODY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Parkman street, both sides, from Dorchester avenue to Adams street, Ward 16, in front of the estates bordering thereon: said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Ashmont street, Carruth street to Adams street, both sides, Ward 16, in front of the estates bordering thereon: said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along 249 Park street,

Dorchester, Ward 16, in front of the estates bordering thereon: said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.
The rule was suspended and the orders were severally passed.

OPENING SCHOOL YARDS FOR PLAY-GROUNDS.

Coun. McGRATH offered the following:
Whereas, The increasing number of auto accidents involving children, especially on Saturdays, is reaching alarming proportions and
Whereas, The establishing of new community playgrounds would serve to decrease the number of such accidents by keeping children off the streets during play hours; be it therefore

Ordered, That the School Committee of the City of Boston be requested to consider the advisability of keeping open for play purposes the yards of all available schoolhouses in Boston, after school hours until sundown and all day on Saturday.

Coun. McGRATH—Mr. Chairman, I was reminded by yesterday morning's papers of the number of accidents among small children, school children, especially on Saturday, they are accustomed to go five days a week into the school yard, and under the guidance of a teacher they play there at recess and during the meal hour time. Later on, when the school closes, the janitor comes out about half past four and locks the gates, forcing the children out into the streets, and it seems to me that, with the amount of money that is expended every year for building new school buildings and building large available yards around the school buildings, we have a couple of hundred playgrounds at our disposal right in the city, so that all that is necessary to do is to unlock the gates and until sundown and all day on Saturday let the children go back into the yards where they have been accustomed by discipline to play properly, and bring them off the streets, and as automobiles increase more and more on the city streets, which today in crowded sections are the playgrounds for the children, it would be well for us, for the sake of saving life and limb among those small children who cannot care for themselves, to open the doors of the school yards and allow the children to go in there and establish a couple of hundred community playgrounds in our city without expense to the taxpayers.

The rule was suspended and the order passed.

RECESS TAKEN.

On motion of Coun. PARKMAN the Council took a recess at 3.10 p. m. The Council reassembled in the Council Chamber at 4.30 p. m.

STREETS LAID OUT.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the City Council.

Gentlemen,—In reply to your order under date of September 20, 1926, for information as to the names and locations of all streets actually laid out by the Board of Street Commissioners, from the million dollars appropriated in 1926, and upon which street work has actually been commenced to date, by the Public Works Department, I submit the following:

Sewerage Works.

Six streets—Have been completed.
Two streets—Are in process of completion.
Three streets—Contracts have been awarded.
Three streets—Bids opened on September 29, 1926.
Six streets—Bids are now being called for by public advertising.
One street—Work on catch-basins in preparation.
One street—Bids to be opened on October 11, 1926.
Three streets—Order of acceptance has been signed.

Accepted and Ordered to be Laid Out.

Dorchester District—Courtland road, Dunkeld street, Fessenden street, Hillsdale street, Hollingsworth street, Norwell street, Regina road, Verdun street, Waldorf street and Floyd street.
Roxbury District—Dennison street, Glenburne street.

Brighton District—Antwerp street, Ascot street, Benson street, Cygnet street, Duval street, Gordon street, Greylock road, Montcalm avenue, Williston road and Priscilla road.

West Roxbury District—Eldridge road, Midvale road, Walworth street.

I desire to say that in 1924, thirty-one streets were laid out and ordered to be constructed, and of this number the following data is submitted:

One street completed in 1924.
Twenty-five streets completed in 1925.
One street completed in 1926.
Two streets not completed as yet.
One street not entered.
One street where entry only has been made.
1925—Twenty-five streets were laid out and ordered to be constructed with the following result:

Nine streets completed in 1925.
Fourteen streets completed or under way in 1926.
Two streets upon which work has not been started.

The financial history of these three years is as follows:

1924—Loan made, \$600,000; appropriation expenditure, \$413,202.62.

1925—Loan made, \$500,000; appropriation expenditure, \$334,154.80.

1926—Loan made, \$1,000,000; appropriation expenditure, \$408,700 to October 1, 1926.

I cannot give any assurance as to how many streets will be constructed this year, but in my opinion there will be more work done on streets this year than ever before. In no case has a street program ever been put through when appropriation is made available, but invariably most of it has gone into the following year and there is still some outstanding work for the year 1924.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

Coun. GILBODY—Mr. Chairman, before placing that matter on file, and in view of the fact that the hour is so late and some of the facts can be disputed in that report, I should like to have it laid over for one week.

The communication was referred to the Executive Committee.

RELEASE TO CHILDREN'S FRIEND SOCIETY.

The following was received:

City of Boston,
Office of the Mayor, October 4, 1926.
To the Honorable the City Council.

Gentlemen,—The property described in the accompanying order was acquired in the late forties from the City of Boston by the Children's Friend Society upon the following condition:

When the Children's Friend Society ceases to use the property they shall pay to the City of Boston the sum of fifty cents per foot for the land acquired, which would mean a payment to the city of \$7,262.50.

As the Children's Friend Society has held this property for many years and has rendered great public service in the use of the same, I strongly feel that this property should be conveyed to the Children's Friend Society free from any condition, upon the city receiving a release for all claims for damages on account of the taking for school purposes. The receipt of the release is tantamount to the payment of thirty thousand dollars for the property free from condition.

As the property is no longer needed for public purposes I recommend the accompanying order for your favorable consideration.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

Whereas, The City of Boston, acting through and by its Board of Street Commissioners, on December 11, 1925, did take for schoolhouse purposes the land hereinafter described; and

Whereas, An award of thirty thousand dollars was made to the Boston Children's Friend Society for any and all damages, costs or compensation in any way growing out of said taking; and

Whereas, Said award was never paid to the Boston Children's Friend Society or any person or persons acting in its behalf; and

Whereas, Said society desires to purchase said property for the minimum amount of thirty thousand dollars to be paid by giving the said City of Boston a release and discharge from any and all claims for damages, costs or compensation resulting from said taking; and

Whereas, The School Committee by orders dated April 5 and April 20, 1926, and the Board of Schoolhouse Commissioners by order dated April 8, 1926, declared that the land hereinafter described was no longer required for school purposes or any other public purposes, copies of which orders are hereto annexed;

Ordered, That his Honor the Mayor in the name and behalf of the City of Boston be and he hereby is duly authorized to convey by an instrument in writing to the said Boston Children's Friend Society the following described parcels of land with the buildings thereon for the minimum amount of thirty thousand dollars to be paid by a release and discharge in writing from the said Boston Children's Friend Society of all claims for damages, costs, or compensation growing out of the taking above referred to, all of said instruments to be satisfactory in form to the Law Department.

1. A certain parcel of land situated in Boston aforesaid and bounded as follows, to wit: Beginning at a point in the southwesterly side of Rutland street distant two hundred and forty-five feet

northwesterly from Suffolk street and from said point running southwesterly ninety feet and six inches by a line parallel with said Suffolk street to a passageway; thence running northwesterly one hundred and ten feet and six inches by said passageway; thence running northeasterly ninety feet and six inches by a line parallel with said Suffolk street to said Rutland street; thence running southeasterly one hundred and ten feet and six inches by said Rutland street to the point of beginning, containing ten thousand square feet.

2. A certain parcel of land situated in Boston aforesaid and bounded as follows, to wit: Beginning at a point on the southwesterly side of Rutland street distant three hundred and eighty-five feet and six inches northwesterly from Suffolk street and from said point running northwesterly twenty feet by said Rutland street; thence running southwesterly ninety feet and six inches to a passageway by a line parallel with said Suffolk street; thence running southeasterly twenty feet by said passageway; thence running northeasterly ninety feet and six inches to the point of beginning on said Rutland street by a line parallel with said Suffolk street, and containing one thousand eight hundred and ten square feet of land.

3. A certain parcel of land lying in Boston aforesaid and bounded as follows, to wit: Beginning at a point in the southwesterly side of Rutland street distant three hundred fifty-five feet and six inches northwesterly from Suffolk street and from said point running southwesterly ninety feet and six inches by a line parallel with said Suffolk street to a passageway; thence running northwesterly thirty feet by said passageway; thence running northeasterly ninety feet and six inches by a line parallel with said Suffolk street to said Rutland street; thence running southeasterly by said Rutland street thirty feet to the point of beginning; containing twenty-seven hundred and fifteen square feet of land.

Being the same premises described in said taking as made by the Board of Street Commissioners on December 11, 1925, as set forth by instrument recorded with Suffolk Registry of Deeds, Book 4752, page 525.

Referred to the Committee on Public Lands.

REPORT OF EXECUTIVE COMMITTEE.

Coun. DOWLING for the Executive Committee, submitted reports as follows:

1. Report on message from Mayor with accompanying orders (referred today) for transfers within departmental appropriations—that same ought to pass, except the transfer in the Finance Commission.

Report accepted; said orders passed, yeas 17, nays 0.

2. Report on message of Mayor and order (referred today) for transfer of \$300 to the Brighton court—that the same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

3. Report on petition of Maude Scott (referred today) for children under fifteen years of age to appear at Filene Hall, October 31—that permit be granted.

Report accepted; permit granted on usual conditions.

4. Report on message of Mayor and order (referred September 20) appropriating \$15,000 from water income—that the same ought to pass.

Report accepted; said order passed, yeas 19, nays 0.

5. Report on message of Mayor and order (referred September 20) for a transfer of \$1,200 for re-examination of disability pensioners of the Fire Department—that the same ought not to pass.

The report was accepted and the order rejected.

6. Report on order (referred today) concurring in the taking by the Metropolitan District Commission of certain land on Tenean street—that the same ought to pass.

The report was accepted and the order passed.

FINANCE REPORT.

Coun. ARNOLD, for the Committee on Finance, submitted the following reports:

1. Report on order (referred September 20) for a loan of \$150,000 to be expended under the direction of Fire Commissioner for new Central Fire Station—that the same ought to pass.

The report was accepted and the order was read once and passed, yeas 19, nays 0.

2. Report on message and order (referred August 2) for the transfer of \$1,522.82 to various bridges—that the order ought to pass.

The report was accepted and the order was read once and passed, yeas 19, nays 0.

Assigned for fourteen days for final action.

SIGNS AT SCHOOLHOUSES.

Coun. HEFFERNAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place signs warning vehicles of the proximity of schoolhouses at all appropriate points in the City of Boston.

The rule was suspended and the order passed.

STREET CLEANING.

Coun. HEFFERNAN offered the following:
Ordered, That his Honor the Mayor be requested to transfer a sufficient sum of money to provide

for the employment of 150 men for a period of sixty days for the cleaning of streets throughout the City of Boston, especially in residential districts.
The rule was suspended and the order passed.

LEASING OF OLD JUVENILE COURT.

Coun. McMAHON offered the following:
Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to consider and report to the City Council as to the advisability of leasing the old Juvenile Court at the corner of Arcadia and Adams street, Dorchester, to the Baby Clinic of said district.
The rule was suspended, and the order passed.

LAYING OUT OF NORMANDY STREET.

Coun. RUBY offered the following:
Ordered, That the Board of Street Commissioners be requested to accept and lay out Normandy street, Ward 14, as a public highway.
The rule was suspended and the order passed.

INSTALLATION OF SHOWER BATHS.

Coun. RUBY offered the following:
Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of installing shower baths and gymnasia equipment in all the old schools of the city that are not so equipped at the present time.

Coun. RUBY—Mr. Chairman, as a result of a conference with Councilors Donovan and Green, I present this order because of the fact that there are a number of old schools which have never been equipped such as the present schools that are being built with shower bath and gymnasium equipment.

In certain of the industrial sections of Boston where there are not even facilities for a person who works all day to come home in the evening and go in their immediate vicinity for a shower bath, I think if the facilities can be put in the old schoolhouses such an arrangement might be made if the School Department saw fit. I believe that this is a necessary element in certain sections of Boston because of the fact that his Honor the Mayor has instructed us, or told us in one form or another, that it is going to be a physical impossibility because of finances to construct more than one, if any, municipal building in any section of Boston where there is none at the present time, and to overcome that handicap and until the City of Boston is able to erect in every so-called ward in Boston a municipal building that will serve this purpose, I think the old schoolhouses that have the facilities such as basements and large halls, that are not used, could properly be equipped with shower baths, and possibly with gymnasia equipment, so that the residents of particular wards could use those buildings at periods after school closes.
The rule was suspended and the order passed.

TRANSFER FOR PUBLIC CELEBRATIONS.

Coun. ARNOLD called up No. 5 on the calendar, under unfinished business, viz.:

5. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Public Celebrations, \$10,000.

Coun. GUILD—Mr. President, in connection with this order, I had proposed offering an amendment to the effect, in substance, that the sum of \$3,000 be appropriated out of the Reserve Fund to be expended under the direction of the Director of Public Celebrations, in connection with the celebration of Columbus Day on October 12; a like sum of \$3,000 in connection with the Armistice Day celebration on November 11, and a like sum of \$3,000 to be expended under the direction of the Director of Public Celebrations in connection with Christmas and New Year's celebration. I opposed the passage of this order last week in its present form upon the ground that I did not think in its present form it was a sufficient recognition of the budget principle to which the city is committed, and I was taken up at once as being opposed to public celebrations. I am not opposed to public celebrations and I am not opposed to the City of Boston participating in public celebrations. I therefore drafted an amendment to this order. I am informed that it does not lie within the power of this body to amend the order in this manner, but I desire at this time to call the attention of this body to the fact that, at the time the budget was passed, \$60,000 was appropriated for public celebrations, and \$10,000 was appropriated for conventions, etc. My information is that there is now in the hands of the City Treasurer substantially \$194 unexpended out of the \$60,000 appropriated for public celebrations and about \$8,400 out of the sum appropriated for conventions. It seems to me to be highly fitting that the appropriation for conventions should be expended before dipping into the Reserve Fund in the manner in which this order calls for. Substantially all of the \$10,000 which this order calls for could be found in the appropriation for conventions, etc. As was

pointed out last week, the convention season is over, and if it is not taken out of the appropriation, it seems to me that the people in charge of that money will make a final report at the end of the year that they spent only \$1,500 out of their appropriation of \$10,000. I therefore am opposed to the passage of the order in its present form, although I am not opposed to the passage of an order which will take care of public celebrations. It seems to me that the way to handle this situation and get it properly budgeted would be for a committee to be appointed by the Chair to wait upon his Honor the Mayor, to ascertain as to whether or not it would not perhaps be more fitting to take the appropriation out of the \$10,000 which we appropriated for conventions, etc., rather than to dip into the Reserve Fund; and I would move that the order be laid upon the table, and that a committee of five of the Council be so designated by the Chair for that purpose.

Coun. ARNOLD—Mr. President, I am very glad to know that the councilor is more than half converted. That which he contends, Mr. President, may be the right decision. Still, at the same time, what we wish to do is to have money available for the celebration of these holidays, which are coming along rapidly. If this is postponed for one week, I do not believe that money will be available. Therefore, for that reason alone, Mr. President, I believe that this body should pass this in the form in which it now is to carry out the purposes for which we would appropriate the money.

Chairman DOWLING—The question comes on Coun. Guild's motion to lay on the table.

Coun. DOWD—Mr. Chairman, am I right in saying that that motion was not seconded?

Coun. PARKMAN—I second the motion, Mr. Chairman.

Chairman DOWLING—Those in favor of the motion of Coun. Guild will say aye, those opposed no, and it is not a vote.

Coun. DOWD—Mr. Chairman, I move the previous question.

Chairman DOWLING—The question comes on the passage of the order, and the Clerk will call the roll.

The roll was called, and the order was passed, yeas 17, nays 3.

Yeas—Coun. Arnold, Bush, Donovan, Dowd, Englert, Fitzgerald, Freeley, Gilbody, Green, Heffernan, Lynch, Mahoney, McGrath, McMahon, Ruby, Wilson, Wragg—17.

Nays—Coun. Dowling, Guild, Parkman—3.

GENERAL RECONSIDERATION.

Coun. McMAHON moved reconsideration of all matters passed upon today, hoping that the same would not prevail. Lost.

ADJOURNMENT.

Coun. WILSON—Mr. Chairman, I move that when we adjourn it be to meet two weeks from today.

Coun. PARKMAN—Mr. President, I find on the calendar an ordinance which is to be in effect after October 15. I think the Council has been slacking up regarding its duty by allowing a number of orders to go into effect by lapse of time, and I suggest that the adjournment be to meet on the regular date, next Monday, in order that we may consider the ordinance.

Chairman DOWLING—The Chair will advise Coun. Parkman that the date on the calendar is incorrect. It should be November 15.

Coun. PARKMAN—Mr. Chairman, I withdraw my motion.

Coun. RUBY—Mr. Chairman, I had intended calling a meeting of the Committee on Ordinances just as soon as Mr. Baldwin returns from his vacation, and that is the reason it has been held up.

Coun. GILBODY—Mr. Chairman, I object to adjourning two weeks from today. I think we ought to come in here next Monday and transact whatever business comes before the body, because a matter of some importance is liable to come up, and then again it is not liable to come up, but the possibilities have been pointed out by Coun. Parkman that it will, and I move you, sir,—Did somebody make a motion to adjourn?

Chairman DOWLING—Yes.

Coun. GILBODY—I make a motion that the Council meet at the regular time.

Chairman DOWLING—The question comes on the longer time. The motion of Coun. Wilson is that we adjourn to two weeks from today.

Coun. HEFFERNAN—Mr. President, I do not think we should adjourn for two weeks. It is all right to adjourn during the summer period when the Mayor was away from the city and every department was functioning on a summer basis, but now we are in to October, and I think we ought to meet here every week. I do not think we ought to go over for two weeks unless there is some definite reason for it.

Coun. DOWD—Mr. Chairman, I now move the previous question.

Chairman DOWLING—The question comes on Coun. Wilson's motion to adjourn for two weeks. Those in favor say aye, those opposed no, and it is not a vote.

Coun. GILBODY—I move we adjourn.

The motion was carried, and the Council adjourned at 5 p. m. to meet on Monday, October 11, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

CLERICAL SERVICE, STATE AND CITIES,
NOVEMBER 6 AND NOVEMBER 20,
1926.

This is the regular examination for the clerical service of the state and of all cities and of such towns in the state as are classified under civil service. On November 6 the examination will be held in various centrally located cities. On November 20 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day. Certification may be made from the eligible lists established by this examination for office, institutional, or other positions of a similar nature at the discretion of the Commissioner of Civil Service. Special qualifications in bookkeeping, stenography, typewriting, cataloguing, filing, etc., and in foreign languages may be recognized by the commissioner in certifying persons for positions demanding such qualifications. Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

This examination will be given to file positions in all grades of the Clerical Service except Grade V (chief clerk, secretary). Positions for office boy at \$600 a year are also filled as a result of this examination. There are usually several positions open for office boys, and young men who are interested are urged to apply. All applicants will be given the same examination, and will be placed on the list in the order of marks received, and will be certified for any and all clerical positions in the order of standing on the list, unless in the opinion of the Commissioner of Civil Service the mark attained is lower than is proper for the particular position to be filled.

Applicants must be not less than sixteen years of age at the time of filing application.

All applicants will be marked on each subject of the examination, and will be given a general average on such marks according to the following schedule: Training and experience, 5 points; spelling, 2; letter writing, 2; arithmetic (multiplication, division and decimals), 1; arithmetic (problems), 1; word knowledge, 1; sentence meaning, 1; grammar, 1; reasoning, 1; total, 15.

Each applicant will be sent an "experience sheet" with proper instructions for stating his education, training and experience.

The passing mark for clerical examinations will be 65 per cent in general average.

The usual entrance salary for clerks ranges from \$720 to \$1,200 per year. For positions paying \$1,200 or more, only clerks who receive a mark of at least 65 per cent in experience will be certified.

Sample questions for clerks available.

SEALERS, DEPUTY SEALERS OF WEIGHTS AND MEASURES, NOVEMBER 19, 1926.

This examination is for the service of all cities in the state, and such towns as are classified under civil service. The salaries range from \$800 to \$1,600 per year.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to

the giving of false or insufficient weight or measure; to the licensing of hawkers, pedlers and transient vendors; to wholesale milk containers, ice cream cans and molds, cranberry barrels and crates, standard boxes for farm produce, berry baskets and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight.

It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action. Pamphlets, including the General Laws relating to weights, measures, licenses, etc., and a Sealer's Manual, containing instructions for the inspection, testing and sealing of weighing and measuring devices, may be obtained upon request to the Director of Standards, 194 State House, after application for examination has been filed.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; simple arithmetic, including simple percentage, decimals and the metric system, 2; report, 1; technical questions aimed to test applicants' knowledge of (a) the law governing the inspection of weights and measures; (b) the construction and types of mechanical weighing and measuring apparatus; (c) ability to present cases in court; (d) general knowledge of the duties of the position, 3; total, 10.

Successful applicants will also be required to file a certificate from a reputable physician as to their physical fitness for the position.

Preference granted under the law to disabled veterans is applicable to both examinations.

STATE EXAMINERS OF ELECTRICIANS—EXAMINATIONS, 1926.

Examinations will be held at the following points and on following dates:

Fall River, Tuesday, November 9; Boston, Thursday, November 11; New Bedford, Tuesday, December 7; Worcester, Thursday, December 9.

Rules for Examination.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had two years' practical experience, or the equivalent, in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the national electrical code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who received less than 50 per cent, or who failed on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAYSON DANA,
PAYSON SMITH,
GEORGE C. NEAL,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

METROPOLITAN AREA AND POPULATION.

Area of Northern Division, 150.8 sq. miles and population in 1920, 699,685, or a density of 4,619 per sq. m.; Southern Division, 214.8 sq. miles and 211,191 population, or density of only 983 per sq. m.; in the whole Metropolitan District, 4,051 per sq. m. In percentages Boston shows 10.5 p. c. of District's area and 45.09 p. c. of population; Northern Division, 36.2 of area and 42.18 of population; Southern Division, 58.3 of area and 12.73 of population. In the period 1915-1920, increase of population 34,798 larger in Northern than in Southern Division.

Total land area of District, 409.3 square miles; population by census of 1920, 1,713,744 (as corrected) or 7.52 per cent increase over that of 1915. Of the total population of the State in 1920 "Greater Boston" had 43.86 per cent.

In 1925, as ordered by the new census law (Chap. 453, Acts of 1924) each municipality of the District undertook its own enumeration, the total population counted being 1,808,845 as of March 31. Boston's proportion of said total was 43.10 per cent. By the more reliable State Census of 1915 that proportion was 46.77 per cent.

METROPOLITAN VALUATION AND TAX RATES.

Total valuation of taxable property in District on April 1, 1924, \$3,263,195,493 or an increase of \$208,589,702 (6.83 per cent) over the 1923 total. Of said 1924 valuation 55.42 per cent applied to property in Boston and 44.58 per cent to that in the 13 cities and 26 towns outside.

The 13 cities in the Metropolitan District outside of Boston all had higher tax rates than Boston's (\$24.70) in 1924. The highest of these was Revere's, \$37.20; (2) Malden's, \$35.00; (3) Chelsea's, \$34.20; (4) Cambridge's \$33.30; (5) Medford's \$33.20; (6) Lynn's, \$31.80; (7) Woburn's, \$31.40; (8) Melrose's, \$30.60; (9) Everett's \$28.80; (10) Somerville's, \$28.70; (11) Waltham's, \$28.00; (12) Newton's, \$27.40; (13) Quincy's, \$27.00. Average tax rate of the 13 cities of Metropolitan District other than Boston, \$31.25 or \$6.55 more than Boston's rate. Said average tax rate was 30 cents more than in 1923.

BOSTON CHARTER CHANGES.

In 1854, 1885, 1909 and 1924 important changes in the original City Charter of 1821 were effected for the purpose of improving the methods and efficiency of the City Government. The revision of 1854 (Chap. 448, Stat. 1854) referred to the voters for acceptance, gave the Mayor a qualified veto over the action of the City Council, also the power of removal of appointed officials, besides providing for his election by a plurality instead of a majority vote. The amendments of 1885 (Chap. 266, Stat. 1885) were not submitted to the voters for approval. They transferred all the executive powers to the Mayor, prohibiting the City Council from interference with the executive and administrative business of the City. This was done in order to end the inefficiency resulting from an excessive number of joint committees, a municipal development conforming to the traditions of the outgrown town government.

The amendments of 1909 (Chap. 486, Stat. 1909) cut down the number and powers of the legislative branch of the government to a minimum, the Board of Aldermen (13 members) and the Common Council (75 members) being abolished. For these was substituted a single City Council of nine members to be elected at large for 3-year term. The Mayor's position was further strengthened by giving him a 4-year term, subject to recall at end of two years, but requiring a majority vote of the registered voters to make the recall effective. The Mayor's power over appointments was no longer subject to check by aldermen but by a State board, the Civil Service Commission and City elections were removed from all connection with national and State politics, no primaries nor caucuses being permitted, all candidates for office to be selected by means of nomination papers. The only question in this Act of 1909 which was submitted to the voters was contained in section 35, i. e., whether Plan 1 or Plan 2 should be adopted, the first providing for a term of two years for Mayor and a City Council of 36 members to be chosen in primaries. Plan 2, providing for City Council of 9 members, was adopted by a majority of 3,894.

Charter of 1909 amended later as follows: (1) By Chap. 437, Acts of 1910, exempting loans issued for Rapid Transit construction from the prohibition of the establishing of sinking funds, as contained in sec. 26. (2) Chap. 730, Acts of 1914, fixing date of annual municipal election on the sixth Tuesday after the state election instead of in the following January, as in sec. 32; changing the requirements as to signatures on nomination papers to 3,000 for Mayor and 2,000 for City Council and School Committee instead of 5,000 for all, as in sec. 53, also limiting the number of nomination papers issued to 300 for a candidate for Mayor and 200 for other candidates, referring to sec. 54. (3) Chap. 37, Special Acts of 1918, annulling the jurat at end of nomination papers. (4) Chap. 94, Special Acts of 1918, abolishing recall of Mayor and making him ineligible for re-election, i. e., establishing a single term of four years, but not prohibiting the election of any Mayor for other than consecutive terms. (5) Chap. 288, Acts of 1921, fixing date of the annual municipal election on the first Tuesday after

the second Monday in December, also making slight changes as to nominations. (6) Chap. 133, Acts of 1922, changing publication of list of City officials and employees to every second year from 1923. (7) Chap. 479, Acts of 1924, providing for biennial City elections (dating from Nov. 3, 1925); for borough or ward representation in City Council; for a fiscal year dating from Jan. 1 to Dec. 31, beginning in 1926, also a municipal year dating from the first Monday in January, to begin in 1926; for election of the five members of School Committee in 1925, the candidates receiving the two largest votes to hold office four years, the other three for two years and at the election in 1927 and thereafter the term for all to be four years.

The only amendment of 1924 subject to a referendum was the alternative of Plan 1 or Plan 2 as to the City Council. At the State election on Nov. 4 Plan 2 was adopted, providing for the election by each ward in 1925 and every second year thereafter of one councillor for 2-year term.

TRANSPORTATION STATISTICS.

Number of passengers on steam railroads to and from Boston, year ending Dec. 31, 1924, New York, New Haven & Hartford, 28,134,571; Boston & Maine, 27,717,242; Boston, Revere Beach & Lynn, 11,890,288; Boston & Albany, 9,027,352; total railroad passengers, 76,769,453 or 6,709,694 less than in 1923.

Passenger trains in and out of South Station, during summer season, 586 a day, 402 of which are N. Y. & N. H. and 184 B. & A.; North Station, 395 a day; Boston, Revere Beach and Lynn, 420 a day.

Passengers carried by Boston Elevated Co. in 1924 numbered 382,888,848 or 739,151 more than in 1923 and the largest total on record. Miles of single track operated by B. E. Co., 513.3 or 464.7 surface and 48.6 third-rail track (about 313 miles within City limits and 200 outside); length of main lines, 233 miles; surface line single track owned, 430.7 miles; number of trips a day about 19,000, operated through an area of 94 square miles; mileage covered by 12 lines of motor-buses in year 1924 was 890,901; total passenger cars owned on Jan. 1, 1925 was 2,120 or 1,652 for surface lines and 468 rapid transit (mostly steel cars). Total Elevated employees, 8,700 or 1,743 motormen, 1,718 conductors, 319 guards, 4,920 others (various).

Passengers carried by Eastern Mass. Street R'way Co. in same year, 137,300,000 (approx.); miles of track operated 642, serving 71 cities and towns; number of employees 2,600; cars, 700. Boston & Worcester Street R'way Co., 9,825,817 passengers carried, 83.2 miles of track operated; 323 employees; 71 cars.

Miles of steam railroads in United States in 1923, 250,413 or one-third of total railroad mileage in the world. Largest number of miles operated by one system, 11,118, Southern Pacific; (2) 11,010, Chicago, Milwaukee and St. Paul; (3) 10,481, Pennsylvania. Average number of employees, 1,857,713; passengers carried in year 1923, 1,009,000,000 (approx.); tons of freight, 1,387,942,018. Property investment in railroads and equipment in U. S., \$20,590,200,117.

Miles of electric railways, 43,934 (single track operated) of which 2,690 miles were in Mass.; total passengers carried in 1922 on all electrics, 12,665,300,000.

MAYORS OF BOSTON.

In its 103 years of existence as a city Boston has had 36 elected Mayors and five *ex-officio* Acting Mayors. Of the 36 men who have held the office for one year or more, six were elected for other than consecutive terms and 25 were re-elected one or more times. Those born within the present limits of Boston numbered 21; in towns near Boston, 8; in neighboring New England States, 5; in Ireland, 2. The Mayor longest in office was Mayor Curley who served 4 years ending Feb., 1918 and 3 years and 11 months, ending 1925. Next in length of service was Mayor Lincoln, serving 3 years ending 1860 and 4 years ending 1866. The first Mayor Quincy had the distinction of serving through six successive one-year terms ending 1828, and Mayor Fitzgerald also served six years but in tow separated terms. Those who served 4 years were Mayors Prince, O'Brien, Matthews, (third) Quincy, Hart and Peters. Mayor Collins was in office nearly 4 years, his death occurring 3½ months before his second term expired. Those serving 3 years were Mayors Otis, Eliot, Chapman (second) Quincy, Bigelow, Shurtleff and Cobb; 2 years, Mayors Wells, Lyman, Brimmer, Seaver, Smith, Rice, Wightman, Gaston, Pierce (22 months) and Hibbard; 1 year, Mayors Phillips, Armstrong, Davis, Norcross, Green, Palmer, Martin and Curtis. The five Acting Mayors were Chairmen (Board of Aldermen) Parker, Leavitt, Allen, Cutter and Whelton.

Mayor Otis was Speaker of Massachusetts House of Representatives, President of Senate, Representative in Congress also Senator before becoming Mayor. Mayor Armstrong was Lieutenant-Governor and at times Acting Governor before serving as Mayor. Mayors Rice and Gaston served 3 years and 1 year (respectively) as Governor after their terms as Mayor. Mayors Collins, Curley, Fitzgerald, Peters, Pierce and Rice have represented Boston in the lower house of Congress, Mayor Peters having also served as Assistant Secretary of the Treasury.

Ex-Mayor Curtis was appointed Police Commissioner in 1919 for term of five years but his service was terminated by his death in 1922. Ex-Mayor Quincy died in 1919, and Ex-Mayor Green in 1918. (See annual City Doc., *Municipal Register*, for full list of Mayors from 1822 to 1925, with place and date of birth, years of service and date of death.)

SETTLEMENT OF BOSTON, 1630.

Effected by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7 (O. S.), 1630. This date was moved forward by the New Style calendar in 1752 to Sept. 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN GLENBURNE STREET, WARD 12, FROM HOLBORN STREET 230 FEET NORTHEASTERLY, MONTCALM AVENUE, WARD 22, FROM DUSTIN STREET TO WEST OF ETNA STREET; REGINA ROAD, WARD 17, FROM WASHINGTON STREET, TO ALPHA ROAD; VERDUN STREET, WARD 16, FROM CODMAN STREET TO CARRUTH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Glenburne street, Ward 12, from Holborn street, 230 feet northeasterly, Montcalm avenue, Ward 22, from Dustin street to west of Etna street; Regina road, Ward 17, from Washington street to Alpha road; Verdun street, Ward 16, from Codman street to Carruth street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of eighteen thousand (18,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Glenburne Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, October 15, 1926, with a certified check for eighteen hundred (1,800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Oct. 9.) *Commissioner of Public Works.*

CITY OF BOSTON.

FIRE DEPARTMENT.

SALE OF OLD MATERIAL.

The Fire Commissioner of the City of Boston invites sealed proposals for the purchase of the following old and discarded apparatus, equipment and material:

- 4 horse drawn steam fire engines.
- 4 tractor drawn ladder trucks.
- 12 tractor drawn steam fire engines.
- 2 self-propelled steam fire engines.
- 1 motor driven hose car.
- 1 automatic power engine.
- 10 dismantled Christie motors.

All the above material may be seen at the Yard of the Veterinary Hospital, Atkinson street, Roxbury, with the exception of the automatic power engine and the Christie motors which may be seen at the Bureau of Supplies and Repairs, 70 Bristol street. The boilers in most of the above-mentioned engines contain copper tubes; the air chambers are of copper; pump casings are of bronze, and there is much brass trimming. In many cases the engines are still serviceable. All material to be sold "as is." Proposals for the purchase of the above apparatus, equipment and material must be sealed and made in duplicate, one copy to be deposited at the office of the City Auditor previous to the time stated for opening of the bids, and the other is to be deposited at the office of the Fire Commissioner, 60 Bristol street, before 12 m. Thursday, October 14, 1926, at which time the proposals will be publicly opened and read. The proposal deposited with the Fire Commissioner must be accompanied by a certified check made payable to the City of Boston for 25 per cent of the amount of the proposal, and all checks of unsuccessful bidders will be returned. Balance of purchase price to be paid on delivery of material. Bids are to be submitted in a lump sum for the entire lot. The successful bidder must remove all property within seven days from the date the bid is accepted. The Fire Commissioner reserves the right to reject any and all bids and to award the contract as he deems best.

E. C. HULTMAN,
(Oct. 9.) *Fire Commissioner.*

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

BRIGHTON.

Montcalm avenue (formerly Maple avenue), westerly from Dustin street to 178 feet west of Etna street; Greylock road, from Allston street to Glenville avenue; Priscilla road, from Chestnut Hill avenue to Priscilla road.

DORCHESTER.

Regina road, from Washington street to Alpha road; Verdun street, from Codman street to Carruth street; Dunkeld street, from Fayston street to Quincy street; Walk Hill street, from Fottler road to Wellington Hill footway; Hollingsworth street, from Oakland street to Randolph road.

WEST ROXBURY.

Maple street, from Weld street 710 feet northwesterly.

ROXBURY.

Glenburne street (formerly Carden street), from Holborn street about 230 feet north-easterly.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Friday, October 29, 1926, as after that time no permits for openings will be granted until two years after said highways are completed.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, SEPTEMBER 30, 1926.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of an easement in a ten-foot strip of land in a common passageway leading northwesterly from Pond street, West Roxbury district, said passageway being located about 250 feet west of Rockwood street, for water works purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m. of October 19, 1926, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
(Oct. 9.) JOSEPH F. SULLIVAN,
Secretary.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SALT.

The Supply Department of the City of Boston invites proposals for furnishing salt to the Fire and Public Works Departments, as per specifications contained in proposals, which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, October 18, 1926, at 12 o'clock noon, at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CHARLES E. THORNTON,
Acting Superintendent of Supplies.
(Oct. 9.)

FIRE DEPARTMENT MONTHLY REPORT.

The Mayor has received the following report from the Fire Commissioner, Eugene C. Hultman:

Boston, October 5, 1926.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I inclose herewith lists showing alarms, locations of fires, companies responding and the estimated loss for the month of September, 1926.

During the past month the department responded to a total of 472 alarms, 236 of which were bell alarms and 236 were still and automatic alarms. The estimated loss for the month was \$57,321.

During the month of September, 1925, the department responded to a total of 549 alarms, 273 of which were bell alarms and 276 were still and automatic alarms. The actual loss for the month was \$194,100.

Yours very truly,

E. C. HULTMAN,
Fire Commissioner.

Regular meeting of the School Committee of the City of Boston in the Administration Building, 15 Beacon street, on Monday, October 18, at 6.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such officials to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:
